1. Overview

Unless otherwise stated, these Software Technical Support Policies apply to technical support for all Oracle software product lines.

"You" and "your" refers to the individual or entity that has ordered technical support from Oracle or an Oracle-authorized distributor.

To receive technical support as provided by Oracle Support Services ("OSS") as described in these Oracle Software Technical Support Policies, all programs must be properly licensed.

Technical support is provided for issues (including problems you create) that are demonstrable in the currently supported release(s) of an Oracle licensed program, running unaltered, and on a certified hardware, database and operating system configuration, as specified in your order or program documentation.

Except as otherwise specified in this section, product release and supported platforms information for all Oracle programs, other than Nimbula and MICROS Systems programs (US Cruise only), is available through Oracle's web-based customer support systems as described in the [Web-Based Customer Support Systems](#) section below. Product release and supported platforms information for Nimbula programs will be provided to you in writing.

References to the Technical Support Policies in former Oracle, or vendors acquired by Oracle, agreements may vary (e.g., Software Support Services Terms and Conditions, Maintenance Services Policy, Standard Maintenance Program, product support policy, Support Services policies, Support Maintenance Agreement, Maintenance and Technical Support Agreement, Maintenance and Support Schedule 2.0, and Licensee Support Services Policy).

These Technical Support Policies are subject to change at Oracle's discretion; however Oracle policy changes will not result in a material reduction in the level of the services provided for supported programs during the support period (defined below) for which fees for technical support have been paid.

To view a comparison of these Oracle Software Technical Support Policies and the previous version of the Oracle Software Technical Support Policies, please refer to the attached [Statement of Changes](#) (PDF).

2. Support Terms

Technical Support Fees

Technical support fees are due and payable annually in advance of a support period, unless otherwise stated in the relevant order or payment plan, financing or leasing agreement with Oracle or an Oracle affiliate ("payment plan"). Your payment or commitment to pay is required to process your technical support order with Oracle (e.g., purchase order, actual payment, or other approved method of payment). An invoice will be issued only upon receipt of your commitment to pay, and will be sent to a single billing address that you designate. Failure to submit payment will result in the termination of technical support services. Technical support will be provided pursuant to the terms of the order under which it is acquired; however, technical support fees due under a payment plan are due and payable in accordance with the terms and conditions of such payment plan.

Support Period

Technical support is effective upon the effective date of your order unless stated otherwise in your order. If your order was placed through the Oracle Store, the effective date is the date your order was accepted by Oracle. Unless otherwise stated in the order, Oracle technical support terms, including pricing, reflect a 12 month support period (the "support period"). Once placed, your order for technical support services is non-cancelable and the sums paid non-refundable, except as provided in the relevant order. Oracle is not obligated to provide technical support beyond the end of the support period.

License Set

A license set consists of (i) all of your licenses of a program, including any options* (e.g., Database Enterprise Edition and Enterprise Edition Options; Purchasing and Purchasing Options), Data Enterprise Management programs* (e.g., Database Enterprise Edition and Diagnostics Pack), or self-service module* (e.g., Human Resources and Self-Service Human Resources) licensed for such programs, (ii) all of your licenses of a program that share the same source code**, or (iii) for Crystal Ball programs, the same licenses of a program contained on a single order, (iv) for Java Embedded Binary programs, all of the distributed units of the program(s) embedded in each unique Java Application Product pursuant to the Java Binary License and Redistribution Agreement ("BLRA") between you and Oracle, or (v) if you are distributing Java Restricted Use Binary programs or if you are distributing Java Embedded Binary programs under the Oracle Java Platform Integrator program ("OJPI"), all of the end user's licenses of the program(s) embedded or included in the Java Application Product pursuant to the BLRA. Development and demonstration licenses available through the Oracle Partner Network or the Oracle Technology Network are not included in the definition of a license set.

*As specified on Oracle's price list.

**Programs that share the same source code are:

- Database Enterprise Edition, Database Standard Edition, Database Standard Edition One, Oracle Database Standard Edition 2 and Personal Edition
- Internet Application Server Enterprise Edition, Internet Application Server Standard Edition, WebLogic Server Enterprise Edition, WebLogic Server Standard Edition, WebLogic Suite, and Web Tier
- Oracle FLEXCUBE Core Banking programs
- Oracle FLEXCUBE Universal Banking for Retail programs
- Oracle FLEXCUBE Universal Banking for Corporate programs
- Oracle FLEXCUBE Lending & Leasing programs
- Oracle Daybreak programs
- Oracle Banking programs

If you are an Oracle partner and provide first line support to an end user (e.g., Embedded Software License ("ESL"), Application Specific Full Use ("ASFU"), or any other Oracle authorized provision of first line support), a license set consists of all of the end user's licenses of the program(s) embedded or included in the Application Package pursuant to the ESL Distribution Agreement, ASFU Distribution Agreement, or other distribution agreement between

you and Oracle. If the end user also has Full Use licenses supported directly by you, then those Full Use licenses must also be supported at the same level as the ASFU or ESL licenses.

If Oracle is providing first line support for all of an end user's ASFU and Full Use licenses, then both the ASFU and Full Use licenses must be supported at the same level. However, if Oracle is providing first line support for an end user's Full Use licenses and you are providing first line support for the ASFU and/or ESL licenses, then the licenses would not be considered part of the same license set.

Matching Service Levels

When acquiring technical support, all licenses in any given license set must be supported under the same technical support service level (e.g., Software Update License & Support, Oracle Communications Network Premier Support or unsupported). If you add Extended Support, you still must maintain Software Update License & Support for the entire license set; subject to availability, you must acquire Extended Support for all licenses of a particular version release of a program if you acquire Extended Support for any license in such version release. You may not support a subset of licenses within a license set; the license set must be reduced by terminating any unsupported licenses. You will be required to document license terminations via a termination letter.

Reinstatement of Oracle Technical Support

If technical support lapses or was not originally purchased with a program license, a reinstatement fee will be assessed. The reinstatement fee is computed as follows: (a) if technical support lapsed, then the reinstatement fee is 150% of the last annual technical support fee you paid for the relevant program; (b) if you never acquired technical support for the relevant programs, then the reinstatement fee is 150% of the net technical support fee that would have been charged if support had been ordered originally for the relevant program per Oracle's Support pricing policies in effect at the time of reinstatement. The reinstatement fee in (a) shall be prorated from the date technical support is ordered back to the date technical support lapsed. The reinstatement fee in (b) shall be prorated back to the original program license order date.

In addition to the reinstatement fee described above, you must pay the technical support fee for the support period. This technical support fee is computed as follows: (i) if technical support lapsed, then the technical support fee for a twelve month support period shall be the last annual technical support fee you paid for the relevant program; (ii) if you never acquired technical support for the relevant program, then the annual technical support fee shall be the fee that would have been charged if support had been ordered originally for the relevant program per Oracle's Support pricing policies in effect at the time of reinstatement. Renewal adjustments may be applied to the annual support fee described in (i) and (ii) above.

If you previously acquired technical support from an Oracle-authorized distributor and are now acquiring technical support directly from Oracle, an uplift may be added to the reinstatement fee and your technical support fee. If support is not reinstated for the entire license set or if support for a subset of licenses from an order is reinstated, then the "License Set", "Matching Service Levels", and "Pricing following Reduction of Licenses or Support Level" policies will apply.

Pricing following Reduction of Licenses or Support Level

Pricing for support is based upon the level of support and the volume of licenses for which support is ordered. In the event that a subset of licenses on a single order is terminated or if the level of support is reduced, support for the remaining licenses on that license order will be priced at Oracle's list price for support in effect at the time of termination or reduction minus the applicable standard discount. Such support price will not exceed the previous support fees paid for both the remaining licenses and the licenses being terminated or unsupported, and will not be reduced below the previous support fees paid for the licenses continuing to be supported. If the license order from which licenses are being terminated established a price hold for additional licenses, support for all of the licenses ordered pursuant to the price hold will be priced at Oracle's list price for support in effect at the time of reduction minus the applicable standard discount.

Custom Application Bundles

Technical support may not be discontinued for a single program module within a custom application bundle.

Unsupported Programs

Customers with unsupported programs are not entitled to download, or receive updates, maintenance releases, patches, telephone assistance, or any other technical support services for unsupported programs. CD packs or programs purchased or downloaded for trial use, use with other supported programs, or purchased or downloaded as replacement media may not be used to update any unsupported programs.

Technical Contacts

Your technical contacts are the sole liaisons between you and OSS for technical support services. Your technical contacts must have, at a minimum, initial basic product training and, as needed, supplemental training appropriate for specific role or implementation phase, specialized product usage, and/or migration. Your technical contacts must be knowledgeable about the Oracle supported programs and your Oracle environment in order to help resolve system issues and to assist Oracle in analyzing and resolving service requests. When submitting a service request, your technical contact must have a baseline understanding of the problem you are encountering and an ability to reproduce the problem in order to assist Oracle in diagnosing and triaging the problem. To avoid interruptions in support services, you must notify OSS whenever technical contact responsibilities are transferred to another individual.

You may designate one primary and four backup individuals ("technical contact") per license set, to serve as liaisons with OSS. With each USD\$250,000 in net support fees per license set, you have the option to designate an additional two primary and four backup technical contacts. Your primary technical contact shall be responsible for (i) overseeing your service request activity, and (ii) developing and deploying troubleshooting processes within your organization. The backup technical contacts shall be responsible for resolving user issues. You may be charged a fee to designate additional technical contacts.

Oracle may review service requests logged by your technical contacts, and may recommend specific training to help avoid service requests that would be prevented by such training.

Program Updates

Update means a subsequent release of the program which Oracle generally makes available for program licenses to its supported customers at no additional license fee, other than shipping charges if applicable, provided you have ordered a technical support offering that includes software updates for such licenses for the relevant time period. Updates do not include any release, option or future program that Oracle licenses separately. Updates are provided when available (as determined by Oracle) and may not include all versions previously available for a program acquired by Oracle. Oracle is under no obligation to develop any future programs or functionality. Any updates made available will be delivered to you, or made available to you for download. If delivered, you will receive one update copy for each supported operating system for which your program licenses were ordered. You shall be responsible for copying, downloading and installing the updates.

Right to Desupport

It may become necessary as a part of Oracle's product lifecycle to desupport certain program releases (including any embedded third-party programs for which support has been retired by the manufacturer or vendor of such programs for which, in Oracle's good faith determination, it is no longer practicable for Oracle to support) and, therefore, Oracle reserves that right. However, program releases that are expressly identified within Oracle's Lifetime Support policy will be governed by the terms of the Lifetime Support Policy. Desupport information is subject to change.

