1.0 L.A. CARE

GENERAL INTRODUCTION

Responsibility of Participating Providers

L.A. Care Health Plan (L.A. Care) requires that its contracted medical groups, hospitals, ancillary providers other Participating Physician Groups (PPGs) fulfill specified responsibilities. There is a segment entitl ò R e s p o n s i b i l i P t r y o v o i f d e P r a s r ó t i a c t i p t a h t e i n b g e g i n n i n g o f m o s t f u n c t i o n s , i f a n y , a r e t h e r e s p o n s i b i l i t y o f L . A carefully in order to determine what functions are the responsibilities of L.A. Care, and which are the responsibility of PPGs, hospitals, ancillary providers, or other participating providers.

L . A . C a r e õ s C o m m i t m e n t t o P r o v i d e E x c e l l e n t S e r v

L . A . C a r e õ s o v e r a l l g o a l i s t o e f f e c t i v e l y i m p l e m e n t p o l i c i e s , provider services in its direct product lines. To accomplish this goal, L.A. Care will work cooperatively with medical groups to ensure that providers have timely access to information and the appropriate resources service requirements.

Traditional and Safety Net Providers

L.A. Care considers the following provider types as Traditional or Safety Net Providers: CHDP providers Federally Qualified Health Centers, licensed community clinics and Disproportionate Share Hospitals. L.A. Care encourages PPGs to contract with these providers to the fullest extent possible.

L.A. CARE ENROLLMENT ASSISTANCE LINE

If you have patients that you believe may be eligible for Medi-Cal, Healthy Families or Healthy Kids Programs, please refer them to L.A. Care at 1-888-4LA-CARE (1-888-452-2273). TTY/TDD users should call 1-866-LA-CARE1 (1-866-522-2731).

HEALTHY FAMILIES PRO GRAM

Program Overview

The state of California started the Healthy Families Program on July 1, 1998 by using federal funds provi under the State Health Insurance Program (Title XXI of the Social Security Act), state government, and t tobacco tax. The Healthy Families Program provides health, vision, and dental coverage for children whos families meet specific financial criteria. The Healthy Families Program is administered by the Managed Risk Medical Insurance Board (MRMIB) which contracts with Health Maintenance Organizations (HMOs) in California to provide coverage to enrollees of the program.

Eligibility Criteria

Uninsured children from birth up to their 19th birthday, whose family income is below 250% of the Federal Poverty Level, are eligible to enroll in the Healthy Families Program. Participating families must enroll all eligible children. There are no pre-existing condition exclusions. Children accepted into the program are eligible for a full year of coverage. While the Healthy Families Program is subsidized by state and federal funds, there are member premiums ranging from $4 to $24 per month per child. The maximum family premiums range from $1 to $72 per month (rates vary by family income). To streamline the application process, the State of California has combined the enrollment process for the Medi-Cal and Healthy Families Programs into one mail application.

HEALTHY KIDS PROGRAM

Program Overview

The Healthy Kids program is offered by L.A. Care Health Plan and is sponsored by First 5 LA and the Childrenõs Health Initiative of Orange County. It is a low cost health insurance program that offers comprehensive medical, dental, and vision coverage for children up to their 19th birthday. The Healthy Kids Program for children ages 5 & under is sponsored by First 5 LA. The Healthy Kids Program for children ages 6 through 18 is sponsored by the Childrenõs Heal

Eligibility Criteria

Regardless of their immigration status, uninsured children who do not qualify for Medi-Cal or the Healthy Families program, and whose family income is below 300% of the Federal Poverty Level are eligible to enro in the program. Children covered by employer sponsored insurance will not be eligible for Healthy Kids until they have been off of the employer sponsored health coverage for a minimum of three (3) months.

There are no pre-existing condition exclusions. Children accepted into the program are eligible for a full year of coverage. While Healthy Kids is subsidized by Angeles, families may have to pay a $4 or $6 premium, depending on family income. Families with more than two children in the program will only have to pay premium for a maximum of two children ($8 or $12 is the maximum a family would pay per month).

Healthy Kids is an extension of all L.A. Careõs Plan and have children in any of our product lines to continue receiving care with the same providers.

Information available to Providers on L.A. Careõs Website

L.A. Care has information about many different topics that might be helpful to you on our Website. It is a useful way to get information about L.A Care and its processes. Please visit our Website at www.lacare.org for information about L.A. Careõs:

- Quality Improvement Program
- Policy encouraging practitioners to freely communicate with patients about their treatment, regardless of benefit coverage limitations
- Requirement that practitioners and facilities cooperate with QI activities;
  - Á provide access to their medical records, to the extent permitted by state and federal law; and maintain confidentiality of member information and records
- Policy on notification for specialist termination
- Access standards
- Case Management services and how to refer patients
- Health education services and how to refer patients
- Disease Management Program information and how to refer patients
- Clinical Practice Guidelines, including ADHD and Depression
- Preventive Health Guidelines
- Medical record documentation standards; policies regarding confidentiality of medical records; policies for an organized medical record keeping system; standards for the availability of medical records at the practice site; and performance goals
- Medical Management Medical Necessity Criteria including how to obtain or view a copy
- Policy prohibiting financial incentives for Medical Management decision-makers
- Instructions on how to contact staff if you have questions about Medical Management processes and the toll free number to call
- Instructions for triaging inbound calls specific to Medical Management cases/issues
- Availability of, and the process for, contacting a peer reviewer to discuss Medical Management decisions
- Policy on denial notices
- Policy regarding the appeals notification process
- Pharmaceutical procedures
- Policy regarding your rights during the credentialing/recredentialing process including to review information and correct erroneous information submitted to support your credentialing application, as well as obtain information about the status of your application; and how to exercise these rights
- Memberõs Rights and Responsibilities
- Web-based Provider and Hospital Directory

If you would like paper copies of any of the information available on our website, please contact us at 1-866-LA-CARE6 (1-866-522-2736).

NOTICE TO PROVIDERS

L.A. Care has recently amended practitioner and provider contracts to encourage practitioners to freely communicate with patients about their treatment, including medication treatment options, regardless of bene coverage limitations; and to require that practitioners and facilities:

- Cooperate with L.A. Careõs and Plan Partner Q
- Provide L.A. Care and Plan Partners access to practitioner or facility medical records, to the extent permitted by state and federal law.
- Maintain the confidentiality of member information and records.

The contract amendment also requires specialists and specialty group practices to provide timely notificatio L.A. Careõs members who have been under the ongo group. Our contracts with specialists and specialty group practices outline which party is responsible for notifying those members affected by the termination prior to the effective date of termination. L.A. Care hold responsibility for notifying members affected by a termination of a provider unless this function is delegated by contract. You can find additional information website at www.lacare.org. If you would like paper copies of any of the above information, please contact us at 1-866-LA-CARE6 (1-866-522-2736).

2.0 MEMBERSHIP AND MEMBERSHIP SERVICES

This section covers membership and Member Services for L.A. Care Health include eligibility, enrollment and disenrollment, primary care provider assignment, and member rights and responsibilities.

RESPONSIBILITY OF PARTICIPATING PROVIDERS

Participating Physician Groups (PPGs) in L.A. Care are responsible for adhering to Member Services provisions and guidelines specified in this section.

PROGRAM ELIGIBILITY

All subscribers who are determined eligible by the governing agency, the Department of Managed Health Care (DMHC), the Department of Helath Care Services (DHCS), Managed Risk Medical Insurance Board (MRMIB) of the particular product line can be enrolled in that program.

CONDITIONS OF ENROLLMENT

L.A. Care will enroll all subscribers referred by the program or program contractor on the specified date.

Through a new member Welcome Packet, L.A. Care Health Plan will notify the member of enrollment status and effective date of coverage with L.A. Care Health Plan.

MEMBER ENROLLMENT, ASSIGNMENT AND DISENROLLMENT

The following guidelines apply to Healthy Families and Healthy Kids programs only. Medi-Cal guidelines to follow.

Application Resources
Healthy Families Program

Individuals interested in applying for the Healthy Families Program can obtain free application assistance contacting:

L.A. Care certified staff that are trained and certified to assist families with the Healthy Families program application process. Please have *potential* members call L.A. Care at 1-888-4LA-CARE (1-888-452-2273)
Los Angeles County Department of Public Social Services (DPSS) at 1-888-477-3277 or 1-866-481-1044
Applications can be downloaded from www.healthyfamilies.ca.gov

Healthy Kids Program

Individuals interested in applying for the Healthy Kids Program can apply at most places that provide Healthy Families/Medi-Cal application assistance, any DHCS/Healthy Kids contracted entity, or they may call L.A. Care at 1-888-4LA-CARE (1-888-452-2273).

Member Enrollment Healthy Families Program

L.A. Care receives member enrollment information from Maximus. Maximus is contracted with the Managed Risk Medical Insurance Board (MRMIB), which administers the Healthy Families Program to manage member eligibility information.

Open Enrollment

Open enrollment in the Healthy Families Program occurs annually from July 15th to August 31st. Members who change health plans during this period become effective with their new health plan on October 1st.

Healthy Kids Program

The Healthy Kids Program enrolls children on a rolling basis. An application that is approved before the 20th of each month will be active on the first day of the next consecutive month. All applications received after the 20th of the month will not be active until the following month.

Medi-Cal Guidelines

There are two types of Medi-Cal programs in Los Angeles County, fee-for-service Medi-Cal and managed care. Medi-Cal beneficiaries in this county are enrolled

Medi-Cal beneficiaries who are part of the fee-for-service program, are not enrolled in a managed care plan and must find doctors and other providers who will accept payment directly from Medi-Cal.

Mandatory Medi-Cal Managed Care beneficiaries

The Department of Health Care Services (DHCS) is in charge of the Medi-Cal program and has designated Los Angeles County as a mandatory managed care county. Medi-Cal beneficiaries

A mandatory member may disenroll from Medi-Cal managed care only if the member: has a complex medical condition (such as HIV/AIDS or cancer) has been in Medi-Cal managed care less than 90 days is being treated by a doctor who does not work with any Medi-Cal managed care health plan.

Voluntary Medi-Cal Managed Care beneficiaries

Medi-Cal beneficiaries considered to be "voluntary" to managed care health plan. A voluntary Medi-Cal beneficiary can choose to leave their managed care health plan and return to fee-for-service Medi-Cal at any time.

Voluntary beneficiaries include:

- American Indians and their household, and others who are eligible to get services from an
- Indian Health Center or Native American Health Clinic
- Children in foster care or the Adoption Assistance Progra
- Members with HIV/AIDS diagnosis
- Dual eligible beneficiaries

Member Enrollment

DHCS conducts member enrollment and disenrollment into and out of L.A. Care Health Plan. This is accomplished through DHCS' contractor, HCO. The current contractor is Maximus.

HCO enrolls Medi-Cal beneficiaries into L.A. Care Health Plan or the commercial plan of the Two Plan Model. Individuals in mandatory aid codes who do not select L.A. Care Health Plan or the commercial plan will be defaulted into one of them using a specific assignment algorithm. Beneficiaries may disenroll from L.A. Care Health Plan or the commercial plan and enroll in the other plan. HCO also disenrolls members from Medi-Cal managed care when their managed care eligibility is lost.

Selection, Assignment, and Change of Primary Care Physician Selection

The governing agencies will provide L.A. Care with ensure that all subscribers are enrolled with a PCP by the effective date of coverage in the plan. L.A. Care will mail a Welcome Packet to each subscriber (one per household) who is enrolled.

Assignment to Primary Care Physician
If the member does not select a PCP, one will be chosen for the member. The assignment process will tal
into consideration the member's area of residence, the memb
capacity of each PCP and the safety net status of the provider.

Change of Participating Physician Group (PPG) and/or Primary Care Physician (PCP)

Member-Initiated Change
Members requesting to change to another PPG or PCP can do so by calling L.A. Care at 1-888-839-9909.

The change will occur on the 1st of the following month, provided the request is received by Member Services by the 20th of the month.

Notification of Enrollment and Assignment
L.A. Care will mail a Welcome Packet upon enrollment. The Welcome Packet includes a mem
welcome letter, identification card, Provider Directory and the Evidence of Coverage (EOC)/Member Handbook. The Welcome Packet will be sent no later than the 7th day of the month that the member is effective for Healthy Families program, and by the 7th day of the month that the member is effective for Healthy Kids and Medi-Cal programs.

Disenrollment
Disenrollment refers to the termination of a member's enrol
does not refer to a member transferring from one PCP or PPG to another.

A member will be disenrolled for the following reasons:

- If he/she is no longer eligible during the benefit year in accordance with the governing agency's eligibility requirements
- Requests disenrollment in writing
- Makes a false declaration in order to establish program eligibility

In addition to the disenrollment reasons listed above, members may be disenrolled from a program for reas
specific to the program as identified in this section.

The member is responsible for charges incurred after eligibility ends.

Healthy Families Program
A member will be disenrolled from the Healthy Families program for the following reasons:

- Attains the age of 19 (member will be disenrolled at the end of the month in which age 19 is reached). This is also known as "age out"
- Failure to pay the monthly premium for sixty (60) consecutive days
- Failure to provide the necessary information or no longer is eligible for the Healthy Families Program during the Annual Eligibility Review process

Members may contact L.A. Care at 1-888-839-9909 to discuss enrollment and disenrollment processes and options.

Healthy Kids Program
A member will be disenrolled from the Healthy Kids Program for the following reasons:

- Reaches the age of 19 (member will be disenrolled at the end of the month in which age 19 is reached). This is also known as "age out"
- Moves out of the service area

- Fails to provide the necessary information to be qualified
- Requests to be disenrolled
- Failure to pay the monthly premium for sixty (60) days

After the member is disenrolled, he/she cannot re-enroll in the Healthy Kids program for six (6) months. Members may contact L.A. Care at 1-866-4LA-CARE (1-866-452-2273) to discuss enrollment and disenrollment processes and options.

Medi-Cal Program

Members may disenroll from L.A. Care Health Plan at their discretion. Voluntary disenrollment for individuals in mandatory Medi-Cal aid codes will result in their subsequent enrollment in the commercial plan. Conversely, commercial plan members may disenroll and must then enroll in L.A. Care Health Plan.

To disenroll from L.A. Care, members can call Health Care Options at 800-430-4263. Health Care Options enrolls or disenrolls Medi-Cal beneficiaries in or out of a Medi-Cal managed care health plans. They send the disenrollment form. Membership will end on the last day of the month in which Health Care Options approves the request. Disenrollment takes about 15 to 45 days. Members must continue to receive services through L.A. Care until they are disenrolled from L.A. Care.

Under certain circumstances, a member may be involuntary disenrolled from managed care. These include:

- Moving out of Los Angeles County permanently.
- Member is in a long-term care or intermediate care facility beyond the month of admission and the following month.
- Member requires medical health care services not provided by L.A. Care (for example, some major organ transplants, and chronic kidney dialysis).
- Member has other non-government or government sponsored health coverage.
- Member is in prison or jail.
- For cases in which a disenrolled member reverts back to fee-for-service Medi-Cal, the former member could feasibly continue to receive care from the same provider(s) on a fee-for-service basis.

MEMBER IDENTIFICATION CARD

The L.A. Care member identification card provides a name and phone numbers, PCP name, phone number and address, and pharmacy claims information. Exhibit 1 of the services agreement

ELIGIBILITY VERIFICATION

A memberõs possession of an L.A. Care membership with L.A. Care or with the PPG identified by the status is necessary to assure that payment is made to the PPG for the healthcare services being rendered by the provider to the member.

To verify member eligibility, providers can log on to L.A. Care Connect at www.lacare.org or call L.A. Provider Information Line at 866-LA-CARE6 (1-866-522-2736).

EVIDENCE OF COVERAGE

An L.A. Care Evidence of Coverage (EOC)/Member Handbook is sent to members upon enrollment and annually thereafter. The EOC provides members with a description of the scope of covered services and how to access such services. You can obtain a copy of the EOC by logging on to www.lacare.org or by calling L.A. Care Health Planõs Member Services Department at 1-888-839-9909.

CO-PAYMENTS FOR HEALTHY FAMILIES AND HEALTHY KIDS MEMBERS

There are member co-payments for most health care services and prescription drugs. For a complete listing please refer to Exhibit 2 for a matrix of co-payments. For purposes of tracking co-payments, L.A. Care suggests that members keep all their co-payment receipts.

Healthy Families Program

Monthly premiums depend on family income and family size. Most services have a small co-payment.

No co-payment will be charged to children under 24 months of age for well baby care, health examinations, other office visits.

When a member enrolled in Program Level A reaches the $250 co-payment maximum in a Family benefit year, the member(s) must notify L.A. Careõs Member Services. For the remainder of the year, member(s) will not make co-payments for any medical services.

Healthy Kids Program

- Age 0-5 pay $0 to $6 a month for each child, depending on family income (with maximum of $12); $5 co-payment for emergency services
- Age 6-18 pay $15 a month for each child, regardless of family income (with maximum of $45); $15 co-payment for emergency services
- Co-payment of $5 for most services and prescriptions
- Preventive services such as immunizations and regular checkups are covered at no charge to the member

Medi-Cal Program

No co-payments will be charged when receiving services covered by the Medi-Cal program.

Care Compliance Helpline toll-free at 1-800-400-4889 or go to www.lacare.ethicspoint.com, or call the Department of Health Care Services (DHCS) Medi-Cal Fraud and Abuse Hotline toll-free at 1-800-822-6222.

NOTICE TO MEMBERS REGARDING CHANGE IN COVERED SERVICES

Members must be informed about any change in provision of services. L.A. Care must send written notification of any change to the member no less than sixty (60) days, or as soon as possible prior to the da of actual change. In case of an emergency, the notification period will be within fourteen (14) days prior to changes, or as soon as possible.

In the event that the change in covered services a right to make an affirmative request for completion of services in the following situations:

- Acute condition (a serious and sudden condition that lasts a short time like a heart attack, pneumonia or appendicitis) ñ For the time the condition lasts.
- Serious chronic (long-term) condition ñ For a period of time necessary to complete a course of treatment and arrange for a safe transfer to another provider.
- Pregnancy ñ During the pregnancy and immediate postpartum care (six weeks after giving birth).
- Terminal illnesses/conditions ñ For the length of the illness.
- Children ages birth to 36 months ñ For up to 12 months.
- Surgery or other procedures authorized by L.A. Care as part of a documented course of treatment. This treatment was set to occur within 180 days of the time the doctor or hospital stops working with L.A. Care or within 180 days of the time coverage began with L.A. Care.

MEMBER GRIEVANCES

A grievance is any expression of dissatisfaction by an L.A. Care member. Grievances that suggest a quality of care issue must be handled as a clinical grievance and must be forwarded to the Medical Management Department immediately.

L.A. Care maintains a comprehensive grievance resolution system which includes tracking grievances by category and PPG. PPGs are required to respond to requests for information related to a grievance within five (5) business days. If a PPG fails to provide such medical records within five (5) business days, L.A. Care or the designated agent will be provided access to copy the appropriate medical records at the expense of the PPG.

PPGs that wish to obtain information on the details of this process are encouraged to contact L.A. Careõs Member Appeals and Grievance Manager.

Some examples are complaints about:

- The service or care received by the PCP or other providers
- The service or care recommended or approved by the PCP doctor
- The service or care received by the pharmacy
- The service or care received by the hospital
- The service or care received by L.A. Care

Members can file grievances by doing any of the following:

Write, visit or call L.A. Care

L.A. Care Health Plan
Member Services Department
1055 West 7th Street, 10th Floor
Los Angeles, CA 90017
1-888-839-9909
213-438-5748 (fax)

Medi-Cal Program Members may also
Ask for a State Fair Hearing by calling toll-free 1-800-952-5253 (English and Spanish), or by writing to:

California Department of Social Services
State Hearings Division
P.O. Box 944243, MS-39
Sacramento, CA 94244-430

A State Fair Hearing can be requested before, during or after filing a grievance with the health plan. Members can file a grievance with the health plan and ask for a State Fair Hearing at the same time.

Complaints to the Department of Managed Health Care (DMHC)

If you or your members have a grievance against L.A. Care, you need to contact L.A. Care and follow its internal grievance process.

The California Department of Managed Health Care (DMHC) is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at 1-888-

839-9909 and use your health plan's grievance proc
procedure does not prohibit any potential legal rights or remedies that may be available to you.

If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolv
by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call t
DMHC for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible
for an IMR, the IMR process will provide an impartial review of medical decisions made by a health plan relat
to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are
experimental or investigational in nature and payment disputes for emergency or urgent medical services.

The DMHC also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for
the hearing and speech impaired. The DMHC's inte
forms, IMR application forms and instructions online.

Maintenance of Member Grievance Records

L.A. Care will maintain all records related to member grievances for up to five (5) years after the active record has been closed.

3.0 ACCESS TO CARE

4.0 SCOPE OF BENEFITS

HEALTH BENEFITS

Member Handbooks (Evidence of Coverage) for Cal MediConnect, Healthy Families, and Healthy Kids are maintained by Product Management and are provided annually to each member. The Benefits Section of the handbooks describe in detail the covered and non-covered services, procedures, and medical equipment for the line of business.

The State of California, Department of Health Care Services (DHCS) mandates benefits for Medi-Cal members. Covered services, including services for the detection of symptomatic diseases, as defined by Title 22, Section 51301 through Section 51365 of the California Code of Regulations, should be provided with no co-payment. A listing of these benefits and services may be found in the CalMediConnect Managed Care Evidence of Coverage or L.A. Care UM Policies. The benefits and service requirements are also available online at www.ccr.oal.ca.gov or the DHCS website at www.medi-cal.ca.gov.

The Managed Risk Medical Insurance Board (MRMIB) mandates benefits for Healthy Families members. Covered services, including services for the detection of symptomatic diseases, as defined by Title 10, Chapter 5.8, Article 3, Section 2699.6700 through Section 2699.6725 of the California Code of Regulations, A listing of these benefits and services may be found in the Healthy Families Combined Evidence of Coverage or L.A. Care UM Policies. The benefits and service requirements are also available online at www.ccr.oal.ca.gov.org or www.healthyfamilies.ca.gov

The contract with Community Healthy Plan (CHP) mandates benefits and services for the Healthy Families Line of Business under CHP. Covered services are defined in the most recent version of the CHP Healthy Families Provider Manual and are included in the Utilization Management Section of this manual.

