Treating Adult Clients of Emotionally Immature Parents:
How Your Clients Can Reclaim Their Lives from the Toxic Legacy
of Controlling, Rejecting or Self-Involved Parents

No matter what you treat, we all work with clients trying to overcome the wounds inflicted by emotionally immature, insensitive, self-absorbed, and controlling parents.
As a therapist, working with these clients can leave you feeling frustrated and ineffective as they make the same self-destructive choices again and again, struggle to set healthy boundaries, find themselves unable to walk away from the role of "rescuer" in toxic relationships, and only say what they think others want to hear – including in therapy.
Lindsay C. Gibson, PsyD is the Amazon #1 Best Selling Author of Adult Children of Emotionally Immature Parents: How to Heal from Distant, Rejecting or Self-Involved Parents. A psychotherapist for over thirty years, her work has been translated into 14 languages and has helped thousands of people reverse their toxic psychological legacy and reclaim their lives.
Join her as she shows you how you can find greater therapeutic success with clinical strategies to help your clients take control of their relationships and lives, break free from harmful patterns, connect more deeply with themselves and others, and become the person they were always meant to be.
The invaluable tools Dr. Gibson will share can help all therapists:
• Skillfully guide clients in how they can restructure toxic relationships with parents and others
• Free clients from the fear, shame and self-doubt that traps them in a life of emotional coercion
• Teach clients to protect themselves from hurtful behaviors without completely severing all ties
• Give clients the courage to set boundaries without feeling guilty

Speaker
Lindsay C. Gibson, Psy.D., is the Amazon #1 Best Selling Author of Adult Children of Emotionally Immature Parents: How to Heal from Distant, Rejecting or Self-Involved Parents (New Harbinger, 2015.) It has sold over 100,000 copies, been translated into 14 languages, and has helped thousands of people reverse their toxic psychological legacy and reclaim their lives.

Dr. Gibson's unique contribution to the field was to recognize that the anxiety, obsessions, and depression of her clients were often rooted in distorted beliefs and emotional coercions induced by emotionally immature parents.
A psychotherapist and psychodiagnostician for over thirty years, Dr. Gibson came to realize how prevalent emotional immaturity was in the family members of her clients. Many had parents that were functional people, not extreme on the spectrum of mental health conditions, yet the destructive phenomenon of parental emotional immaturity had devastating consequences for those who grew up in its wake.
Dr. Gibson continues to work as a clinical psychologist in private practice. Her follow-up book Recovering from Emotionally Immature Parents: Practical Tools to Establish Boundaries and Reclaim Your Emotional Autonomy was released in 2019 (New Harbinger).
Speaker Disclosures:
