### Grab Taxi

How to Grab:

1. Download the app for free and register your account

2. Start booking! The app auto-detects your location for pick-up. Choose your destination.

3. Choose what kind of transportation you need - taxi, private cars or motorbikes.

4. Confirm a driver and track them as they make their way to you

### **Thai by Nemo**

- ☐ Every Thai word is pronounced clearly in high quality audio from a native speaker.
- ☐ All audio is downloaded to your device, and is available offline or in airplane mode.
- ☐ Master your accent with the Speech Studio. Simply record yourself saying a phrase and then hear your voice next to the teacher's. Then try again. You'll be AMAZED how quickly your foreign accent melts away.
- ☐ Nemo is not built around lessons at all. It is meant to be picked up throughout the day, whenever you have a few minutes to spare.
- ☐ NO PRIOR KNOWLEDGE of Thai is required.

## FoodPanda

- ☐ More Restaurants: Enjoy food delivery from more than 1,000 of best restaurants near you.
- ☐ More Cuisines: With the variety of cuisines at foodpanda, you can simply takeaway fast food, chicken, burgers, pizza, birthday cake, and healthy, vegan food.
- ☐ More Cities: foodpanda provides food delivery in Bangkok, Chiang Mai, Pattaya and in many more cities in Thailand.
- ☐ More Areas: foodpanda is available in major areas in Bangkok such as Sukhumvit, Sathorn, Silom, Bang Na, Bang Kapi, and some part of suburb areas
- ☐ Payment Options: You can make online payment with credit card, PayPal or pay with cash on delivery.

## XE Currency

- ☐ RELIABLE- Stores the last updated exchange rates so it works even when the internet decides not to.
- ☐ CONVENIENT- Easy to use currency calculator using XE's currency converter. It also monitors up to 10 currencies at once.
- ☐ UNIVERSAL- Live rates are refreshed each minute for every world currency and precious metal.
- ☐ XE CURRENCY PRO- Get XE Currency Pro – track more currencies at once for only \$1.99 US

## Google Maps

- ☐ Get there faster with real-time updates
- ☐ Beat traffic with real-time navigation, ETAs and traffic conditions
- ☐ Catch your bus, train, or ride-share with real-time transit info
- ☐ Save time with automatic re-routing based on live traffic, road closures and traffic incidents
- ☐ Navigation with lane guidance so you don't miss a turn or exit
- ☐ Find pit stops along your route like gas stations and coffee spots

## AirAsia

- ☐ Book flights and check-in while on-the-go!
- ☐ View our lowest fares, manage your booking and pre-book meals, seats, baggage and travel insurance.

You will receive a mobile barcode when you check-in via the app. Just scan the barcode at the airport kiosk to print your boarding pass.

- ☐ You can also opt to get an e-boarding pass which allows you to go straight to the gate if you have no bags to check-in.

## BTS Skytrain

- ☐ Find your way around the city of Bangkok using the high resolution vector maps of the BTS, MRT Blue, MRT Purple and Airport Rail Link train network.
- ☐ The maps have small file size footprints but with many levels of zoom and can work offline without connecting to the Internet.
- ☐ Users can click the train station labels to open Google Maps or Google Street View, where they can use all the functions of the Google apps to visualize the surrounding area and/or perform routing for directions.
- ☐ There is also an offline function to calculate the best way to travel from a station to another station with a direction breakdown and timings (which may vary from the actual travelling time).

## Bangkok MRT

- ☐ Up to Date for 2018: Always up-to-date fares, stations, and more
- ☐ Offline Access: Use Bangkok Metro on the go
- ☐ Route Planner: Quickly find and share the fastest path to your destination
- ☐ Multiple Languages: English, Thai, Chinese, Japanese, and more to come
- ☐ Beautiful Design: Modern, clean, curated in every detail
- ☐ Nearby Stations: Find the closest subway station near you, now with compass (Pro)!
