

# LADY IN WHITE 11TH EDITION

## ARTIST SERIES

### VINIFICATION:

The grapes were hand harvested and whole cluster pressed separately. They then underwent a cool and slow fermentation in stainless steel tanks. Viognier was blended into Gewurztraminer to create a blend which preserves the fine fruit and floral qualities both varieties are known for. The resulting wine is a marriage of spice and floral elements.

### WINEMAKER NOTES:

This wine's beautiful complexity is paired with wonderful drinkability that showcases a quality that is perfect for any wine drinker. The wine's color mimics its name being nearly white, while still maintaining the grape's natural hue: the palest of straws. Aromas of yellow rose, saturn peach, lemon zest, and lychee will greet your senses. On the palate you will find notes of poached pear, grapefruit, and honey suckle with a finish of dried rose petal. This wine is refreshing, beckoning you to another drink. Cheers!
