

Science of Law of Attraction

Science of Spiritual Beings of Light Lectures

Presented at Unity Church of Dallas

Oct 24, 31 - Nov 7, 14, 2011

By Doug Matzke, Ph.D.

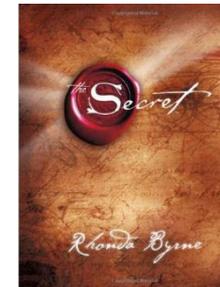

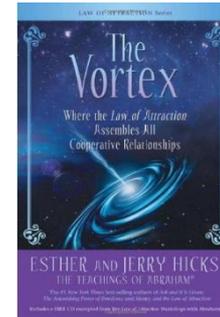

Doug@QuantumDoug.com

Law of Attraction History

Brief History of Law of Attraction:

- Ancient ideas from secret societies
- Focused on by Ester & Jerry Hicks
- Ester is channel for being 'Abraham'
- Ester included in the movie 'The Secret'
- Secret ideas/movie liked by Oprah
- 'The Secret' reissued without Ester
- 'The Secret behind the Secret' released
- Abraham/Ester speaks all over world
- LOA popular with hundreds of CDs/books
- Large overlap with other domains

Presuppositions of LOA

Presuppositions of Law of Attraction:

- Humans are eternal vibrational beings having a physical experience
- Abraham's insights are beyond human perspective
- Law of Attraction is primary principle for inclusion based universe
- This principle is source creative intelligence and creator of worlds
- Law of Attraction rules are shared but Physics of LOA is not revealed
- Like attracts Like – where 'Not X' is still attracting 'X'
- Everything is intelligence and thought vibrations
- Thoughts, emotions & energy are tied together and synergistic
- Thoughts extend beyond the physical/classical brain/body
- Thoughts are 'things' that affect the world
- Thoughts include conscious, unconscious, beliefs and body states
- You are responsible for creating your own reality
- Law of Attraction works whether you believe it or not
- Teachings' purpose is how to become focused deliberate creators

Who/What is Abraham?

- Spiritual Entity channeling thru Ester
- Abraham is “We” or multi-being
- Abraham represents ‘Infinite Intelligence’
- Represents non-human perspective for us
- Language patterns as non-native speaker
- Message is enlightening & entertaining
- Message is extremely self consistent
- Message contains technical information
- Abraham has energetic presence
- Collectively we are leading edge of Source

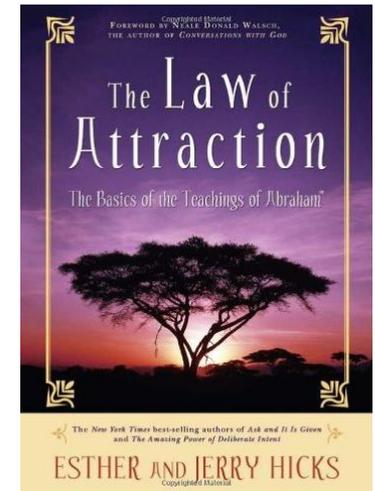

Law of Attraction Overview

LOA topics related to Science of Spiritual Beings:

- Vibrational thoughts create reality
 - Source mechanism that creates worlds
 - Be aware of and focus your thoughts
 - People cancel their goals with unresourceful thoughts
 - Deliberate focused intention for deliberate creation
 - Requires mechanism connecting thought to meaning
- Memory/Thoughts are related to emotions
 - Emotion affects memories and decisions
 - Energized thoughts amplifies Law of Attraction
 - Model of Emotional maturity ladder – goal is relief
 - Requires model connecting thoughts and emotions
- Vortex represents preferred & focused thoughts/emotions
 - Goal is to spend more time in ‘good vortex’ rather than ‘bad rut’
 - Cooperative components are assembled
 - Attracts components using non-local non-classical mechanisms

Simple Steps for Art of Allowing

'Ask & It Is Given' Process (the 3 As):

1. **Ask** [Your Work]

'Rockets of Desire' are always going out to world

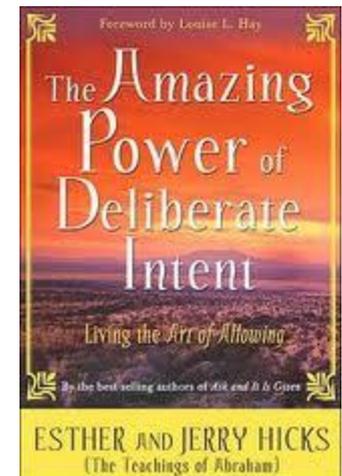

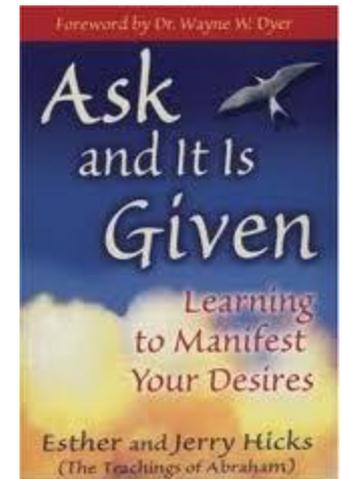

2. **Answer** is Given [Not Your Work]

