

Dear Parents/Carers,

Below is a list of useful links which will allow your child to access further online learning. Although there will be many more useful websites available, the ones listed below are sites which we have specifically identified as being suitable for your child.

Reading:

<https://www.oxfordowl.co.uk/api/interactives/24763.html>

This is a fantastic website which gives you access to a wide range of books. There is **no cost** to register but you must create an account in order to be able to access the books. Simply click 'register', enter your email and a password then verify the account by clicking on the email that will be sent to you.

Please note that the Oxford Reading Tree levels don't match our school levels so you will need to choose books using the age range option.

<http://myths.e2bn.org/mythsandlegends/>

This website has a range of interesting myths and legends to read at home. It also has an option to write your own using the 'create your own' tab.

<https://subscribe.firstnews.co.uk/free-downloadable-issue/>

This is a great website which publishes newspapers suitable for children to read and discuss with parents or, for our more confident readers, read independently. You may wish to subscribe to this in the future, however at the moment they are offering free issues to download and read. You will need to enter an email address in order to access your free copy.

English:

In addition to Spellodrome, you may find these websites useful: -

<https://www.topmarks.co.uk/english-games/7-11-years/spelling-and-grammar>

A selection of games and activities to support with spelling, punctuation and grammar.

<https://www.bbc.co.uk/bitesize/topics/zhrd2p>

BBC Bitesize offer interactive tutorials and activities to support with spelling, punctuation and grammar.

Maths:

In addition to Mathletics and Times Tables Rockstars, you may find these websites useful: -

<https://parallel.org.uk/>

A website which provides children with weekly maths challenges aimed to stretch mathematical thinking. This is a free resources although parents will need to create a **free** account in order to access the challenges.

<https://www.bbc.co.uk/bitesize/subjects/z826n39>

The Key Stage 2 BBC Bitesize website offers lots of free resources for Year 6 maths revision including tutorials and games to play.

<https://www.bbc.co.uk/teach/supermovers/ks2-maths-collection/z7frpg8>

This website provides lots of dance / music videos based around revision of maths concepts.

<https://uk.ixl.com/math/>

A website split into year group sections which offers online revision and practise of maths skills.

Science

<https://www.childrensuniversity.manchester.ac.uk/learning-activities/science/>

Lots of science subject areas covered with resources specifically designed for primary age children. (Other subjects are also available on this site).
