

# Xerox® Color Xpressions® Planet 100

## For all of your digital color printing applications

### Made with 100% post consumer recycled fiber and FSC® Certified.

This is the uncoated environmentally responsible choice for digital color printing.

At 96 brightness, this paper will provide high performance and an ultra smooth surface to produce superior image quality documents.

Our forests are key to the health of our planet and we are committed to ensuring that from the forest to the mill to your location, we work together to minimize the impact on the planet. Knowledge and practice of responsible forest management are crucial to the efficient use of our natural resources. Xerox® Color Xpressions® Planet 100 gives you the extra assurance that the paper has been handled responsibly throughout the Chain of Custody with its FSC Certification.