Your vibrational asking affects thought reality

3. **Allow** it to happen [Your Work]

Allow and expect it to happen quickly

Become a deliberate creator

Fine Tuning Asking & Allowing

Fine Tuning Step 1: Asking Vibrationally

- Focus on what you want (not the lack of it)
- Choose Go-To strategy rather than Away-From strategy
- Specified well formed outcomes with right amount of details
- Make asking real (using images, sounds, symbols & feelings)
- Imagine as if you already have it (not in the future)
- Energize the asking with positive emotions
- Ground, clear obstacles and remove distractions (mental and energetic)

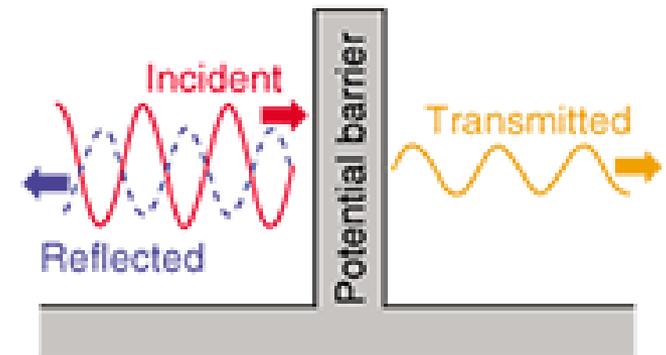

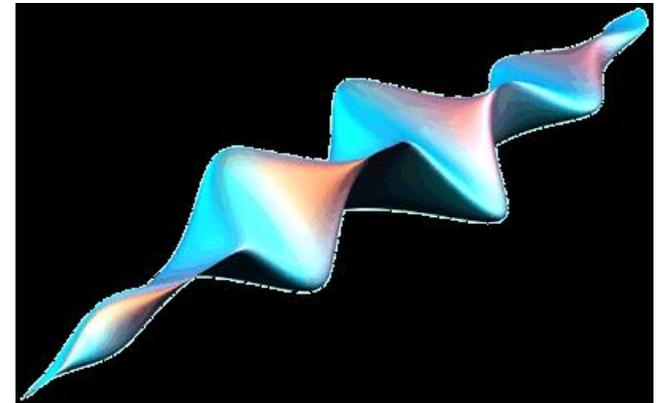

Fine Tuning Step 3: Allowing Vibrationally

- Answering happens outside of time so expect quick results
- Positive emotion is the building block of vibrational allowing
- Stop focusing on beliefs that attract wrong items (i.e. original problem)
- Thoughts of disbelief cancel the Asking ('This will never happen', etc)
- Share successes and 'lucky coincidences' that are manifestation matches
- Don't share with people who disbelieve

Vibration and Law of Attraction

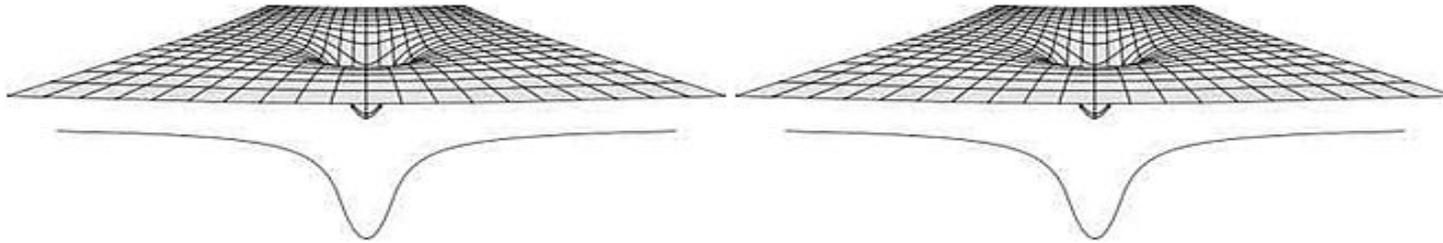

- Frequency vs. vibration
- Light (E/M Wave)
- Sound (Music, Applause)
- Succussion, applause
- Gravity, space-time ripples
- Probability Amplitude
- Thoughts/Rotes

Beings of Light are quantum vibrational beings

What is The Vortex?

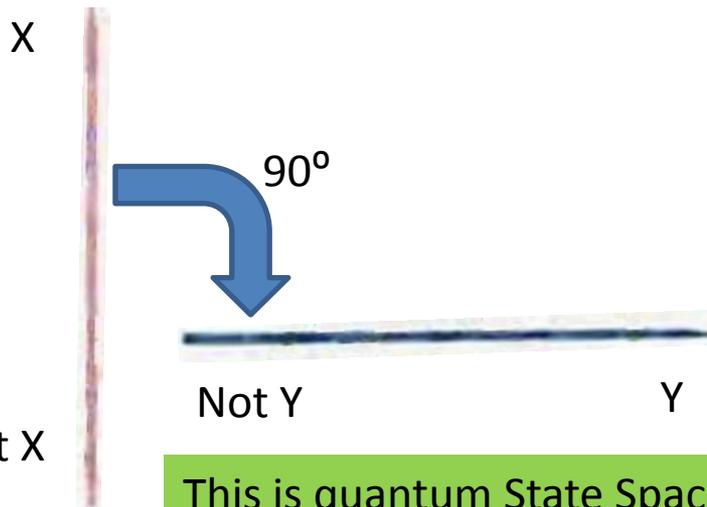

Dominant thought patterns keep building

- Deliberate positive escrow account
- Feeling good is important component
- Rockets increase mass/energy/bits of vortex
- Acts as resource anchor for living/manifestation
- Reticular activating system helps make matches
- Cooperative components are non-local yet 'near'
- Vortex is meaning related high dim. state space