Healthy Kids benefits are developed by First 5 L.A and L.A. Care and are similar to the Healthy Families benefits. A listing of the benefits for Healthy Kids may be found in the recent version of the Evidence of Coverage.

PPGs may access health benefit information or obtain Evidence of Coverage at the L.A. Care Website at www.lacare.org.

NURSE ADVICE LINE (1-800-249-3619)

L.A. Care provides, free of charge, a 24/7 nurse advice line (NAL). Providers are encouraged to share this number with these patients. The NAL is intended to assist provide general health advice and information, understand health concerns, understand medicines and health test results, and seek the appropriate level of care. The line is staffed with RNs who follow MD reviewed algorithms when triaging symptomatic calls. An audio library of more than 1,000 easy to follow health topics is also provided through this service.

Other Important Numbers

Hearing- or speech-impaired members can contact L.A. Care Nurse Advice Line through the California Telecommunications Relay Service at 866-735-2929 (TTY) or 1-800-854-7784 (speech-to-speech).

5.0 UTILIZATION MANAGEMENT (The following UM processes apply to L.A.

Careõs Direct Lines of Business: MCLA, He

This section summarizes L.A. Care Health Planõs direct contract Participating Physician Groups (PPGs). UM functions/activities vary depending on specific contractual agreements with each contracted PPG, provider, and hospital. Please check your contract Division of Financial Responsibility (DOFR), or CARE6 or Utilization Management at 877-431-2273.

L.A. Care performs UM activities which are consistent with State and Federal regulations, State contracts and other L.A. Care Health Plan policies, procedures Program Document.

L.A. Care is staffed with professional registered and licensed clinical nurses and paraprofessionals who are available to assist the PPG and their providers with UM activities. These activities include but are not limited

- Benefit clarification
- Referral management and authorization
- Coordination of care and services for linked programs (CCS, DDS, Mental Health, etc.)
- Coordination of End Stage Renal Disease benefit
- Targeted (comprehensive and catastrophic) case management
- Education of PPG/providers on policies, procedures and legislative updates

GOAL AND OBJECTIVES

Goal

The goal of L.A. Careõs Utilization Management appropriate medical and behavioral health care and services to L.A. Care members. The program is design to monitor, evaluate, and support activities that continually improve access to, and quality of, medical care provided to L.A. Care members.

Objectives

The Utilization Management Programõs objectives delivery of quality health care services and to optimize opportunities for process improvement through:

- Managing, evaluating, and monitoring the provision of healthcare services rendered to L.A. Care members to enhance access to, and provision of, appropriate services.
- Facilitating communication and developing partnerships between Plan Partners, Participating Provider Groups, Providers, Practitioners, Members, and L.A. Care.
- Developing and implementing programs to encourage preventive health behaviors which can ultimatel improve quality outcomes.
- Assisting PPGs, Providers, and Practitioners in providing ongoing medical care for members with chronic or catastrophic illness.
- Developing and maintaining effective relationships with linked and covered service providers available to L.A. Care members through County, State, Federal, and other community based programs to ensure optimal care coordination and service delivery.
- Facilitating and ensuring continuity of care network.
- Integrating quality and Utilization Management activities.
- Ensuring a process for UM that is effective and coordinated through Committees, work groups and tas forces with the involvement and cooperation of experts in all fields of medicine, management, patient

advocacy and other relevant fields.

- Providing leadership to PPGs, Providers, and Practitioners by developing and recommending changes and improvements in programs and processes resulting from collection and analysis of utilization data
- Ensuring that UM decisions are made independent of financial incentive considerations.
- Monitoring the provision of health assessments and basic medical case management to all members, PPGs, Providers, and Practitioners.

SCOPE OF SERVICE

The scope of L.A. Care Health Plan's UM program encompasses all health care services delivered at all levels of care to L.A. Care Health Plan members. L.A. Care Health Plan offers a comprehensive health care delivery system along the continuum of care, including urgent and emergency services, ambulatory care, preventive services, hospital care, ancillary services, behavioral health (mental health and addiction medicine), home health care, hospice, rehabilitation services, skilled nursing services, and services delivered through selected waiver programs, and through carved out services.

L.A. Care Health Plan administers the delivery of health care services to its members through different contractual agreements.

L.A. Care Health Plan's Programs arrange services with medical groups and Independent Provider Associations (IPAs), collectively called Participating Provider Groups (PPGs), which may include delegation of some or all UM functions.

L.A. Care and L.A. Care's PPGs shall provide or arrange for all medically necessary covered services for members.

If medically necessary services are not available within the L.A. Care, PPG contracted networks, contracts are initiated on an individual basis to ensure availability of medically necessary care and services in accordance with benefit agreements.

At a minimum the UM Program includes the following:

- Assures that services which are medically necessary are delivered at the appropriate level of care including inpatient, outpatient, and the emergency room.
- Assures that authorized services are consistent with the benefits provided by the Plan.
- Provides a comprehensive analysis of care by identifying under- and over-utilization patterns by physician and within the Plan.
- Reviews care and identifies trends that positively and negatively impact the quality of care provided to the members.
- Defines, monitors, and trends medical practice.
- Ensures that appropriate medical review guidelines are available and used by UM personnel.
- Identifies, develops, revises, and implements appropriate policies, procedures, processes, and mechanisms for UM that can be used to evaluate medical necessity for requested services on a timely and regular basis.
- Instructs all institutions, physicians, and other health care clinicians regarding the criteria used, the information sources employed, and the methods utilized in the approval and review processes.
- Provides the health plan network with information delivered via effective mandated information system and communications for the monitoring, management, and planning of medical services.
- Ensures that network institutions, physicians, and other health care clinicians provide services unless otherwise mandated by regulatory standards.

- Determines if illness or injury is covered under other programs including third-party payers, California Childrenõs Services (CCS), General Mental Health Services.
- Ensures that guidelines, standards, and criteria set by governmental and other regulatory agencies are adhered to as appropriate.
- Facilitates consistent practice patterns among institutions, physicians, and other health care clinicians with L. A. Care Health Plan by offering feedback to the PPGs/Providers to assist in optimizing appropriate medical practice patterns.
- Provides case management services to ensure cost effective ongoing care at the appropriate level.
- Utilizes information in member and physician satisfaction surveys to develop quality improvement activities as appropriate.
- Conducts inter-rater reliability of physician and non-physician reviewers to assess determinations made as part of the UM process.
- Provides required reports.
- Ensures coordination and continuity of care for members receiving linked and carved out services.

Policy Prohibiting Financial Incentives for Utilization Management Decision-makers
Utilization Management decisions are based only on appropriateness of care and service and the existence of coverage. There are no rewards or incentives for practitioners or other individuals for issuing denials of coverage, service, or care. There are no financial incentives for Utilization Management decision-makers to encourage decisions that would result in under-utilization.

Required Reporting from UM
PPG UM Departments shall monitor, report, and address the following services to the appropriate committee structures. The services include but at not limited to:

- Potentially fraudulent or abusive practices referred to Regulatory Affairs and Compliance.
- Potential under and over utilization to the UM Director.
- Coordination of care for results or facilitation to the UM Director.
- Opportunities for improvement to the UM Director.
- Breaches of adherence to confidentiality and HIPAA policies to the HIPAA Compliance Officer.
- Potential quality issues identified through UM activities to Quality Improvement.
- Barriers to accessibility and availability of services to Provider Network Operations and Quality Improvement Departments, as appropriate.

DELEGATION OF UTILIZATION MANAGEMENT

L.A. Care has a formal process by which specific Utilization Management functions are delegated to other organizations including PPGs, and ancillary vendors (See Addendum A Delegation of UM Functions by NCQA UM Standards).

L.A. Care evaluates all proposed delegates using processes and capabilities according to defined criteria. Utilization Management is not delegated until L.A. Care determines, in its sole judgment, that the delegate is capable of performing the delegated functions in a manner acceptable to L.A. Care. L.A. Careõs UM Delegation is described more fully in Addendum C.

The scope of delegation for each delegate is defined in a written delegation agreement. The agreement also defines the oversight process and delegate reporting requirements. Delegates are not permitted to sub-

delegate any functions without L.A. Careõs consent.

The ability for an organization to maintain its capacity, in L.A. Careõs judgment, to continue t

Oversight of delegation includes periodic assessments throughout the year by designated staff based, in pa on review of required reports submitted by the delegate.

All delegates are formally reevaluated annually. The scope of the reevaluation may depend on the organization-Keenoõs other regulatory status and NCQA accreditation or certification status and includes conducting oversight activities, reporting results, developing corrective action plans and monitoring progress in implementation of the corrective action plans.

L.A. Care is responsible for making sure that the delegated activities are performed in a manner consistent with the delegation agreement, L.A. Care criteria, and applicable regulatory requirements and accreditation standards. L.A. Care provides ongoing assistance, guidance, and oversight in furtherance of this goal. Shou L.A. Care determine that an organization is not performing any portion of the delegated functions in a manner consistent with the delegation agreement, L.A. Care criteria, applicable regulatory requirements, or applicable accreditation standards L.A. Care may institute corrective action or revoke the delegation in whole or in part

If L.A. Care Health Plan withholds or withdraws delegated status for Utilization Management from a PPG, L.A. Care Health Planõs Utilization Management d to the new non-delegated PPG. L.A. Care Health Plan reserves the right to continue to delegate Utilization Management to the PPGs if they meet L.A. Care H Planõs Utilization Management departments actively participate in pr with the PPG to assist the PPG to come into compliance with a UM delegated function prior to L.A. Care Health Planõs revocation of a UM delegated statu

UM DELEGATION MONITORING AND OVERSIGHT

L.A. Care is responsible to evaluate PPGs to perform the delegated activities including an initial review to assure that the PPG has the administrative capacity, task experience, and budgetary resources to fulfill its responsibilities. UM Delegation monitoring shall be performed to ensure PPGs meet standards set forth by L.A. Care and regulatory body requirements. This includes the continuous monitoring, evaluation and approv of the delegated functions.

L.A. Care Health Plan will monitor and oversee the delegated UM activities of its PPGs and their networks to ensure ongoing compliance with State, Federal, NCQA and L.A. Care Health Plan requirements. UM data submitted to L.A. Care Health Plan by PPGs will be analyzed and areas for improvement identified and managed through the Corrective Action Plan (CAP) process with the PPG/Provider or through the Quality Improvement Process, as appropriate, in accordan policies. L.A. Care Health Plan will perform different types of audits and oversight activities of PPGs as appropriate. The UM data and oversight activities will include, but not be limited to the following:

UM REPORTS

PPGs will submit Utilization Management reports as defined in the delegation agreements, by mail or fax, from encounter data, summary utilization statistical reports, and supplemental reports.

A copy of the reporting requirements can be found in the PPG Contract.

Modification and Denial Notice of Action letters and medical records utilized in the modification or denial determination must be sent to the L.A. Care UM Department as defined in the PPG delegation agreements.

L.A. Care Health Plan will utilize encounter data, summary reports, and supplemental reports provided by PPGs to track, trend, and report UM activities as required by the State. These reports, combined with information obtained via site visits and audits, will be used to accomplish the UM oversight functions required by regulation and/or contract requirement.

L.A. Care Health Plan will analyze the reports and present the results to the PPGs via the quarterly Oversight Response Communication. The goal of performing plan and group specific analysis is to monitor utilization activities, member access to care, to validate and compare to community norms/ benchmarks. Any variance(s) or trends will be reviewed and discussed at the Utilization Management Committee meeting, and periodically at the Quality of Care and Internal Compliance Committees for recommendations

UM DELEGATION OVERSIGHT AUDITS

Oversight for L.A. Care Health Planõs directly c
Delegation Oversight Plan as approved by the UM Committee. Wherever possible these audits may be done
conjunction with other L.A. Care Health Plan departments to improve efficiencies and decrease duplication.
The primary objective of the oversight audit is
Management Department policies and procedures, standards of care, Local, State, and National regulatory requirements, and provisions of the purchaser contracts (e.g. SDHS, MRMIB, CHP). The oversight audit consists of document review and staff interviews to verify that policies/procedures/processes have b implemented and are being applied and complied with. This may include, but not be limited to, audits of case files and medical records. The oversight audits are conducted to ensure compliance with the following requirements:

- Annual approved Utilization Management Program, Work Plan, and Evaluation
- UM Policies/Procedures/Processes
- UM Delegation Oversight
- UM Case Management
- UM Care Coordination for in and out of network referrals/hospitals
- UM Care Coordination for Linked and Carved Out Services

SUPPLEMENTAL AUDITS

Previously termed focused audits, Supplemental audit topics may be identified by the Utilization Management Committee, CMO, Medical Director, and/or as a result of assessment of new legislative implementation requirements or indicated as a consequence of findings from internal (e.g., performed by L.A. Care) or external (e.g. State or Federal) oversight/audit activity. The purpose of a supplemental audit is to capture more specific/detailed information that may not be captured through Encounter Data, Supplemental Reports or the annual oversight audit. The goal of the supplem
Utilization Management department policies and procedures, standards of care, regulatory requirements, and provisions of purchaserõs contracts with a speci
review, file review and/or medical record review and staff interviews. Supplemental audits may be used to capture more specific or detailed information and/or to follow-up on identified deficiencies or areas of concern.

A sampling methodology, used to select member records, ensures a representative sample from th delegated entity for the supplemental audit.

Supplemental audit tools are scored according to the methodology approved by the UM Committee.

The supplemental audit may address any Utilization Management and coordination of care categor
as identified by L.A. Care Health Plan in ou

CONTINUOUS MONITORING ACTIVITIES

Continuous Monitoring Activities are used to further supplement the basic oversight activities of annual/focused audits and supplemental report submission review in order to provide more comprehensive and timely oversight in selected areas where episodic audit/review have not been adequate in ensuring compliance to regulations. A sampling methodology appropriate to each continuous monitoring activity is defined to ensure representative sampling, and approved by the UM Committee. Examples of continuous monitoring may include, but are not limited to:

- Referral Management Review
- Case Coordination Review for in and out of network referrals and hospitals
- Care Coordination for Linked and Carved Out Services Delegation Oversight Review

BENEFITS

The State of California, Department of Health Care Services (DHCS) mandates benefits for Medi-Cal Members.

The Managed Risk Medical Insurance Board (MRMIB) mandates benefits for members.

The contract with CHP mandates benefits for the Healthy Families Line of Business under MRMIB. Healthy Kids benefits are developed by First 5 L.A and L.A. Care and are similar to the Healthy Families benefits.

Member Handbooks for Medi-Cal, Healthy Families, and Healthy Kids are maintained by the Product Management and are provided annually to each member. The Benefits Section of the handbook describe in detail the covered and non-covered services, procedures, and medical equipment for the line of business.

Transition to Other Care When Benefits End

L.A. Care assists with, and/or ensures that pra
necessary, when benefits end.

NEW MEDICAL TECHNOLOGY

L.A. Care evaluates the inclusion of new technologies and new applications of existing technologies in the benefit plans. The Pharmacy and Therapeutics Committee is responsible for evaluating and recommendin coverage status for a new technology to the UM Committee and to the Quality Oversight Committee. This includes evaluation of medical and behavioral health procedures, pharmaceuticals, and devices.

Members and providers may ask L.A. Care to review new technology. To request a new technology review or new use of an existing technology, the PPG may contact the UM Medical Director or UM Director at (877) 431-2273.

RESPONSIBILITY OF PARTICIPATING PROVIDERS

PPGs are responsible for primary (basic) medical case management, coordinating health care services, referral management and authorization of services for which the PPG and its Clinics have responsibility, for members enrolled with their primary care physicians.

The PPG is responsible for notifying and obtaining authorization for all services which L.A. Care has financial responsibility. Please refer to the contract Delegation of Authority (DOFA) for PPGs may have delegation for extended UM activities which the PPG to review and coordinate services that a L.A. Careõs financial responsibility. Please review your

The PPG agrees and is required to:

- Make available to L.A. Care any requested data, documents and reports.
- Allow site visits, periodic attendance at UM meetings, evaluation and audits by L.A. Care or other agencies authorized by L.A. Care to conduct evaluations.
- Have representation and involvement in the activities L.A. Care scheduled to enhance and/or improve the quality of health care services provided to our members.

AFTER HOURS AUTHORIZATION

PPGs must have a system in place for members to contact their Primary Care Physicians (PCP) or PPG 24 hours, 7 days a week).This includes contacting the delegated UM Staff or physician covering for the PCP or PPG for hospital notifications.

How to Communicate with UM Staff and instructions for triaging inbound calls specific to UM cases/issues

L.A. Care Health Plan provides access to staff for members and practitioners seeking information regarding the Utilization Management process and the authorization of care.

- UM staff is available during normal business hours Monday through Friday, 8:00 a.m. ð5:00 p.m. After hours staff is available for urgent requests and assistance to members and practitioners.
- Members and practitioners may use the toll-free number to communicate with UM staff. The toll free number is (877) 432-2273.
- Collect calls regarding UM issues are accepted.

Additional instructions on how to obtain authorizations and communicate with UM staff are listed below.

UM REFERRAL MANAGEMENT REVIEW PROCESSES

Services Exempt from (Not Requiring) Prior Authorization (Preservice Review)

- PPGs must provide, arrange for, or otherwise facilitate the following services, including appropriate coverage of costs without prior authorization as described in corresponding policies and procedures.
- Emergency services (medical screening and stabilization) where a prudent layperson, acting reasonably, would have believed that an emergency medical condition existed and when an authorized representative, acting for L.A. Care, has authorized the provision of emergency services.
- Preventive health services for all ages including immunizations.
- Family Planning Services including outpatient abortions through any family planning provider.
- Basic in-network prenatal care, including OB/GYN in-network referrals and consults.
- Sensitive and confidential services and treatment (including but not limited to services relating to sexual assault, pregnancy and pregnancy related services, family planning, abortion/pregnancy termination, sexually transmitted diseases, drug and alcohol abuse, HIV testing and treatment, and outpatient mental health counseling and treatment).

- Sexually Transmitted Disease (STD) treatment services both in and out of network including follow-up care.
- Confidential HIV counseling and testing services both in network and through out-of-network local health departments and family planning providers.

SERVICES REQUIRING PRIOR AUTHORIZATION

The delegation of certain UM activities affords flexibility for the PPG to establish internal prior authorization requirements. These requirements must be reviewed and approved by L.A. Care through the delegation process.

There are services for which the PPG must submit a request/referral to L.A. Care for prior authorization, or notification concurrently with or retrospective of the services for authorization by L.A. Care. All authorization requests submitted to L.A. Care will be responded to within the defined timeframes as follows:

- Routine (5 working days from receipt of the information
- Expedited (72 hours from the receipt of the request for service

Unless defined in the most recent L.A. Care PPG Auto Approval Listing, the listed below, and any future updates dependent on delegation and DOFR, must first be authorized by L.A. Care

- Certain pharmaceuticals (the pharmacy prior-authorization process can be found in the Pharmacy Manual)
- Durable Medical Equipment (DME)
- Home Health Services
- Hospice
- Hospital admission (non-emergent/urgent)
- Medical Supplies (not provided in physician's offices)
- Most elective surgical and invasive diagnostic procedures (inpatient or outpatient facility component)
- Orthotics & Prosthetics
- Physical/Occupational & Speech therapies (see DOFR)
- Rehabilitation services
- Transplant evaluation

Referral Management Processes are:

- Pre-Service Review (also called Prior Authorization or Certification)
- Concurrent Review
- Post Service Review (service provided but no claim has been submitted)
- Retrospective Review
- Second Opinion Review
- Reconsideration Review
- Independent Medical Review

NOTE: Referral requests submitted as expedited/urgent must meet the regulatory definition for urgent care. The Health and Safety code defines urgent services as:

Expedited (urgent) request means any request for medical care or treatment with respect to which the application of the time periods for making non urgent care determinations:

- Could seriously jeopardize the life or heal

maximum function, based on a prudent layperson's judgment, or

- In the opinion of a practitioner with knowledge of the members medical condition, would subject the member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the request.

Referrals submitted as such will be reviewed by L.A. Care clinical staff to ensure the service requested meets the definition. Referrals that DO NOT met the definition will be modified to the appropriate determination status, i.e. routine, and processed accordingly. The requestor will receive notification of the modification and given an opportunity to submit a reconsideration of the determination.

COORDINATION OF MEDICALLY NECESSARY SERVICES

The PCP is responsible for providing members with routine medical care and is the medical case manager within each managed care system. Referrals are made when services are beyond the PCP's scope of practice, or when members are unresponsive to treatments, develop complications, or specialty services are needed. The PCP is responsible for making referrals and coordinating all medically necessary services required by the member. Pertinent summaries of the member's care should be provided to the PCP. Authorization flow charts are provided at the end of this section.

Outpatient Referrals and Specialty Referral Tracking

If the PCP determines that a member requires specialty services or examinations outside of the standard primary care, the provider must request for these services to be performed by appropriate contracted providers. The provider must ensure the following steps in coordinating such referrals:

- Submit a referral request to the PPG or the designated hospital physician to obtain authorization for those services.
- The PPG will process the request or contact the L.A. Care UM department to obtain authorization for the facility component of services needed, as appropriate.
- After obtaining the authorization(s),
  - The PCP/PPG is responsible for notifying and referring the member to the appropriate specialist or facility.
  - The PCP, office staff, or member may arrange the referral appointment.
  - Note the referral in the member's medical paperwork.
  - Discuss the case with the member and the referral provider.
  - Receive reports and feedback from the referral provider regarding the consultation and treatment. (A written report must be sent to the PCP by the referral provider, or facility the member was referred to.)
  - Discuss the results of the referral, any plan for further treatment, and care coordination with the member, if needed.

Referrals should be tracked by the PCP's office staff through a tickler file, log or computerized tracking system. The log or tracking mechanism should note, at a minimum, the following for each referral:

- Member name and identification number
- Diagnosis
- Date of authorization request
- Date of authorization
- Date of appointment
- Date consult report received

Receipt of Specialistõs Report
The PCP must ensure timely receipt of the specia
consultations or procedures should be i(2) weeks. If mem
the PCP has not received the specialistõs report
specialist to obtain the report. For urgent and emergent cases, the specialist should initiate a telephone repor
the PCP as soon as possible, and a written report should be received within two (2) weeks.

