Re: Filing for Graduate Degrees in Summer Session

As has been the case since summer, 2002, students may file for graduate degrees during the Summer Sessions if they are registered and enrolled. Degrees for which students file in Summer Sessions will be awarded as of the end of the following fall semester.

As of summer 2007, Summer Sessions enrollment for filing purposes must be for a minimum of three units. Previously the requirement was four units.

The current fees for Summer Sessions are accessible on the web at [summer.berkeley.edu/mainsite/fees.html](http://summer.berkeley.edu/mainsite/fees.html)
