UC SHIP WAIVER 2016-17

Waiving is an annual process to be completed at the beginning of each academic year. If you have already successfully waived, you may disregard this section. As a reminder, all UCLA registered students are automatically charged and enrolled in the University of California Student Health Insurance Plan (UC SHIP). If you have private healthcare coverage that meets the current UC SHIP Waiver Criteria and do not wish to be dually insured, you must submit an annual waiver.

Waiver Criteria - The University sets minimum standards of adequate health insurance modeling after that of the Affordable Care Act. Students who wish to waive must review their policy for compliance. The [waiver criteria](#) are subject to changes every academic year.

Waiver Deadline - All students must waive by their Fall 2016 Fee Payment Deadline. Remember, waivers must be completed every academic year. Please review the waiver calendar for the appropriate deadline [dates](#).

- **Waiver Cancellations** – Re-enrolling into UC SHIP can be done during the respective waiver periods.

Access to Ashe – All UCLA students can use The Ashe Center, whether or not they have UC SHIP. Students who waive UC SHIP are subject to specific fees (A PCP visit is only \$12 billed to the student's BruinBill or \$0 if you purchase [Bruincare](#)). For a full list of fees and services, visit www.studenthealth.ucla.edu and click on "[Services](#)."