Member Eligibility Verification
Member eligibility and covered benefits should be verified prior to UM decisions

Minimum Clinical Information for Review of UM Requests for Authorization
Requests for services are reviewed in accordance
When making a determination of coverage based on medical necessity, relevant information is obtained
and consultation with the treating practitioner occurs as necessary. Clinical information to be obtained for a
coverage decision includes that which is reasonably necessary to apply relevant UM Criteria, including at lea

- presenting problem
- clinical exam findings
- diagnostic testing results, as appropriate

Timeliness Standards
Timeliness standards for decisions and notification of UM decisions are described for each line of business in
the most current UM policies and procedures. A copy of the LA Care Timeliness Matrix is included in
Attachment. Please contact LA Care for the most recent version of the matrix.

Utilization Management Criteria
Approved UM Criteria are utilized for modifying, deferring, or denying requested services. PPGs are required
to utilize evidence based criteria when making UM determinations.

L.A. Care requires that PPG UM Criteria be:

- Evidence based
- Reviewed or developed, and adopted, with involvement from actively practicing health care providers.
- Consistent with sound clinical principles and processes.
- Evaluated at least annually and updated as necessary.

L.A. Care adopts and maintains approved UM Criteria. The current approved UM criteria are:

- DHCS Medi-Cal UM Criteria as available and updated on Department of Health Care Services (DHCS) Web Site (Medi-Cal only)
- Milliman Care Guidelines Internet Version and Manuals
- Apollo Criteria
- Uptodate.com
- Hayes, Inc.

Other Utilization Management Committee Approved Criteria
Definition of Medical Necessity (Product Line specific when the above criteria do not apply to a specific reque
for a UM decision) Medically Necessary or Medical Necessity means those reasonable and necessary
services, procedures, treatments, supplies, devices, equipment, facilities, or drugs that a medical practitioner
exercising prudent clinical judgment, would provide to a member for the purpose of preventing, evaluating,
diagnosing, or treating an illness, injury, or disease or its symptoms to protect life, to prevent significant illnes
or significant disability, or to alleviate severe pain that are:

- Consistent with nationally accepted standards of medical practice:
- ò Generally accepted standards of medical pra
scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, national physician specialty society recommendations, and the views of medical practitioners practicing in relevant clinical areas and any other relevant factors.
- For drugs, this also includes relevant finding of government agencies, medical associations, nation commissions, peer reviewed journals and authoritative compendia consulted in pharmaceutical determinations.
- For purposes of covered services for Medi-Cal members, the term "medically necessary" will include all Covered Services that are reasonable and necessary to protect life, prevent illness or significant disability, or to alleviate severe pain through the diagnosis or treatment of disease, illnes or injury and
- When determining the medical necessity of Covered Services for a Medi-Cal beneficiary under the age of 21, "medical necessity" is expanded to include the requirements applicable to Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) Services and EPSDT Supplemental Servi and EPSDT Supplemental Services as defined in Title 22, 51340 and 51340.1.

PPGs may choose to review or adopt specific evidence based UM criteria to be used for decision makin L.A. Care reserves the right to review the PPGs criteria on an annual basis to ensure that PPGs are usi evidence based criteria and the most current available versions of the evidence based criteria. For appeals of denial/modification determinations made by the PPG, L.A. Care will review the appeal using the most appropriate evidence based UM Criteria from L.A. Care list of UM Criteria as applicable to the appeal.

Application of UM Criteria
UM criteria are used to determine medical necessity in the referral management Treatment Authorizatio Request (TAR) review process.
PPGs are required to ensure that UM criteria be applied in a consistent and appropriate manner by physician and non-physician UM staff based on available medical information and the needs of individual Members.

Assessment of Consistency of UM Decisions
At least annually, PPGs are required to ensure the consistency and appropriateness with which health care professionals involved in utilization review apply criteria in decision making is evaluated and reported Opportunities to improve consistency in the application of criteria are acted upon, as appropriate

Access to and Disclosure of UM Criteria and UM Policies/Procedures and Processes
UM criteria and UM procedures and processes are available to L.A. Care practitioners, providers, membe and their representatives, and the public upon request. To obtain a copy of L.A. Care UM criteria, UM policies/procedure and UM processes, practitioners, providers, members and their representatives, and th public may contact the L.A. Care Member Services Department at 1-888-839-9909 or the L.A. Care UM Department at 1-877-431-2273 and ask to speak with the UM Director or UM Manager to make the request.

PPGs shall make information available so that practitioners, providers, members, member representatives, and the public know how UM criteria, UM policies/procedures and UM Processes.

Requests for Authorization (Referrals) to L.A. Care UM Department

Requests for Authorization (Referrals) may be submitted on paper, by phone, or electronically. All reque must be submitted on a L.A. Care Referral Form. Requests include the following information:

- Requesting provider
- Patientõs name, date of birth, address, phon
- Confirmation of current L.A. Care eligibility
- Patientõs diagnosis and medical history supp
- Supportive medical records needed to make a determination
- Appropriate coding (using current CPT4, ICD9 procedure, and/or HCPCS codes), identification of services requested
- Identification of requested provider of service, including name, type of provider, location and providerõs phone number

Notification Process for UM Decisions

Notifications of UM decisions are made in accordance with all current regulatory requirements as described each line of business in the most current UM Policies and Procedures. PPGs are required to notify memb and providers of UM determinations.

For PPGs delegated to perform UM functions, the PPG is responsible for member and provider notification Members and providers should be notified of determinations to approve services by phone and a copy of t authorization mailed within two (2) business days of the determination.

For services that are the financially responsibility of L.A. Care, the PPG will route the request to L.A. Careõs UM Department for review. For appr Department and the PPG UM Department is responsible for notifying the member. For medication, deferral or denial of services, the L.A. Care UM Department will notify the PPG UM Department and the member.

L.A. Care Deductible Process for PPGs

Should a PPG authorize a service that is L.A. Careõs financial resp will honor the authorization request and pay the claim, but as defined in the PPG Service Agreement, services are subject to capitation or a PPG capitation (See PPG contract Section 12.2 Et. L.A. Care will notify the PPG and L.A. Careõs Provider Network Oper made that a service is eligible for a PPG deduct.

Rescission or Modification of an Authorization after a Service has been provided is not allowed:

PPG shall not rescind or modify an authorization after the provider renders the health care service in good faith for any reason, including, but not limited to, subsequent rescissions, cancellations or modification member's contract or when the PPG did not make an accurate determination of the member's eligibility.

Delay, Denial, Modification, and Termination Determinations/Notice of Action Letters

PPGs are required to utilize the most recent version of the UM Notice of Action Letters (NOA) specific to the product line. Copies of the letters are provided to the PPGs or may be obtained by contacting the L.A. C UM Department.

PPGs wishing to utilize a non-L.A. Care Notice of Action must have the letters approved by the L.A. Care UM Department prior to implementation.

Reference to Basis of UM Determination

The following are included in a UM Notice of Action Letter:

- Clear documentation and communication of the reasons for the determination so that Members and Practitioners receive sufficient information in easily understandable language to be able to understand the decision and decide whether to appeal the decision.
- A reference to the UM Criteria, citation (when applicable) or benefit provision, on which the decision is based.
- Information about how the member, upon request, can obtain a copy of the actual UM Criteria or benefit provision on which the decision was based.

Contacting the Peer Reviewer (Reconsideration)

All UM Notice of Action correspondences sent to the Requesting Practitioner shall include a name and phone number for contacting the Peer Reviewer in order to allow the requesting practitioner the opportunity to discuss issues or concerns regarding the decision.

A requesting practitioner may call L.A. Care to discuss a denial, deferral, modification, or termination decision with the physician (or peer) reviewer, or may write to supply additional information for the physician (or peer) reviewer.

To file a reconsideration of a UM determination, it must be filed by the requesting practitioner within 24 hours of the notice of action.

For L.A. Care denials/modifications if a requesting practitioner would like to discuss this decision with the physician (or peer) reviewer, please call L.A. Care's UM Department at 1-877-431-2273.

- L.A. Care's UM Department responds to reconsideration requests within 30 days of receipt of the requesting practitioner telephone call or written request.

- If the physician (or peer) reviewer reverses the original UM determination based on the discussion with, or additional information provided by the requesting practitioner, the case will be closed.

- If reconsideration does not resolve a difference of opinion, and the previous UM determination remains or a modification results, or if the requesting practitioner does not request reconsideration, the requesting practitioner may submit a request for review through the appropriate practitioner dispute processes or may appeal on behalf of the member, if appropriate.

Practitioner Appeal Processes – How to Dispute an Adverse Determination Process for Filing a Formal Appeal

If a requesting practitioner believes that the determination is not correct, he/she has the right to appeal the decision on behalf of the member by filing a grievance with L.A. Care Health Plan. The requesting practitioner should submit a copy of the notification of his/her concern with any other relevant information to the address below:

L.A. Care Health Plan
Attn: Appeals and Grievance Unit
P.O. Box 811610
Los Angeles, CA 90081
1-888-839-9909
FAX 1-213-438-5748

Pre-service Review (Prior Authorization)

Pre-service Review or Prior Authorization, the formal process requiring a health care provider to obtain advance approval for coverage of specific services or procedures, allows for benefit determination, determination of medical necessity and clinical appropriateness, level of care assessment, assignment of the length of stay for inpatient admissions, appropriate facility placement prior to the delivery of service, and identification of the intensity of case management that may be needed for optimal patient outcomes.

- 24 hour Access to Pre-service Review (Prior Authorization)
  A Physician with an active unrestricted California license is available 24 hours a day to review requests for post-stabilization care and to coordinate the transfer of stabilized Members in an emergency department, if necessary.

- Services Requiring Pre-service Review (Prior Authorization)
  L.A. Care develops, reviews, and approves at least annually, lists of auto pay and auto authorization. Any procedure, treatment, or service not on these lists requires prior authorization. L.A. Care communicates to all contracted health care practitioners the procedures, treatments, and services that require prior authorization and the process and timeframes necessary to obtain such prior authorization.

- Prior Authorization Specialty Referral Tracking Systems
  PPGs are required to maintain a system to track and monitor specialty referrals requiring prior authorization. The system tracks the decision (authorization, denial, deferral, modification, and termination) and the timeliness of the decision. L.A. Care ensures that all contracting health care practitioners are aware of the referral processes and tracking procedures.

- UM Services Types include:
  - Pre-service Urgent are expedited authorizations in which the provider indicates or determines that following the standard timeframe could jeopardize the member's life or health maximum function. These determinations are made as expeditiously as the member's health condition requires after receipt of the request for the service, but no later than 72 hours after receipt of the request for the service
    - NOTE: service types identified by the PPG Staff as Pre-Service Urgent may be reviewed for appropriateness by the L.A. Care UM Medical Director. Request determined by the Medical Director to not meet the definition of urgent, PPG will be contacted that the requested service will be revised to reflect a routine request. Providers who disagree with the revision may contact L.A. Care at (877) 233-2731
  - Pre-service Routine are standard request for services not otherwise exempt or expedited.
  - Concurrent review of authorization is for treatment regimen already in place: reviewed within five working days or less, consistent with urgency of the member's medical condition
    - NOTE: This does not include inpatient concurrent review services, any inpatient concurrent review service must be responded to within 24 hours of the request
  - Post Service: service has occurred without prior authorization; determination within 30 calendar days of the request
  - Retrospective: service has occurred without prior authorization; and request

submitted with claim; determination within 30 calendar days of the request or the regulatory requirement for claims processing.

- UM determinations are made in accordance with the standard regulatory requirements for referral management and include:
  - Approved
  - Modified
  - Denial
  - Pended

Concurrent Review/In-patient Hospital Care

Concurrent Review is the assessment used to determine medical necessity or clinical appropriateness of services as the services are being rendered. Concurrent review is used for the assessment of the need for continued inpatient or ongoing ambulatory care. Concurrent review is generally conducted telephonically but may also occur on site.

Concurrent review includes but is not limited to:

- Verifying medical necessity
- Determining approximate length of stay
- Determining appropriate level or intensity of service and setting of care
- Ensuring access to ancillary care
- Determining and/or changing the level of case management when appropriate
- Initiating timely discharge planning activities

Unless defined in the L.A. Care/PPGs delegation agreement, PPGs are not delegated to perform concurrent review.

Hospital inpatient care may be planned (pre-authorized elective), urgent or emergency admissions. The PCP is responsible for obtaining required authorizations for elective inpatient care from the PPG. The PCP must notify the PPG of an emergency admission. Unless delegated for admissions and concurrent review, the PPG must notify L.A. Care of all inpatient admissions.

While a member is hospitalized, the PCP must:

- Coordinate, with the assistance of UM staff, care for members admitted to out of network facilities for emergency care or other reasons. After determination of the appropriateness of an emergency admission and a transfer assessment is made, the member be transferred to a network facility or care will be continuously monitored at the initial facility of admission until discharge or a transfer is appropriate.
- Respond to the concurrent review process, including level of care, length of stay and medical necessary elements when he/she acts as the attending physician or works in conjunction with the attending physician for a hospital stay.
- Assist with the discharge planning by ordering and requesting authorization for appropriate elements of discharge.

Inpatient Concurrent Review

Inpatient concurrent review is usually a coordinated effort between L.A. Care and the PPG. Once notified, L.A. Care will perform the following reviews with the hospital staff:

- Inpatient concurrent review will begin within one (1) day of notification of the admission and include an assessment of the appropriateness of the level of acute care by using accepted criteria.
- Concurrent review will be conducted periodically on or before dates assigned at the end of the initial review and each subsequent review. For the applicable timeframes, see the most recent version of the UM Timeliness Decision Matrix.
- Concurrent review includes an evaluation of the following:
  - Appropriateness of acute admission
  - Plan of treatment
  - Level of care
  - Intensity of services/treatment
  - Severity of illness
  - Quality of care
  - Discharge planning

- These reviews will be conducted utilizing accepted guidelines for acute care, such as intensity of service and severity of illness criteria, Milliman Guidelines, or other guidelines and criteria developed and/or approved by L.A. Care.
- PPGs may perform the management of hospital admissions by way of a hospitalist program or retain the services of a hospitalist. At all times, the hospitalist will facilitate care with L.A. Care UM staff or its delegate.
- Concurrent quality issues noted during utilization review will be documented and reported to the PPG, L.A. Care Director of Quality Improvement and UM Medical Director department. When appropriate, quality issues will be discussed with the attending physician by the UM medical staff for appropriate intervention. Depending on the urgency or gravity of the situation, discussion of these issues may also be necessary with Senior Executive Administration.
- Utilization review concurrent focus will be proactive, and UM/Case Management levels of focus will be employed as appropriate.
- L.A. Care will coordinate continued monitoring and management of concurrent reviews. Whenever possible, L.A. Care-contracted hospitals transfer to or hospitals where the PPG does not have hospital services in-network hospital.
- Admissions to non-contracted hospitals (IHF/HK only) – hospitals are reimbursed based on the most recent contracting methodology and required at time of agreement. PPG must notify LA Care UM Department immediately to initiate the MOU process.
- Admissions to non-contracted hospitals (MCLA only) – hospitals are reimbursed based on the most recent DHCS contract methodology Rate Methodology to reimburse non-participating hospitals with MCLA contracts which requires determination of member stability from transition to an in-network hospital:
  - Emergency Rate – member is not stable for transition to a lower level of care or to an in-network facility
  - Post-Stabilization – member is stable for transition to a lower level of care or to an in-network facility

Discharge Planning

- L.A. Care's UM staff will begin discharge p facilitate the involvement of a multidisciplinary team of physicians, nursing, social work, and others as appropriate.

- Patient and family intervention will occur, as appropriate, throughout the stay to assure discharge plans are in place and appropriate for each member. Discharge plans will consider the disease process, treatment requirements, the family situation, available benefits and community resources.
- Average length-of-stay guidelines will be used for discharge planning purposes. Discharge screens, lower level of care guidelines, or clinical decision made by the physician are to be used for the final discharge date plan.
- Questionable continued stay plans are to be discussed with the attending physician and then reviewed by L.A. Careõs physician reviewer.
- For SPD member, PPGs delegated for concurrent review must maintain a provision for discharge planning when a SPD member is admitted to a hospital or institution and continuation into the post discharge period. Discharge planning shall include ensuring that necessary care, services, and supports are in place in the community for the SPD member once they are discharged from a hospital or institution, including scheduling an outpatient appointment and/or conducting follow-up with the patient and/or caregiver. Minimum criteria for a discharge planning checklist must include:
  - Documentation of pre-admission status, including living arrangements, physical and mental function, social support, durable medical equipment and other services received
  - Document of pre-discharge factors, including an understanding of medical condition by the member or a member representative of the SPD member as applicable, physical and mental function, financial resources, and social supports
  - Services needed after discharge, type of placement preferred by the SPD member/representative of the member/representative, specific agency/home recommended by the hospital, specific agency/home agreed to by the SPD member/representative and pre-discharge counseling recommended
  - Summary of the nature and outcome of the SPD member/representative involvement in the discharge planning process, anticipated problems in implementing post-discharge plans, and further action contemplated by the hospital/institution.

Emergency Notification of Admission

All elective and emergency inpatient admissions must be brought to the attention of L.A. Careõs UM department within 24 hours of the admission. These notifications may occur by calling in or faxing the patientõs admission face sheet to the following:

1-877-452-CARE (1-877-452-2273)
Fax: 213-438-5777

Maternity Length of Stay

L.A. Care and/or PPGs shall have procedures in place that require members who deliver vaginally or by caesarean section to be provided appropriate maternity benefits as required by the Newborn and Mothers Health Act of 1997. Prior authorization is not required for these benefits as follows:

- Post partum stay of 48 hours following normal vaginal delivery
- Post partum stay of 96 hours following caesarean section delivery

Decisions to discharge mothers/newborns earlier than 48 or 96 hours post delivery are to be made by the treating physician in consultation with the mother with appropriate documentation for discharge plans in the member's medical record.

When the mother/newborn are discharged prior to 48 hours for vaginal delivery/96 hours for cesarean section delivery, L.A. Care and/or PPGs shall cover a post discharge follow-up visit when agreed to by the

mother and ordered by the treating physician. A post discharge follow up visit must occur within 48 hours of discharge or 96 hours post cesarean section when prescribed by the delivering physician.

The treating physician, in consultation with the mother, shall determine whether the visit will occur at home by a home health nurse or whether the member shall see the physician in the physician's office.

The visit shall be provided by a licensed health care provider whose scope of practice includes postpartu care and newborn care. The visit shall include parent education, assistance and training in breast or bott feeding, and the performance of any necessary maternal or neonatal physician assessment.

L.A. Care's PCPs and OB/GYN providers are expected to provide written notification of maternity benefits to members during prenatal care.

L.A. Care shall provide written notification of these maternity benefits to members through the EOC.

Post Service

Post Service (Retrospective Review) is the assessment of the appropriateness of medical services after services have been provided. Post Service Review is conducted when there has been no notification or request for review prior to services being rendered. Decisions are based on medical necessity and appropriateness of care using UM Criteria and th

Post Service Review includes but is not limited to:

- Reviewing for medical necessity and clinical appropriateness of services in those instances wh authorization was not obtained. These services are usually related to the urgency of the care provided.
- Reviewing for eligibility and benefit coverage.

Retrospective Review

Retrospective Review is the assessment of the appropriateness of medical services related to a provider/faci claim. Retrospective Review is conducted in collaboration with the Claims Department and subject to the review timelines associated with the Claims Department. Decisions are based on medical necessity and appropriateness of care using UM Criteria and th

Retrospective Review includes but is not limited to:

- Reviewing for medical necessity and clinical appropriateness of services in those instances wh authorization was not obtained.
- Reviewing with IPPGs to verify provider had not contracted the service, staff providers or L.A. Care Member Services
- Reviewing for eligibility and benefit coverage at the time of service.

SECOND OPINION PROCESS

The second opinion program provides members and providers with the ability to validate the need for speci procedures. The use of screening criteria will be employed in addition to securing a second physician cons when necessary. Second opinions will be rendered by an appropriately qualified health care professi identified as a primary care physician or a specialist who is acting within his or her scope of practice, and who possesses clinical background, including training and expertise, related to the particular illness, disease, con or conditions associated with the request for a second opinion.

PPGs shall maintain policies to ensure second opinion request will be processed in accordance with the s
regulatory requirements. PPGs requiring assistance in locating a specialist for assistance in processing re
for second opinions may contact the L.A. Care UM Department.

STANDING REFERRAL PROCESS

PPGs must maintain a process for a Member with a condition or disease that requires specialized medical
over a prolonged period of time and is life-threatening, degenerative, or disabling to receive referral to a
specialist or specialty care center that has expertise in treating the condition or disease for the purpose of ha
the specialist coordinated the Memberõs health c
A standing referral is a referral made by the PCP for more than one (1) visit to a specialist or specialty care
center as indicated in an approved treatment plan for a particular diagnosis. A member may request a stan
referral to a specialist through his/her PCP or through a participating specialist. The standing referral request
will be made in collaboration with the PCP, the treating specialist and the L.A. Care Medical Director or th
delegate. If a treatment plan is necessary in the course of care and is approved by L.A. Care, in consulta
with the PCP, specialist and member, a referral shall be made in accordance with the treatment plan. A
treatment plan may be deemed unnecessary if L.A. Care approves a current standing referral to a specialist
treatment plan may limit the number of visits to the specialist, limit the period of time that the visits are
authorized, or require that the specialist provide the PCP With regular reports on the health care provided to the
member.

Standing referrals do not require a Member to see a specific specialty care provider
center that, is not employed by our under contract with L.A. Care or the delegate to provide health care Serv
to members unless there is not specialist within the network that is appropriate to provide treatment t
Members as determined by the PCP in collaboration with the L.A. Care Medical Director or their designee,
documented in the treatment plan.

L.A. Care Health Plan maintains a referral management process and also delegates the referral manage
process to delegated entities.

PPGs shall maintain policies and procedures for the referral management that include review of stand
referrals for members who require specialty care or treatment for a medical condition or disease that is
threatening, degenerative, or disabling.