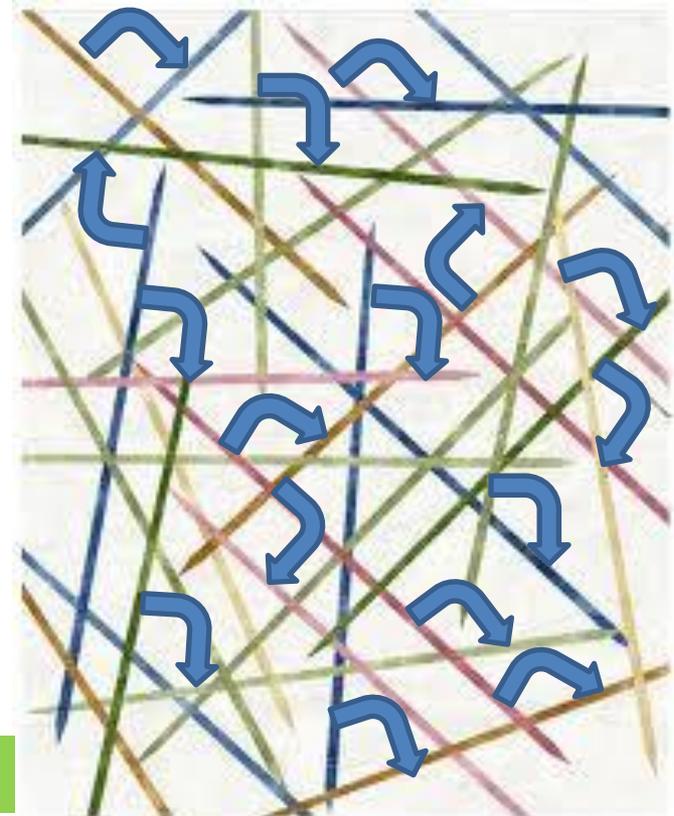

Inclusion Based Universe

- Each dimension is own meaning (vibration)
- Each Dimension represents both X and Not X
- Not X \neq Y
- Quantum state space

This is quantum State Space used by Light

Biology and Law of Attraction

Body, Heart, Brain and Mind states

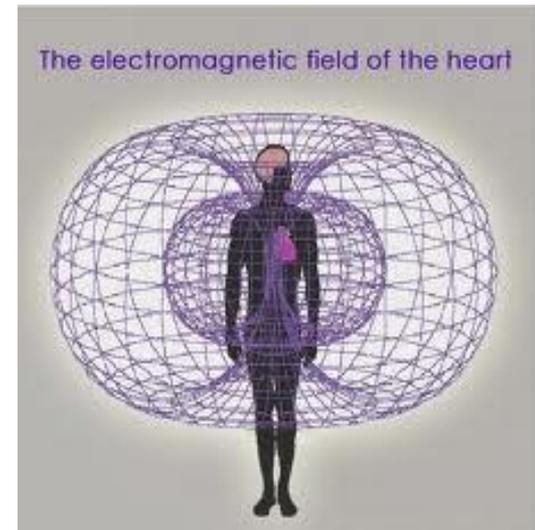

Vortex supported by Biological state space

- Neuron vibrations represent address
- Emotional state effects brain states
- Reticular activating system is biased

Heart is dominant physical factor

- Electromagnetic field is state space
- Largest state space from body
- Heart Intelligence and heart chakra

