Easy Online Textbook Ordering

Log into your Embry-Riddle "Ernie" account and go to the ERNIE Student Homepage. On the Student Homepage, click **Manage Classes** and then click on the link to the **Bookstore**. All of your required textbooks will automatically populate. You can choose "in-store pick-up" and we'll hold your books for free! Alternately, go to www.eraupcshop.com and search for materials by Title, Author, ISBN or type in your course and section to see what textbooks to order.

Used Textbooks – 25% Less Than New

Buy your textbooks used and save. We pay cash year-round for used textbooks from ERAU students. The best time to sell your textbook is during Finals Week at the end of the semester, as the Bookstore pays a premium for textbooks it needs during that time!

Rent Textbooks – Savings up to 80%

Renting books offers substantial saving off the new book purchase price. Rentals can be converted to purchase anytime during the semester should you decide you want to keep the book. Rentals must be "checked in" to the Bookstore during finals week and so long as the books is in resalable condition no additional fees are charged. Not all course materials are rent eligible. You can register for a rental account in-person or online at www.eraupcshop.com by clicking "Register for Text Rental" at the bottom of the page.

Price Match

We price match books from Amazon, Barnes & Noble, and local competitors with certain restrictions. For Price Match information visit:
