NA Proactive news snapshot: Bonterra Resources, Global Atomic Corporation, Harvest One Cannabis UPDATE ...

Bonterra Resources Inc (CVE:BTR) (OTCQX:BONXF) said Thursday that it has appointed industry veteran Greg Gibson as the company's permanent chief executive for his strategic repositioning of the company and laser-focus on realizing the potential of its Urban-Barry assets. In a statement, the company also said that it is tapping Jamie Lavigne as the company's vice president for exploration.

Global Atomic Corporation (TSE:GLO) (OTCMKTS:SYIFF) announced Thursday that it filed a National Instrument 43-101 Technical Report related to the Mineral Resource Estimate conducted in July at its DASA Uranium Project in Niger. Highlights of the report include a 56% increase to 101.6 million pounds of equivalent uranium at 1,752 parts per million (ppm) and an 81% jump to 87.6 million pounds at 1,781ppm.

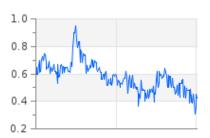

Harvest One Cannabis Inc (CVE:HVT) (OTCMKTS:HRVOF) has appointed Andy Bayfield as chief commercial officer, the company announced Thursday. Bayfield will manage the company's sales, marketing, and distribution channels globally. He started his new job September 3. In a statement, Harvest One said Bayfield's career before joining the company was focused on consumer packaged goods with internationally recognized companies such as Cadbury, Coca-Cola, and Canada Dry Mott's, a division of Keurig Dr Pepper.

Global uncertainty means the 'dawn of a new bull market for gold', reckon analysts at Roth Capital Partners, which is positive for investors in precious metals companies. After running its sensitivity analysis over the companies it covers, among Roth's top picks for catalyst-drivers include Auryn Resources Inc (TSE:AUG) (NYSE:AUG) and New Pacific Metals Corp (CVE:NUAG) (OTCMKTS:NUPMF). Among its top defensive ideas are Silvercorp Metals Inc (TSE:SVM) (NYSEAMERICAN:SVM).

Capstone Turbine Corporation (NASDAQ:CPST) announced Thursday it has been invited to present at the H.C. Wainwright 21st Annual Global Investment Conference in New York on September 10 at the Lotte New York Palace Hotel. CEO Darren Jamison is scheduled to present at 9:35 a.m. Joining the CEO will be Cory Glick, founder and president of RSP Systems, Capstone's dedicated New York and Connecticut distribution partner.

LexaGene Holdings Inc (CVE:LXG) (OTCMKTS:LXXGF) told investors on Thursday that an initial test of its analyzer technology on cannabis and hemp products showed promising results. Testing took place at the CDX Analytics laboratory in Massachusetts, which received a beta unit of Lexagene's genetic analyzer.

EnWave Corporation (CVE:ENW) has received a second equipment purchase order from Australian cheese producer Ashgrove Cheese Ltd Pty after its Amazeballs cheese snack proved a hot seller down under. Vancouver-based EnWave is the maker of the 10kW Radiant Energy Vacuum (REV) dehydration technology that is currently used in the

food, agriculture and cannabis industries.

Minera Alamos Inc (CVE:MAI) (OTCMKTS:MAIFF), the Mexico-focused gold mine developer, unveiled exciting news on Thursday from its Santana project where it has found a new zone of mineralization called 'Gold Ridge'. The firm has identified significant new Nicho-style gold-silver surface anomalies to the east of the Nicho deposit, it said in a statement, as it also reported permitting progress for the property.

One World Lithium Inc (CSE:OWLI) (OTCMKTS:OWRDF) announced Thursday that the operator of its flagship Salar del Diablo project is joining OWL's CEO and director on a site tour of the lithium brine project in Mexico. The Vancouverbased company appointed Mike Rosko of Montgomery & Associates (M&A) as operator of Salar del Diablo in August.

Newrange Gold Corp (CVE:NRG) (OTCMKTS: NRGOF) announced Thursday that the Andean Mining Corporation Pty Ltd has made the first anniversary payment of US\$250,000 for purchase of the El Dovio exploration project in Colombia. The payment is part of an agreement struck in June to sell Newrange's Columbian assets to Australia's Andean Mining for US\$1 million.

Braingrid Limited (CSE:BGRD) announced Thursday that founder and CEO Michael Kadonoff has been tapped to lead the technology committee of the C-45 Quality Association, a private sector group advocating for compliance and quality in the Canadian cannabis industry. The C-45 is made up of quality assurance professionals, laboratory heads and others from the more than 170 license holders and applicants in Canada. "I'm very proud to be the technology leader for the association because I can more directly support the folks who deliver safe, high quality product for Canada," Kadonoff said in a statement.