Physical Body is not the full picture

Emotions and Law of Attraction

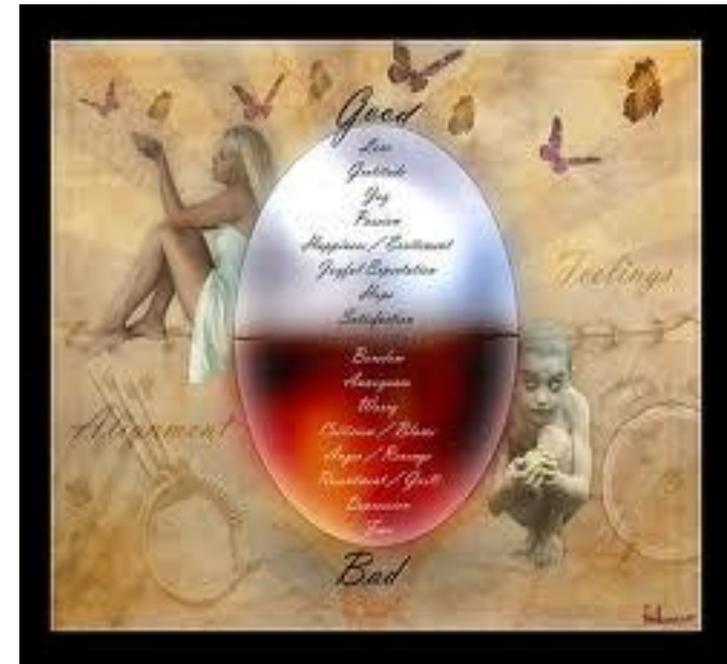

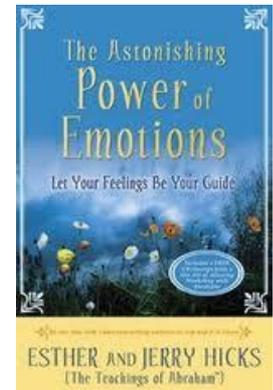

The Emotional Vibration Scale

Physical Side of Emotions

- Affects memory & body state chemistry

Meta-Physical Side of Emotions

- Feeling bad closes chakras
- Appreciation opens chakras
- Increased chi energy flow
- Alignment builds energy
- Supercharge emotional body
- Supercharge astral body

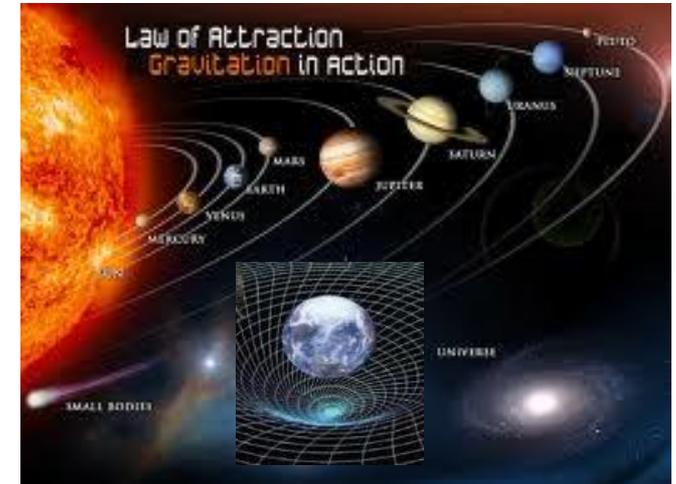

Law of Attraction as Physics?

- Attraction Information Properties

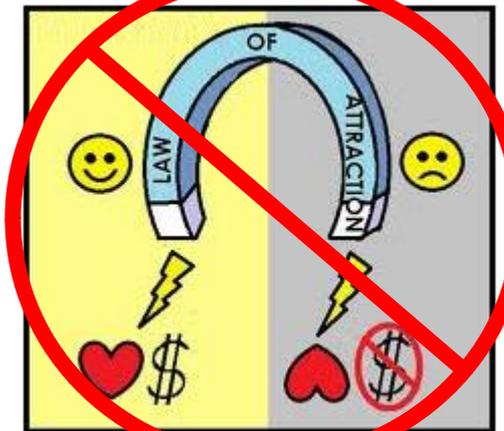

- Likeness = Nearness
- Address is Meaning
- Attraction is like gravity wells
- Attraction is monopole →

 Polarity is Energy Centric 

- Dimensional Inclusion

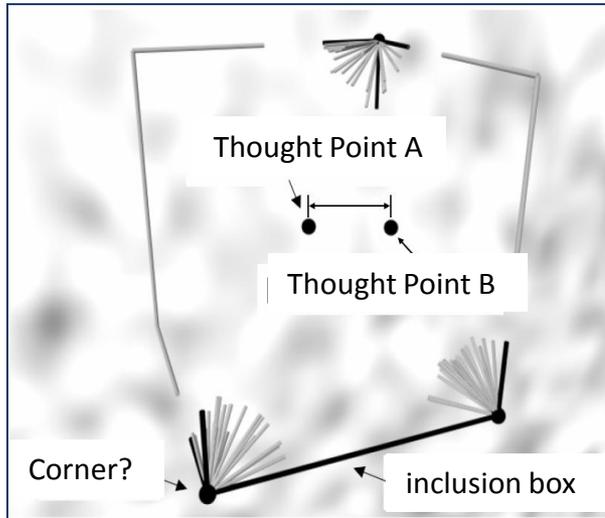

- Dimensions are bits & complexity
- Inclusion of semantics/meaning
- Semantic network topologies

