.....

Every effort has been made in preparing this book to provide accurate and  
up-to-date information that is in accord with accepted standards and practice  
at the time of publication. Although case histories are drawn from actual cases,  
every effort has been made to disguise the identities of the individuals involved.  
Nevertheless, the authors, editors, and publishers can make no warranties that  
the information contained herein is totally free from error, not least because  
clinical standards are constantly changing through research and regulation.

The authors, editors, and publishers therefore disclaim all liability for direct or

consequential damages, including those arising from the use of the information provided, subject  
to the Cambridge Core terms of use, available at <https://www.cambridge.org/core/terms>.