Authorization and Referral Processes

Authorization determinations for specialty referral/services shall be processed in accordance with
L.A. Care's and/or its delegated entities policies and procedures for referral management and within requi
time frames for standing referrals as described in this procedure.

Services shall be authorized as medically necessary for proposed treatment that is part of the member's
care treatment plan utilizing established criteria and consistent with benefit coverage.

Once a determination is made, the referral shall be made to the Specialist within four (4) business days of
date the proposed treatment plan, if any, is submitted to the physician reviewer.

The duration of a standing referral authorization shall not exceed one year at a time, but may be renewed
periods up to one year if medically appropriate.

Credentialing Requirements

The specialist provider/special care center shall be credentialed by and contracted with L.A. Care or i
delegated entities' network to provide the needed services.

If standing referrals are made to providers who are not contracted with L.A. Care or its delegated entiti network, L.A. Care and/or its delegated entities shall make arrangements with that provider for credentiali prior to service, appropriate care coordination, and timely and appropriate reimbursement.

In approving a standing referral to a network or out-of-network, L.A. Care and PPGs delegated for UM will take into account the ability of the member to travel to the provider. PPGs can request assistance from L.A. Care for locating a specialist (See Specialty Care Liaison Program Procedure).

HIV/AIDS Referrals
When authorizing a standing referral to a specialist for the purpose of the diagnosis or treatment of a condit requiring care by a physician with a specialized knowledge of HIV medicine, PPGs shall refer the member to an HIV/AIDS specialist.

When authorizing a standing referral to a specialist for purposes of having that specialist coordinate t member's health care IDSH PPGs shall refer the member to an HIV/AIDS specialist. The HIV/AIDS specialist may utilize the services of a nurse practitioner or physician if:

- the nurse practitioner or physician assistant is under the supervision of an HIV/AIDS specialist; and
- the nurse practitioner or physician meets the qualifications specified in the state regulations; and
- the nurse practitioner or physician assistant the capacity to see an additional patient

Care Coordination
The PCP shall retain responsibility for basic case management/coordination of care unless a specific arrangement is made to transfer care to the specialist for a specified period of time, in accordance with the PPGs contract with L.A. Care.

Requests for standing referrals will be processed in accordance with the state regulatory requirements

MISSED OR BROKEN APPOINTMENTS
Appointments may be missed due to member cancellation or no show. Providers are required to attempt to contact the member a minimum of three times when an appointment is missed or broken. Attempts to contact must include:

First Attempt: Phone call to member (or written letter if no telephone). If member does not respond, then;
Second Attempt: Phone call to member (or written letter if no telephone). If member does not respond then;
Third Attempt: Written letter.

Pregnant member with two or more missed/broken appointments must be referred to the L.A. Care UM Care Manager for follow-up after the broken appointment procedure is completed without response from the member.

Documentation must be noted in the member's medi reschedule dates, and attempts to contact.

Missed and Broken Procedure or Laboratory Test

Appointments for procedures or tests may be missed or broken. The provider must contact the member by phone or letter to reschedule. Documentation must be noted in the medical record regarding any missed or broken procedure or tests, reschedule dates, and any attempts to contact the member.

Unusual Specialty Services

L.A. Care and its PPGs/PCP must arrange for the provision of seldom used or unusual specialty services fr specialists outside the network if unavailable within network, when determined Medically Necessary.

Services Received in an Alternative Care Setting

The PCP should receive a report with findings, recommended treatment and results of the treatment f services performed outside of the PCPs office. The provider must also receive emergency department rep and hospital discharge summaries and other information documenting services provided.

Home health care agencies submit treatment plans to the PCP after an authorized evaluation visit and ever days afterward for review of continued home care and authorization.

The PCP should also receive reports regarding diagnostic or imaging services with abnormal findings or evaluations and subsequent action.

TUBERCULOSIS TREATMENT SERVICES PROVIDED BY PRIMARY CARE PROVIDER

PPGs shall have established programs for ensuring that basic care for tuberculosis is provided to member the primary care provider level through basic case management services.

PPGs shall ensure that primary care providers provide TB care and treatment in compliance with the guidelines recommended by American Thoracic Society and the Centers for Disease Control and Prevention to include not limited to:

- TB screening
- TB diagnosis
- TB treatment
- TB follow-up

PPGS shall ensure that primary care providers coordinate with Local Health Departments in the referral of members requiring Tuberculosis Direct Observed Therapy, a linked and carved out service available through Local Health Departments. (See : L.A. Care Health Plan UM Procedure 17046 Tuberculosis, Directly Observed Therapy (DOT)

CERVICAL CANCER SCREENING

PPGs shall have procedures to provide for Cervical Cancer Screening, a covered preventive health benefi L.A. Care Health Plan members.

The coverage for an annual Cervical Cancer Screening test shall include the conventional Pap test, a human papillomavirus (HPV) screening test that is approved by the federal Food and Drug Administration, and th option of any Cervical Cancer Screening test approved by the federal Food and Drug Administration, upon the referral of the memberõs health care provider (P midwife, providing care to the member and operating within the scope of practice otherwise permitted for th licensee).

PPGs shall ensure that routine referral processes are followed when the member, in addition to the conventional Pap test, requests a human papillomavirus (HPV) screening test that is approved by the feder

Food and Drug Administration, and the option for any Cervical Cancer Screening test approved by the federal Food and Drug Administration.

CASE MANAGEMENT

Case Management services and how to refer patients. Case Management is a program for assisting members with complex care needs, often due to conditions from chronic conditions such as diabetes, heart conditions, or a combination of such illnesses.

These needs include help with navigating the health care system, identifying and engaging communi resources, benefit management, or transitions to/from levels of care.

For more information about case management, or to make a referral, call the L.A. Care UM Department at 877-431-2273 and ask to speak with a Case Manager. Referrals for case management or care coordination may be faxed to (213) 438-5034. A copy of the referral form can be found at Attachment XX

Case Management is a collaborative process of managing the provision of healthcare services to enrollees with selected conditions, (e.g., chronic, catastrophic, high cost cases, etc.). The goal is to coordinate the care to promote both quality and continuity of care.

Case management is divided into three components:

- Basic medical case management
- Comprehensive and complex Case Management
- Targeted Case Management (Medi-Cal only) (See Section Targeted Case Management)

In day-to-day operations, these three components work closely together to provide members with continuous coordinated, quality healthcare. L.A. Care Health Plan recognizes the importance of continuous and coordinated health care as a key element to achieving high quality, cost effective care.

Basic Medical Case Management Services means services provided by a Primary Care Provider to ensure the coordination of Medically Necessary health care services, the provision of preventive services in accordance with established standards and periodicity schedules and the continuity of care for Medi-Cal enrollees. It includes health risk assessment, treatment planning, coordination and referral, follow-up, monitoring of appropriate services and resources required to meet an individual's health care needs.

The Primary Care Physician (PCP) has the principal role as the basic Medical Case Manager for his/h assigned members. The PCP conducts the Initial Health Assessment and provides all basic medical care/cas management to assigned members and coordinates referrals to specialists, ancillary services and linked serv as needed.

L.A. Care Health Plan also recognizes that some members have complex needs that require more than usual coordination of services and therefore provides the targeted or complex nursing case management i assistance to the PCP.

Comprehensive (Complex) Case Management

L.A. Care Health Plan retains the responsibility for case management and does not delegate targeted or comprehensive nursing case management to the PPGs.

Referrals to Case Management Members may be referred for complex case management (See Exhibit 4 - Case Management Referrals)

- Self/family/caregiver referrals
- PCP/attending physicians
- PPG
- Member Services representatives
- The CMO, Senior Medical Director, UM or QM Director upon review of utilization, quality or
- Other case information data (i.e. Disease Management Programs, Health Information Line, pharmacy claims, claims data, hospital discharge data.

Major Organ Transplants

Medi-Cal - Major Organ Transplants are Carved out (See Medi-Cal Linked and Carved out Services Section)

HFA And HK – Major Organ Transplants are not carved out

Major organ transplants are covered benefits as outlined in the member's EOC, including medically necessary organ transplants and bone marrow transplants which are not experimental or investigative in nature. Major organ transplant referrals are subject to L.A. Care's prior authorization process and the physician reviewer determination is based on the physician's review of medical necessity.

HOSPICE CARE SERVICES

Hospice Care Services are available to all L.A. Care members. Members and their families shall be fully informed of the availability of hospice care as a covered service and the methods by which they may elect to receive these services. For individuals who have elected hospice care, continuity of medical care shall be arranged, including maintaining established patient/provider relationships, to the greatest extent possible. L.A. Care and the PPGs shall cover the cost of all hospice care provided as defined by the EOC. L.A. Care is responsible for all medical care not related to the terminal conditions.

Members with a terminal condition covered by CCS must be clearly informed that election of hospice will terminate the child's eligibility for CCS services.

Inpatient Hospice Services *(Medi-Cal only)*
Medi-Cal members may be eligible for additional inpatient hospices services as described in MMCD All Plan Letter 05003 Hospice Service and Medi-Cal Managed Cares. For assistance in accessing this benefit, PPGs may contact the L.A. Care UM Department.

L.A. CARE APPEALS PROCESS

L.A. Care does not delegate the appeal process to PPGs. The PPG must ensure that a timely appeal process is operational and ensure the submission of appeals to L.A. Care. Requests for appeals received by the PPG must be routed to the LA Care Member Services Grievance and Appeals Unit within 24 hours of receipt at:

L.A. Care Health Plan
Attn: Appeals and Grievance Unity
P.O. Box 811610
Los Angeles, CA 90081
1-888-839-9909
FAX 1-213-438-5748

A member has the right to appeal directly to L.A. Care for all decisions to modify or deny a request for servic
A physician, acting as the memberõs representati

- If the groupõs result in denial, deferral, and/or modification with which the provider is still dissatisfied, the provider may request a formal appeal to L.A. Care for a higher level review.
- Members and providers may also deny a service request (this does not apply to the retrospective claims review/provider dispute resolution process). The appeal request is reviewed by a physician or physician consultant not involved in the prior determination.
- Member requested appeals may be initiated orally or in writing.
  Members (and Providers on behalf of Members) have the right to appeal an adverse utilization review determination.
- Members have the right to be represented by anyone they choose when they appeal an adverse determination, including an attorney, and have that representative act on their behalf at all levels of appeal. They can name a relative, friend, advocate, doctor, or someone else to act for them. Others m also be authorized under State law to act for them.
- L.A. Care has a full and fair process for resolving member disputes and responding to member reques to reconsider a decision they find unacceptable regarding their care and service. The process for filing an appeal is made available to the member in writing through the member handbook (evidence of coverage), the L.A. Care Web site, and to the provider through the provider manual, the L.A. Care We Site, and policies and procedures.
- Appeal Procedures provide for:
  - Allowance of at least 180 days for Healthy Families/Healthy Kids members and at least 90 days for Medi-Cal members after notification of the denial for the member to file an appeal.
  - Acknowledgement of the receipt of the appeal within five (5) calendar days (acknowledgement upon receipt by phone if expedited).
  - Documentation of the substance of the appeal and any actions taken.
  - Full investigation of the substance of the appeal, including any aspects of clinical care involved.
  - The opportunity for the member to submit written comments, documents or other information relating to the appeal.
  - An authorized representative to act on behalf of the member.
  - The appointment of a new person to review the appeal who was not involved in the initial determination and who is not the subordinate of any person involved in the initial determination.
  - The appointment of at least one person to review the appeal, who is a practitioner in the same o similar specialty that typically treats the medical condition, performs the procedure or provides the treatment.
  - Notification of the decision of the appeal to the member within 30 calendar days of receipt of the request or 72 hours if expedited.
  - Providing to the member upon request, access to and copies of all documents relevant to the member's appeal.
  - Notification to the member about further appeal rights.
  - Members who have disagreement with the appeal decision and wish to appeal further, have the right to contact and file a grievance with the Department of Managed Health Care (DMHC) or to request an Independent Medical Review (IMR).

Standard Review

- Upon receipt of a standard appeal, the UM Specialist will immediately investigate and inform the Chief Medical Officer/physician designee.
- An acknowledgment letter will be sent to the member or provider acting on behalf of the member

within five (5) business days. The letter will include information regarding the appeals process.

- The physician reviewer will review the standard appeal and determine if he/she is qualified to make a determination on the clinical issues presented in the case.
- If the physician reviewer determines he/she is qualified, he/she will make a resolution/disposition determination.
- If the physician reviewer determines he/she is not qualified, he/she will consult with another qualified professional prior to making a determination.
- The physician reviewer may also contact the provider requesting services to further discuss the member's clinical condition.
- A determination will be made within thirty (30) calendar days from receipt of the appeal and information necessary to make a determination.
- Written notification of determination will be sent within two (2) business days of the determination. The notification will include:
  - Final determination
  - A statement setting forth the specific medical and scientific reasons for the determination, and a description of alternative treatments, supplies, and/or services as appropriate
  - Reasons other than medical necessity (e.g., covered benefits, etc.) will include the statement of benefit structure
  - Instructions for appealing further to the Department of Managed Health Care (DMHC), to include DMHC's address and toll-free telephone number, as applicable
  - The phone number and extension of L.A. Care

Expedited Review

- A member or provider may request an expedited reconsideration of any decision to deny or modify a requested service if waiting thirty (30) calendar days for a standard appeal determination which may be detrimental to health, including but not limited to, severe pain, potential loss of life, limb or major bodily function. In the case of an expedited appeal, the decision to approve, or modify or deny requests by a provider prior to, or concurrent with, the provision of healthcare services to members, will be made in a timely manner that and not to exceed 72 hours of the information after the plan's r
- Upon receipt of an expedited request, the UM specialist will immediately investigate and inform the physician reviewer.
- The physician reviewer will review the expedited appeal request and determine if he/she is qualified to make a determination on the clinical issues of the case.
- If the physician reviewer determines he/she is not qualified, he/she will consult with another qualified professional prior to making a determination.
- A determination will be made within the established timeframe from receipt of the appeal and necessary information.
- Written appeal acknowledgement/determination notification will be sent to the member and provider within 72 hours after the plan's receipt of the plan to make the appeal determination. The notification will include:
  - The final determination
  - A statement setting forth the specific medical and scientific reasons for the determination, and a description of alternative treatments, supplies, and/or services as appropriate
  - Reasons other than medical necessity (e.g., covered benefits etc.) will include the statement of benefit structure
  - Instructions for appealing further to the Department of Managed Health Care (DMHC), to include DMHC's address and toll free telep
  - The phone number and extension of the L.A. Care physician reviewer

Determinations that cannot be completed within the thirty (30) calendar days for standard appeals or within 72 hours for expedited appeals must be forwarded to DMHC for final resolution.

State Fair Hearings- Additional Requirements Specific to the Management of Medi-Cal Member Appeals

Medi-Cal Members or their representative may contact the State Department of Social Services to request a State Fair Hearing or an Expedited State Fair Hearing at any time during the appeal process up to ninety (90) days from receipt of the denial/modification letter.

Medi-Cal Members also may contact the Office of the Ombudsman to request assistance with their appeal.

INDEPENDENT MEDICAL REVIEW (IMR)

A member may request an Independent Medical Review (IMR) through the Department of Managed Health Care (DMHC) to obtain an impartial review of a denial decision concerning:

- The medical necessity of a proposed treatment.
- Experimental or investigational therapies for a life-threatening or seriously debilitating disease or condition.
- Claims for out-of-plan emergency or urgent medical services.

The application and process for seeking an IMR is always included with the appeal response notification letter resulting from upholding a denial or modification of a request for service.

INITIAL and PERIODIC HEALTH ASSESSMENTS

ADULTS

PPGs are responsible for maintaining and disseminating to its Provider Network, protocols and High Risk Categories by adult age groupings based on the latest edition of the Guide to Clinical Preventive Services published by the U.S. Preventive Services Task Force (USPSTF) for use in determining the provision of clinical preventive services to asymptomatic, health adult Members (age 21 and older).

High risk individuals are defined as individuals whose family history and/or life style indicates a high tendency towards disease, or who belong to a group (socioeconomic, cultural, or otherwise) which exhibits a high tendency toward a disease.

L.A. Care Health Plan shall provide lists of new member enrollees to the PPGs on a monthly basis.

PPGs shall have processes in place to ensure the provision of an IHA (complete history and physical examination) to each new adult member (over age 21) within 120 calendar days that:

- Includes a health education behavioral assessment using an age appropriate DHS approved assessment tool.
- Makes arrangements for any needed follow-up services that reflect the findings or risk factors discovered during the IHA and health education behavioral assessment.

Document the members' completed IHA and health education behavioral assessment tool in the member medical record and are made available during subsequent preventive health visits.

PPGs shall make reasonable attempts to contact a member and schedule an IHA. All attempts shall be documented.

- Documented attempts that demonstrate unsuccessful efforts to contact a member and schedule an IHA shall be considered evidence in meeting this requirement.

- For follow-up on missed and broken appointment documentation requirements see Section: Coordination of Medically Necessary Services.

When New Member's Health does not indicate any Urgency for an IHA (based on previous medical records if available):

- If the PCP has access to a new L.A. Care member's medical records from a previous Plan or other PCP, and those records indicate that the member has had an IHA within the previous 12 months, and the examination provides evidence that there is no urgency for an IHA, then the visit can be waived until the next periodic visit is due.

- For the other members whose health status does not indicate urgency, and if conducting the assessment as part of the first visit is not feasible, the PCP must contact the member within 90 days after the member's first health assessment appointment to sc

PPGs shall ensure that the performance of the initial complete history and physician exam for adults includes but is not limited to:

- Blood pressure.
- Height and weight.
- Total serum cholesterol measurement for men aged 35 and and women ages 45 and over.
- Clinical breast examination for women over 40.
- Mammogram for women age 50 and over.
- Pap smear (or arrangements made for performance) on all women determined to be sexually activ
- Chlamydia screen for all sexually active females aged 21 and older who are determined to be at hi risk for Chlamydia infection using the most current CDC guidelines. These guidelines include the screening of all sexually active females aged 21 through 25 years of age,
- Screening for TB risk factors including a Mantoux skin test on all persons determined to be at high risk.
- Health education behavioral risk assessment.

Adult Preventive Services

PPGs shall cover and ensure the delivery of all preventive services and medically necessary diagnostic and treatment services for adult members.

PPGs shall ensure that the latest edition of the Guide to Clinical Preventive Services published by the U Preventive Services Task Force (USPSTF) is used to determine provision of clinical preventive services to asymptomatic, healthy adult Members (age 21 and older).

As a result of the IHA or other examinations, discovery of risk factors or disease conditions will determine th need for further follow-up, diagnostic, and/or treatment services.

In the absence of the need for immediate follow-up, the core preventive services identified in the requirements for the adult IHA for described above shall be provided in the frequency required by the USPSTF Guide t Clinical Preventive Services.

PPGs shall cover and ensure the provision of all medically necessary diagnostic, treatment, and follow services which are necessary given the finding or risk factors identified in the IHA or during visits for routin urgent, or emergent health care situations. PPGs shall ensure that these services are initiated as soon as po but no later than 60 days following discovery of a problem requiring follow up.

Immunizations for Adults

PPGs are responsible for ensuring adults are fully immunized and shall cover and ensure the timely provision of vaccines in accordance with the most current California Adult Immunization recommendations and Care Preventive Health Guidelines (see L.A. Care Website/Provider Resources/Clinical Practice Guidelines).

In addition, PPGs shall cover and ensure the provision of age and risk appropriate immunizations in accordance with the finding of the IHA, other preventive screenings and/or the presence of risk factors identified in the health education behavioral assessment.

Children

NOTE: At the time of this print, DHCS is considering revising the initial timeframe of the IHA requirements in children under the age of 18 months. L.A. care will be notifying all PPGs of the final decision. Please verify with your Plan representative that your PPG has the most recent requirements.

L.A. Care Health Plan shall provide lists of new member enrollees to the PPGs on a monthly basis.

PPGs shall have processes in place to ensure the provision of an IHA (a complete history and physical examination and an individualized behavioral health assessment) to each new member under age 21 in required timeframes as follows:

For members under the age of 18 months, PPGs are responsible to cover and ensure the provision of an IHA within 120 days following the date of enrollment.

- For members 18 months of age and older upon enrollment, PPGs are responsible to ensure an IHA is performed with 120 days of enrollment.
- PPGs shall cover and ensure the provision of an IHA (a complete history and physical examination and an individualized behavioral health assessment) to each new member under age 21 as follows:
- That performance of the California Child Health and Disability Prevention (CHDP) program's age appropriate assessment due for each child at the time of enrollment is accomplished at the IHA.
- The initial assessment must include or arrange for provision of, all immunizations necessary to ensure that the child is up-to-date for age.
- Includes a health education behavioral assessment using an age appropriate DHS approved assessment tool.
- Arrangements made for any needed follow-up services that reflect the findings or risk factors discovered during the IHA and health education behavioral assessment.
- Document the members' completed IHA and health education behavioral assessment tool in the members' medical record and to be made available during subsequent preventive health visits.
- PPGs shall make reasonable attempts to contact a member and schedule an IHA. All attempts shall be documented.
- Documented attempts that demonstrate PPGs unsuccessful efforts to contact a member and schedule an IHA shall be considered evidence in meeting this requirement.

Children's Preventive Services

PPGs shall provide preventive health visits for all members less than twenty-one (21) years of age at times specified by the most recent AAP periodicity schedule.

This schedule requires more frequent visits than does the periodicity schedule of the CHDP program.

PPGs shall provide, as part of the periodic preventive visit, all age specific assessments and services requ by the CHDP program and the age specific health education behavioral assessments necessary.

Where the AAP periodicity exam schedule is more frequent than the CHDP periodicity examination schedule PPGs shall ensure that the AAP scheduled assessment includes all assessment components required by CHDP for the lower age nearest the current age of the child.

Where a request is made for children's preventive services by the member, the member's parent(s) or guard or through a referral from the local CHDP program, an appointment shall be made for the member to be examined within two weeks of the request.

At each non-emergency Primary Care encounter with members under the age of twenty-one (21) years, the member (if an emancipated minor) or the parent(s) or guardian of the member shall be advised of the children's preventive services due and available from PPGs, if the member has not received children's preventive services in accordance with CHDP pr Documentation shall be entered in the member's medical record which shall indicate receipt of children's preventive services in accordance with the CHDP standards or proof of voluntary refusal of these services i the form of a signed statement by the member (if an emancipated minor) or the parent(s) or guardian of the member. If the responsible party refuses to sign this statement, the refusal shall be noted in the member's medical record.

