## INVITATIONS

Every year many of the children in our school have parties in their homes. Invitations to these parties should not be distributed at school. The problem occurs when a child is left out. It is humiliating for a child to watch party invitations being handed out in a class and not receive one. We are asking that unless everyone in the class is invited to the party; please do not pass out invitations at school. Help us avoid a situation that could cause a lot of unhappiness.

The statements in this document are intended to provide guidance for daily procedures and practices in order to maintain order, efficiency, and continuity amongst our schools.
