

## 11U Office Enablement Kit

This 11U-high rack cabinet supports BladeCenter® systems and rack-mountable IBM System x® servers and options. Designed with security doors and special acoustics and air filtration, the Office Enablement Kit enables the use of servers and storage in office environments without a dedicated server room, or where the dust level is high.

- The rear door of the Office Enablement Kit is an acoustical module that helps to ensure that the devices in the rack cabinet are quiet enough for office environments while providing easy access to system components.
- Front and rear locking door doors that helps ensure that your data will remain safe and secure in any environment.
- Flexibility includes additional space for the installation of other components that you may need in addition to System x servers or a BladeCenter system.
- Lockable wheels make the Office Enablement Kit easily transportable
- External dimensions (HxWxD): 61.1 x 51.8 x 115.5 cm (24 x 20.4 x 45.5 in)