The Confidential Screening/Billing Report form, PM-160, shall be used to report all children's preventive services encounters. DHS and the local children's preventive services program within thirty (30) calendar days of the end of each month for all encounters during that month.

- Original – Goes to L.A. Care Health Plan
- Yellow – Copy to the Local CHDP office
- White – Goes in the Medical Chart
- Pink – Goes to the parents

Immunizations

PPGs shall ensure that all children receive necessary immunizations at the time of any healthcare visit.

PPGs shall cover and ensure the timely provision of vaccines in accordance with the most recent childhoo immunization schedule and recommendations published by the Advisory Committee on Immunization Practices (ACIP).

Documented attempts that demonstrate L.A. Care's unsuccessful efforts to provide the immunization shall be considered sufficient in meeting this requirement.

If immunizations cannot be given at the time of the visit, the member must be instructed as to how to obtain necessary immunizations and a scheduled and documented appointment must be made.

Appropriate documentation shall be entered in the member's medical record that indicates all attempts t provide immunizations.

A receipt of vaccines or proof of prior immunizations; or proof of voluntary refusal of vaccines in the form of a signed statement by the member (if an emancipated minor) or the parent(s) or guardian of the membe If the responsible party refuses to sign this statement, the refusal shall be noted in the member's medical record.

Upon federal Food and Drug Administration (FDA) approval of any vaccine for childhood immunization purposes, PPGs shall develop policies and procedures for the provision and administration of the vaccine.

Such policies and procedures shall be developed within 60 calendar days of the vaccine's approval date.

Medi-Cal only - PPGs shall cover and ensure the provision of the vaccine from the date of its approval regardless of whether or not the vaccine has been incorporated into the Vaccines for Children (VFC) Program.

Policies and procedures must be in accordance with any Medi-Cal Fee-For-Service guidelines issued prior to the final ACIP recommendations.

PPGs shall provide information to all network providers regarding the VFC Program.

Blood Lead Screens

PPGs shall cover and ensure the provision of a blood lead screening test to members at ages one (1) and tw in accordance with Title 17, Division 1, Chapter 9, Articles 1 and 2, commencing with Section 37000.

PPGs shall document and appropriately follow up on blood lead screening test results.

PPGs shall make reasonable attempts to ensure the blood lead screen test is provided and shall docume attempts to provide test.

If the blood lead screen test is refused by the member, or proof of voluntary refusal of the test in the form of a signed statement by the member (if an emancipated minor) or the parent(s) or guardian of the member sh be documented in the member's medical record.

If the responsible party refuses to sign this statement, the refusal shall be noted in the member's medic record.

Documented attempts that demonstrate a PPGs unsuccessful efforts shall be considered sufficient in meeting this requirement.

Screening for Chlamydia

PPGs shall screen all females less than 21 years of age, who have been determined to be sexually active Chlamydia.

Follow up of positive results must be documented in the medical record.

PPGs shall make reasonable attempts to contact the appropriately identified members and provide screeni for Chlamydia.

All attempts shall be documented.

Documented attempts that demonstrate PPGs unsuccessful efforts to contact a member and screen fo

Chlamydia shall be considered sufficient in meeting this requirement.

If the member refuses the screening, proof of voluntary refusal of the test in the form of a signed statement by the member (if an emancipated minor) or parent(s) or guardian of the member shall be documented in the member's medical record.

If the responsible party refuses to sign this statement, the refusal shall be noted in the member's medical record.

Human Papillomavirus (HPV) shots: All adolescent girls should get a series of 3 Human Papillomavirus (HPV) shots, preferably at 11-12 years of age to prevent cervical cancer and genital warts. The vaccine is also recommended for girls and women 13-26 years of age who did not receive it when they were younger.

CHILDREN WITH SPECIAL HEALTH CARE NEEDS (CSHCN)

PPGs must maintain a program for Children with Special Health Care Needs, which includes, but is not limited to, the following:

- L.A. Care performs a New Member Outreach call to all newly enrolled members that includes a health risk assessment to identify members Children with Special Health Care Needs within 60 days of enrollment.

- The outcomes of the health risk assessment are referred to the assigned PCP and delegated PPG to coordinate medically necessary care.

- Members identified as CSHCN are referred to the Care Management Program for assistance in care coordination

- The PPGs/PCPs are responsible for ensuring and monitoring access to pediatric specialists, sub specialists, ancillary therapists, and specialized equipment and supplies; these may include assignment of a specialist as PCP, standing referrals, or other methods as defined by regulatory and L.A. Care policy requirements.

- L.A. Careõs PPGs/PCPs are responsible for ensuring that each member receives a comprehensive assessment of health and related needs and that all medically necessary follow-up services are documented in the medical record, including needed referrals. The comprehensive assessment should be completed at the time of the Initial Health Assessment and periodically thereafter.
- L.A. Care has an established case management/ care coordination Care Management Program for Children with Special Health Care Needs that includes the coordination with other agencies which provide services for children with special health care needs (e.g. mental health, substance abuse, Regional Center, CCS, local education agency, child welfare agency)

- L.A. Care monitors and identifies opportunities for improving the quality and appropriateness of care for children with special health care needs through established quality processes:

    - HEDIS results
    - Utilization Reports (e.g. IHA, Hospitalizations, ER, Ambulatory Care)
    - Potential Quality of Care Issues (PQIs)
    - Grievance and Appeals
    - Member and Provider Satisfaction Surveys

DISEASE MANAGEMENT

L.A. Care does not delegate disease management to the PPGs/PCPs.

The Centers for Medicare and Medicaid Services d
care interventions and communication for populations with conditions in which patient self is subs
Disease Management supports the provider-patient relationship and treatment plan while emphasizing
prevention and self-management.

L.A. Care offers a variety of disease management programs which focus on the development, implementa
and evaluation of a system of coordinated health care interventions and communication for members w
chronic conditions and individuals that care for them. Using a multidisciplinary approach, members are
identified, stratified, assessed and care plans developed to assist members and their families with navigating
the managed care system and managing their chronic conditions. Programs may include:

- Self-management support
- Education and materials
- Community referrals
- Care coordination

Providers or members may contact L.A. Care Member Services to inquire about the available programs.

Behavioral Health Services, Dental Services, and Vision Care Services are also described on the Grid Attached on page 119

Behavioral Health Services

Medi-Cal Behavioral Health Services (Specialty Mental Health and Alcohol and Drug Treatment Services are Carved out (See Medi-Cal Linked and Carved Out Services Section)

Healthy Families and Healthy Kids Behavioral Health Services (Mental Health and Alcohol and Drug Treatment Services)

Healthy Families

L.A. Care is responsible for behavioral health services for Healthy Families. The behavioral health aspects of the UM program are described on a separate UM program description and in polices/procedures developed by L.A. Care Behavioral Health Vendor and approved by L.A. Care.

For certain diagnoses as defined in the Healthy Families benefit structure, the Los Angeles County Departm
of Mental Health may assume responsibility. In these instances, the Behavioral Health vendor coordinates and
ensures continuity of care.

Healthy Kids:

L.A. Care is responsible for behavioral health services for Healthy Kids. The behavioral health aspects of the UM program are described on a separate UM program description and in polices/procedures developed by the Behavioral Health vendor and approved by L.A. Care

Healthy Families and Healthy Kids:

L.A. Care Health Plan does not delegate the provision of behavioral health services for Healthy Families or Healthy Kids members to the PPGs.

Members can self refer or be referred by their Primary Care Physician to the Behavioral Health Services provided by the vendor

L.A. Care has contracted with a Behavioral Health Vendor and all behavioral health referrals are to be review through the Behavioral Health vendor:

The Behavioral Health vendor performs medical review on all referrals for behavioral health services includir but not limited to outpatient, inpatient, day residential care, and will coordinate the requested services as necessary with the Department of Mental Health for Healthy Families members for Serious Emotional Disorders (SED) and Serious Mental Illness (SMI) services.

The behavioral health vendor, following medical review, provides and/or coordinates care (including coordination with the L.A. County department of mental health when necessary for healthy families members) to facilitate authorization of medically necessary mental health services and/or substance abuse services, including pharmacy, laboratory, and ancillary services provided to a member who has experienced family dysfunction and/or trauma, to the extent that such services are required as a course of treatment for the hea and recovery of the child and the family members.

Vision Services

Vision Services for Healthy Families and Healthy Kids

Healthy Families Vision Services
HF vision benefits are not covered under L.A. Care and are carved out to the California Healthy Families Program.

However, L.A. Care is responsible to ensure that HF members are referred to appropriate HF vision providers through the California Healthy Families Program.
To find a HF eye doctor for a HF member, L.A. Care HF members should call the California Healthy Families Program at the toll free number 866-846-8916.

THE CALIFORNIA HEALTHY FAMILIES PROGRAM CAN ALSO BE CONTACTED ON THE INTERNET AT HTTP://WWW.HEALTHYFAMILIES.CA.GOV/

Healthy Kids Vision Services
L.A. Care HK vision benefits are covered and are the responsibility of and provided by LA Care.

LA Care has contracted with the Vision Vendor VSP to coordinate L.A. Careõs

To find a HK eye doctor, L.A. Care HK members should call VSP at the toll free number 1-800-877-7195.

Vision Services for MediCal Members

L.A. Care has arranged with a vendor to coordinate vision services for L.A. Care and its PPGs as follows:

MCLA members should be advised to contact the vendor for covered vision L.A. C services. The vendor will coordinate services and ensure the provision of eye examinations and prescriptions

for corrective lenses as appropriate-Cal Medi-Cal benefits for Members eye examinations and lenses. Additional services and lenses are provided based on medical necessity for examinations and new prescriptions.

Medi-Cal Members are eligible for the eye examination with refractive services but the dispensing of the prescription lenses at least every two years is dependent on whether the member has benefit as described below:

L.A. Care MCLA Adults (age 21 and over):
On July 15, 2010 the State of California reinstated Optometry services retrospective to July 1, 2009 (See MMCD All Plan Policy Letter #10-010 – Reinstatement of Optometry Services) L.A. Care does not include lenses for adults (services provided by fabricating optical laboratories)

For MCLA Members – Children up to Age 21

MCLA Eye exams are covered by L.A. Care and children are limited to one pair of eyeglasses every two years unless:

- Prescription has changed at a minimum of .50 diopters
- Replacement lenses are needed because the member's previous lenses have been lost, stolen, broken, or marred and damaged to a degree significantly interfering with vision or eye safety (a certificate or statement is required)
- Frame needs replacement because a different size or shape is necessary.
- This includes lenses and covered frames for eyeglasses when authorized.

For eyeglasses for eligible members, L.A. Care's contract with the PIA and the Department of Health Care Services (DHCS) is responsible for reimbursing PIA for the fabrication of the optical lenses in accordance with the contract between DHCS and PIA.

CCS Referrals for certain eye conditions
Eye conditions leading to a loss of vision, strabismus requiring surgery, infections such as keratitis, choroiditis; chronic diseases such as glaucoma, cataract, retinal detachment, ptosis, optic atrophy or retrolental fibroplasia may be covered by CCS. Contact the L.A. Care UM Department or CCS for assistance. Ordinary refractive errors, chronic chalazion, anisometropia, amblyopia, strabismus when periodic refraction, glasses or patching are needed is not covered by CCS.

Dental Services

Dental Services for Medi-Cal Are Carved Out To Denti-Cal (See Medi-Cal Carved Out Section)

Dental Services for Healthy Families and Healthy Kids
Healthy Families (HF) Program dental services for HF members are provided as carve out services under Managed Risk Medical Insurance Board, (MRMIB) Healthy Families Program as designated in the member's EOC.

Healthy Families dental benefits are not covered under L.A. Care but are carved out to the California Healthy Families Program.

However, L.A. Care is responsible to ensure that HF members are referred to appropriate HF dental providers through the California Healthy Families Program.

To find a HF dentist, L.A. Care HF members should call the California Healthy Families Program at the toll free number 1-866-846-9166.

The California Healthy Families Program can also be contacted on the Internet at http://www.healthyfamilies.ca.gov/

Healthy Kids (HK): Dental Services for Healthy Kids members are provided as a covered benefit under L.A. Care as designated in the member's EOC.

L.A. Care has contracted with the dental Vendor SafeGuard Dental to coordinate L.A. member dental benefits.

To find a dentist, HK members should call Safeguard Dental at toll free number 1-800-766-7775.

For questions about dental benefits, HK members can also call L.A. Care 1-888-839-9909.

CARE COORDINATION WITH LINKED AND CARVED OUT SERVICES
Linked and Carved Out Services

Coordination of Care for Linked and Carved out Services
Care Managers are available to assist members who may need or who are receiving services from out of providers and/or programs in order to ensure coordinated service delivery and efficient and effective joint ca management. However, the coordination of care and services remains t

PPGõs and the memberõs PCP will monitor the foll
- Member referral to and/or utilization of special programs and services
- Member referral to and/or utilization of specialty care, including ensuring consultative notes and summaries are maintained in the medical home records
- Routine medical care, including providing the necessary preventive medical services and
- Provision of Initial Health Assessments and completion of the age-specific Individual Health Education and Behavioral Assessment (IHEBA)

PPGs and PCPs are encouraged to make referrals to local health departments, mental health programs regional centers.

Out-of-Plan Case Management and Coordination of Care for Linked and Carved out Services L.A. Care shall implement procedures to identify individuals who may need or who are receiving services from out of pl providers and/or programs in order to ensure coordinated service delivery and efficient and effective j management.

CARE COORDINATION WITH MEDI-CAL LINKED AND CARVED-OUT SERVICES
Linked and Carved Out Services

L.A. Care maintains Memorandum of Understanding (MOU) agreements defined by the DHCS contract to promote continuity and coordination of care for Medi-Cal members between the health plan and local public health programs (Linked and Carved Out Programs). The agencies meet regularly with L.A. Care staff to monitor the effectiveness of the MOU.

Memorandum of Understanding (MOU) means a document defining services to be provided, when reimbursement is not made by L.A. Care, but the L.A. Care and/or its PPGs is responsible for coordinating the services. Also see subcontract definition below:

The Managed Medi-Cal Program requires L.A. Care to establish and maintain MOUs for the following carved out services:
- California Children Services (CCS)
- Maternal and Child Health (MCH)
- Child Health and Disability Prevention (CHDP) Program
- Tuberculosis Direct Observed Therapy (DOT)
- Women, Infants, and Children (WIC) Supplemental Nutrition Program
- Regional Centers for Services for Persons with Developmental Disabilities
- Specialty Mental Health Services
- Public Health Department

Subcontract means a written agreement entered into by L.A. Care with a provider of health care services who agrees to furnish Covered Services to members or with any other organization or person(s) who agree(s) to perform any administrative function or service for L.A. Care specifically related to L.A. Care's fulfilling its obligation to DHS under the terms of the DHS Contract. Subcontracts must specify scope and responsibilities of both parties in the provision of services to members as follows:

- Billing and reimbursements
- Reporting responsibilities
- How services are to be coordinated between the agency and L.A. Care and/or its PPGs, including exchange of medical information as necessary

Subcontracts include, but are not limited to, the following linked services:

- Family Planning Services
- Sexually Transmitted Disease (STD) Services
- HIV Testing and Counseling Services
- Immunizations
- School Based Child Health and Disability Prevention (CHDP) Services (with Covina Valley USD, Long Beach USD, and Los Angeles USD)

Linked agencies have defined roles and responsibilities to ensure coordination of care for members. In most instances, the agency, not L.A. Care, is financially responsible for the linked services

DESCRIPTION AND RESPONSIBILITIES FOR THE LINKED AND CARVED OUT PROGRAMS

CALIFORNIA CHILDREN SERVICES (CCS) – MEDI-CAL

CCS services are carved out of and excluded from the Medi-Cal contract with DHS, and will be provided by the L.A. County CCS in accordance with the current Memorandum of Understanding (MOU) between L.A. Care Health Plan and CCS.

NOTE: L.A. Care maintains a MOU between LA Care and CCS to provide services to Healthy Kids members presenting a qualifying medical condition AND when the families provide documentation of financial eligibility CCS will provide member assistance with completion of the required financial documentation necessary.

Services provided by the CCS program are not covered under the DHS State contract.

Upon adequate diagnostic evidence that a Medi-Cal member under 21 years of age may have a CCS eligible condition, L.A. Care and/or its PPGs shall refer the member to the local CCS office for determination of eligibility.

L.A. Care and/or its PPGs shall develop and implement written policies and procedures for identifying and referring children with CCS-eligible conditions to the local CCS program. The policies and procedures shall include, but not be limited to those which:

- Ensure that L.A. Care and/or its PPGs' providers perform appropriate baseline health assessments and diagnostic evaluations which provide the sufficient clinical detail to establish, or raise a reasonable suspicion, that a member has a CCS-eligible medical condition;
- Assure that contracting providers understand that CCS reimburses only CCS providers and CCS-approved hospitals within L.A. Care and/or its PPGs' network; and only from the date of referral;

- Enable initial referrals of member's with CCS eligible conditions to be made to the local CCS program by telephone, same-day mail or FAX, if available the initial referral shall be followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the CCS program;
- Ensure that L.A. Care and/or its PPGs continue to provide all Medically Necessary Covered Services to the member until CCS eligibility is confirmed;
- Ensure that, once eligibility for the CCS program is established for a member, L.A. Care and/or its PPGs shall continue to provide all Medically Necessary Covered Services that are not authorized by CCS and shall ensure the coordination of services and joint case management between its Primary Care Providers, the CCS specialty providers, and the local CCS program.

If the local CCS program does not approve eligibility, L.A. Care and/or its PPGs remain responsible for the provision of all Medically Necessary Covered Services to the member. If the local CCS program denies authorization for any service, L.A. Care and/or its PPGs remain responsible for obtaining the service, if it is medically necessary and paying for the service if it has been provided.

Identification
Identify and track current and new enrollees with potential and/or eligible CCS conditions.

Eligibility
L.A. Care Health Plan shall be responsible for generating and distributing, to its PPGs and the member's PCP, lists received from CCS of L.A. Care members identified as being eligible or authorized to receive CCS services.

L.A. Care will send these lists to its PPGs and to the member's PCP on a monthly basis.

L.A. Care and/or its PPGs will notify the member's PCP when a member is receiving appropriate medical care and that coordination of medical records.

L.A. Care and/or its PPGs will undertake regular activities, such as review of encounter data necessary to identify members with potential CCS conditions and assure appropriate referrals to CCS.

Referral
Members (parent/guardian) may self refer to CCS.

L.A. Care will make available to its PPGs a list of CCS paneled providers and facilities as received from the local and/ or State CCS program office.

PCP or specialist may refer to CCS paneled provider or CCS local program using the L.A. Care and/or its delegated providerõs referral process, or refer

L.A. Care and/or its PPGs are required to provide to PCPs information on CCS paneled providers and facilities including mechanism for accessing specific provider facility contact information for referral.

The CCS program authorizes Medi-Cal payments to L.A. Care and/or its delegated physicians who currently are members of the CCS panel and to other providers who provided CCS services to the member during the eligibility determination period who are determined to meet the CCS standards for paneling in accordance with subparagraph D. below. L.A. Care and/or its PPGs shall inform providers, except as noted above, that CCS reimburses only CCS paneled providers.

L.A. Care and/or its PPGs shall submit information to the CCS program for all providers who have provided services to a member thought to have a CCS eligible condition.

Authorization for payment shall be retroactive to the date the CCS program was informed about the memb through an initial referral by L.A. Care and/or its PPGs or a L.A. Care and/o physician, via telephone, FAX, or mail. In an emergency admission, L.A. Care and/or its PPGs or L.A. Ca and/or its PPGs' network physician shall be allowed until the next business day to inform the CCS program about the member. Authorization shall be issued upon confirmation of panel status or completion of th process described above.

L.A. Care will ensure that the member and provider manuals document the CCS referral options and process

Coordination of Care:
L.A. Care and/or its PPGs shall:

- Designate a CCS coordinator (liaison) to interface with a designated L.A. Care Case Manager, the CCS office, CCS panel provider, the member's
- Implement procedures to ensure confidential transfer of medical documentation between the PC and CCS paneled providers in compliance with all federal and state regulations.
- Ensure that the PCP provides basic case management for the member and assures appropria referrals for members with potential and/or eligible CCS conditions.
- Make available CCS Program referral forms to all member families/guardians and PCP offices.
- Continue to provide case management of all services (primary and specialty care) until eligibility h been established with the CCS program.
- CCS program case management is responsible for the CCS eligible condition and authoriz medically necessary care.
- L.A. Care and/or its PPGs must continue to provide primary care case management, coordinatio of services, and health care service other than those required for the CCS condition and keep act CCS case logs.
- For inpatient admissions CCS referrals, authorization for inpatient hospital stays is limited to the time of eligibility for the CCS program. It is recommended that the L.A. Care and/or its PPGs or designated CCS coordinator continue to track the hospitalization in collaboration with the CCS Cas Manager.
- L.A. Care's PPGs are capitated to provide services not unrelated to the treatment of the CCS eligi condition.

Referral/Care Coordination of Members to the Genetically Handicapped Persons Program (GHPP)
L.A. Care and/or its PPGs shall have mechanism in place to refer members who may be eligible for services provided by the Genetically Handicapped Persons to assure appropriate care coordination of members wh will no longer be eligible for CCS at age of 21, but will still need services.

Dispute Resolution
L.A. Care and/or its PPGs need to have a mechanism in place to resolve disputes between the PCP o Specialist and the CCS program office.

In the absence of a resolution, L.A. Care and/or its PPGs Liaison will notify L.A. Care UM of all unresolved disputes regarding CCS services.

All dispute resolutions must be resolved within 30 calendar days.

L.A. Care and/or its PPGs are required to provide any medically necessary special services during the time of

dispute resolution.

L.A. Care will facilitate any unresolved disputes.

Disagreements with regards to CCS program eligibility, payments for the treatment of services of the CC eligible condition and associated or complicated conditions must be resolved cooperatively between L.A. Ca and the county CCS program.