First and Second Line Support

You are required to establish and maintain the organization and processes to provide "First Line Support" for the supported programs directly to your users. First Line Support shall include but not be limited to (i) a direct response to users with respect to inquiries concerning the performance, functionality or operation of the supported programs, (ii) a direct response to users with respect to problems or issues with the supported programs, (iii) a diagnosis of problems or issues of the supported programs, and (iv) a resolution of problems or issues of the supported programs.

If after reasonable commercial efforts you are unable to diagnose or resolve problems or issues for the supported programs, you may contact Oracle for “Second Line Support”. You shall use commercially reasonable efforts to provide Oracle with the necessary access (e.g., access to repository files, log files, or database extracts) required to provide Second Line Support.

Second Line Support shall consist of (i) a diagnosis of problems or issues of the supported programs and (ii) reasonable commercial efforts to resolve reported and verifiable errors in supported programs so that such supported programs perform in all material respects as described in the associated documentation.

Oracle may review service requests logged by your technical contacts, and may recommend specific organization and process changes to assist you with the above recommended standard practices.

Third Party Vendor-Specific Support Terms

You must remain on a supported environment – including applications and platforms – to receive technical support. If a vendor retires support for its product, you may be required to upgrade to a current certified and supported product, application, hardware platform, framework, database, and/or operating system configuration to continue receiving technical support services from Oracle.

Technical Support for Development, Demonstration and End User Licenses

Technical support for Development and/or Demonstration licenses is provided through your membership in the Oracle PartnerNetwork. Before you may provide technical support for a program you have licensed to an end user you must, in addition to the technical support you may receive for Development and/or Demonstration licenses, acquire technical support for such program from Oracle and continuously maintain it for as long as you provide support to the end user.

3. Lifetime Support

Lifetime Support consists of the following service levels:

- Premier Support (also referred to as, and will be documented on your order as, “Software Update License & Support” or “Oracle Communications Network Software Premier Support”)
- Extended Support (if offered)
- Sustaining Support

A description of the services available under Premier Support, Extended Support and Sustaining Support is included in the Oracle Technical Support Levels section below.

When offered and except as noted below, Premier Support will be available for five years from the date a release of the Oracle program becomes generally available. If offered, support may be extended for an additional three years with Extended Support for specific releases. Except as noted below, in addition to the technical support fee, an Extended Support fee applies for each support period for which Extended Support is purchased.

Alternatively, and if offered, support may be extended with Sustaining Support, which will be available for as long as you maintain technical support for your Oracle program licenses.

For specific programs that are, or will be covered by the Lifetime Support Policy, service levels offered, and timeframes refer to the following:

- For server technology programs view [“Lifetime Support Policy: Coverage for Technology Products”](#) (PDF)
- For fusion middleware programs view [“Lifetime Support Policy: Coverage for Fusion Middleware”](#) (PDF)
- For application programs view [“Lifetime Support Policy: Coverage for Applications”](#) (PDF)
- For retail application programs view [“Lifetime Support Policy: Coverage for Retail Applications”](#) (PDF)

- For Sun software and operating system products view [“Lifetime Support Policy: Coverage for Sun Software and Operating System Products”](#) (PDF)
- For Oracle Linux program releases view [“Lifetime Support Policy: Coverage for Oracle Linux and Oracle VM”](#) (PDF)
- For OFSS programs view [“Lifetime Support Policy: Coverage for Oracle Financial Services Software”](#)(PDF)

Exceptions - For customers with a current support contract running:

1. **PeopleTools:** The PeopleTools program, provided in conjunction with a PeopleSoft application program release, will be supported for as long as such application program release is supported. Patches and platform certifications for a PeopleTools minor release will be provided until 12 months after the next minor release is made generally available or Oracle announces that no future releases will be made; critical patch updates for a PeopleTools minor release may be provided for up to 24 months after the next minor release is made generally available.

You must apply PeopleTools minor releases in order to continue to receive Premier or Extended Support, if offered, for a PeopleSoft application program release. You may be required to apply PeopleTools minor releases to remain current with versions of third party technologies and products as supported by the provider of the third party product.

PeopleSoft application maintenance, which includes but is not limited to: images, patches, bundles, and maintenance packs, may require an upgrade to a newer version of PeopleTools.

Oracle reserves the right to make changes to the third party products included in the PeopleTools program release which includes but is not limited to: (i) requiring newer versions of the third party products, (ii) changing the way in which third party products are packaged and distributed and (iii) replacing or remediating one or more third party products.

2. **Oracle Database 12c Release 1 (12.1):** The Extended Support fee has been waived for the period of August 2018 – July 2019. During this period, you will receive Extended Support during these periods as described in the Oracle Technical Support Levels section below.

For customers running the E-Business Suite programs, the Extended Support fee has been waived through December 2020 for those Oracle database 12.1 licenses that are used for running the E-Business Suite programs.

3. **Oracle Database 11gR2:** For customers running the Oracle database 11.2.0.4 release on the HP OpenVMS on Itanium platform, the Extended Support fee has been waived for the period of January 2019 - December 2020. During this period, you will receive Extended Support as described in the Oracle Technical Support Levels section below.

For customers running the E-Business Suite programs, the Extended Support fee has been waived through December 2020 for those Oracle database 11.2 licenses that are used for running the E-Business Suite programs.

4. **Oracle Database 10gR2:** For customers running Oracle Database 10gR2 on the IBM z/OS platform, after July 2013, Extended Support will continue to be available at Oracle’s then-current Extended Support fees. Extended Support will be limited to Severity 1 fixes only; critical patch updates will not be made available.

5. **PeopleSoft Enterprise Campus Solutions 9.0:** The Extended Support fee will be waived for the period of January 2016 – December 2019. During this period, you will receive Extended Support as described in the Oracle Technical Support Levels section below.