Math of Thought Dimensions

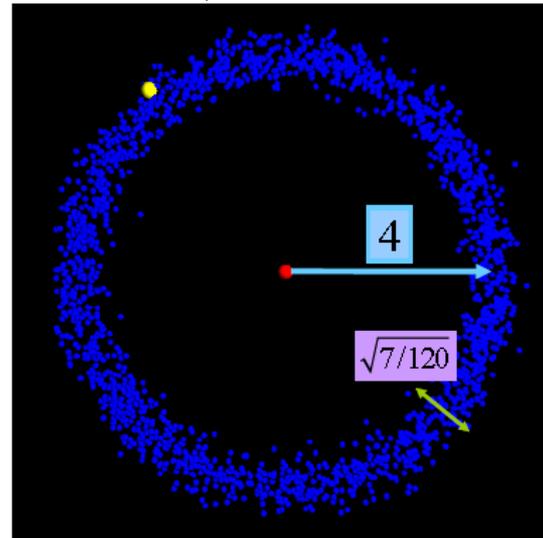

“Standard” Distance = $\sqrt{\frac{N}{6}}$

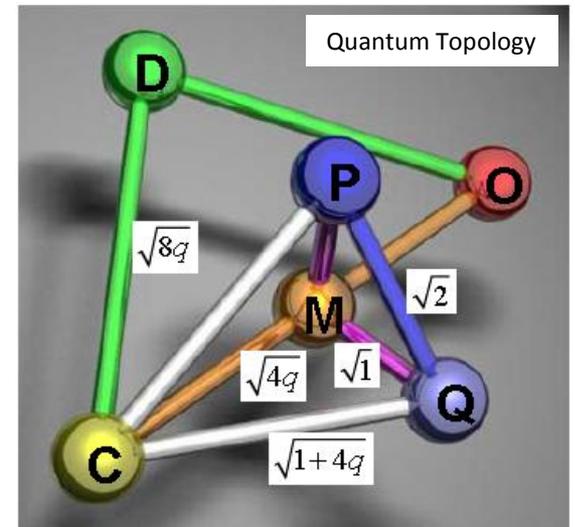

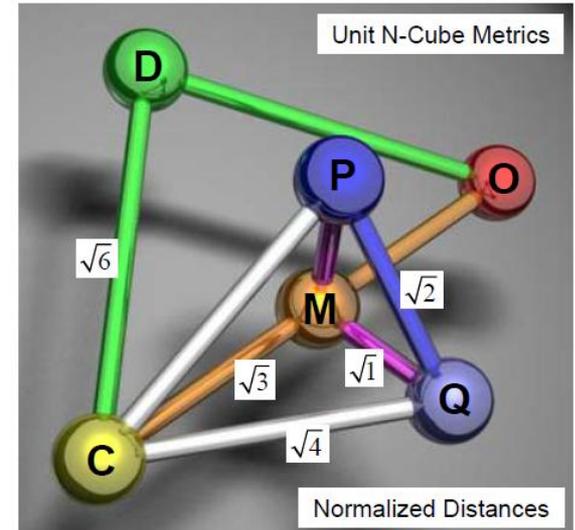

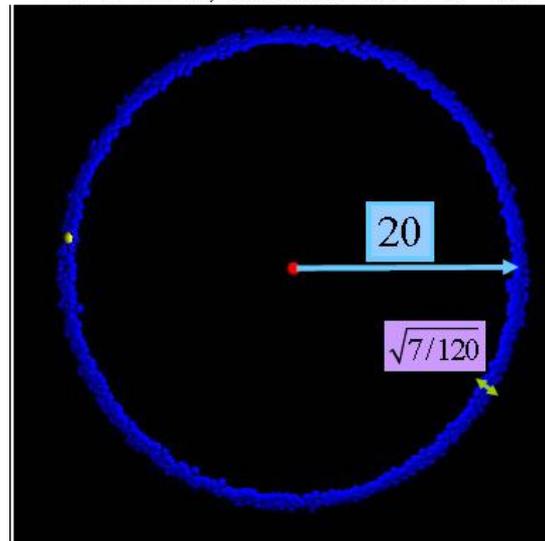

Standard Deviation = $\sqrt{\frac{7}{120}}$

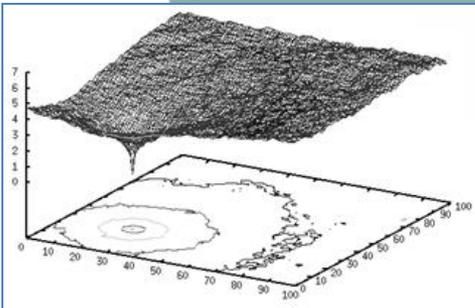

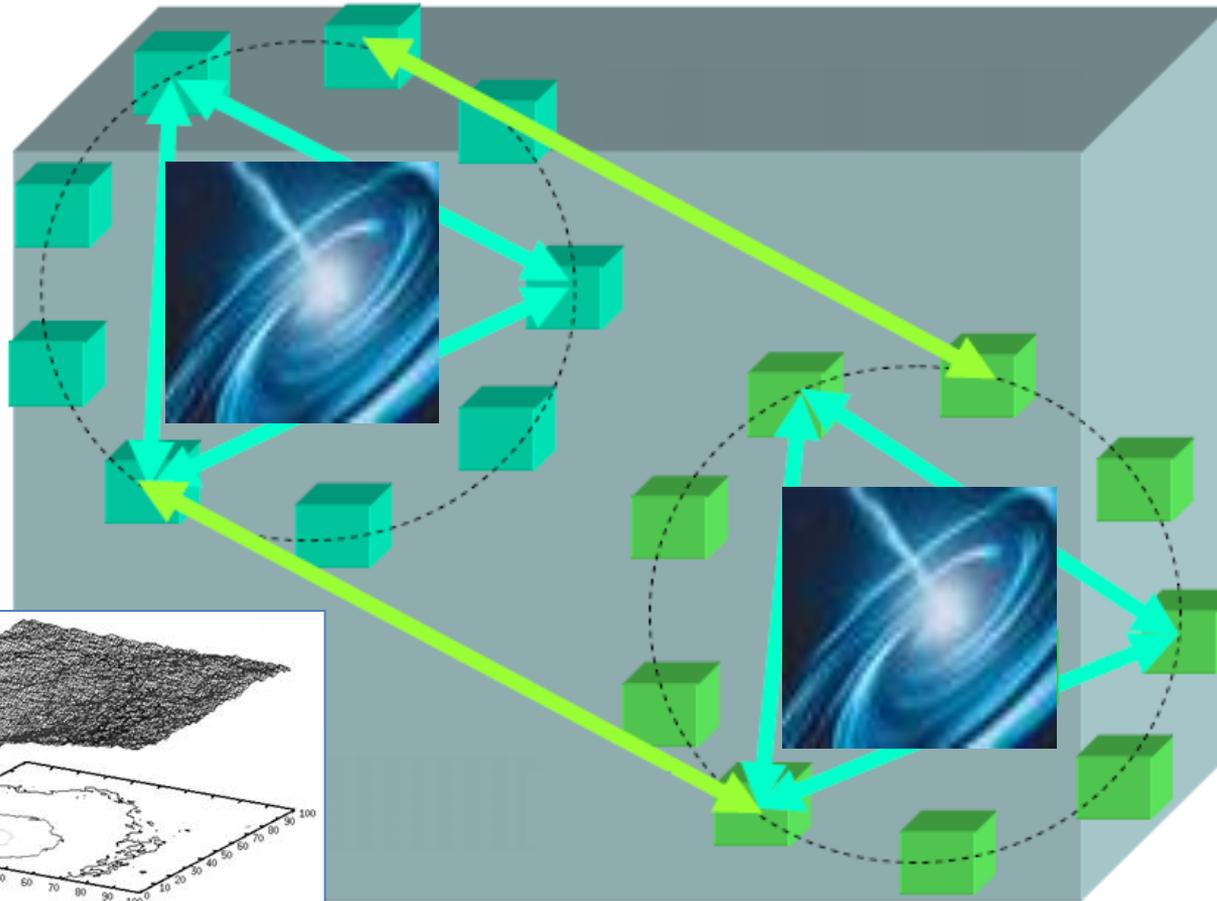

For N=96, Standard distance = 4

For N=2400, Standard distance = 20

Vortices and Thought Mass/Energy/Bits

Like thoughts are semantically 'near' each other in localized clusters of 'like' thoughts

Emotional Guidance Scale

1. Joy / Knowledge
Empowerment / Love
Freedom / Appreciation
2. Passion
3. Enthusiasm
4. Positive Expectation
Belief
5. Optimism
6. Hopefulness
7. Contentment
8. Boredom (neutral)
9. Pessimism
10. Frustration
Irritation / Impatience
11. Being Overwhelmed
