

The Magellan Exchange
UNDERGRADUATE/BACHELOR Course Offerings in English

Last updated: 31 January 2017

(Variation may occur; please use this as a general guide only. Credits, course requirements, and eligibility vary.)

Vorarlberg University of Applied Sciences - Dornbirn, Austria

FALL 2017 SEMESTER

Business

Brand Management & Communication
Digital Transformation
Early Stage Financing
European & International Business Law
Global Supply Chain Management
Green Supply Chain & Sustainability
Knowledge Management
Leadership
Intercultural Awareness
International Business Management
Online Marketing

Professional Presentations
Risk & Fraud
Simulation Game A&F
Simulation Game in Digital Transportation
Simulation Game in Entrepreneurship & Innovation
Simulation Game in Human Resources & Organization
Simulation Game in Marketing & Sales
Simulation Game in Supply Chain Management
Storytelling
Tax Strategies
Virtual Teamwork

Electrical Engineering

Control Engineering
Drive Engineering
Electrical Power Systems
Energy Systems
Energy Transmission

Focus: Electronic Engineering
Hardware Description Languages
PLC Programming
Technical Information Systems

Mechatronics

Computer Applications
Critical Thinking
Engineering Design/CAD
Focus Electronic Engineering

Focus Mechanical Engineering
Production Management
Robotics & Assembly Technologies

SPRING 2017 SEMESTER

Business

Advanced Spreadsheets in Management Accounting
Big Data
Business Ethics
Business Model Innovation
Consumer Behavior
Group Accounting & IFRS

IT Support in Supply Chain Management
Moderating Business Discussions
Organizational Development & Change Management
Product Portfolio Management
Transport & Intermodality

Computer Science/Software and Information Engineering

Advanced Data Management
Advanced Web Applications with Symfony
Computer Graphics
Data Privacy & Security
Eclipse Rich Client Platform Development
iOS Application Development
Mobile Computing

.net Software Development
Seminar: Augmented Reality Project
Seminar: Business Ethics
Seminar: e-Business & e-Commerce
Seminar: Information Management
Seminar: Software Engineering

Inter Media

Interdisciplinary Media Production I (Web Design, Animation or Print)
Media Ethics
Media Informatics-Business Systems

Media Specialization
Media Technology-Media Distribution
Models of Best Practice in Design

Social Work

European & International Social Policies
Gender & Diversity Training
Innovative Methods
Intercultural Dialogue

Social Justice
Social Work as a Human Rights Profession
Transnational Project Work & Development Cooperation

HEC-University of Liege - Liege, Belgium

(city campus and Sart Tilman campus are approx. 30 minutes apart by bus)

FALL 2016 SEMESTER

Business

Applied Financial Instruments
Business Simulation

International Relations Organizations
Supply Chain Management

**Bachelor-level students can enroll in some master-level, English-taught courses, of which there are far more.*

Sciences

Discrete Optimization
Object-Oriented Programming

Object-Oriented Software Engineering
Operations Research

SPRING 2017 SEMESTER

Business*

Applied Financial Instruments
Diversity Management

Strategic Stakes in Globalization
Supply Chain Management

**Bachelor-level students can enroll in some English-taught master-level, of which there are far more.*

Sciences

TBA

PXL University College - Hasselt, Belgium

FALL 2016

Business

Applied Marketing Research SMEs
Digital Marketing
Digital Marketing Communication
Doing Business with New Markets
European Studies

International Law: Special Topics
Investments
Marketing
Public Relations
Understanding Global Cultures

Communication Management

Applied Marketing Research SMEs
Digital Photography
Direct Marketing Communication
Doing Business with New Markets
European Studies

International Communication & Project
Marketing
Professional Communication
Public Relations
Understanding Global Cultures

Journalism

European Integration – Belgium in Europe
Fact Checking
International Media Landscape
International Publishing

Media Development
Radio Journalism
Television Journalism

Tourism & Leisure Management

Destination Management
Tourism Geography

Tourism Marketing
Tourism Practicals

The following fields of study offer classes taught in Dutch but provide tutoring and literature in English.