ROTH Capital has reiterated its Buy rating on Silvercorp Metals Inc (TSE:SVM) (NSYEAMERICAN:SVM) and upped its price target to US\$5.25 from US\$4.50 previously in a review of the precious metals sector. The Vancouver-based metals producer, which is focused on silver-related mineral properties in China, is a "top defensive idea" according to ROTH analyst Joe Reagor, who highlighted the investment bank's higher gold and silver price forecasts for 2019 and 2020.

Esports Entertainment Group Inc (OTCMKTS:GMBL) has hired a mergers and acquisitions adviser to explore expanding in the iGaming sector, the company announced Thursday. The online gambling company has employed Partis Solutions Limited, a well-established corporate services provider to the gaming industry. In a statement, Esports Entertainment revealed that it is looking into acquiring iGaming operators to increase its reach in the oft-regulated gaming markets as well as business-to-consumer iGaming brands that can hasten its growth.

Orsu Metals Corporation (CVE:OSU) has discovered new gold mineralized zones at its Sergeevskoe project in Russia, it announced Thursday. The Vancouver-based exploration company said it made the discovery at an area known as Peak Klyuchi on the property, where new gold-mineralized zones were found over a 400-metre strike length.

Point Loma Resources Ltd. (CVE:PLX) said Thursday that production test results for the Wizard Lake HZ 1-8-48-27W4 Rex oil pool delineation well has determined that commercial production has been established. In a statement, Point Loma said the test rate for the Rex horizontal oil well over the last 24 hours of the test period to 3pm September 4, 2019 was approximately 350 barrels of 18.5 API oil per day (bopd) and 700 barrels of oil equivalent per day (boe/d).

Zynerba Pharmaceuticals Inc (NASDAQ:ZYNE) shared data Thursday on how CBD may be effective in managing sociobehavioral symptoms associated with three different neuropsychiatric disorders at a symposium organized by the Society for the Study of Behavioural Phenotypes (SSBP).

Arcadia Biosciences Inc's (NASDAQ:RKDA) division of crop innovation unveiled plans Thursday for a sun-grown hemp cultivation and research operation in California. Arcadia Specialty Genomics will produce hemp seed and cultivate hemp itself to generate proprietary seed lines and flower for cannabidiol extraction, the company said in a statement. Planting is expected to begin on October 1.

Tinka Resources Ltd (CVE:TK) (OTCPK:TKRFF) revealed it had found more high-grade zinc at its flagship Ayawilca

property in central Peru, which could further enhance the project's economics. Assays today come from two drill holes, aimed at expanding the high-grade 'Zinc Zone', which was the subject of the positive preliminary economic assessment (PEA), published in July this year.

TruTrace Technologies Inc (CSE:TTT) (OTCMKTS: TTTSF) announced Thursday that Aphria Inc (TSE:APHA) (NYSE:APHA) has joined Phase 2 of the Shoppers Drug Mart medical cannabis verification pilot program. TruTrace's blockchain-secured program is specifically designed to increase transparency, interoperability and product identification within the medical cannabis industry.

Alchemist Mining Inc's (CSE:AMS) evolution into a provider of technology solutions to the cannabis sector moved a step closer on Thursday after it received conditional approval from the Canadian Securities Exchange for its change of business. In a statement, the company said the CSE has conditional approved its name change to Alchemist Holdings Inc.; a change of its trading symbol to 'ALH'; a 4:1 consolidation of the company's common shares; and the acquisition of the Oddysee Software Platform from Green Rush Consulting LLC, which was announced on March 20, 2019. Trading in Alchemist Mining stock was halted at 4:56 am PT on September 5, 2019, by a cease-trade order ahead of the news.

GGX Gold Corp (CVE:GGX) (OTCMKTS:GGXXF) is poised to make more progress at its now 100% owned Gold Drop property in British Columbia, with the firm now fully permitted to drill test a large, deep geophysical anomaly. In a statement on Thursday, GGX said it had recently received a new five-year, area-based exploration permit for Gold Drop that will allow for drilling the anomaly. Three holes are planned at different directions from separate locations.