If the dispute is not resolved at the local level, L.A. Care must notify the California Medicaid Managed Care contract manager, and the county CCS program must notify the California Department of Health Care Services (CMS) program and the Medical Managed Care Division will ultimately render a joint decision if the problem is not resolved at the lower level.

Training and Education

L.A. Care and/or its PPGs will coordinate with the local CCS, to develop and implement training programs for L.A. Care and/or its PPGs, PCPs, and L.A. Care Staff.

L.A. Care will ensure that provider manuals and the member enrollment materials outline information describing CCS benefits and eligibility.

MATERNAL AND CHILD HEALTH ðCOMPREHEHSIVE PRENATAL SERVICES PROGRAM (CPSP) ðMEDI -CAL

L.A. Care and itõs PPGs must complete a comprehensive assessment of pregnant Members that is comparable to the American College of Obstetrics and Gynecology standard and Comprehensive Perinatal Services Program (CPSP) standards.

The results of this assessment shall be maintained as part of the obstetrical records and shall include medical/obstetrical, nutritional, psychosocial, and health education needs risk assessment components.

The risk assessment tools shall be administered at the initial prenatal visit, once each trimester thereafter and at the postpartum visit. Risks identified shall be followed up on by appropriate interventions, which must be documented in the medical record.

Standard Obstetrical Record Elements

Standard Obstetrical record elements shall be included in the obstetric, nutritional, psychosocial and educational examination of pregnant members in compliance with DHS and the most current guidelines of the American College of Obstetrics and Gynecology (ACOG), CPSP, and Title 22. Obstetrical records include the CPSP Patient Records - Comprehensive Perinatal Services Program Documentation Forms and/or any obstetric record that applies with the CPSP standards for documentation.

Referral to Specialists

L.A. Care and its PPGs are responsible for ensuring that appropriate hospitals are available within th provider network to provide necessary high-risk pregnancy services.

Pregnant women that are at high risk of a poor pregnancy outcome are referred to appropriate specialists including perinatologists and have access to genetic screening with appropriate referrals.

Specialists may include, but are not limited to:

- Cardiologists
- Psychiatrists

- Internists
- Infectious Disease
- Geneticists
- Specialty High-Risk Obstetricians
- Oncologists
- Endocrinologists

Examples of these referral types and protocols may include, but are not limited to:

- Diabetes
- Hypertension
- Hepatitis
- HIV+
- Genetic Problems
- Epilepsy or Neurological Disorder
- Renal Disease
- Alcohol or Drug Abuse
- Maternal Cardiac Disorders
- Thyroid or Other Endocrine Disorders
- Epilepsy or Neurological Disorder

Common Pregnancy Conditions/Issues Requiring Multidisciplinary Management
Pregnant members exhibiting any of the following representative conditions/ issues will have interventions a
referrals developed utilizing the Nutrition (N), Psychosocial (PS), or Health Education (HE) protocols:

- Unintended or unwanted pregnancy (PS)
- Teenage pregnancy (PS)
- Fear of physicians, hospitals, and medical personnel (HE)
- Language barriers (HE)
- Lack of basic reproductive awareness (HE)
- Housing and transportation problems (PS)
- Domestic violence (PS)
- No previous contact with health care system (HE)
- Multiple gestation (HE), (PS), (N)
- Need for bed rest during pregnancy (PS), (HE)
- Previous receipt of unfriendly health care services (HE)
- Personal and religious beliefs at odds with optimal prenatal care (HE)

Common Postpartum Conditions/Issues Requiring Multidisciplinary Management:

- Postpartum blues, postpartum depression (PS)
- Housing, food, transportation problems (PS)
- Lack of basic parenting skills and role models (HE)
- Breastfeeding difficulties (HE)
- Sexual pain/difficulties (HE)
- Severe anemia (N)

Comprehensive Perinatal Services Personnel
The primary component of quality multidisciplinary management of comprehensive perinatal care is personn
Participating obstetrical providers must ensure that health education, nutritional, psychosocial assessment, re

assessment and intervention are administered by qualified personnel. Training of Comprehensive Perin
Services personnel will be provided by L.A. Care with technical assistance from the County of Los Ange
Comprehensive Perinatal Service Program.

Comprehensive Perinatal practitioners may include any of the following:

- General Practice physician
- Family Practice physician
- Pediatrician
- Obstetrician-Gynecologist
- Certified Nurse Mid-Wife
- Registered Nurse
- Nurse Practitioner
- Physicianõs Assistant
- Social Worker
- Health Educator
- Childbirth Educator
- Registered Dietitian
- Comprehensive Perinatal Health Worker

Ancillary Services/staff who may provide services within specific components of Comprehensive Perinat
services or services available within Linked/Carved out Services include, but are not limited to:

- Geneticists
- Other medical specialists
- Public Health Services
- Family Planning Services
- Substance Abuse Prevention Service
- Community-Based Organizations
- Community Outreach Services
- Agencies providing transportation
- Domestic Violence Units
- Child Protective Services
- Local Diabetes and Pregnancy Programs
- Dental Services
- Specialty Mental Health Services
- Translation Services
- Womenõs Center
- Respite Care Services

Other Referrals include, but are not limited to:

- WIC Supplemental Nutritional Program

L.A. Care and its PPGs shall ensure that all pregnant, breastfeeding and postpartum women, and infants
children who are eligible for WIC supplemental food services will be assessed, and if appropriate, referred to the
Los Angeles County Public Health Services WIC Program.

Family planning referral protocols may include assistance with birth control issues, STD information or contr
procedure or counseling.

A referral may be done, but is not required for this service, as members can self refer to Family Plann
Services. For instance,

Social Work referrals due to:

- Family Abuse/Domestic Violence
- Financial Problems
- Other identified social needs

SCHOOL LINKED CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM (CHDP)
ðMEDI -CAL
L.A. Care has a mutually agreed upon arrangement with the local School Districts that provide EPSDT/CHDP
services. That arrangement describes:

Eligibility requirements, scope of services, client services , outreach, tracking, follow up, health education, data
collection, quality assurance mechanisms, dispute resolution and billing/ reimbursement mechanisms govern
the relationship between and among L.A. Care and the participating school districts.

L.A. Care will directly reimburse schools for the provision of some or all of the CHDP services, including
guidelines for sharing of critical medical information.

L.A. Care will provide guidelines specifying coordination of services, reporting requirements, quality standards,
processes to ensure services are not duplicated and process for notification to member/student/parent on
where to receive initial and follow up services.

PPGs are required to maintain a "medical home" to ensure the overall coordination of care and case
management of members who obtain CHDP services through the local school districts or school sites.

PCP will provide basic case management for the member and coordinate the provision of any referrals or
additional services necessary to diagnose and/or treat conditions identified during the school EPSDT/CHDP
assessment.

PCP will also provide ongoing preventive and primary services, as required.

EPSDT/CHDP services are provided to members for school enrollment only while maintaining
with the PCP for ongoing health care management.

The PCP, as the medical home, is responsible for ongoing comprehensive healthcare delivery

Reimbursement to Schools for the Provision of School Based EPSDT/CHDP Services
L.A. Care Health Plan shall be responsible to pay school district claims directly for EPSDT/CHDP services
provided in accordance with the agreement as determined by the total of claims

L.A. Care will generate a PPG Claims Paid reconciliation report to identify claims paid on behalf of the PPG b
L.A. Care for that capitation period.

Provider Training

L.A. Care will collaborate with the PPGs and the Los Angeles County CHDP programs to ensure provider training regarding school linked EPSDT/CHDP services.

TUBERCULOSIS/DIRECT OBSERVATION THERAPY (MEDI-CAL)

L.A. Care and its PPGs must provide screening for all members at risk for TB to determine risk factors for and diagnosis of Tuberculosis. Mantoux skin tests will be performed on all persons at increased risk of developing TB. Children will be screened for TB risk factors and follow recommended guidelines for the provision of Mantoux skin testing.

In collaboration with the Local Health Departments TB Control, L.A. Care will provide education and access to training upon request.

L.A. Care and its PPGs must have systems in place to:

- Coordinate services provided to members diagnosed with active TB through the Local Health Department TB Control Department and DOT.
- Each confirmed TB case or suspected case must be reported within one business day to the local Health Department.
- Maintain evidence that members with a suspected or confirmed TB diagnosis are reported to the Local Health Department within one business day.
- All individuals at increased risk for TB will be offered TB testing and managed, according to CDC guidelines for the management of individuals identified at high risk for TB, unless they have documentation of prior positive test results, TB disease and/or treatment.

The Primary Care Physicians (PCP), as required by the current California TB guidelines, that a tuberculin reaction of 5mm of induration or greater is classified as positive in the following groups:

- Persons known to have or at risk for HIV infection
- Close or recent contact with a person who has infectious TB
- Persons who have a chest x-ray consistent with tuberculosis
- Persons who are immunosuppressed
- Other groups as identified in the current California TB Guidelines.

A tuberculin reaction of 10mm of induration or greater is classified as positive in all other persons. The PCP will evaluate all members with a positive skin test, even if asymptomatic.

To report positive results, the PCPõs must document:

- Positive tests in children under the age of three (3) are reported to the Local Health Department and L.A. Care Management Program.
- All members with a new positive skin test must be evaluated for active TB which may include a chest x-ray.
- When active TB is suspected, an appropriate culture must be obtained from sputum or other body fluid/tissue, as appropriate.

When TB is suspected, treatment will be initiated prior to bacteriological confirmation. The PCP must refer appropriate members to the Local Health Department TB Control.

Program to provide members with active TB the services of Directly Observed Therapy (DOT). All active cases determined to be at risk for non-compliance will be referred to the TB Control Program for evaluation of DOT services.

Directly Observed Therapy (DOT) for TB is offered by local health departments (LHDs) and is a linked and carved out service.

L.A. Care and/or its PPGs shall assess the risk of noncompliance with drug therapy for each member who requires placement on antituberculosis drug therapy.

The following groups of individuals are at risk for noncompliance for the treatment of TB:

- Members with demonstrated multiple drug resistance (defined as resistance to Isoniazid and Rifampin);
- Members whose treatment has failed or who have relapsed after completing a prior regimen;
- Children, adolescents and individuals who have demonstrated noncompliance (those who failed to keep office appointments).

L.A. Care and/or its PPGs shall refer members with active TB and who have any of these risks to the TB Control Officer of the LHD for DOT.

L.A. Care and/or its PPGs shall assess the following groups of members for potential noncompliance and for consideration for DOT:

- Substance abusers
- Persons with mental illness
- The elderly
- Persons with unmet housing needs
- Persons with language and/or cultural barriers

If, in the opinion of L.A. Care and/or its delegated entities' providers, a member with one or more of these risk factors is at risk for noncompliance, the member shall be referred to the LHD for DOT.

L.A. Care and/or its delegated entities shall provide all Medically Necessary covered Services to the member with TB on DOT and shall ensure joint case management and coordination of care with the LHD TB Control Officer.

L.A. Care Health Plan, in conjunction with its delegated entities, will work in close collaboration with the Public Health Departments of the County of Los Angeles and the cities of Pasadena and Long Beach to ensure compliance with guidelines for TB treatment and control.

WOMEN, INFANTS AND CHILDREN (WIC) PROGRAM NUTRITIONAL SUPPLEMENT PROGRAM (MEDI-CAL)

WIC services are defined as a carve out service and are provided as a benefit to eligible Women, Infants, and Children through referral to the Carved Out Service, the WIC Supplemental Nutrition Program.

L.A. Care and its PPGs must have systems to identify eligible members needing WIC services and refer are referred to appropriate WIC sites/services.

IDENTIFICATION

Eligibility Verification

Eligibility for WIC services is determined by the WIC centers based on residency and other factors.

PCP and other Physicians or Primary Care Providers WIC Referrals

PCPs, Other Physicians or other Primary Care Providers WIC referral process as part of its Initial Health Assessment of members, or as part of the initial evaluation of newly pregnant women, shall refer and document the referral of pregnant, breastfeeding or postpartum women or a parent/ guardian of a child under the age of five to the WIC program as mandated by Title 42, CFR 431.635 (c). as part of the referral process, PCPs, Other Physicians or other Primary Care Providers referring to the WIC program must include:

- A current hemoglobin or hematocrit laboratory value.
- Present height and weight.
- Confirmation of the pregnancy date.
- Birth weight and length for infants.
- For small or pre-term infants, document the gestational age.
- PCPs, Other Physicians or other Primary Care Providers must document these laboratory values and the referral in the member's medical record.

Members Self Referral to WIC

Members may self refer to WIC.

Basic Case Management

The PCP maintains the role of the overall case manager for the member which includes assuring appropriate referrals for members needing WIC services and providing routine preventive and other necessary care.

Transfer of Information between Providers and WIC

L.A. Care and its PPGs/PCPs must implement HIPAA compliant procedures to ensure confidential transfer of medical documentation including CPSP assessment, WIC program dietary assessment forms, to and from the PCP to WIC Centers in compliance with all federal and state regulations.

DEVELOPMENTAL DISABILITIES SERVICES (DDS) ðMEDI -CAL

L.A. Care and its PPGs must maintain policies, procedure, and processes in place to address the following: identification, diagnosis, referral, and tracking of members with potential eligible DDS conditions for the provision of all screening, preventive, medically necessary, and therapeutic services.

L.A. Care and its PPGs will utilize network providers for diagnosis and treatment of members with developmental disabilities.

Members may access the Regional Centers if services are needed and not available within the L.A. Care net

L.A. Care and its PPGs will refer members with developmental disabilities to the Regional Centers for those non-medical services such as respite, foster home placement, supportive living, etc.

Identification

L.A. Care will:

For existing Medi-Cal members, L.A. Care obtains a list of eligible members currently enrolled in a Regional Center. This list is distributed to the assigned PCPs and PPGs to ensure care coordination.

On a monthly basis, L.A. Care provides PPGs and PCPs with a list of members receiving services through a one of the community Regional Centers. This information services to notify providers and allow them to coordinate any services requested by L.A. Care or the Regional Center. For a listing of current approved ICD-9 codes of potential eligible DDS conditions, you may contact the UM Department or visit www.dds.cahwnet.gov for additional information about DDS.

PPGs will:
Maintain mechanisms to support the identification of members with eligible and potential DDS conditions an
use the list of members with potential and eligible DDS conditions generated by L.A. Care Health Plan and a
additional information generated by the L.A. Care to facilitate the provision of basic case management and
coordination of care by the PCP.

Be responsible to track the identified potential and eligible DDS members and the services provided to them
assure coordination and continuity of care.

Notify PCPs of potential and eligible DDS members and work with the PCPs and the local Regional Centers t
ensure these members continue to receive preventive and medically necessary care and that coordination of
is documented in member medical records.

PCPs will:
Be responsible for basic case management and coordination of care for members with potential and eligi
DDS conditions.

Eligibility
L.A. Care will verify member eligibility and send the list of members to the PPGs by HIPAA facsimile, encrypted email
or via a secure PPG FTP sites.

Referral
Members (parent/guardian) may self refer to the Regional Centers for confirmation of Regional Cente
eligibility criteria. A current listing of the local Regional Centers is available at www.lacare.org or
www.dds.cahwnet.gov

Submit a signed consent form for Release of Med

The PCP or specialist should refer potential and eligible members directly to the Regional Center and are
encouraged to include the specific member information in the referral matching Regional Center eligibil
criteria.

PPGs must:
Implement procedures to ensure confidential transfer of medical documentation to and from the PCP to
Regional Centers in compliance with all federal and state regulations.

Establish procedures to support the identification and management of problems with the PCP, Regior
Centers, and L.A. Care.

Ensure that the PCP maintains the role of the overall case manager for the member and assure appropriate
referrals for members with potential and or eligible DDS conditions.

PCPs must:
Maintain the role of the overall case manager for the member and assure appropriate referrals for members
potential and or eligible DDS conditions.

Care Coordination with the HOME AND COMMUNITY BASED WAIVER PROGRAMS
Services provided under the Home and Community Based Services (HCBS) Waiver Programs to persons with
developmental disabilities are not covered under the Plan but are a Linked/Carved Out Service: L.A. Care
and/or its delegated entities shall implement and maintain systems to identify members with developmental

disabilities that may meet the requirements for participation in this waiver and refer these members to the HCBS Waiver Program administered by the state Department of Developmental Services (DDS).

If DDS concurs with L.A. Careõs and/or its delega placement in the waiver program, the PPG/L.A. Care shall initiate disenrollment for the member.

If a member does not meet the criteria for the waiver program, or if placement is not available, L.A. Care and/or its delegated entities shall continue to provide all medically necessary covered services to membe who are in the HCBS Waiver Program.

SPD Transitioning Membersõ members enrolling through the 1115 Wavier may be receiving HCBS services and continued to be enrolled with LA Care. For the medically necessary covered services not provided by the HCBS wavier. Prior authorization is required from LA Care. HCBS Waiver program vendors are required to submit claims directly to MediCal for reimbursement.

EARLY INTERVENTION/EARLY START õMEDI -CAL

L.A. Care and its PPGs are responsible for assuring identified eligible members under the age of three 3 years with or at risk for developmental disabilities are referred to Early Start/Early Intervention Services (including CHDP). The Early Start Program is administered through the Department of Developmental Services (DDS). DDS is responsible for coordinating a wide array of services for:

- California residents with developmental disabilities
- Infants at high risk for developmental disabilities
- Individuals at high risk for parenting a child with a disability
- Conducting oversight activities to monitor the need for EPSDT Early Start/Early Intervention Services
- Services are evaluated during the IHA within the required timeframes as described below of Plan membership and during preventive health visits thereafter:
- When medically indicated, the provision of medically necessary Early Start/Early Intervention Services within Plan and
- When medically indicated, the provision and/or coordination of Early Start/Early Intervention Services if these services are delivered out-of-Plan.
- Coordinating with the Plan Partners and local programs to develop and implement programs for PCPs.

PPGs must:

Have systems in place to address the identification, diagnosing, referral, case management, tracking, a reporting of members who are eligible for Early Start/Early Intervention Services.

Have systems to identify children who may be eligible to receive services from the Early Start program and refer them to the local Early Start program. These children would include those:

- With a condition *known* to lead to developmental delay in either cognitive, communication, social or emotional, adaptive, or physical and motor development including vision and hearing.
- In whom a significant developmental delay is suspected.
- Whose early health history places them at risk for delay.

Collaborate with the local Regional Center or local Early Start program in order to ensure Medically

Necessary diagnostic and preventive services and treatment plans for members participating in the Early Start program.

Provide case management and care coordination to the Member to ensure the provision of all Medically Necessary covered diagnostic, preventive and treatment service identified in the individual family service plan developed by the Early Star/Early Intervention Program, with Primary Care Provider participation.

Identification
L.A. Care and its PPGs must:

- Identify current and new enrollees needing Early Start/Early Intervention services.
- Track the identified persons and the services provided to them to assure coordination and continui of care.
- Ensure members receive an Initial Health Assessment (IHA), through the member's

For members under the age of 18 months, PPGs/PCPs are responsible to cover and ensure the provision o IHA within 60 days following the date of enrollment or within periodicity timelines established by the America Academy of Pediatrics (AAP) for ages 1 year and younger whichever is less

For members 18 months of age and older upon enrollment, PPGs/PCPs are responsible to ensure an IHA performed with 120 days of enrollment and that the IHA will be consistent with the American Academy o Pediatrics and EPSDT Periodicity Schedule of assessment requirements.

Eligibility
L.A. Care and its PPGs are:

Required to review encounter data to determine n
The following conditions are among those which potentially place infants and children at risk of developmental disabilities:

- HIV/AIDS
- Cancer
- Blindness, hearing impaired
- Retardation
- Heart conditions
- Epilepsy
- Juvenile diabetes
- Cleft palate
- Lung disorders, asthma, cystic fibrosis
- Downs syndrome
- Physically handicapped due to extensive orthopedic problems
- Neurologically impaired, spinal cord injuries
- Sickle cell anemia.

Referral
L.A. Care works with the local Regional Centers for assistance in locating programs which are available infants and children who are eligible for early intervention services through local education agencies and fa resource centers.

L.A. Care Health Plan works closely with the local Early Start Programs and Regional Centers to ensure th medical and health assessment information is provided/processed in a timely manner as follows:

- Children must be referred to an Early Start Program within two (2) working days of identifying that child as potentially requiring developmental interventions services.
- Federal Regulation requires that the Early Start programs and Regional Centers complete the individual family service plan, eligibility assessment and eligibility determination within forty five (45) days from the receipt of the referral.
- Parents or guardians may refer children directly to Early Start/Early Intervention Services.

PCPs or specialists may refer to Early Start/Early Intervention programs for children who meet the eligibility criteria using the L.A. Care and/or its delegate Start/Early Intervention programs.

Once it is determined that a referral is needed, L.A. Care and/or delegated entities contact PCP to make referrals to an Early Start Program.

L.A. Care and/or its delegated entities will notify PCPs and can work with the local regional centers fo assistance in locating programs which are available for infants and children who are eligible for early intervention services through local education agencies and family resource centers.

Coordination of Care
PPGs shall:

- Designate a Case Manager to interface with a designated L.A. Care Liaison, Early Start/Early Intervention programs, Regional Centers, LEAs, City Special Education Programs (SELPA), PCP, and the member's family or guardian as necessary
- Implement procedures to ensure confidential transfer of medical documentation to and from the PCP to Early Start/Early Intervention programs in compliance with Federal and State regulations.
- Establish procedures for identification and management of problems with the Early PCP, Start/Early Intervention programs, SELPA's IF
- Ensure that the PCP maintains the role of the overall case manager for the member and assure appropriate referrals for members assessed as needing Early Start/Early Intervention programs.
- Provide comprehensive case management as necessary
- Maintain logs of active EI/ES cases.
- Ensure that members continue to receive medically necessary care and that coordination of care is documented in member's medical records.
- Continue to provide medically necessary covered services while the member receives waiver servic as long as the member is enrolled in L.A. Care.

PCP Responsibilities
When eligible members for early intervention services are referred to an Early Start Program, the PCP sha assure:

- Participation/cooperation in the development plan
- Provision of available medical reports, as requested, to the early intervention team, keeping in mind the 45-day time lines required by state and federal statute for the completion of the Individual Family Service Plan (IFSP)
- Follow up and coordination of treatment plans between PCP, specialists and Early Start Programs. Consultations and ongoing responsibilities for preventive care and all medically necess services are specified by the specialty care, diagnostic and treatment services, therapies and dura medical equipment.

Problem Resolutions

L.A. Care is available to review and attempt to resolve any disagreements over diagnosis and/or treatme authorizations with providers, local Regional Centers and the Local Education Agencies. Any unresolve issues should be forwarded to the L.A. Care UM Liaison for assistant.

SPECIALTY MENTAL HEALTH ðMEDI -CAL

All inpatient mental health and outpatient specialty mental health services are carved out of and excluded fro L.A. Care Health Planõs Contract with DHS, and will be provided by the r L.A. County Department of Mental Health (LAC/DMH) in accordance with the current Memorandum of Understanding (MOU) between L.A. Care Health Plan and LAC/DMH.

L.A. Care Health Plan will ensure contracted Network PPGs and Primary Care Physicians (PCP) provide basic outpatient mental health services, within the s appropriate referral of members to and coordination of care with LAC/DMH for assessment and trea of mental health conditions, outside the scope of their practice and training.

L.A. Care Health Planõs UM Liaison will act as a referral process and to define services that are part of the PPG and PCPsõ responsibi

The resolution of disputes is a shared responsibility between L.A. Care and LAC/DMH and will be processed as defined in the fully executed Memorandum of Understanding, L.A. Care policies and the established sta laws and regulations.

ALCOHOL & DRUG TREATMENT PROGRAMS ðMEDI -CAL

Inpatient Detoxification

L.A. Care will ensure appropriate medical inpatient detoxification is provided under the following circumstances:

- Life threatening withdrawal from sedatives, barbiturates, hypnotics or medically complicated alcoho and other drug withdrawal.
- Inpatient detoxification is covered in the rare cases where it is medically necessary to monitor the member for life threatening complications; two or more of the following must be present, tachycardia, hypertension, diaphoresis, significant increase or decrease in psychomotor activity, tremor, significant disturbed sleep pattern, nausea, vomiting and threatened delirium tremens.
- When the member is medically stabilized, the PCP/L.A. Care shall provide a referral and follow to a Substance Abuse Treatment Program.

Outpatient

L.A. Care will maintain processes to ensure that Alcohol and Drug Abuse Treatment Services be available to members and are provided as a linked and carved out benefit through the Office of Alcohol and Drug Progra of L.A. County.

The following services are provided by the Alcohol and Drug Programs of L.A. County:

- Outpatient Methadone Maintenance
- Outpatient Drug Free Treatment Services
- Perinatal Residential Services
- Day Care Habilitative Services
- Naltrexone Treatment Services (Opiate Addiction)
- Outpatient Heroin Detoxification Services

L.A. Care and its contracted PPGs will use Primary Care Physician (PCP) screening of L.A. Care Health Plan members for substance abuse during the Initial Health Assessment and in all subsequent visits as appropriat When substance abuse is recognized as a potential condition, PCPs will refer to a treatment facility serving the geographic area. Referral is done by using the substance abuse referral form or by referral to the Communit Assessment Services Center toll free number (800) 366-6364.

Members can access substance abuse treatment services by self referral, by a family referral or referral from the PCP or other appropriate provider.

During treatment for substance abuse, all medical services will continue to be provided by the PCP or othe appropriate medical provider. The PCP will make relevant medical records available to the Substance Abuse Treatment Program with appropriate consent and release of medical record information following federal and state guidelines.

Pregnant Members

All pregnant members identified as substance abuser should be recommended for a toxicology screen. If the member refuses this test, the PCP will explain the potential negative health outcomes of drugs and alcohol o the mother and unborn fetus. Treatment will be recommend and a list of treatment programs with a toll free number to access a treatment program will be given to the member. L.A. Care Health Plan will assist with ca coordination for members, as requested.

The member will be asked to sign a release of information and confidentiality statement, allowing the treatme program and the PCP or appropriate medical provi treatment progress.

It is the responsibility of the PCP, or appropriate medical provider, to notify the inpatient facility where the pregnant woman is likely to deliver of the existence of a positive toxicology screen and/or substance use or use is suspected.

It is the responsibility of the hospital after the birth, to determine if the fetus has been drug or alcohol exposed The hospital will perform the necessary diagnostic tests and inform Department of Children and Family Services if drug and alcohol exposure is suspected.

LOCAL EDUCATION AGENCY (LEA) ðMEDI -CAL

L.A. Care and its PPGs will maintain systems to refer members to the carve out program and services throug the Local Education Agency Services (LEA).

L.A. Care and its PPGs are responsible for:

- Providing all of the medically necessary covered services and
- Ensuring the members PCP cooperates and collaborates in the development of the Individual Education Plan (IEP), Individualized Health and Support Plan (IHSP) or the Individual Family Service Plan (IFSP).

L.A. Care is responsible for:

- Providing a Primary Care Physician and all medically necessary covered services for the members and shall ensure that the member's Primary Care physician cooperates and collaborates in the development of the Individual Education Plan (IEP) or the Individual Family Service Plan.
- Providing basic or complex/comprehensive case management and care coordination to the membe as necessary to ensure the provision of all medically necessary covered diagnostic, preventive and treatment services identified in the Individual Education Plan developed by the Local Education

Agency with Primary Care Provider participation.

PPGs/PCPs are responsible for:

- Providing all medically necessary covered diagnostic, preventive and treatment services identified the IEP development.
- Referring the members to the L.A. Care Utilization Management Care Management Program.

HUMAN IMMUNODEFICIENCY VIRUS/ACQUIRED IMMUNE DEFICIENCY SYNDROME (HIV/AIDS) HOME AND COMMUNITY BASED SERVICES WAIVER PROGRAM (MEDI-CAL

L.A. Care members who are subsequently diagnosed with HIV/AIDS as defined by the most recently published Mortality and Morbidity Report from the Centers of Disease Control and Prevention, may participate in the HIV/AIDS Home and Community Based Services Waiver Program without having to disenroll from L.A. Care. Services provided under the HIV/AIDS Home and Community Based Services Waiver are provided through a carved out program. Members must meet the eligibility requirements of the program and enrollment is dependent on available space.

L.A. Care and its PPGs/PCPs should refer any member that may meet the qualifications of the waiver program to the L.A. Care Management Program.

DENTAL SERVICES

Dental Care Treatment Services are a carved out benefit for Medi-Cal members through the Medi-Cal Dental Program. Dental Services for adults ages 21 and over will no longer be payable under the Medi-Cal Dental program with a few exceptions. Exemptions to the eliminated adult dental services include:

- Medical and surgical services provided by a doctor of dental medicine or dental surgery which would be considered physician services and which service may be provided by the either a California licensed physician or dentist
- Pregnancy-related services and services for the treatment of conditions that might complicate the pregnancy and 60 days postpartum
- Members under the Early and Periodic Screening, Diagnosis and Treatment program
- Members who are under 21 years of age and whose course of treatment is scheduled to continue after he/she turns 21 years of ages (continuing services for EPSDT member)

L.A. Care and its PPGs are responsible for Dental Screening and Referral of Members to the Carved out Medi-Cal Dental Program for Dental Treatment when treatment needs are identified and continuing benefit coverage exists

Primary Care Providers should perform dental screenings as part of the IHA, periodic, and other preventive health care visits and provide referrals to Medi-Cal Dental Program for treatment in accordance with the most current:

- CHDP/American Academy of Pediatrics (AAP) guidelines for Member age 21 and younger.
- Guide to Clinical Preventive Services published by the U.S. Preventive Services Task Force (USPSTF) for adult members {age twenty-one (21) and older}.

Dental Screening Requirements

L.A. Careõs recommended dental screening for all assessments:

- For members under twenty-one (21) years of age, a dental screening/oral health assessment shall be performed as part of every periodic assessment, with annual dental referrals made commencing at ag

three (3) years or earlier if conditions warrant.

- For members under 6 years of age, fluoride varnish shall be provided up to 3 times in a 12 month peri as indicated in MMCK APL Letter 07-008. Furthermore PPG agrees to train providers on fluoride varnish including:
  a) How to obtain fluoride varnish supplies
  b) Providing fluoride varnish applications, periodic dental assessments and parental anticipatory guidance on scheduling visits.
  c) Referring children to a dentist for dental examinations and care at 1 year of age per Child Health a Disability Prevention (CHDP) guidelines.
  d) Coordinating member care with dental professionals and
  e) Documenting dental assessments and documenting fluoride varnish (using HCPCS Code D1203) in the member medical record and on encounter date provided to the PPG.

Covered Medical Services not provided by Dentist or Dental Anesthetists:

L.A. Care and its PPGs shall cover and ensure the provision of covered medical services that are not provided by dentists or dental anesthetists. Covered medical services include

- Contractually covered prescription drugs
- Laboratory service
- Pre-admission physical examination required for admission to an out-patient surgical service center or an in-patient hospitalization required for dental procedure (including facility fee and anesthesia services for both in-patient and outpatient services)

Financial Responsibility for General Anesthesia and Associated Facility Office Charges
L.A. Care and its PPGs are responsible to cover general anesthesia and associated facility charges for dental procedures rendered in a hospital, surgery center, or office setting when the clinical status or underlying medical condition of the patient requires dental procedures that ordinarily would not require general anesthe to be rendered in a hospital, surgery center, or office setting *(as defined by the Division of Financial Responsibility – DOFR).* A prior authorization of general anesthesia and associated charges required for dental care procedur required in the same manner that prior authorization is required for other covered diseases or conditions.

General anesthesia and associated facility charges are covered for only the following member, and only if th members meet one of the criteria as follows:

- Members who are under seven (7) years of age.
- Members who are developmentally disabled, regardless of age.
- Members whose health is compromised and for whom general anesthesia is medically necessary, regardless of age.

The professional fee of the dentist and any charges of the dental procedures itself is not covered. Coverage for anesthesia and associated facility charges may be covered and are subject to the terms and conditions of the plan benefits as described in the Division of Financial Responsibility.

Referral to Medi-Cal Dental Providers through Carved Out Medi-Cal Dental Program
L.A. Care and its PPGs must refer members to the appropriate Medi-Cal dental providers for treatment of dental care needs.

Updated lists of Medi-Cal dental providers are made available to network providers.

CCS Referrals
Dental services for child with complex congenital heart disease, cystic fibrosis, cerebral palsy, juvenile

rheumatoid arthritis, nephrosis, or when the nature or severity of the disease makes care of the te complicated may be covered by CCS. Contact the L.A. Care UM Department or CCS for assistance.

Orthodontia care when a child has a handicapping malocclusion may be covered by CCS. Contact the L.A. C UM Department or CCS for assistance.

Routine dental care and orthodontics are not covered by CCS.

TARGETED CASE MANAGEMENT SERVICES

Members Eligible For and/or Who are Receiving Targeted Case Management Services (Carved Out Services) ðMEDI -CAL
Identification and Referral: L.A. Care and/or its PPGs are responsible for determining whether a member requires Targeted Case Management services, and must refer members who are eligible for Targeted Case Management services to a Regional Center or local governmental health program as appropriate for th provision of Targeted Case Management services.

Persons who are eligible to receive targeted case management services shall consist of the following Medi-Cal beneficiary groups:

- Persons who have language or other comprehension barriers.
- Are unable to access or appropriately utilize services themselves.
- Have demonstrated noncompliance with their medical regimen.
- Are unable to understand medical directions because of language or other comprehension barriers.
- Have no community support system to assist in following care at home.
- Persons who are 18 years of age and older and who Are on probation and have a medical and/or mental condition.
- Have exhibited an inability to handle personal, medical, or other affairs; or are under public conservatorship of person and/or estate; or have a representative payee.
- Are in frail health and in need of assistance to access services in order to prevent institutionalization.

ðHigh-risk personsó means those persons who have fa or do not comply with their medical regimen or who need coordination of multiple medical, social and other services due to the existence of an unstable medical condition in need of stabilization, substance abuse because they are victims of abuse, neglect, or violence, including, but not limited to, the following individuals:

- Women, infants, children and young adults to age 21 Pregnant women.
- Persons with Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome.
- Persons with reportable communicable disease.
- Persons who are technology dependent. Solely for the purposes of the Targeted Case Management Services program, òtechnology dependent personó means individuals embodied in a medical device, that compensates for the loss of normal use of a vital body function and require skilled nursing care to avert death or further disability.
- Persons with multiple diagnoses who require services from multiple health/social service providers.
- Persons who are medically fragile. Solely for the purposes of the Targeted Case Management Services program, òmedically fragile personsó means th supervision without which their health status would deteriorate to an acute episode.

Member Receiving Targeted Case Management Services
For Members who are receiving Targeted Case Management services specified in Title 22, CCR, Section 5 L.A. Care and/or its PPGs shall be responsible for coordinating the member's health care with the Target

Case Management provider for determining the Medical Necessity of diagnostic and treatment services recommended by the Targeted Case Management provider that are Carved Out Covered Services.

Targeted Case Management Services means carved out Medi-Cal services as specified in Title 22, CCR, Section 51351 as follows:

Targeted case management services shall include at least one of the following service components:

- A documented assessment identifying the beneficiary's needs. The assessment shall support the sele of services and assistance necessary to meet the assessed needs and shall include the followin relevant to each beneficiary:
  - Á Medical/mental condition
  - Á Physical needs, such as food and clothing
  - Á Social/emotional status
  - Á Housing/physical environment
  - Á Familial/social support system
  - Á Training needs for community living
  - Á Educational/vocational needs
- Development of a comprehensive, written, individualized service plan, based upon the assessment specified in subsection (a)(1) above. The plan shall be developed in consultation with the beneficiary and/ developed in consultation with the beneficiary's family or other social support system. The plan shall in writing and, as relevant to each beneficiary, document the following:
  - Á The nature, frequency, and duration of the services and assistance required to meet identified needs.
  - Á The programs, persons and/or agencies to which the beneficiary will be referred
  - Á Specific strategies to achieve specific beneficiary outcomes.
  - Á Case manager's supervisor's signature.

Implementation of the service plan includes linkage and consultation with and referral to providers of service The case manager shall follow up with the beneficiary and/or provider of service to determine whether services were received and whether the services met the needs of the beneficiary. The follow up shall occur as quickly as indicated by the assessed need, but shall not exceed thirty (30) days from the scheduled service.

Assistance with accessing the services identified in the service plan includes the following:

- Arranging appointments and/or transportation to medical, social, educational and other services.
- Arranging translation services to facilitate communication between the beneficiary and the case manager, or the beneficiary and other agencies or providers of service.
- Crisis assistance planning to coordinate and arrange immediate service or treatment needed in those situations that appear to be emergent in nature or which require immediate attention or resolution in order to avoid, eliminate or reduce a crisis situation for a specific beneficiary.

For the target populations defined above at the beginning of Section

- 5.37 Targeted Case Management to Members Eligible For and/or Wh Management Services (Carved Out Services), crisis assistance p-lanni medical situations.
- Periodic review of the beneficiary's progress toward achieving the service outcomes identified in the service plan to determine whether current services should be continued, modified or discontinued. The review or reinvestigation shall be:
- Completed at least every six months,
- Conducted by the case manager in consultation with the beneficiary and/or in consultation with the

beneficiary's family or social support system, and approved by the case manag
- Any modifications to the plan of service shall be made in writing and become an addendum to the plan of service.

When Members Under the Age of 21 Are Not Accepted For Targeted Case Management Services, Care Coordination/ Case Management Services are required to be provided by the Plan
If members under age twenty-one (21) have been referred by L.A. Care and/or its PPGs to a Regional Center or local governmental health program but who have not been accepted for Targeted Case Manageme Services, L.A. Care and/or its PPGs shall ensure the members access to Services are comparable to EPSDT Targeted Case Management services.

L.A. Care and/or PPG Responsibilities for EPSDT Targeted Case Management Services:

Financial Responsibility: L.A. Care and/or its PPGs are not responsible for payment for services provided under:
- CCS
- Specialty Mental Health
- Targeted Case Management services provided by a contracted referral provider such as a Regional Center or other governmental agency

L.A. Care and/or its PPGs do have financial responsibility for and shall provide the following (but not limited to) EPSDT Supplemental Services within network to members when medically necessary for the purpose of assuring care coordination for:
- Targeted Case Management services provided within network.
- EPSDT supplemental services include those targeted case management services designed to ass children in gaining access to necessary medical, social, educational and other services.
- Also See L.A. Care UM Procedure 17033 EDSDT Supplemental Services for a full list of EPSDT Supplemental Services.

EPSDT SUPPLEMENTAL SERVICES FOR MEMBERS UNDER THE AGE OF 21 YEARS ð MEDI -CAL

For members under the age of twenty-one (21) who are receiving medically necessary ESPDT Supplemental Services and Targeted Case Management Services through the Regional Centers or local governmental he programs as appropriate, L.A. Care and its contracted PPGs are responsible for providing ongoing care coordination/case management services.

L.A. Care and its contracted PPGs are not financially responsible for the payment of services provided under:
- CCS
- Specialty Mental Health
- Targeted Case Management Services provided by the Regional Centers or local governmental health programs

For members under the age of twenty-one (21) who are not receiving medically necessary EPSDT Supplemental Services and Targeted Case Management Services through the Regional Center or local governmental health programs as appropriate, L.A. Care and its contracted PPGs are responsible fo providing access to in-network services that are comparable to EPSDT Targeted Case Management Services

EPSDT Supplemental Services include those targeted case management services designed to assist children in gaining access to necessary medical, social, educational and other services.

L.A. Care is responsible for:

- Assuring members under the age of 21 years are referred to EPSDT Screening (including CHDP services provided by the PCP) and Supplemental services
- Conducting oversight activities to monitor the need for EPSDT Screening and EPSDT supplemental services are evaluated during the IHA within the initial 120 days of Plan membership and during preventive health visits; when medically indicated.
- The provision of medically necessary EPSDT supplemental services within the Plan's provision and coordination of EPSDT supplemental services if these services are not part of the Plan; when medically indicated.
- Coordinating with the local EPSDT programs to develop and implement educational programs for PCPs.

L.A. Care and/or PPG Responsibilities/Financial Responsibility

L.A. Care and/or its PPGs shall provide or arrange and pay for EPSDT supplemental services or members under the age of 21 years, including case management and supplemental nursing services except when EPSDT supplemental services are provided as a benefit of California Children Services.

L.A. Care and/or its PPGs are responsible to have implemented Policies and Procedures to ensure the identification, diagnosis, referral, and tracking of eligible members for referral to EPSDT screening services and determining the Medical Necessity of EPSDT supplemental services using criteria established in Title 22, CCR, Section 51240 and 51340.1.

L.A. Care and/or its PPGs shall provide the following (but not limited to) EPSDT supplemental services to members when medically necessary for the purpose of assuring care coordination:

- Targeted Case Management services
- EPSDT supplemental services include those targeted case management services designed to assist children in gaining access to necessary medical, social, educational and other services.
- Cochlear implants
- Supplemental nursing services
- Psychology
- Occupational therapy
- Audiology
- Orthodontics
- DME
- Incontinence medical supplies (including diapers) at home or in board and care facilities

For young children when their developmental deficits are such that bowel and/or bladder control cannot be achieved

Where the incontinence is due to a chronic physical or mental condition, including cerebral palsy and developmental delay, and at an age when the child would normally be expected to achieve continence

- Hearing aids
- Dental and Psychotropic drugs
- Medical nutrition services assessment and therapy
- Pharmacy
- Physical therapy evolution and services
- Pulse oximeters
- Speech therapy

Members are identified for EPSDT Supplemental Services in the following ways:
L.A. Care and/or its PPGs, provider network PCPs/specialists identify the need for and make the appropriate referral for EPSDT supplemental services at the time of the Initial Health Assessment or at any subsequent health assessment visit.

The member, the member's parents, legal guardian EPSDT supplemental services.

The local CHDP program may identify the member's need for EPSDT supplemental services prior to the member's enrollment in Medi-Cal Managed Care.

Any health professional, in or out of Plan, or school professional may identify the member's need for EPSDT supplemental services when an encounter results in one or more of the following:

- The determination of the existence of a suspected illness or condition.
- A change or complication(s) in the condition.
- A determination that a pre-existing condition may now be amenable to specific therapeutic intervention.

Prior Authorization
L.A. Care and/or its PPGs may apply their referral authorization processes to EPSDT supplemental services based upon medical necessity criteria using the criteria established in Title 22, CCR, Sections 51340 and 51340.1 subject to the Medi-Cal and other regulatory grievance and appeal procedures. The requirements for documentation of authorizations, denials and appeals shall be in accordance with applicable contractual and regulatory requirements.

Upon identification of the need for EPSDT supplemental services, including EPSDT supplemental services that are not covered services under the terms of their contract (i.e., CCS and MH) L.A. Care and/or its delegated entities must provide the member with a referral to an appropriate provider or organization.

EPSDT Supplemental Services Will Meet the Following Criteria:

- The services requested are to correct, or ameliorate a defect, physical or mental illness, discovered during any health assessment.
- The supplies, items and/or equipment requested are medically necessary.
- The services requested are not solely for the convenience of the member, the family, the physician or any other provider of service.
- The services requested are not primarily cosmetic in nature or designed to primarily improve the member's appearance.
- The services requested are safe and are not experimental and are recognized as an accepted mode of medical practice.
- The services requested are the most cost effective when compared with alternatively acceptable and available modes of treatment.
- The services requested are within the authorized scope of practice of the provider and are an appropriate mode of treatment for the medical condition of the member.
- The service requested improves the overall health outcome as much as, or more than, the established alternatives.
- The predicted beneficial outcome outweighs the potential harmful effects.

Care Coordination and Liaison Process for EPSDT Supplemental Services
L.A. Care and/or its PPGs will:

- Ensure that the PCP provides basic case management for the member and assures appropriate referr for members with potential and/or eligible EPSDT supplemental services needs.
- Implement procedures to ensure confidential transfer of medical documentation between the PCP and EPSDT supplemental services providers in compliance with all federal and state regulations.
- Provide liaison/case management staff to coordinate EPSDT supplemental services including but not limited to:
  - Developing and implementing written plans for communicating issues of EPSDT supplemental services eligibility, available services, arranging consultation with regional staff service providers, and providing coordination of care of services with network providers.
  - Facilitating bi-directional communication between regional EPSDT supplemental service providers and the member's PCP, whether or not the referral is for a covered service.
  - Coordinating and providing the member with appropriate out-of-Plan referrals where necessary for EPSDT supplemental services not covered by the Plan.
  - Maintaining an ESPDT supplemental services referral log(s) which includes the services provided and the treatment outcomes.