Electronics-ICT; Electromechanics; Construction; Biotechnology and Green Management; Occupational Therapy, Nursing, Midwifery; Information Technology; Music; Social Work; Visual Arts

SPRING 2017

Communication Management International

Advertising – Media Planning
International Communication Project
Market Analysis

Marketing PR, Promotions, In Store Comm. & Packaging
Online Communication & Information

The following fields of study offer classes taught in Dutch but provide tutoring and literature in English.

Electronics-ICT; Electromechanics; Construction; Biotechnology and Green Management; Occupational Therapy, Nursing, Midwifery; Information Technology; Music; Social Work; Visual Arts

Latin American University of Science & Technology – San Jose, Costa Rica

FALL 2016 SEMESTER

Business

Advanced Probability & Statistics
Business Ethics
Business Law Foundation
Cost Accounting
Costs & Productivity
E-Commerce
Elements of Macroeconomics
Financial Reporting & Analysis

International Marketing
International Trade
Managerial Skills Development
Organizational Behavior
Project Management
Quality Management
Strategic Management

General Education

Costa Rica & World Affairs
Expressions of the Human Spirit

Moral Reasoning & Ethical Decision Making

International Relations

Comparative Political System
Diplomatic & Consular Law
Entrepreneurship
Environmental, Sustainability & Development in Latin Am
Free Trade, Agreements in Latin Am & the Caribbean
International Business
International Economics
International Organizations

International Public Law
International Relations Theory
Latin American Literature & Society
Multimedia and the Internet
Qualitative Research
Quantitative Methods in the Social Sciences
Theory of the State

SPRING 2017 SEMESTER

Business

Business Ethics
Costs & Productivity
Elements of Macroeconomics
Elements of Microeconomics
Entrepreneurship Foundation
Financial Accounting
Information Systems Management

International Business
International Trade
Investments
Math for Business & Economics
Principles of Marketing
Quantitative Methods

General Education

Costa Rica & World Affairs
Expressions of the Human Spirit

Moral Reasoning & Ethical Decision Making

International Relations

Contemporary Latin American History
Costa Rican Political System
Entrepreneurship
General Economics
International Business
International Economics
International Public Law
International Relations Theory

Management of Non-Profit Organizations
Peace & War in International Relations
Peaceful Conflict Negotiation & Resolution
Poverty, Economics & Development in Latin America
Qualitative Research
Quantitative Methods in the Social Sciences
Theory of the State

SUMMER 2016 SEMESTER (May-August)

Business

Applied Microeconomics
Business Ethics
Corporate Finance
Costs & Productivity
Elements of Macroeconomics
Human Resource Management
Innovation & Technology

Intercultural Communication
International Finance
International Trade
Managerial Accounting
Managerial Decision Modeling
Marketing Management
Probability & Statistics Foundation

General Education

Costa Rica & World Affairs
Expressions of the Human Spirit

Moral Reasoning & Ethical Decision Making

International Relations

Costa Rican Foreign Policy
Entrepreneurship
Human Rights
Intercultural Communication & Protocol
International Business
International Political Economy
International Relations Theory

Latin American Cultural Identity
Multimedia and the Internet
Qualitative Research
Quantitative Methods in the Social Sciences
Theory of the State
Western Civilization

International Business Academy – Kolding, Denmark

FALL 2017 SEMESTER

Business

Business Economics I & III
Business Law
Communication
Customer/Client Relations II
The Customer as Starting Point
Economic Methods
Economics
Financial Enterprises & Markets

Financial Marketing
Global Economics
Industry & Competitors
Innovation
Marketing & Sales
Organization
Research Methods
Statistics

Entrepreneur & Design Manager (e-Designer)

Business Economics
Communication & Marketing
Culture, Value Philosophy & Trends

Design Process & Understanding Modeling
Innovation
Organization, Project Management & Management

Multimedia Design & Communication

Business I
Communication I & III

Design & Visualization I & III
Interaction Development I & III

Students must choose a study program and then follow the full program; individual course selection between programs is not permissible. Please refer to the website for more information regarding program blocks.

