Region V Pre-College Initiative Chair
What is PCI?

• Pre-College Initiative (PCI) is a NSBE program designed to promote, engage and sustain interest in STEM.
• K-12 students are given the opportunity to network and engage in fun, high interest, hands-on activities and competitions
What is PCI?

• Educational, technical, cultural leadership and teamwork skills and development to NSBE Jr. membership in preparation for their college professional journey ahead
Program Objectives – National Level

• To help students have a positive attitude towards academic excellence
• To stimulate enthusiasm about science, technology, engineering and mathematics
• To encourage 3rd–12th graders to pursue degrees in engineering and other technical fields
• To increase the number of African Americans attending and graduating from college
• To encourage and support parental commitment to children’s education
• To raise cultural awareness among students
Program Objectives – Regional Level

- Same as National Objectives Plus:
- To develop and implement a plan that allows for operational efficiency amongst PCI chairs, the Regional Jr. Executive Board and NSBE Jr.
- To increase conference and PCI programming incentives in order to increase NSBE Jr. attendance & participation in workshops and competitions.
- To expose NSBE Jr. members to specialized engineering disciplines and STEM careers to influence college and career planning
- To encourage more professional and collegiate exposure and collaboration with NSBE Jr. Chapters via STEM year-long programming e.g. NSBE³, RISE, Shadow Initiative etc.
Workshops & Competitions

- KIDZONE
- TMAL
- TRY-MATH-A-LON

Programming

• Adopt-A-NSBE Jr. Chapter
• **Objective:** To Provide NSBE Jr. membership with collegiate role models and mentors in preparation for college.
• Chapters are provided with:
  • A list of chapters in their area and matched with best suited.
  • A PCI Toolkit
  • A PCI Event Calendar
• What’s a PCI Toolkit?
  • A document outlining the steps to take to become compliant with the PCI Program and NSBE Jr. membership.

• What’s a PCI Event Calendar?
  • A PCI Event Calendar is a template for each semester consisting of NSBE³ academic, social, cultural and career development workshops and STEM related projects (e.g. RISE). A list of suggested joint activities, meetings, and workshops that can take place to maintain interaction and relationship with NSBE Jr. Chapter will be provided upon request. Chapters will mutually decide on appropriate dates, times and location and report to Regional PCI Chair.
• College of Engineering Virtual Tour

• **Objective:** To inform the NSBE Jr. Membership on college opportunities

• Chapters are to:
  • Make a 5-10 minute promo tour video about your college of engineering.
  • Send the video to r5pci@nsbe.org
  • The videos will be uploaded and shared on the Regional social media
  • NSBE Jr. membership will vote on the best video
Programming Cont’d...

• What should the video cover? (Note: Feel free to collaborate with other campus organizations)
  • Your NSBE Chapter
  • STEM Curriculums your school offers
  • Research Opportunities
  • Local Work and Internship Opportunities involving STEM
  • Other positive organizations and activities (Sports, Greek Life, Black Student Union, etc.)
  • Freshman Housing
Action Item

• If your chapter does not have a PCI Chair, use this opportunity to fulfill what your chapter is missing but more importantly, to fulfill the heart of our mission.

• Due Date: ASAP

• Comments: Contact me with ANY questions.

Strengthen Academic Performance and Professional Development

• Increase the Regional and Chapter GPA to 3.0
• Build “Freshmen Action Team” for the incoming freshmen
• Implementation of Guaranteed 4.0 and Retention Program
• Increase transcript submission by 10%
• Increase the number of APEx members by 10%
Communicate Effectively

- Within REB and Chapters AEx Chairs
- To gauge how “Guaranteed 4.0” is working for the chapters
- To achieve regional and chapter GPA of 3.0 for 2014-15 academic year
Retention Program

- Started at Clarkson University
- Emphasis on skill development, mentoring, and effective study halls
- Enhanced by the Freshman Action Team
- How many students are actively participating in the program?
- How can the program be improved?
- What is the outcome the implemented program?
Freshmen Action Team

• **Objective** - Increase the freshman and chapter GPA by having upperclassmen mentor the lowerclassmen.

• **Outcome** - Mentors for the lowerclassmen, better preparation for college professionally and academically, and future growth within NSBE.

• **Benefit** - Region V Retention Program would IMPROVE!

• **Goal** - Eliminating the freshman drop rate, easing the transition into STEM, and exposing them to NSBE.
Effective Study Hall

• Active members participation and study collaboratively
• Making sure Chapter AEx chairs are keeping track of the students participating
• Increase the number of hours in the Study Hall
• Question at the functional:
  - What approaches worked best for your chapter??
Success Element Selfie!

- Recognize! Recognize! Recognize! OUR SUCCESS!!!
- Frame our SUCCESS and track our accomplishments!
- We would like to show that we’re EXCELLING from Academic Excellence point of view by getting an A or B in our class!
