other Pharmacy Professionals
as we

CELEBRATE

National Pharmacy Technician Day

Tuesday, October 22, 2013

PHARMACY TECHNICIANS:
TRUSTED, TRAINED, and EDUCATED

Endorsed by: American Association of Pharmacy Technicians (AAPT) and Pharmacy Technician Educators Council (PTEC)

NATIONAL PHARMACY TECHNICIAN DAY

is

**TUESDAY,
OCTOBER 22, 2013**

The theme for National Pharmacy Technician Day 2013 is:

***PHARMACY TECHNICIANS:*
TRUSTED, TRAINED, and EDUCATED**

The first National Pharmacy Technician Day was 1991. The Congressional Record of July 16, 1991 contains a note about Technician Day, and the theme in 1991 was "Technician Recognition." This year we are celebrating the 23RD annual Pharmacy Technician Day.

Along with Pharmacy Technician Day being recognized on the National level, many technicians have gotten their State legislators to recognize National Pharmacy Technician Day. We encourage you to do the same.
