MARION COUNTY GIS/WEB DEPARTMENT
WILLIAM M. BUTTREY, COORDINATOR
MARION COUNTY COURTHOUSE
214 E. MAIN STREET
KNOXVILLE, IA 50138

Using Google Translate On The Marion County Website

Go to the Home page of the Marion County website (http://co.marion.ia.us/index.html).

Click on the link Google translate located at the lower right portion of the home page. This will open either another tab or another instance of your browser, depending on how your browser is configured.

There will be two (2) language control drop-down menus; **From** and **To**. Select English at the **From** drop-down menu if it is not preselected. Click on the **To** drop-down menu to select one of sixty-four (64) languages.

In the dialogue box on the left, type in the Marion County website address, **co.marion.is.us**

Click on the Blue "Translate" button.

The translated version of the Marion County website will open in the same tab or window, leaving the original English version open also. This tab or window can also be re-translated to other languages on the fly using controls at the top of the page.