6. **JD Edwards EnterpriseOne 9.1 and JD Edwards World A9.3:** The Extended Support fee will be waived for the period of April 2017 – March 2020. During this period, you will receive Extended Support as described in the Oracle Technical Support Levels section below.
7. **Oracle Database Standard Edition 2:** Customers with a current support contract for Oracle Database Standard Edition 2 will continue to receive technical support for previously licensed Oracle Database Standard Edition or Oracle Database Standard Edition One program releases. License restrictions are as specified in the license definitions and rules of the Oracle Database Standard Edition 2 order.
8. **Governance, Risk and Compliance Programs:** For Sustaining Support for the Governance, Risk and Compliance program releases specified below, Oracle will continue to provide Severity 1 fixes through May 2021.

Program	Program Release
Application Access Controls Governor	8.x
Configuration Controls Governor	5.x
Enterprise Governance, Risk, and Compliance Manager	8.x
Enterprise Transaction Controls Governor	8.x
Fusion Governance, Risk, and Compliance Intelligence	3.x
Preventive Controls Governor	7.x

9. **Clintrial Integration Solutions (CIS) 4.6.2.:** For Sustaining Support for the Clintrial Integration Solutions (CIS) 4.6.2 program release, Oracle will continue to provide Severity 1 fixes through March 2020.
10. **Java SE 7:** The Extended Support fee will be waived for the period June 2019 - July 2022. During this period, you will receive Extended Support as described in the Oracle Technical Support Levels section below.

4. Oracle Technical Support Levels

Software Update License & Support

Program releases in the Premier Support phase of Oracle's product support lifecycle will receive Software Update License & Support. Software Update License & Support consists of:

- Program updates, fixes, security alerts and critical patch updates
- Tax, legal and regulatory updates (availability may vary by country and/or program)
- Upgrade scripts (availability may vary by program)
- Certification with most new third-party products/versions (availability may vary by program)
- Major product and technology releases, if and when made available at Oracle's discretion, which may include general maintenance releases, selected functionality releases and documentation updates
- Assistance with service requests 24 hours per day, 7 days a week. Access to the customer support systems specified in the Web-Based Customer Support Systems section below (24 x 7 web-based customer support systems), including the ability to log service requests online, unless stated otherwise.
- Regulatory updates for certain Oracle Financial Services and Oracle Banking Platform programs and jurisdictions will be delivered in accordance with the OFSAA and OBP Regulatory Update Delivery Policy document located [here](#).
- Current licensees of MySQL Classic Edition Annual Subscription, MySQL Cluster Carrier Grade Edition Annual Subscription, MySQL Enterprise Edition Annual Subscription or MySQL Standard Edition Annual Subscription ("MySQL Subscription"), may receive Software Update License & Support (SULS) for MySQL Community Edition*, except that SULS for MySQL Community Edition does not include Updates of any kind. MySQL Community Edition may not contain all of the features and functionality of the programs

contained in the MySQL Subscription. (*Community Edition refers to MySQL licensed under the GPL license.)

- For Oracle VM VirtualBox Enterprise, Software Update License & Support (SULS) is limited to the platforms specified [here](#). SULS is not available for Oracle VM VirtualBox Enterprise features noted as experimental; such features are specified in the Oracle VM VirtualBox User Manual located [here](#)
- Access to Platinum Services as described at <http://www.oracle.com/us/support/library/platinum-services-policies-1652886.pdf>
- Non-technical customer service during normal business hours

Software Update License & Support for the Audit Vault and Database Firewall program (formerly the Database Firewall and Database Firewall Management Server programs) consists of:

- The Software Update License & Support described above
- 24x7 access to Oracle Unbreakable Linux Network
- Hardware Certification¹
- Backport of fixes, using commercially reasonable efforts, for any Oracle Linux program released from Oracle for a period of six months from the date the next release of the Oracle Linux program becomes generally available; the Backport Schedule is available at <http://linux.oracle.com/backport-schedule.html>

Note:

Hardware certification will be provided for the first six years from the date a release of the Oracle Linux program becomes generally available. After six years, hardware certification may be provided at Oracle's sole discretion; however Oracle is under no obligation to provide such hardware certification.

Limited Software Update License & Support is available for the Phase Forward programs (i.e., Clinical Development Center, Clintrial, Empirica (Gateway, Signal, Trace), InForm, and LabPas). The limited Software Update License & Support consists of:

- Program updates, fixes, security alerts and critical patch updates
- Assistance with service requests during normal business hours
- Ability to log service requests as specified in the following link: <http://www.oracle.com/us/support/contact/health-sciences-license-support/index.html>
- Non-technical customer service during normal business hours

Software Update License & Support for the qualifying Oracle Hospitality programs listed here: <http://www.oracle.com/us/support/library/hospitality-programs-3840568.pdf> ("Hospitality Programs") consists of:

- The Software Update License & Support described above
- First Line Support (Level 1)

For Oracle Hospitality programs only, reasonable efforts will be made to respond to service requests per the Response Times set forth in the guidelines below; however, Oracle's failure to adhere to the times stated will not constitute a breach by Oracle. The guidelines are for informational purposes only and subject to change at Oracle's discretion.

