

## How to Conduct a Full Query: Employers

### What is a full query?

A query is an electronic check of a driver’s record in the Clearinghouse, as required of employers of CDL drivers per § [382.701](#). A full query determines if a current or prospective employee is prohibited from performing safety-sensitive functions, such as operating a commercial motor vehicle (CMV), due to an unresolved drug and alcohol program violation—that is, a violation for which the driver has not completed the return-to-duty (RTD) process. Obtaining a driver’s electronic consent is required before conducting each full query; general consent is required for [conducting limited queries](#).

An employer may designate a consortium/third-party administrator (C/TPA) in the Clearinghouse to conduct queries on their behalf. See the [How to Conduct a Full Query: C/TPAs Job Aid](#).

### Conducting Full Queries

Follow the instructions below for a step-by-step guide on how to conduct a full query.

1

#### Log In and Access the Dashboard

Visit <https://clearinghouse.fmcsa.dot.gov>. Click **Log In** and access the Clearinghouse using your login.gov username and password. Under **My Dashboard**, go to **Queries** and click **Conduct a Query**.

### 2

#### Enter and Verify Driver Information

Enter the information of the driver you need to query and click **Verify Driver Information**.

You will need to provide the following driver information:

- Driver first and last name
- Driver date of birth
- Driver commercial driver's license (CDL) or commercial learner's permit (CLP) number, and the state and country of issuance

The screenshot shows the 'Driver Information' form with the following fields: First Name, Last Name, Date of Birth, CDL/CLP Number, Country of Issuance, and State of Issuance. The 'Verify Driver Information' button is highlighted with a red box. Below the form, there is a link: 'I want to submit a bulk upload'.

Once a driver's CDL information is verified, you will not be able to edit it. If you entered the driver's information in error, click **Cancel** and begin again with a new query. When the driver's information is correct, click **Next**.

The screenshot shows the 'Driver Information' form with a success message: 'This driver information has been verified and cannot be changed. If you entered this in error, click "Cancel" and begin a new query.' The 'Next' button is highlighted with a red box. The form fields are now disabled.

#### ✗ VERIFYING ERRORS

If there is an issue verifying the driver CDL information, please check that you have entered all the information correctly and re-submit. You will have two attempts to enter the driver's information correctly. If the driver CDL information cannot be verified, the query cannot be completed, as violation information is associated with a CDL number in the Clearinghouse.

If you have confirmed the driver's information is correct and the Clearinghouse cannot verify it, the driver will need to log in to the Clearinghouse for further instructions.

#### BULK UPLOAD

If you need to query multiple drivers at once, you can click **I want to submit a bulk upload**. You will be redirected to the **Bulk Query Upload** page. Follow the instructions on the screen to download, complete, and upload the [Bulk Upload Template File](#).

Note that the bulk query upload option requires some familiarity with formatting tab-delimited files. If you have never worked with this file type before, consider conducting each query individually.

### 3

#### Initiate the Full Query

Select **Full Query**. Indicate if the query is for a pre-employment screening. Per [§ 382.701\(c\)](#), if there are any changes to the queried driver's record within 30 days of a pre-employment query, you will be notified that updated information is available. This is only the case for full queries conducted as part of pre-employment screenings. Once you have made this selection, click **Next**.

### Query Type

**WHICH TYPE OF QUERY DO YOU NEED TO CONDUCT?**

**LIMITED QUERY** Results will determine if an individual driver's Clearinghouse record has any information about resolved or unresolved drug and alcohol program violations. General consent from the driver is required (obtained outside the Clearinghouse).

**FULL QUERY** Results will include detailed information about any drug and alcohol program violations in a driver's Clearinghouse record, including the driver's eligibility to perform safety-sensitive functions such as operating a CMV. Electronic consent is required.

Is this full query being conducted as part of a pre-employment screening? ⓘ

Yes  No

**Previous** **Next** Cancel

Before a full query can be conducted, the driver's consent must be obtained electronically through the Clearinghouse.

### Request Driver Consent

Before FMCSA can release to you detailed information from the driver's Clearinghouse record, you must obtain the driver's electronic consent in the Clearinghouse.

To obtain the driver's electronic consent, click "Send Consent Request" below.

One query will be deducted from your Query Balance once the consent request has been sent. If the driver refuses his or her consent, your Query Balance will be credited.

**Previous** **Send Consent Request** Cancel

Click **Send Consent Request**. One query will be deducted from your query balance. If the driver declines his or her consent, or if the consent request is canceled, your query balance will be credited.

You will receive confirmation that the request has been sent.

### Consent Requested

#### The consent request has been sent.

You will receive a notification email once the driver has responded to the consent request.

You can check the status of the consent request on your [Queries](#) page.

Note: The driver must be registered in the Clearinghouse to respond to this consent request.

If this driver is not registered in the Clearinghouse, he or she will receive a letter via United States Postal Service (allow 1-2 weeks for delivery) advising him or her to register in the Clearinghouse to respond to this consent request

Drivers who are not registered with the Clearinghouse, or who have selected "U.S. Mail" as their preferred contact method, will be sent a letter about the consent request. This letter can take 2-3 weeks to arrive. To avoid delays in the hiring process, employers can encourage queried drivers to register for the Clearinghouse, if needed, and log in to respond to the consent request.

Once a driver has provided his or her consent, the query will be conducted. You can log in to the Clearinghouse to view the full details in the driver's Clearinghouse record.

Under **My Dashboard**, go to **Queries** and click **Query History**

### Query History

Your Query History page contains records on all queries that have been conducted by you, your Clearinghouse Assistants, or your C/TPAs (if any).

Select information, including the driver's eligibility status, will be available in the violation summary.

To access additional details, including violation information or return-to-duty (RTD) status information, click **View Query Details**.