SPRING 2017 SEMESTER

Business

Business Economics II
Business Law II
Business Law
Communication
Customer/Client Relations I
Developing the Sales Base
Economics

Financial Enterprises & Markets II
Implementation & Follow-Up
Marketing & Sales
Organization
The Tactical & Operational Sales Performance
Statistics

Entrepreneur & Design Manager (e-Designer)

Business Economics
Communication & Marketing
Culture, Value Philosophy & Trends

Design Process & Understanding Modelling
Innovation

Multimedia Design & Communication

Business II
Communication II

Design & Visualization II
Interaction Development II

Students must choose a study program and then follow the full program; individual course selection between programs is not permissible. Please refer to the IBA website for more information regarding program blocks.

FALL 2016 SEMESTER

Business Management (Rovaniemi Campus)

B2B & Marketing Communication Skills
Financial Reporting & Taxation
Innovation & Entrepreneurship Project Work
International Marketing Tools

Marketing Project
Product/Service Development
Sales & CRM

Business Information Technology (Tornio Campus)

Advanced Programming
Advanced Topics in Computing
Cloud Computing
Databases
e-Business
Establishing ICT Environment
ICT Infrastructure & Services

Information Security
Learning Skills & Information Retrieval
Service Management
Service-Oriented Architecture & Web Services
Usability & Human-Computer Interaction
Web & Mobile Programming

Construction and Civil Engineering (Rovaniemi Campus)

Advanced Differential Equations
Advanced Linear Equations

Competence of CAD & BIM Skills of Civil Engineering
Construction Technology Competence

Electrical and Automation Technology (Kemi Campus)

Electricity Systems Project

Electrical Engineering (Kemi Campus)

Automation Systems II

Process Automation Laboratory

Fine Arts (Tornio Campus)

3D Modeling Skills
Basics of Desktop Publishing
Digital Convergence & Marketing Communication

e-Business
Photography

Forestry / Agriculture & Rural Industries (Rovaniemi Campus)

International Forestry & Use of Northern Forests

Special Features of Using Northern Nature

Information Technology & ICT (Rovaniemi Campus)

Advanced Differential Equations
Advanced Linear Algebra
Basics of Mobile Technologies
LAN Switching & Wireless (CNA3)

Electricity & Magnetism
Embedded Software
Routing Protocols & Concepts (CNA2)

Mechanical Engineering (Kemi Campus)

3D Design Project I
Engineering Design
Pneumatics

Product Design & Development
Production Technology, Specialization Project I

Social Services (Kemi Campus)

Child Welfare II
Client Oriented Work

Multicultural Work
Social Work

Sports & Leisure Management (Rovaniemi Campus)

Optional Professional Studies, Practical Training

Well-being Training & Coaching Training

Surveying (Rovaniemi Campus)

Advanced Differential Equations
Advanced Linear Algebra

Geophysics

Tourism & Hospitality (Rovaniemi Campus)

Arctic Tourism & Responsible Hospitality
Developing Destination Experience
Experience Design I
Holistic Approach to Strategic Management
International Destination Development Project
Managing Human Resources

Multicultural Tourism & Hospitality Field
Northern Region in Global Context
Orientation to Working Life
Study Tour in the North
Swedish for Tourism Industry

SPRING 2017 SEMESTER**Business Management (Rovaniemi Campus)**

HR Management & Employment & Labor Law
Human Resource Management
ICT Tools in Business Communication
Innovation, Entrepreneurship & IP Rights
International Business Environment
International Marketing Management

International Trade
Marketing Research & Planning
Profitability Planning & Finance
Project Studies & Work
Service Design & Service Innovation Case

Business Information Technology (Tornio Campus)

Content Management Systems

Digital Convergence & Marketing Communication

Construction and Civil Engineering (Rovaniemi Campus)

Advanced Differential & Integral Calculus

Advanced Mobile Technologies

Informational Technology & ICT (Rovaniemi Campus)

Accessing the WAN (CNA4)
Advanced Differential & Integral Calculus

Advanced Mobile Technologies

Electrical and Automation Technology (Kemi Campus)

Basics of Automation Installations
Basics of Measurement & Control Engineering
Differential Equations

Electrical & Automation Design
Field Instrumentation
Laboratory Course in Automation & Control Engineering

Fine Arts (Tornio Campus)

Content Management Systems

Multi-Channel Production

Social Services (Kemi Campus)

Child Welfare II
Client Oriented Work

Multicultural Work
Social Work

Surveying (Rovaniemi Campus)

Advanced Differential & Integral Calculus

Tourism & Hospitality (Rovaniemi Campus)

Alternative Theme I & II
Daily Operational Management in Tourism
Designing Tourism Services

e-Commerce
Marketing & Selling Tourism Services
Profitability Planning & Finance in Tourism

Satakunta University of Applied Sciences - Kankaanpää, Finland

FALL 2017 SEMESTER

Fine Arts

To be determined

A personalized program may be possible to arrange for exchange students according to skills and previous art studies, depending on demand. Studies usually available include painting, graphics, sculpture, and calligraphy, as well as video art, photography, snow sculpture, performance, community art, and cinema club.

SPRING 2017 SEMESTER

Fine Arts

Composition & Color Theory

Photo & Video

Media Skills

Sculpture

Observation Painting

A personalized program may be possible to arrange for exchange students according to skills and previous art studies, depending on demand. Studies available include painting, graphics, sculpture, and calligraphy, as well as video art, photography, snow sculpture, performance, community art, and cinema club.

Satakunta University of Applied Sciences - Pori, Finland

FALL 2016 SEMESTER

Health Care & Physiotherapy

Anatomy of the Musculoskeletal System

Medical Nursing, Clinical Calculations

Health Promotion from a Global Perspective

Medical Nursing, Theory

Human Life Cycle, Growth, Development & Ageing

Surgical Nursing, Clinical Calculations

International Perspectives in Health & Welfare Sector

Information & Communication Technologies

Advanced Programming Technologies

Internet of Everything

Next Generation Network Evolution

Implementing Internet Security

SPRING 2017 SEMESTER

Business & Communication/Media Studies

To be determined

Social Services & Healthcare/Physiotherapy

To be determined

To be determined

Information Technology

To be determined

To be determined

Satakunta University of Applied Sciences - Rauma, Finland

FALL 2016 SEMESTER

Business

Business Negotiations & e-Business & Networking	Foreign Trade Processes & Trading Documents
Comparative Management Culture	International Human Resources Management
Doing Business in China	International Marketing
Doing Business in India and Southeast Asia	Management Accounting Principles

SPRING 2017 SEMESTER

Business

Asian Management & Business Culture	Financial Planning & Controlling
-------------------------------------	----------------------------------

Blaise Pascal University - Vichy, France

FALL 2017 SEMESTER

Business

Doing Business in France	Negotiating Techniques
European History	Principles of Management
European History, Structures & Policies, Unity & Diversity	Project Management
International Business	Research Project
Meeting France, Meeting French 1, 2 et 3	Selling in Other Countries
Negotiating in Practice	

SPRING 2017 SEMESTER

Business

Business Strategy	International Business
Cross-Cultural Communication in Practice	International Marketing
Cross-Cultural Communication: Theory & Fundamentals	Meeting France, Meeting French 1, 2 & 3
Export Sales Management	Principles of Finance
European Union: Diversity & Unity	Research Project
France as a Tourist Destination	

ESC Rennes School of Business - Rennes, France

FALL 2016 SEMESTER

Business

Advertising	Information Technology Management
Business to Business Marketing	Inventory Management & Warehousing
Concepts of Corporate Finance	International Human Resource Management
Corporate Finance	Managing Cultural Diversity
Corporate Social Responsibility	Marketing Metrics
Distribution & Channel Management	Project Management
Entrepreneurship & Innovation Management	Purchasing Management
Entrepreneurship & Small Business Management	Salesmanship & Sales Force Management
European Geopolitics	Strategic Human Resource Management
Financial Analysis	Strategic Management Fundamentals
Financial Mathematics	Supply Chain Management
Financial Markets & Portfolio Management	

SPRING 2017 SEMESTER

Business

Banking Systems & Services	Management of Information Systems
Business to Business Marketing	Merchandising
Business Ethics	New Products & Brand Management
Corporate Social Responsibility	Operations Management
Digital Marketing	Principles of Purchasing
Doing Business in France	Production Systems
European Geopolitics	Purchasing & Logistics
Financial Markets & Portfolio Management	Recruiting & Training
Financial Markets & Risk Management	Services Marketing Management
Financial Risk Management	Sourcing
Fundamentals of Auditing	Strategic Human Resource Management
Implementation of Business Information Systems	Strategy
International Negotiation Skills	Transportation & Distribution

Aachen University of Applied Sciences - Aachen, Germany

FALL 2016 SEMESTER

Business

Business Management with Simulation LUDUS	International Taxation
Business Taxation	Leadership & Personality I & II
Corporate Finance	Macroeconomics
European Business Management - Management Practice	Management Training
European Institutions & Selected Aspects of European Law	Microeconomics
Finance	Marketing
Financial Markets & Financial Services	Principles of International Economics
Information Technology in Business	Topics in Economics

Engineering/Technology (taught at the Jülich campus – these are bridging courses within the master programs)

See: <http://www.magellanexchange.org/Coordinators/Courses%20in%20English.aspx>

SPRING 2017 SEMESTER

Business

Business Management with Simulation LUDUS	Finance
Business Taxation	Financial Markets & Services
Derivative Financial Instruments	International Business
European Business Management (EBM) – Business Environ.	Microeconomics

Engineering/Technology (taught at the Jülich campus – these are bridging courses within the master programs)

See: <http://www.magellanexchange.org/Coordinators/Courses%20in%20English.aspx>

Schmalkalden University of Applied Sciences – Schmalkalden, Germany

FALL 2016 SEMESTER

Business, Economics & Law

Anglo-American Bankruptcy Management
Business Ethics
Comparative Case Law
Intercultural Business Communication
International Economics Relations

Management Accounting/Control
Marketing
Marketing Research Project
Public Finance

Computer Science

Agile Computing
Enterprise Information Integration
Image Processing & Compression Standards

Project Management
Semantic Web

Electrical and Mechanical Engineering

Automation Control
Design of Electronic Devices
Design of Tools for Metal Forming
Digital Signal Processing
Fossil & Bio Fuels, Lubricants & Plastics
Fundamentals of Vibration Engineering

Manufacturing Drawing & Tolerances
Mult Nature System
Numerical Heat Transfer Simulation
Robotics
Simulation of Motion
Surfaces, Coating & Technology

International Topics

Contemporary International Crisis Study
German Culture

Intercultural Relations

SPRING 2017 SEMESTER

Business, Economics & Law

European & Int'l. Reorganization & Insolvency Law
European Law
Exchange Rates & International Macroeconomic Policy
Intercultural Business Communication
International Finance Management
International Trade Theory & Policy

Introduction to Anglo-American Legal System
Macroeconomics
Management Accounting
Marketing Research
Matrix-Algebra & Decision Theory
Private International Law

Computer Science

Agile Computing
Human-Computer Interaction

Project Management
Selected Processes in SAP

Electrical and Mechanical Engineering

Automotive Drive Systems
Communication Networks
Electronic Control
Finite Elements Method

Laser Technology
Simulation in Logistics
Softcomputing

International Topics

German Culture

Intercultural Relations

FALL 2016 SEMESTER

Business

Derivatives & Financial Risk Management
Financial Engineering
Financial Statements Analysis
Leadership & Organizational Change
International Marketing
Management of Investment Portfolios

Marketing
Organizational Behavior & Management
Retailing
Sustainability, Ethics & Social Responsibility
Topics in Finance

Education & Humanities

Contemporary Sociological Theory
Education & Family
History of Western Thought

TV Production
Video & Communication

Health Sciences

Biological Chemistry
Cellular & Molecular Biology
Development & Growth II
Histology Lab I

Oral Rehabilitation II
Physiology Laboratory
Psychology: A Life Science
Psychopathology II

Social Science and Law

Comparative Politics
International Negotiations
North American Studies Seminar

Political Geography
World Politics

Arts, Architecture, Design

Advanced Industrial Design I, II & III
Architectural Design I & III
Basic Graphic Animation
Beginning Web Design
Conceptual & Morphological Studies II
Elements of Landscape Architecture
Fashion History
Fundamentals of Digital Media
Generative Geometry
Graphic Design Tools
History of Modern Architecture

Industrial Design Seminar
Interior Design Experimental Workshop II
Intermediate Design & Pattern Making Sewing Studio Neo
Graphics
Object Drawing
Processing & Manufacturing Wood & Its Derivatives
Residential Spaces
Still & Moving Image
Temporary Spaces
Textile Design & Fashion Portfolio
Visual Display

Engineering & Technologies

Dynamics
Interpretation of Statistical Information
Materials Engineering

Technological Development Interdisciplinary Project
Technological Tools for Productivity
Tribology

SPRING 2017 SEMESTER

Business

Business Seminar
Econometric for Financial Market
Financial Engineering
Financial Statements Analysis
Global Economy
Leadership & Organizational Change
International Business

Engineering & Technologies

Analysis of Signals & Linear Systems
Dynamics
Inorganic Modeling

Health Sciences

Biological Chemistry
Embryology
Histology Lab
Oral Rehabilitation II

Art, Architecture & Design

Alternative Projects
Analysis of Contemporary Fashion
Architectural Design II and IV
Basic Graphic Animation
Basic Sketching
Beginning Web Design
Business Strategies for Designers
Commercial Spaces
Fashion Business

Social Science & Law

Comparative Politics
International Contracts
International Negotiations
Introduction to US Legal System
Legal Environment in Businesses

Education & Humanities

Academic Writing
Modern Philosophy
Pedagogy of Diversity

International Marketing
Marketing
Organizational Behavior & Management
Retailing
Sustainability, Ethics & Social Responsibility in Business
Topics in Finance

Technological Development Interdisciplinary Project
Technological Tools for Productivity
Thermal Machines

Physiology Lab
Psychology: A Life Science
Psychopathology 2

Graphic Design Tools
History of Interior Design I
Industrial Design Seminar
Interdisciplinary Solutions for Design
Interior Design Integral Studio II
Interior Design Seminar
Introduction to Means of Transportation
Introduction to Type Design
Resolute Morphology

North American Studies Seminar
Policies of Natural Resources
Political Geography
World Politics

TV Production
Video & Communication

Rotterdam University of Applied Sciences - Rotterdam, The Netherlands

FALL 2016 SEMESTER

International Business Experience (IBEX) – Pressure Cooker

Business Game (elective)	Innovative Business Models (elective)
Business Manager Skills	Marketing Manager
Case I, II & III	Operations Manager
Cross-Cultural Communication (elective)	Stock Market Game (elective)
Financial Accounting (elective)	Strategic Manager
Human Resource Manager	

SPRING 2017 SEMESTER

International Business Experience (IBEX) – Pressure Cooker

Business Game (elective)	Innovative Business Models (elective)
Business Manager Skills	Marketing Manager
Case I, II & III	Operations Manager
Cross-Cultural Communication (elective)	Stock Market Game (elective)
Financial Accounting (elective)	Strategic Manager
Human Resource Manager	

Zuyd University of Applied Sciences - Maastricht, The Netherlands

FALL 2016 SEMESTER

European Studies– *the following courses do not end until February*

**These modules must be taken as a block.*

***Choose one elective.*

Communication: Theory & Practice*	Marketing II*
Dutch Life & Institutions**	Minorities & Dominant Cultures**
European Law & Politics*	Professional & Study Development*
Event Management (self-study)**	Project Management (self-study)**
Management, Organization & Communication*	VIP Project*

International Business – *the following courses allow students to depart in December but will require self-study in January*

**These modules must be taken as a block.*

***Choose one elective.*

Business Assessment, Excel & Personal Assessment*	Marketing*
Cradle to Cradle**	Marketing I*
Event Management (self-study)**	Marketing Plan*
Finance & Accounting*	Project Management (self-study)**
Foreign Language: Spanish, German or French*	Report*
Introduction to Russia**	SPSS*
Management*	Statistics*

SPRING 2017 SEMESTER

European Studies – *some courses must be taken as a block; refer to the website for more details*

Communication Research	Lobby Proposal
Contemporary Political Issues	Lobbying in the EU
Country Analysis	Marketing Communication Plan
Decision Making in the EU	Minorities & Dominant Cultures
Dutch Life & Institutions	Research Methods
Economic Policy in the EU	Sales Techniques
European Policy Analysis	Statistics & ICT
International Marketing Communication	

Entrepreneurship & International Environment – some courses must be taken as a block; refer to the website for more details

Business Case Analysis	Economics
Financial Management	European Law
Business Organization & Law	Management Accounting
Business Plan, Presentation, & Excel	Russia I & II
Cross-Border Entrepreneurship	

Logistics & Entrepreneurship – some courses must be taken as a block; refer to the website for more details

Applied Logistics	ERP Systems
Business Game	Finance-Logistics
Coaching	Logistics
Commercial Law	Human Resource Management
Cross-Cultural Management	International Contracts

Business Abroad – some courses must be taken as a block; refer to the website for more details

Finance	Law
Import & Export	Marketing
Intercultural Communication	

Anyang University – Anyang, South Korea

FALL 2016 SEMESTER

Business

Leadership Discovery	International Presentation & Discussion
Cross-Cultural Communication Practicum	World Regional Studies I
International Politics & Business	

Korean Culture & Language

Beginning Korean Language (Written)	Korean Society
Beginning Korean Conversation	Traditional Korean Culture

Liberal Arts

Chorus	Culture through Idioms
--------	------------------------

SPRING 2017 SEMESTER

Business

Leadership Discovery	International Presentation & Discussion
Cross-Cultural Communication Practicum	World Regional Studies I
International Politics & Business	

Korean Culture & Language

Beginning Korean Language (Written)	Korean Society
Beginning Korean Conversation	Traditional Korean Culture

Liberal Arts

Chorus	Culture through Idioms
--------	------------------------

FALL 2016 SEMESTER

VALENCIA CAMPUS:

Architecture

Architectural Restoration

Structures III

Business

Ethics & Corporate Social Responsibility

Market Research

Financial Management

Microeconomics I

Human Resources Management

Operation Research

Information Systems Management

Production & Operation Management

Introduction to Business Administration

Statistical Methods in Economics

Introduction to Finance

World Economy

Building Engineering

Advanced CAD

Economics I

Architectural Drawing II

History of Architecture

Building Inspection & Property Appraisal

Legislation

Building Quality

Mathematics I

Building Project II

Mechanics of Structures

Building Structures II

Prevention & Safety II

Computer Simulation, Innovation & Entrepreneurship

Project Management (Built Environment)

Construction Materials I

Scheduling, Management & Control of Resources

Construction Technology II, IV & VI

Design Engineering

Computer Science

Mechanical Systems & Materials Resistance

Control Techniques

Power Electronics

Electrical Technology

Robotized Systems

Electronic Technology

Technical Drawing

Industrial Computing I

Technical Office

Industrial Production Systems

Thermodynamics & Fluid Mechanics

Mathematics II

Computer Engineering

Automata & Formal Language Theory

Network Information System Technology

CAD CAM

Operating System Fundamentals

Computer Architecture & Engineering

Parallel Computing

Databases & Information Systems

Programming Languages, Technologies & Paradigms

Intelligent Systems

Software Engineering

Industrial Engineering

Business Management

Industrial Instrumentation & Control

Construction Technology

Material Science

Control Systems

Mathematics I

Electrical Technology

Operation Management

Fundamentals of Business Organization

Product Design

Industrial Business & Economy

Thermodynamics

GANDIA CAMPUS:

Adaptation to Climate Change in Ecosystems

Introduction to Ecological & Environmental Modeling

Ecotourism (Tourism Management)

Landscape Programs

Groundwater Management in the Coastal Zone
Innovation Management & Entrepreneurship
Intercultural Communication

Marine Pollution
Wetland Management

ALCOI CAMPUS:

Design of Structural Systems
Languages, Technologies & Programming Paradigm

Software Engineering

SPRING 2017 SEMESTER

VALENCIA CAMPUS:

Architecture

Soil Engineering

Business

Business Communication
Commercial Management
Design Services
Econometrics
Financial Economy
Financial Mathematics
Introduction to Accounting

Introduction to Statistics
Microeconomics II
Organization, Strategy & Design
Project Management
Spanish Economy
Strategic Plans

Building Engineering

Budget Management Techniques
Building Physics
Building Project I
Building Project Execution
Building Services II
Building Structures I
Construction Equipment Management

Construction Materials II
Construction Technology III & V
Mathematics II
Prevention & Safety I
Surveying & Site Layout Plan
Technology & Use of Non-Traditional Materials
Urban Management

Computer Engineering

Concurrency & Distributed Systems
Data Structures & Algorithms
Design & Configuration of Local Area Networks

Ethics & Professionalism
Graphs, Models & Applications
Human-Computer Interfaces

Design Engineering

Analog Electronics
Basic Control Systems
Business Design & Entrepreneurship
Business Studies I & II
Chemistry
Digital Electronics
Electricity
Electronic Instrumentation

Environmental Technology
Industrial Automation
Industrial Computing II
Innovation & Design
Marketing Design
New Promotional Platforms
Statistics

Industrial Engineering

Advanced Energy & Thermal Machinery
Advanced Performance Measurements Systems
Applied Photochemistry
Automatic Technology
Chemistry
Corporate Social Responsibility of Engineering
Electrical Circuits
Energy Simulation of Buildings
Ethics in the Professions & Corporate Social Responsibility
Heat Transfer
Industrial Quality Control
Life Cycle Assessment
Mathematical Methods
Mathematics II

Operational Research
Organizational Behavior
Organizational Performance Measurement Systems
Participatory Decision Making & Conflict Resolution
Physical Concepts in Historical & Cultural Perspective
Programming Embedded Systems
Project Management
Recruitment Skills
Statistics
Strategic Management & Entrepreneurship
Systematic Innovative Thinking for Engineers/Researchers
Theory of Machines
Thermal Machines

GANDIA CAMPUS:

Advanced Techniques in GIS
Design, Development & Statistical Analysis of Polls
Ecotourism (Environmental Sciences)

Effective Oral Presentations
Film Comedy
River Rehabilitation & Restoration

ALCOI CAMPUS:

CAD-CAM for Textile Products
Cost Accounting & Introduction to Auditing
Data Structures & Algorithms
Digital Image Synthesis
Electronic Commerce Applications

Introduction to Computer Science & Programming
Marketing Management
Programming
Prospective & Design
Quantitative Methods to Aid Decision Making