Severity Level ¹	Response Time Goal	Update or Resolution
Severity 1	5 minutes	1 hour
Severity 2	2 hours	6 hours
Severity 3	8 hours	24 hours
Severity 4	24 hours	48 hours

For purposes of the above table, the following definitions apply:

- Severity 1: Major system disruption (e.g., a major disruption in business-critical system operability or functionality, server crash or total system failure)
- Severity 2: Severe system disruption (e.g., A severe disruption in business-critical functionality that does not impact the entire system such as: significant number of workstations/terminals unable to perform or post transactions, loss of ability to perform payment functions, total Loss of reporting (local or hosted),

loss of all printing, failure to reset totals or complete EOD/SOD/Night Audit, reposting for a given date or range of date, an error within the portal that is preventing the customer from doing any function within the MyMicros portal, or very slow page or image loading, inaccessible tools interface

- Severity 3: Single function failure (e.g., a minor disruption in operability or functionality that does not impact the entire system such as: timekeeping issues, isolated printing failure, isolated workstation/terminal failure, MyMicros unable to review one report within the portal password resets for Oracle Cloud Applications, or Icare loyalty program that is not functioning or has stopped working)
- Severity 4: Minor/Procedural issue or question (e.g., programming or configuration related questions, questions relating to functionality, operability, or formatting or cosmetic problems)

Extended Support

Extended Support may be available for certain Oracle program releases after Premier Support expires. When Extended Support is offered, it is generally available for three years following the expiration of Premier Support and only for the terminal patchset release of a program. In order to receive Extended Support, you must continue to pay the technical support fee for SULS/Premier Support and purchase Extended Support. Unless otherwise stated in this section, Extended Support for eligible program releases consists of the following:

- Program updates, fixes, security alerts, and critical patch updates
- Tax, legal and regulatory updates (availability may vary by country and/or program)
- Upgrade scripts (availability may vary by program)
- Major product and technology releases, if and when made available at Oracle's discretion, which may include general maintenance releases, selected functionality releases and documentation updates
- Assistance with service requests 24 hours per day, 7 days per week
- Access to the customer support systems specified in the Web-Based Customer Support Systems section below (24 x 7 web-based customer support systems), including the ability to log service requests online, unless stated otherwise
- Access to Platinum Services as described at <http://www.oracle.com/us/support/library/platinum-services-policies-1652886.pdf>
- Non-technical customer service during normal business hours

Extended Support does not include:

- Certification with new third party products/versions

Extended Support for Java SE - Extended Support for eligible Java SE program releases consists of:

- Bug fixes, security fixes and minor updates
- Upgrade tools
- Assistance with service requests 24 hours per day, 7 days a week
- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- Non-technical customer service during normal business hours

Sustaining Support

Sustaining Support will be available after Premier Support expires. As program releases under Sustaining Support are no longer fully supported, information and skills regarding those releases may be limited. The availability of hardware systems to run such program releases may also be limited. Unless otherwise stated in this section, program releases eligible for Sustaining Support will receive Software Update License & Support limited to the following:

- Program updates, fixes, security alerts, and critical patch updates created during Premier Support and Extended Support (if offered and only after the Extended Support period ends)
- Tax, legal, and regulatory updates (availability may vary by country and/or program) created during Premier Support and Extended Support (if offered and only after the Extended Support Period ends)
- Upgrade scripts (availability may vary by program) created during Premier Support and Extended Support (if offered and only after the Extended Support Period ends)

- Major product and technology releases, if and when made available at Oracle's discretion, which may include general maintenance releases, selected functionality releases, and documentation updates
- Assistance with service requests, on a commercially reasonable basis, 24 hours per day, 7 days a week,
- Access to the customer support systems specified in the Web-Based Customer Support Systems section below (24 x 7 web-based customer support systems), including the ability to log service requests online, unless stated otherwise
- Non-technical customer service during normal business hours

Sustaining Support does not include:

- New program updates, fixes, security alerts, and critical patch updates
- New tax, legal, and regulatory updates
- New upgrade scripts
- Certification with new third party products/versions
- 24 hour commitment and response guidelines for Severity 1 service requests as defined in the Severity Level section below
- Previously released fixes or updates that Oracle no longer supports

Sustaining Support for Oracle Linux - Oracle Linux program releases eligible for Sustaining Support will receive Software Update License & Support limited to the following:

- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- 24x7 access to Oracle Unbreakable Linux Network
- Access to patches, fixes, and security alerts created during the Premier Support period

Sustaining Support for the Oracle Linux programs does not include:

- Access to new patches, fixes, and security alerts
- 24 hour commitment and response guidelines for Severity 1 service requests as defined in the Severity Level section below
- Hardware certification
- Backport of fixes

Sustaining Support for Java SE - Java SE program releases eligible for Sustaining Support will receive Java SE Support limited to the following:

- Minor updates and bug and security fixes created during Premier Support and Extended Support (if offered and only after the Extended Support Period ends)
- Upgrade tools created during Premier Support and Extended Support (if offered and only after the Extended Support Period ends)
- Assistance with service requests, on a commercially reasonable basis, 24 hours per day, 7 days per week
- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- Non-technical customer service during normal business hours

Sustaining Support for the Java SE program releases does not include:

- New minor updates and bug and security fixes
- New upgrade tools
- 24 hour commitment and response guidelines for Severity 1 service requests as defined in the Severity Level section below
- Previously released fixes or updates that Oracle no longer supports

Sustaining Support for Nimbula – Nimbula program releases eligible for Sustaining Support will receive Software Update License & Support limited to the following:

- Access to existing program updates and fixes only (i.e., new program updates and fixes will not be provided)
- Assistance with service requests during normal business hours.
- Ability to log service requests via the following email: Nimbula-Support_WW@oracle.com