12. Disappointment
13. Doubt
14. Worry
15. Blame
16. Resentment
Discouragement
17. Anger
18. Revenge
19. Hatred / Rage
20. Jealousy
21. Insecurity / Guilt
Unworthiness
22. Fear / Grief
Depression / Despair
Powerlessness

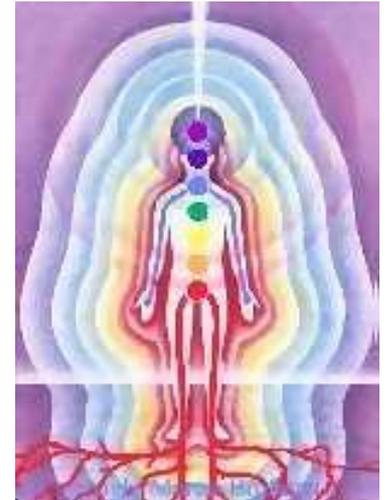

From: Ask and it is Given"
by Abraham-Hicks pg./114

Quantum Mind Model

Thoughts are dimensional strands of source

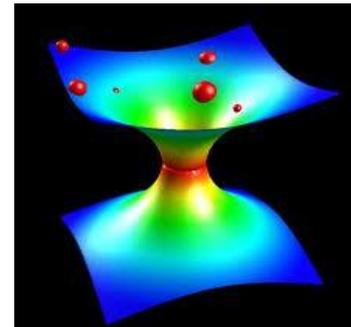

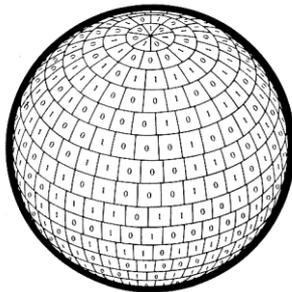

- State space is outside of 4D spacetime
- Very high dimensional state space
- Randomness is key resource
- Quantum style orthogonal states
- Probabilistic state combination
- CDMA style computational framework
- Dimensional increase due to superposition/entanglement
- Semantic relations exist & can be constructed
- Brain/mind mapping using phase invariance (patent)

