The print versions are large formatting, full color text, prepare double page scatter. This popular format is available on ASA's Store. If you own Apple devices like a Mac, iPhone or iPad, then the best place to get digital versions of our books is about Apple Books. For Android phones, Android tablets, and Windows Computer, digital versions of our workbooks are available on Google Play Books. Learning to navigate through a small boat is basically the same regardless of the type of ship, but traditional courses and book treats catamarans and dinghies separately. Sail expert and best-selling author, Peter Isler, has combined to learn the basics of navigating in both boat types in this new revolutionary book. Want to learn seeds in a small boat? This book will be the foundation of your browser life forever. Targeted toward smaller sails, let's go Sell away to the ABCs in learning oil from any small boat. The last of ASA's satisfactory line of key sail books, consists and easy to understand and feature the extraordinary illustrations and pictures that make the sport of living sail for the new veil. ASA's new vintage book small vintage book is printed in full color, and it is protected by a water-resisting lid. It is the greatest little learnt to sail books of all time. It is also the official book for the tiny ship Sailing Baat (ASA 110) Sail made easy, which Surfing Magazine calls best in class on its release in 2010, is its most comprehensive education and learning safety ship-to-sail to date. It is also the official text for the ASA Basic Keelboat Standard (ASA 101). Incorporate into the text are useful illustrations with outstanding pictures of complex navigating concepts. The most distinguished text feature is its user friendly spread through which instructional topics are self-contained on opposite pages throughout the book. There are also end chapter exams and a glosse to help those new to navigate in navigating their way through the extensive native terminology. Coastal cruising made easy is not only the official text for Standard Coastal Asa Core Cruising (ASA 103), but also definite go-to resources for all marines that enjoy cruise and destination oriented sails. The text is published in full color and has striking photography to navigate from well known-pictures Billy Billy Black, and world-wide illustrations of award-winning illustrated Peter Bull. One of the most distinguished text features is its friendly user spread through which instructional topics are self-contained on opposite pages throughout the book. That's easy to read learning tools following the acclaimed surfing criticism made easy, which Sailing Magazine called best of class on its release in 2010. Navigating Made Easy is to #1 resources of basic sail education, and Coastal Cruiser Easy is to pose to become the industry standard of intermediate sail education. Barrel Cruising made easy is not only the official text for the ASA Standard Barboat Cruising (ASA 104), but also definite go-to resource for all marines that enjoy cruise and destination oriented sails. It's an all-in-one reference book that includes everything a cruise room needs to know, from general planning to technical advice to navigating advice. From its 4 colors, high-end illustrations and photos of its modern, easy-to-read design, bareboat Cruising made easy is a beauty. The 212 page book was created by a team of expert marines, writers, editors and artists who shaped the content together, making it more useful, accurate, and all-inclusive chartering/cruise manual. Cruising Katamarans made easy is the first sail text to focus only on how to operate a cruise catamaran. This book highlights the unique art of navigating a larger catamaran with its distinctive features and operating systems. Richly illustrated with detailed, informative and easy photos to understand educational texts, this 100 books page belongs to every catamaran and a cabin! The book was written as the syllabus for those who are taking updated 114 Catamaran Cruise Courses, as well as easily familiar more markets monohull experenced entering charter through catamaradon charter and sales markets. learn more... I have reviewed copies of the electronic sample and I agree with another review: The format of eBooks is terrible and is not suited for reading single pages. I've been looking forward to buying both hard copies and electronic versions, but I'll keep on my purchase for now. Sail Make Easy is the first step in a trip that will disappear you last in your life. It's a gift to a professional group to navigate dedicated people who have committed their lives to sharing their art, skills, and their passion for this wonderful activity. This book, which Surfing Magazine calls the best of class on its release in 2010, is the most comprehensive education and learning safety ship-to-sail to date. It is also the official text for the ASA Basic Keelboat Standard (ASA 101). Incorporate into the text are useful illustrations with outstanding pictures of complex navigating concepts. The most distinguished text feature is its user friendly spread through which instructional topics are self-contained on opposite pages throughout the book. There are also end chapter exams and a glosse to help those new to navigate in navigating their way through the extensive native terminology.