- Non-technical customer service during normal business hours

Sustaining Support for the Nimbula program releases does not include:

- Access to new program updates and fixes
- 24 hour commitment and response guidelines for Severity 1 service requests as defined in the Severity Level section below

Oracle Communications Network Software Premier & Sustaining Support

Oracle Communications Network Software Premier Support is available for the following program categories (collectively "Oracle Communications Network Premier Programs"): Diameter Signaling Router & Integrated Diameter Intelligence Hub - Network Function Editions; Common Signaling; Performance Intelligence Center Network Function Edition; Policy Management Network Function Edition; User Data Repository Network Function Edition; Perpetual license of Session Border Controller, Subscriber-Aware Load Balancer, Core Session Manager, Session Router, Mobile Security Gateway, Operations Monitor, Control Plane Monitor, Fraud Monitor, Application Orchestrator, and Evolved Communications Application Server; Net-Net Central applications; Elastic Charging Engine and Charging Traffic Monitor; Network Service Orchestration; Convergent Charging Controller; Recharge and Voucher Management; and Notification Gateway.

Oracle Communications Network Software Premier Support consists of:

- Program updates, fixes, security alerts and critical patch updates
- Upgrade scripts (availability may vary by program)
- Certification with most new third-party products/versions (availability may vary by program)
- Major product and technology releases, if and when made available at Oracle's discretion, which may include general maintenance releases, selected functionality releases, and documentation updates
- Remote installation of Oracle Communications Network Premier Programs
- Assistance with service requests 24 hours per day, 7 days a week
- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- Non-technical customer service during normal business hours

For Oracle Communications Network Software Premier Support only, reasonable efforts will be made to respond to service requests per the Response Times set forth in the guidelines below; however, Oracle's failure to adhere to the times stated will not constitute a breach by Oracle. The guidelines are for informational purposes only and subject to change at Oracle's discretion.

Severity Level	Response Time ¹	Remote Restoration Time ¹	Resolution Time ¹
Severity 1	15 minutes	6 hours	30 calendar days
Severity 2	15 minutes	48 hours	30 calendar days
Severity 3	N/A	N/A	180 calendar days

1. For purposes of the above table, the following definitions apply:

- Response Time - The elapsed time beginning when you create a service request until Oracle first responds to you.
- Remote Restoration Time - The elapsed time beginning when Oracle achieves remote access to the applicable program and when Oracle notifies you that a solution has been offered. The Remote Restoration Time frames do not apply if program code changes are required.
- Resolution Time - The elapsed time beginning when you create a service request to when your issue is resolved.

Certain Oracle Communications Network Premier Program releases may be eligible to receive Oracle Communications Network Software Sustaining Support. Oracle Communications Network Software Sustaining Support consists of:

- Program updates, fixes, security alerts, and critical patch updates, created during the Premier Support period
- Upgrade scripts (availability may vary by program) created during the Premier Support period
- Major product and technology releases, if and when made available at Oracle's discretion, which may include general maintenance releases, selected functionality releases and documentation updates.
- Assistance with service requests 24 hours per day, 7 days a week
- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- Non-technical customer service during normal business hours

Oracle Communications Network Software Support & Sustaining Support

Oracle Communications Network Software Support is available for the following program categories (collectively "Oracle Communications Network Software Programs"): Oracle Communications EAGLE (non ISO), Oracle Communications Performance Intelligence Center, Oracle Communications Diameter Signaling Router, Oracle Communications Policy Management, Oracle Communications User Data Repository, and Oracle Communications Subscriber Data Management. Oracle Communications Network Software Support consists of:

- Program updates, fixes, security alerts, and critical patch updates
- Certification with most new third-party products/versions (availability may vary by program)
- Remote installation of Oracle Communications Network Software Programs
- Assistance with service requests 24 hours per day, 7 days a week
- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- Non-technical customer service during normal business hours

For Oracle Communications Network Software Support only, reasonable efforts will be made to respond to service requests per the Response Times set forth in the guidelines below; however, Oracle's failure to adhere to the times stated will not constitute a breach by Oracle. The guidelines are for informational purposes only and subject to change at Oracle's discretion.

Severity Level	Response Time ¹	Remote Restoration Time ¹	Resolution Time ¹
Severity 1	15 minutes	6 hours	30 calendar days
Severity 2	15 minutes	48 hours	30 calendar days
Severity 3	N/A	N/A	180 calendar days

1. For purposes of the above table, the following definitions apply:

- Response Time - The elapsed time beginning when you create a service request until Oracle first responds to you.
- Remote Restoration Time - The elapsed time beginning when Oracle achieves remote access to the applicable program and when Oracle notifies you that a solution has been offered. The Remote Restoration Time frames do not apply if program code changes are required.
- Resolution Time - The elapsed time beginning when you create a service request to when your issue is resolved.