Bragg Gaming Group (CVE:BRAG) (OTCMKTS:BRGGF) announced Thursday that its subsidiary ORYX Gaming reached a deal with European online casino operator LeoVegas to bring the ORYX Hub to its platform. LeoVegas customers will now have access to ORYX's slate of proprietary and partner games, which includes content from studios such as Gamomat, Kalamba and Golden Hero. The ORYX Hub gives its partners access to more than 8,000 games from 80 providers, complete with features like tournament play, leaderboards, achievements, free round promotions and more.

Capstone Turbine Corporation (NASDAQ:CPST) announced Thursday that it has raised \$5.1 million in a registered direct offering with several institutional investors. The microturbine maker said in a statement that it has definitive agreements with the investors to purchase 10.2 million shares of common stock, or pre-funded warrants in lieu of shares, at \$0.50 per share or \$0.4999 per pre-funded warrant. Capstone also agreed to issue the investors unregistered warrants to purchase up to 7.650 million shares of its common stock. Capstone intends to use the net proceeds from the offering for working capital and general corporate purposes.

Codebase Ventures Inc (CSE:CODE) (OTCMKTS:BKLLF) announced Thursday that its blockchain subsidiary Arcology has increased its network transaction speed on the new iteration of its platform. The Vancouver-based Codebase said that network speed was up over 16%, with transaction speeds increasing to just over 46,400 from the previous 40,000 benchmark. Arcology said that its new goal is to achieve 100,000 transactions per second in the next integration test, which is expected in fall 2019.

Ximen Mining Corp (CVE:XIM) noted that GGX Gold Corp (CVE:GGX) (OTCMKTS:GGXXF) is poised to make more progress at the Gold Drop property in British Columbia, after the receipt of a permit by GGX to drill test a large, deep geophysical anomaly. Earlier this week, GGX told investors it had made a final option payment to Ximen Mining Corp (CVE:XIM) and now owned 100% of Gold Drop. Ximen retains a 2.5% net smelter return royalty (NSR royalty) which GGX Gold may buy down 1% of by paying C\$1 million

Fidelity Minerals Corp (CVE:FMN) (OTCMKTS:SAIDF), the Peru-focused emerging gold producer, said it had raised total gross proceeds of C\$603,900 after closing the second and final tranche of a private placing. The funds are to be used for working capital and general corporate purposes, it said in a statement Thursday.

Universal mCloud Corp (CVE:MCLD) said the TSX Venture Exchange has accepted for filing the company's proposal to issue 150,000 shares to settle outstanding debt of \$60,000 to one creditor. The company added that it will issue a news

release when the shares are issued and the debt extinguished.

ElectraMeccanica Vehicles Corp. (NASDAQ: SOLO), a designer and manufacturer of electric vehicles, announced that its management has been invited to present at the American Automotive Summit on September 16-17, 2019 at the MGM Grand Resort in Detroit. The group said Paul Rivera, its chief executive officer is scheduled to present "Redefining the Commuter Car and Manufacturing the Ultimate Driving Experience" on Tuesday, September 17th. The American Automotive Summit is a leadership focused meeting designed around improving plant floor operations and manufacturing strategy globally.

American Battery Metals (OTCQB:ABML), a premier battery metal exploration and development company based in Nevada, has announced it will be presenting at this year's Fall Investor Summit on September 16th-17th in New York City. The summit will take place at the Essex House, featuring 160 companies and over 1,000 institutional and retail investors.

Lexaria Bioscience Corp (CSE:LXX) (OTCMKTS:LXRP) said it is featured in a publication from financial news and publishing company NetworkNewsWire on Wednesday highlighting its drug delivery system. The group noted that the piece, entitled "Innovative Drug-Delivery Systems Benefit Patients and Businesses," said that the company's DehydraTECH system could be "the most novel form of drug delivery in decades," and is making "momentous advances" in the delivery of nicotine.

Genprex Inc (NASDAQ:GNPX), a clinical stage gene therapy company developing a new approach to treating cancer, also said it was featured in NetworkNewsWire in an article entitled "Gene Therapy Treatments Offer Hope for Cancer Patients." The company's initial product candidate, immunogene therapy Oncoprex is designed for treating non-small cell lung cancer. The article notes that an estimated 2.09 million people were affected by lung cancer worldwide in 2018. While prevention has improved, survival rates remain low once the disease takes root

Genprex also announced that it will present at the H.C. Wainwright 21st Annual Global Investment Conference on September 10, 2019 in New York City. Genprex's chairman and chief executive officer, Rodney Varner, will lead the company's presentation and will be available for one-on-one meetings, the group added.