Thoughts are Quantum Things

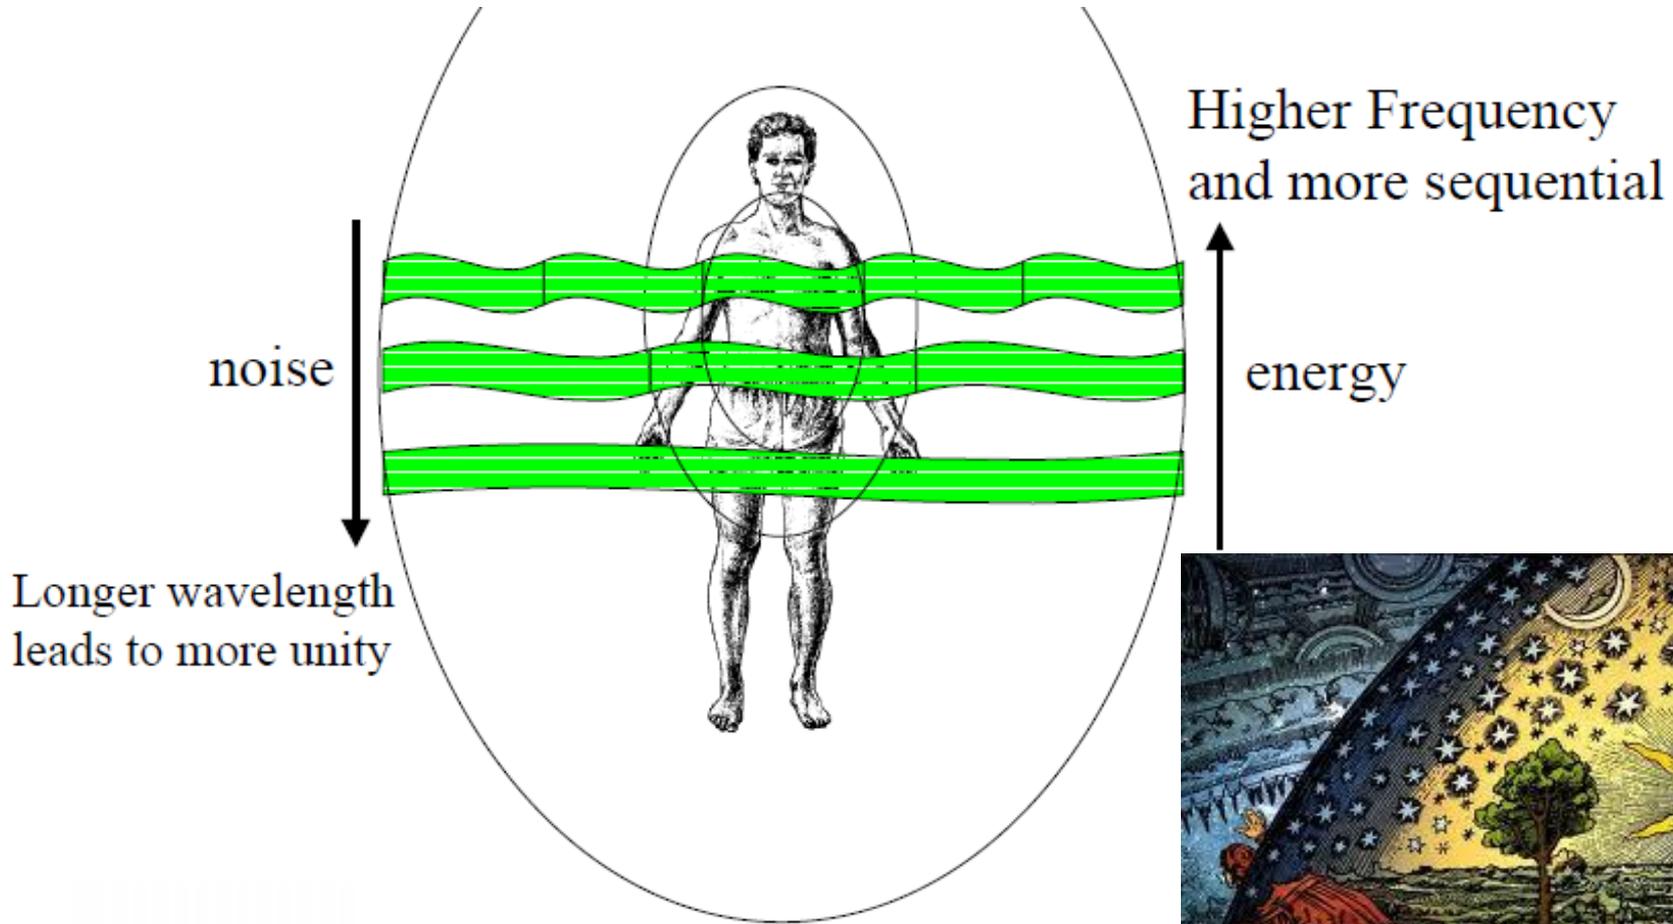

- Thoughts are 'Things'
- Information is Physical
- Wheeler's 'It From Bit'
- Thoughts affect probabilities
- Thoughts have an effective mass/energy
- Source that creates worlds

Quantum Mind Paradoxical Metrics

Wavelength determines Size of Now Bubble

Manifestation

Thought forms source precedes everything

- Exist in quantum protophysical space-time.