Certain Oracle Communications Network Software Program releases may be eligible to receive Oracle Communications Network Software Sustaining Support. Oracle Communications Network Software Sustaining Support consists of:

- Program updates, fixes, security alerts, and critical patch updates created during the Support period
- Assistance with service requests 24 hours per day, 7 days a week
- Access to My Oracle Support (24 x 7 web-based customer support systems), including the ability to log service requests online
- Non-technical customer service during normal business hours

Sustaining Support for the Oracle Communications Network Software Program releases does not include:

- New program updates, fixes, security alerts, and critical patch updates
- Remote installation of Oracle Communications Network Software
- Certification with new third party products/versions
- Response Times identified above
- Previously released fixes or updates that Oracle no longer supports

5. Additional Support Services Available for Purchase

Incident Server Support Package

Incident Server Support provides web-based technical support on a per server basis in packages of 10 service requests to be used within a 12 month period. Any unused service requests at the end of the support period shall expire. Incident Server Support for a program may be acquired with the initial program license purchase and, if acquired with such purchase, may be renewed for subsequent support periods for as long as Premier Support is available for your Oracle program license. If you want to obtain Software Update License & Support, it will be subject to Oracle's reinstatement policies in effect at the time Software Update License & Support is acquired. Incident Server Support is available for the following across all platforms:

- Oracle Database Incident Server Support Package: Oracle Database Enterprise Edition, Oracle Database Standard Edition, Oracle Database Standard Edition One, Partitioning, and Real Application Clusters
- Oracle Application Incident Server Support Package: Internet Application Server Enterprise Edition Internet Application Server Standard Edition, and Internet Application Server Java Edition

Incident Server Support consists of:

- 10 service requests
- Access to My Oracle Support (24x7 web-based technical support system), including the ability to log service requests online
- Access to downloadable software patches and patchsets

Service requests requiring resolution of a program bug will not be counted against your overall service request total. Your access to Incident Server Support services, including My Oracle Support, ends on the earlier of (i) expiration of the support period; or (ii) resolution of your final service request. The Incident Server Support Packages do not include updates and may not be used, purchased, or sold in conjunction with any other support offering.

If you renew Incident Server Support Package, your renewal fee for such services will be based on Oracle's Incident Server Support Package pricing policies in effect at the time of renewal. Contractual caps on technical support fees do not apply to these services, unless expressly stated otherwise in the applicable order. Incident Server Support Package is not subject to the Reinstatement of Oracle Technical Support section above.

Oracle VM Support Services

Oracle offers Oracle VM support services to customers, regardless of whether or not they are using Oracle programs. For information about the available services, please refer to the Oracle Linux and Oracle VM Support Policies available at <http://www.oracle.com/support/policies.html>.

6. Web-Based Customer Support Systems

My Oracle Support

My Oracle Support is Oracle's customer support web site for software support. Access to My Oracle Support is governed by the [Oracle Support Portal Terms of Use](#) posted on the My Oracle Support web site. The Oracle Support Portal Terms of Use are subject to change at Oracle's discretion. Access to My Oracle Support is limited to your designated technical contacts.

The following Oracle programs are not currently supported under My Oracle Support: Phase Forward (i.e., InForm, InForm CRF Submit, Central Designer, Central Coding, Clinical Development Center, Clintrial, Empirica (Gateway, Inspections, Signal, Study, Topics, Trace), and LabPas), Nimbula and MS CRM (for MICROS Systems).

For web-based customer support for the Phase Forward programs listed above, please refer to the [Health Sciences License Support](#) page.

Oracle Unbreakable Linux Network

Access to the Oracle Unbreakable Linux Network is included with Software Update License & Support for the Audit Vault and Database Firewall program (formerly the Database Firewall and Database Firewall Management Server programs).

7. Tools Used to Perform Technical Support Services

Oracle may make available collaboration tools (such as tools that enable Oracle, with your consent, to access your computer system (e.g., Oracle Web Conferencing)) and software tools (such as tools to assist in the collection and transmission of configuration data (e.g., Oracle Configuration Manager)) to assist with issue resolution. The tools are licensed under the [Oracle Support Portal Terms of Use](#), and may be subject to additional terms provided with the tools. Some of the tools are designed to collect information concerning the configuration of your computer environment ("tools data") and not access, collect or store any personally identifiable information (except for technical support contact information) or business data files residing in your computer environment. By using the tools, you consent to the transmission of your tools data to Oracle for the purposes of providing reactive and proactive technical support services. In addition, the tools data may be used by Oracle to assist you in managing your Oracle product portfolio, for license and services compliance and to help Oracle improve upon product and service offerings.

Some of the tools may be designed to connect automatically or on a periodic basis and you may not receive a separate notice upon connection. You are responsible for maintaining the telecom gateway through which the tools communicate tools data to Oracle. Use of the tools is voluntary; however, refusal to use the tools may impede Oracle's ability to provide technical support services to you.

Further details about some of the current tools Oracle uses to provide technical support services, the data collected, and how the data is used, are described in the Global Customer Support Security Practices and on My Oracle Support. You may also contact your Oracle sales representative or call your local Customer Support office for more details regarding the tools and availability.

If Oracle expressly provides in the tools documentation, technical support policies, an order, or readme that a tool is provided under separate license terms ("Separate Terms") then the Separate Terms shall govern your access and use of the tool. Embedded third party software, or third party software, licensed under Separate Terms (for example Mozilla and LGPL) may be required to access or run the tools per the tools documentation or readme. Your rights to use a tool or software licensed under Separate Terms shall not be restricted or modified in any way by your agreement with Oracle.

8. Global Customer Support Data Protection Practices

To the extent you provide personal information to Oracle as part of Oracle's provision of technical support services, Oracle will comply with the following:

- Oracle's Services Privacy Policy, available at <https://www.oracle.com/legal/privacy/services-privacy-policy.html>; and
- the applicable version of the Oracle Data Processing Agreement for Oracle Services, available at <https://www.oracle.com/corporate/contracts/cloud-services/contracts.html#data-processing>

In providing technical support services, Oracle will also adhere to the applicable administrative, physical, technical and other safeguards described in Oracle's [Global Customer Support Security Practices](#). The Global Customer Support Security Practices are subject to change at Oracle's discretion. However, Oracle will not materially reduce the level of security specified in the Global Customer Support Security Practices during the services period of these technical support services. You are advised to review these Global Customer Support Security Practices from time to time. To view changes that have been made, please refer to the [Statement of Changes](#) (PDF).

