

How can we help you on your Road Test?

On your road test, what would you like your examiner to do?

- Chat as we go.
- Give a thorough briefing and then please don't distract me.
- Talk about the high points and get going.
- Be patient and please don't rush me.

Anything else we should know?

About your Road Test...

- Do you have any questions for your examiner? The best time to ask is before you start the test. Your examiner will be happy to answer any questions.
- Your examiner will tell you at the start of your test what you'll need to do.

Any Questions?

- Is it OK to have the stereo on?
- Can I have the window down?
- Can I wear sunglasses?
- What happens if I turn the wrong way?
- Is it OK to take one hand off the wheel to scratch my nose for a second?
- If I get stressed out, can I pull over for a minute?
- I don't know the street names, is that going to be a problem?
- Can I ask about parking?

- Don't worry, you won't be asked to do anything illegal. Your examiner won't try to trick you.
- You'll get lots of warning for turns. If your examiner doesn't tell you to turn, just follow the road you're on.
- Not sure what you're being asked to do or where you're going? Just ask.

We think these tips might help.

- Always keep to the posted speed limit. Watch out for school and playground zones.
- When you turn right, shoulder check on your right to see if there are any cyclists, pedestrians or other road users.
- Make a full stop at stop signs and red lights. When it's safe to pull out, go slowly and make sure you scan the intersection.
- Changing lanes or direction? Make sure you mirror check, signal and shoulder check.
- Always keep a safe distance from other road users.
- Scan the intersection before you drive through — even if the light is green.
- When merging on a highway, use the acceleration lane to get up to the speed of the highway traffic — but don't go over the speed limit. Then merge when it's safe.
- Drive according to road conditions.
- If you have questions, ask us!

building trust. driving confidence.
