ABSTRACT

The abstract should be written in English. The objective of the study together with summary of significant results and conclusions should be provided in the extended abstract, whose length is limited to two pages. One or two figures and necessary references can be included. Oral or poster presentation will be selected based on reviewers' evaluation of the extended abstract. Times New Roman 11-point should be used as font for text. Please do place a 4 point spacing between paragraphs. All figures should be consecutively numbered, with the captions placed below. Figure headings should be in Times New Roman font, point size 10 and centered.