Please note that the technical support services are not designed to accommodate special security or privacy controls that may be required to store or process certain types of sensitive data. Please ensure that you do not submit any sensitive data, such as protected health information or payment card data, which requires security and privacy controls greater than or different from those specified in the [Global Customer Support Security Practices](#). Information on how you can remove sensitive data from your submission is available in My Oracle Support, [Doc ID 1227943.1](#).

Notwithstanding the restriction above, if you would like to submit personal information subject to Applicable European Data Protection Law (as such term is defined in the Oracle Data Processing Agreement for Oracle Services) or protected health information ("PHI") subject to the United States Health Insurance Portability and Accountability Act ("HIPAA") to Oracle as part of receiving technical support services, you must:

- For PHI, execute a HIPAA business associate agreement (as applicable) with Oracle that specifically references and covers your technical support services;
- Submit personal information subject to Applicable European Data Protection Law or PHI only in service request attachments on the My Oracle Support customer portal;
- Not include any personal information subject to Applicable European Data Protection Law or PHI in the body of service requests (other than contact information required for Oracle to respond to the service request);
- When prompted in My Oracle Support, indicate that the service request attachment may contain personal information subject to Applicable European Data Protection Law (also may be designated as "EEA Personal Data" in My Oracle Support) or PHI.

9. Severity Definitions

Service requests for supported Oracle programs may be submitted by you online through Oracle's web-based customer support systems or by telephone. The service request severity level is selected by you and Oracle and should be based on the severity definitions specified below.

Severity 1

Your production use of the supported programs is stopped or so severely impacted that you cannot reasonably continue work. You experience a complete loss of service. The operation is mission critical to the business and the situation is an emergency. A Severity 1 service request has one or more of the following characteristics:

- Data corrupted
- A critical documented function is not available
- System hangs indefinitely, causing unacceptable or indefinite delays for resources or response
- System crashes, and crashes repeatedly after restart attempts

Reasonable efforts will be made to respond to Severity 1 service requests within one hour. For response efforts associated with Oracle Communications Network Software Premier Support and Oracle Communications Network Software Support & Sustaining Support, please see the Oracle Communications Network Premier & Sustaining Support and Oracle Communications Network Software Support & Sustaining Support sections above.

Except as otherwise specified, Oracle provides 24 hour support for Severity 1 service requests for supported programs (OSS will work 24x7 until the issue is resolved) when you remain actively engaged with OSS working toward resolution of your Severity 1 service request. You must provide OSS with a contact during this 24x7 period, either on site or by phone, to assist with data gathering, testing, and applying fixes. You are requested to propose this severity classification with great care, so that valid Severity 1 situations obtain the necessary resource allocation from Oracle.

Severity 2

You experience a severe loss of service. Important features are unavailable with no acceptable workaround; however, operations can continue in a restricted fashion.

Severity 3

You experience a minor loss of service. The impact is an inconvenience, which may require a workaround to restore functionality

Severity 4

You request information, an enhancement, or documentation clarification regarding your software but there is no impact on the operation of the software. You experience no loss of service. The result does not impede the operation of a system.

10. Hyperion and Agile Specific Support Terms

For orders placed pursuant to a Hyperion master agreement or to an Agile master agreement, the following terms apply with respect to the technical support services you have ordered.

Warranties, Disclaimers, and Exclusive Remedies

Oracle warrants that technical support services will be provided in a professional manner consistent with industry standards. You must notify Oracle of any technical support services warranty deficiencies within 90 days from performance of the defective technical support services.

FOR ANY BREACH OF THE ABOVE WARRANTIES, YOUR EXCLUSIVE REMEDY, AND ORACLE'S ENTIRE LIABILITY, SHALL BE THE REPERFORMANCE OF THE DEFICIENT TECHNICAL SUPPORT SERVICES, OR IF ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THE RELEVANT TECHNICAL SUPPORT SERVICES AND RECOVER THE FEES PAID TO ORACLE FOR THE DEFICIENT TECHNICAL SUPPORT SERVICES.

TO THE EXTENT PERMITTED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Limitation of Liability

NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE. ORACLE'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID ORACLE UNDER YOUR ORDER, AND IF SUCH DAMAGES RESULT FROM YOUR USE OF TECHNICAL SUPPORT SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID ORACLE FOR THE DEFICIENT TECHNICAL SUPPORT SERVICES GIVING RISE TO THE LIABILITY.

For orders placed pursuant to a Hyperion master agreement, the following terms also apply with respect to the technical support services you have ordered.

Nondisclosure

By virtue of your order, the parties may have access to information that is confidential to one another ("confidential information"). We each agree to disclose only information that is required for the performance of obligations under your order. Confidential information shall be limited to the terms and pricing under your order and all information clearly identified as confidential at the time of disclosure.

A party's confidential information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

We each agree to hold each other's confidential information in confidence for a period of three years from the date of disclosure. Also, we each agree to disclose confidential information only to those employees or agents who are required to protect it against unauthorized disclosure. Nothing shall prevent either party from disclosing the terms or pricing under your order in any legal proceeding arising from or in connection with your order or disclosing the confidential information to a federal or state governmental entity as required by law.
