

Cat[®] Remanufactured On-Highway Truck Engines

On-Highway Engines Offering Reliability and Value

Cat[®] Reman Engines offer maximum value by providing improved productivity and efficiency at a fraction of the cost of new engines. As the world's leading remanufacturer of diesel engines, Caterpillar employs state-of-the-art techniques, advanced remanufacturing processes, and genuine Caterpillar[®] parts to return each engine to the same specifications as new.

Cat Reman Engines also offer value by recycling the second life built into new Cat Engines. This is good for you and the environment. In addition to this, you benefit from:

- Same-as-new performance and emissions standards
- Repair option to lower overall owning and operating costs
- Reduced downtime for overhaul and repair
- Upgraded with the latest design improvements
- Dynamometer tested
- Worldwide warranty protection
- Extended coverage options

Only a Cat Reman Engine can get you back on the road with same-as-new performance at fraction-of-new costs. The result: maximum on-highway engine value.

Caterpillar. The difference counts.™

The highly trained experts at your Cat[®] Dealer and authorized Cat parts and service locations define world-class product support by offering you the right parts and service solutions, when and where you need them.

We keep your on-highway engine up and running to maximize your investment.

Extended Service Coverage

Caterpillar has a reputation for long-term quality, reliability, and durability, further enhanced by Caterpillar Extended Service Coverage programs. Long-term value is not only added to your purchase, but resale value at trade-in is enhanced because coverage can be transferred to subsequent engine owners.

This coverage provides 100 percent of the parts and labor needed to repair engine damage resulting from the failure of

covered components. Lube oil, filter elements, hoses, vee-belts, or gaskets and seals are covered if made unusable as a result of a covered failure. And, best of all, there is NO DEDUCTIBLE.

ESC coverage can be purchased for up to one year after taking delivery of the engine. If coverage is purchased more than 120 days after taking delivery, there is a late fee.

Cat Remanufactured On-Highway Truck Engines

Get the Power and Reliability You Need

When it is time, or getting close to that time for your truck, motor coach, or bus to have its power rejuvenated, you need options that get you back on the road quickly, affordably, and reliably. Caterpillar stocks the broadest line of ready-to-install remanufactured engines and components in the industry. Trading your engine in on a remanufactured engine is easy. Core acceptance decisions are made before repairs are started.

For more information,
see us today or visit our Web site at
www.cattruckengines.com

Basic Engine Core Acceptance Criteria

- Components are not visibly cracked, broken, or welded
- Fully assembled and complete
- No non-operational damage such as mishandling, excessive rust, corrosion, or fire damage
- Acceptable Caterpillar part numbers

Please talk to your Cat Dealer or authorized Cat parts and service location to get all the details.

Warranties Protect Your Investment

Our On-Highway Engine warranty guarantees service, including parts labor, and contingent damage. An extended warranty period applies to the 3176, C-10, C-12, 3406, C-15, and C-16 cylinder block, crankshaft, and connecting rods. These parts are warranted for 36 months or 300,000 miles at no charge.

Improved Process for Reman Engine Re-rates

Caterpillar Remanufactured Products is pleased to introduce an improved process for re-rating Reman electronic On-Highway engines. This re-rate method for Reman engines more closely aligns with the process for re-rating new Caterpillar On-Highway engines.

For more information on re-rating Reman electronic On-Highway engines, contact your dealer or authorized Cat parts and service location.