Hold a single pure thought for 17 seconds

- equivalent to 2000 hours of action

Doubles every 17 seconds (as much as 10X)

- 17 secs is worth 2,000 man hours (or 2,000)
- 34 secs is worth 4,000 man hours (or 20,000)
- 51 secs is worth 8,000 man hours (or 200,000)
- 68 secs is worth 16,000 man hours (or 2,000,000)

This doubling is leverage of quantum math

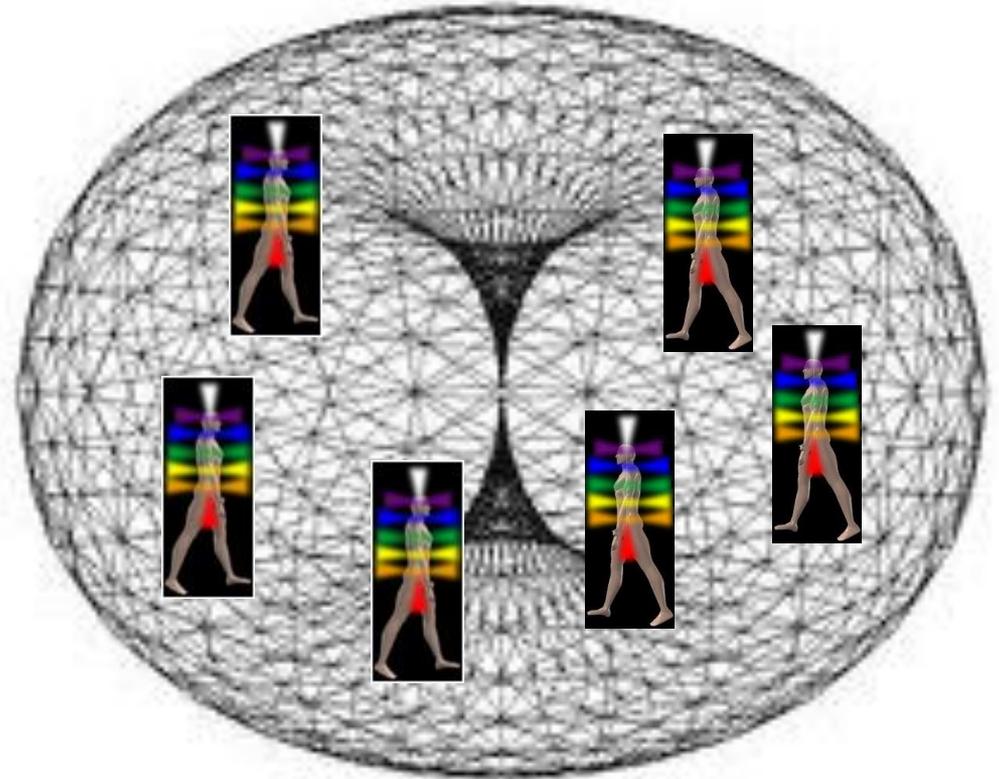

- Shor's Algorithm relies on this same leverage

Energize thoughts with appreciation, joy & love

- Connects the quantum space to physical body

Vortex Building Meditation

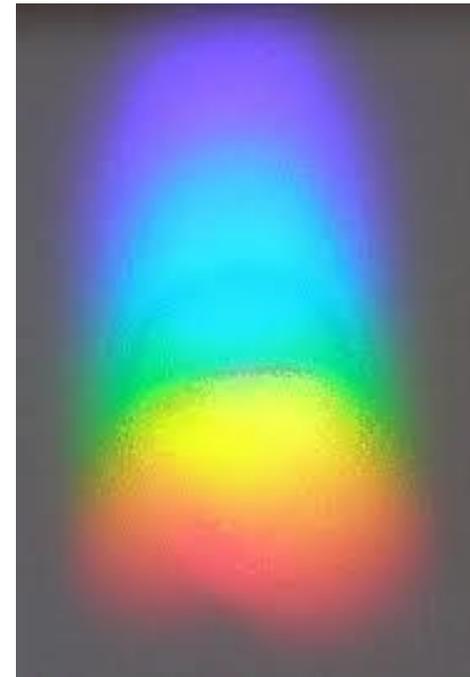

Questions and Discussion

Possible Discussion Topics:

- Larger part of you is inner being that evolves
- Rampage of appreciation
- More on Vibration
- Joyous creator
- Group thought
- Focus and observer frames
- Law as equations
- ...

Science of Spiritual Beings Series

1. **Oct 24:** Introduction to Science of Spiritual Beings
2. **Oct 31:** Science of Law of Attraction
3. **Nov 7:** Science of Thoughts, Beliefs, Emotions and Subtle Energy
4. **Nov 14:** Science of Daily Living as Spiritual Beings both now and in the future