EXCLUDED SERVICES REQUIRING MEMBER DISENROLLMENT (MEDI-CAL
Home and Community Based Services Waiver Programs

L.A. Care and its PPGs have a mechanism in place to identify members who may benefit from the HCBS Waiver programs, and refer them to the Medical Care Coordination and Case Management Section of DHCS for the:

- In-Home Medical Care Waiver
- Nursing Facility Sub-acute Waiver
- Nursing Facility A/B Waiver

L.A. Care UM Department will monitor member participation in the designated program. If the agency administering the waiver program concurs with L.A. Care's assessment of the member and there is available placement in the waiver program, L.A. Care shall initiate disenrollment for the member.

L.A. Care UM Staff will notify the Member Services Department Representative of the need to disenroll the member to the Medi-Cal Waiver Program and shall provide documentation to ensure the member's orderly transfer to the Medi-Cal Fee-For-service program.

- If the member meets the criteria for the waiver program and placement is available, L.A. Care and its PPGs will continue to cover and ensure that all medically necessary services are provided to members who must disenroll and receive the following services through the Medi-Cal Fee-For-Service program until the date of disenrollment is effective.
- If the member does not meet the criteria for the waiver program, or if placement is not available, L.A. Care and its PPGs shall continue comprehensive case management and shall continue to cover all medically necessary covered services to the member.

Disenrollment Process
L.A. Care's UM Department:

Upon acceptance of member into the waiver progra
the member's Primary Care Provider (PCP) and Initiates the Disenrollment Request.

The L.A. Care Health Plan Member Services Representative completes the disenrollment with Health Care Options.

Upon the disenrollment effective date, L.A. Care and its PPGs shall ensure the member's orderly transfe from the delegated PPG to the Medi-Cal Fee-For-Service provider; The PCP, with assistance from the Care Manager, has responsibility to ensure that the memb transferred to the memberõs FFS provider.

If the memberõs PCP continues to act as a Medi-Cal Waiver Facility will pat be notified. If it is necessary for the member to have another physician, the delegated PPG works with the Medi-Cal Waiver Facility to achieve an orderly transfer of care and records.

If Medical Care Coordination and Case Management Section of DHS determines the member does not meet the criteria for a waiver program or if placement is not available, L.A. Care and its PPGs contin responsible for the memberõs care.

If the member is denied placement because of the limited number of slots available for each waiver program, L.A. Care and its PPGs shall:

- maintain contact with the appropriate agency to assure the member is reconsidered when space available and
- inform the L.A. Care Member Services Representa as needed.

Long Term Care (LTC)
L.A. Care and its PPGs are responsible for ensuring that members, other than members requesting hospice services, in need of nursing Facility services are placed in a health care facility that provides the level of care most appropriate to the member's medical needs. These health care facilities include Skilled Nursing Facilities, sub-acute facilities, pediatric sub-acute facilities, and Intermediate Care Facilities.

Admission to a nursing Facility of a member who has elected hospice services as described does not affect the member's eligibility for enrollment. Hospice services are covered services and are not long term ca services regardless of the member's expected or actual length of stay in a nursing facility.

L.A. Care and its PPGs shall assure that decisions to transition a member to LTC are based on the appropriate level of care based on Medi-Cal criteria. Needs assessment and potential length of stay should be discussed with the treating provider and facility.

If the member requires LTC, in the Facility for longer than the month of admission plus the following month, L.A. Care will submit a Disenrollment request for the member to access benefits through the Medi-Cal Fee for Service Long Term Care Program.

L.A. Care UM Staff is responsible for:

- Coordinating the services required with the treating provider and facility.
- Completing appropriate documentation and forwards to L.A. Care Member Services to complete disenrollment forms.
- Complete the member provider notification letter
-

L.A. Care Member Services is responsible for:

- Initiating the disenrollment process to Health Care Options.
- Coordinating the decision response with UM staff.

When Health Care Options notifies L.A. Care that the disenrollment request is approved, an approved Disenrollment request will become effective the first day of the second month following the month of the member's admission to the facility, provided L.A. Care submitted the disenrollment request at least 30 calendar days prior to that date.

If L.A. Care submits the disenrollment request less than thirty (30) calendar days prior to that date, disenrollment will be effective the first day of the month that begins at least thirty (30) calendar days after submission of the disenrollment request.

Coordination of Care

L.A. Care and its PPGs shall provide all medically necessary covered services to the member until the disenrollment is effective:

- Assuring that continuity of care is not interrupted.
- Completing all administrative work necessary to assure a smooth transfer of responsibility for the health care of the Medi-Cal beneficiary.
- Assuring that medical necessity of ongoing care is reviewed regularly until patient is transitioned to Long Term Care.

Upon the disenrollment effective date, the member's orderly transfer to the Medi-Cal Fee-For-Service provider;

The PCP, with assistance from the Case Manager, provider. record and all appropriate information is transf

This includes notifying the member and his or her family or guardian of the disenrollment; assuring the appropriate transfer of medical records from the Plan to the Medi-Cal Fee-For-Service provider; assuring that continuity of care is not interrupted; and completion of all administrative work necessary to assure a smooth transfer of responsibility for the health care of the Medi-Cal beneficiary.

If the memberõs PCP continues to act as the patient's care facility will be notified. If it is necessary for the member to have another physician, L.A. Care or if applicable the delegated PPG works with the long term care facility to achieve an orderly transfer of care and records.

When Health Care Options notifies L.A. Care that the disenrollment request is not approved, L.A. Care Member Services notifies the Care Manager. Until Placement is available, a patient who is eligible for a waiver program will be monitored closely.

Major Organ Transplants

Except for kidney transplants, major organ transplant procedures are covered by Medi-Cal Fee-for-Service are not covered by L.A. Care. When a member is identified as a potential major organ transplant candidate, L.A. Care must refer the member to a Medi-Cal approved transplant center. If the transplant center Physician considers the member to be a suitable candidate, L.A. Care will submit a Treatment Authorization Request (TAR) to either the San Francisco Medi-Cal Field Office (for adults) or the California Childrenõs Services Program (CCS) (for Children). Case Management Member Services Department to initiate disenrollment of the member when all of the following occurred:

- Referral of the member to the organ transplant facility.
- Facilityõs evaluation member is a candidate for major organ transplant that the
- Major organ transplant is authorized by either DHS Medi-Cal Field Office or the CCS Program

L.A. Care and its PPGs are responsible for providing all medically necessary covered services until th member has been disenrolled from L.A. Care.

Upon disenrollment, L.A. Care will ensure conti documentation to the transplant physician. The effective dates may be retroactive to the beginning of the month in which the member was approved so Case Managers will follow all services provided through the completion of the disenrollment.

UTILIZATION MANAGEMENT – Linked and Carved out Services (This Section applies to Healthy Families and Healthy Kids Only)

Linked Services are specific supplemental or wraparound services to L. A. Care Health Plan Members provided by State/Federally funded agencies. While not as defined for the Healthy Families/Healthy Kids members, linked agencies may include, but may not be limited to:

- Early Intervention/Early Start and Developmental Disability Services (DDS) through the Regional Centers.
- Women Infant and Children (WIC) Nutritional Program Services.

Healthy Families/Healthy Kids Linked agencies have defined roles and responsibilities to assure coordination of care for members. In most instances, the agency, not L.A. Care Health Plan, is financially responsible for t linked services.

CALIFORNIA CHILDREN SERVICES (CCS) – (HEALTHY FAMILIES)

CCS Services are carved out of and excluded from the HF contract with MRMIB and will be provided by the County CCS in accordance with the current Memorandum of Understanding (MOU) between L.A. Care Health Plan and CCS.

LA Care maintains an MOU between L.A. Care and CCS to provide services to Healthy Kids members presenting with a qualifying medical condition AND when the families provide documentation of financial eligibility. CCS will provide member assistance with the completion of the required financial documentation.

Upon adequate diagnostic evidence that a Healthy Kids member under 21 years of age may have a CCS eligible condition, L.A. Care and/or its PPGs shall refer the member to the local CCS office for determination of eligibility.

L.A. Care and/or its PPGs shall develop and implement written policies and procedures for identifying and referring children with CCS eligible conditions to the local CCS program. The policies and procedures shall include, but not be limited to those which:

- Ensure that L.A. Care and/or its PPGs' providers perform appropriate baseline health assessments and diagnostic evaluations which provide the sufficient clinical detail to establish, or raise a reasonable suspicion, that a member has a CCS eligible medical condition.
- Assure that Contracting Providers understand that CCS reimburses only CCS providers and CCS approved hospitals within L.A. Care and/or its PPGs' network; and only from the date of referral.
- Enable initial referrals of member's with CCS eligible conditions to be made to the local CCs program by telephone, same day mail or FAX, if available the initial referral shall be followed by submission of supporting medical documentation sufficient to allow for eligibility determination by the local CCS program.
- Ensure that L.A. Care and/or its PPGs continue to provide all Medically Necessary Covered Services t the member until CCS eligibility is confirmed.

- Ensure that, once eligibility for the CCS program is established for a member, L.A. Care and/or its PPGs shall continue to provide all Medically Necessary Covered Services that are not authorized by C and shall ensure the coordination of services and joint case management between its Primary Care Providers, the CCS specialty providers, and the local CCS program.

  If the local CCS program does not approve eligibility, L.A. Care and/or its PPGs remain responsible for the provision of all Medically Necessary Covered Services to the member. If the local CCS program denies authorization for any service, L.A. Care and/or its PPGs remain responsible for obtaining the service, if it is medically necessary and paying for the service if it has been provided.

Identification
Identify and track current and new enrollees with potential and/or eligible CCS conditions.

Eligibility
L.A. Care Health Plan shall be responsible for generating and distributing, to its PPGs and the member's PCP lists received from CCS of L.A. Care members identified as being eligible or authorized to receive CCS servic

L.A. Care will send these lists to its PPGs and to the member's PCP on a monthly basis.

L.A. Care and/or its PPGs will notify the member is receiving appropriate medical care and that coordination of care is documented in member's medical r

L.A. Care and/or its PPGs will undertake regular activities, such as review of encounter data necessary to identify members with potential CCS conditions and assure appropriate referrals to CCS.

Referral
Members (parent/guardian) may self refer to CCS.

L.A. Care will make available to its PPGs a list of CCS paneled providers and facilities as received from the l and or state CCS program office.

PCP or specialist may refer to CCS paneled provider or CCS local program using the L.A. Care and/or its delegated providerõs referral process, or refer

L.A. Care and/or its PPGs are required to provide PCPs information on CCS paneled providers and facilities including mechanism for accessing specific provider facility contact information for referral.

The CCS program authorizes Medical payments to L.A. Care and/or its physicians who currently are members of the CCS panel and to other providers who provided CCS services to the member during the CCS eligibility determination period who are determined to meet the CCS standards for paneling in accordance with subparagraph D. below. L.A. Care and/or its PPGs shall inform providers, except as noted above, that CCS reimburses only paneled providers. L.A. Care and/or its PPGs shall submit information to the CCS program on all providers who have provided services to a member thoug to have a CCS eligible condition.

Authorization for payment shall be retroactive to the date the CCS program was informed about them member through an initial referral by L.A. Care and/or its PPG physician, via telephone, FAX, or mail. In an emergency admission, L.A. Care or L.A. Care and/or its PPGs' network physician shall be allowed until the next business day to inform the CCS program about the member. Authorization shall be issued upon confirmation of panel status or completion of the process described above.

L.A. Care will ensure that the member and provider manuals document the CCS referral options and processe

Coordination of Care
L.A. Care and/or its PPGs shall:

- Designate a CCS coordinator (liaison) to interface with a designated L.A. Care CCS Coordinator, the CCS office, CCS panel providers, family or guardian, and member's
- Implement procedures to ensure confidential transfer of medical documentation between the PCP and CCS paneled providers in compliance with all federal and state regulations.
- Ensure that the PCP provides basic case management for the member and assures appropriate referrals for members with potential and/or eligible CCS conditions.
- Make available CCS Program referral forms to all member families/guardians and PCP offices.
- Continue to provide case management of all services (primary and specialty care) until eligibility has been established with the CCS program.
- CCS program case management is responsible for the CCS eligible and authorizes medically necessary care.
- L.A. Care and/or its PPGs must continue to provide primary care case management, coordination of services, and health care service other than those required for the CCS condition and keep active CC case logs.
- For inpatient admissions CCS referrals, authorization for inpatient hospital stays is limited to the time of eligibility for the CCS program. It is recommended that the L.A. Care and/or its PPGs or designated CCS coordinator continue to track the hospitalization in collaboration with the CCS Case Manager.
- L.A. Care's PPGs are capitated to provide those services that not related to the treatment of the CCS eligible condition.

Referral/Care Coordination of Members to the Genetically Handicapped Persons Program (GHPP)
L.A. Care and/or its PPGs shall have mechanisms in place to refer members who may be eligible for servic provided by the Genetically Handicapped Persons to assure appropriate care coordination of members wh will no longer be eligible for CCS at age 21, but will still need services.

Dispute Resolution
L.A. Care and/or its PPGs need to have a mechanism in place to resolve disputes between the PCP o Specialist and the CCS program office. In the absence of a resolution, L.A. Care and/or its PPGs will notify L.A. Care UM of all unresolved disputes about CCS services. All dispute resolutions must be resolve within 30 calendar days.

L.A. Care and/or its PPGs are required to provide any medically necessary special services during the time dispute resolution. L.A. Care will facilitate any unresolved disputes.

Disagreements with regards to CCS program eligibility, payments for the treatment of services of the CC eligible condition and associated or complicated conditions must be resolved cooperatively between L.A. Care and the county CCS program.

If the dispute is not resolved at the local level, L.A. Care must notify the California Medicaid Managed Care contract manager, and the county CCS program must notify the state CCS Regional Office. The state Child Health and Medical Services (CMS) program and the Medical Managed Care Division will ultimately render a join decision if the problem is not resolved at the lower level.

Training and Education:

- L.A. Care and/or its PPGs will coordinate with the local CCS program, to develop and implement training programs for L.A. Care and/or its PPGs, PCPs, and L.A. Care Staff.

- L.A. Care will ensure that provider manuals, and the member enrollment materials outline information describing CCS benefits and eligibility.

MATERNAL AND CHILD HEALTH (HEALTHY FAMILIES AND HEALTHY KIDS)

L.A. Care and its PPGs must complete a comprehensive risk assessment tool for all pregnant female members that is comparable to the American College of Obstetrics and Gynecology standards. The results of this assessment shall be maintained as part of the obstetrical records and shall include medical/obstetrical, nutritional, psychosocial, and health education risk assessment components.

The risk assessment tools shall be administered at the initial prenatal visit, once each trimester thereafter and at the postpartum visit. Risks identified shall be followed up on by appropriate interventions, which must be documented in the medical record.

Standard Obstetrical Record Elements

Standard Obstetrical record elements shall be included in the obstetric, nutritional, psychosocial and educational examination of pregnant members in compliance with DHS and the most current guidelines of the American College of Obstetrics and Gynecology (ACOG), CPSP, and Title 22.

Referral to Specialists

L.A. Care and its PPGs are responsible for ensuring that appropriate hospitals are available within the provider network to provide necessary high-risk pregnancy services.

Pregnant women that are at high risk of a poor pregnancy outcome are referred to appropriate specialists including perinatologists and have access to genetic screening with appropriate referrals.

Specialists may include, but are not limited to:

- Cardiologists
- Psychiatrists
- Internists
- Infectious Disease
- Geneticists
- Specialty High-Risk Obstetricians
- Oncologists
- Endocrinologists

Examples of these referral types and protocols may include, but are not limited to:

- Diabetes
- Hypertension
- Hepatitis
- HIV+
- Genetic Problems
- Epilepsy or Neurological Disorder
- Renal Disease
- Alcohol or Drug Abuse
- Maternal Cardiac Disorders
- Thyroid or Other Endocrine Disorders
- Epilepsy or Neurological Disorder

Common Pregnancy Conditions/Issues Requiring Multidisciplinary Management
Pregnant members exhibiting any of the following representative conditions/ issues will have interventions a
referrals developed utilizing the Nutrition (N), Psychosocial (PS), or Health Education (HE) protocols:

- Unintended or unwanted pregnancy (PS)
- Teenage pregnancy (PS)
- Fear of physicians, hospitals, and medical personnel (HE)
- Language barriers (HE)
- Lack of basic reproductive awareness (HE)
- Housing and transportation problems (PS)
- Domestic violence (PS)
- No previous contact with health care systems (HE)
- Multiple gestation (HE), (PS), (N)
- Need for bed rest during pregnancy (PS), (HE)
- Previous receipt of unfriendly health care services (HE)
- Personal and religious beliefs at odds with optimal prenatal care (HE)

Common Postpartum Conditions/Issues Requiring Multidisciplinary Management:

- Postpartum blues, postpartum depression (PS)
- Housing, food, transportation problems (PS)
- Lack of basic parenting skills and role models (HE)
- Breastfeeding difficulties (HE)
- Sexual pain/difficulties (HE)
- Severe anemia (N)

Other Referrals include, but are not limited to:

- WIC Supplemental Nutritional Program

L.A. Care and its PPGs shall ensure that all pregnant, breastfeeding and postpartum, and infants and children who are eligible for WIC supplemental food services will be assessed, and if appropriate, referred to Los Angeles County Public Health Services WIC Program.

Family planning referral protocols may include assistance with birth control issues, STD information or control, procedure or counseling.

A referral may be done, but is not required for this service, as members can self refer to Family Plann Services

Social Work - Social Work referrals due to:

- Family Abuse/Domestic Violence
- Financial Problems
- Other identified social needs

CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM (CHDP)
L.A. Care has a mutually agreed upon arrangement with the local School Districts that provide EPSDT/CHD services. That arrangement describes:

- Eligibility requirements, scope of services, client services and outreach, tracking and follow-up, health education, data collection, quality assurance mechanisms, dispute resolution and billing/

reimbursement mechanisms governing the relationship between and among L.A. Care and the participating school districts.

- How L.A. Care will directly reimburse schools for the provision of some or all of the CHDP services, including guidelines for sharing of critical medical information.
- Guidelines specifying coordination of services reporting requirements, quality standards, processes to ensure services are not duplicated, and process for notification to member/student/parent on where to receive initial and follow-up services.
- PPGs are required to maintain a "medical home" and ensure the overall coordination of care and case management of members who obtain CHDP services through the local school districts or school sites.
- PCP will provide basic case management for the member and coordinate the provision of any referrals or additional services necessary to diagnose and/or treat conditions identified during the school EPSDT/CHDP assessment.
- PCP will also provide ongoing preventive and primary services, as required.
- EPSDT/CHDP services are provided to members for school entry only while maintaining the "medical home" with the PCP for ongoing health
- The PCP, as the medical home, is responsible for ongoing comprehensive health care delivery.

Reimbursement to Schools for the Provision of School Based EPSDT/CHDP Services
L.A. Care Health Plan shall be responsible to pay school district claims directly for EPSDT/CHDP services provided in accordance with the agreement as determined by the total amount of claims.

L.A. Care will generate a PPG Claims Paid reconciliation report to identify claims paid on behalf of the PPG by L.A. Care for that capitation period.

L.A. Care Claims Department is responsible for forwarding the PM160 forms to the appropriate PCP for identified care coordination within 30 days of claims payment.

Provider Training
L.A. Care will collaborate with the PPGs and the Los Angeles area CHDP programs to ensure provider training regarding school-linked EPSDT/CHDP services.

TUBERCULOSIS/DIRECT OBSERVATION THERAPY (HEALTHY FAMILIES AND HEALTHY KIDS)
L.A. Care and its PPGs must provide screening for all members at risk for TB to determine risk factors for and diagnosis of Tuberculosis. Mantoux skin tests will be performed on all persons at increased risk of developing TB. Children will be screened for TB risk factors and follow recommended guidelines for the provision of Mantoux skin testing.

In collaboration with the local Health Department TB Control, L.A. Care will provide education and access to training upon request.

L.A. Care and its PPGs must have systems in place to:

- Coordinate services provided to members diagnosed with active TB through the Local Health Department TB Control Department and DOT.
- Each confirmed TB case or suspected case must be reported within one business day to the local Health Department.
- Maintain evidence that members with a suspected or confirmed TB diagnosis are reported to the local Health Department within one business day.

All individuals at increased risk for TB will be offered TB testing and managed, according to CDC guidelines for the management of individuals identified as high risk for TB, unless they have documentation of prior positive test results, TB disease and/or treatment.

The Primary Care Physicians (PCP), as required by the current California TB Guidelines, that a tuberculin reaction of 5mm of induration or greater is classified as positive in the following groups:

- Persons known to have or at risk for HIV infection
- Close recent contact with a person who has infectious TB
- Persons who have a chest x-ray consistent with tuberculosis
- Persons who are immunosuppressed
- Other groups as identified in the current California TB Guidelines.

A tuberculin reaction of 10mm of induration or greater is classified as positive in all other persons. The PCP will evaluate all members with a positive skin test, even if asymptomatic.

To report positive results, the PCPõs must document:

- Positive tests in children under three (3) are reported to the Local Health Department and L.A. Care Management Program
- All members with a new positive skin test must be evaluated for active TB which may include a chest x-ray.
- When active TB is suspected, an appropriate culture must be obtained from sputum or other body fluid/tissue, as appropriate
- When TB is suspected, treatment will be initiated prior to bacteriological confirmation. The PCP must refer appropriate members to the local Health Department TB Control Program to provide members with active TB the services of Directly Observed Therapy (DOT). Active cases determined to be at risk for non-compliance will be referred to the TB Control Program for evaluation of DOT services.

Directly Observed Therapy (DOT) for TB is offered by Local Health Departments (LHDs) and is a linked and carved out service.

L.A. Care and/or its PPGs shall assess the risk of noncompliance with drug therapy for each member who requires placement on antituberculosis drug therapy.

The following groups of individuals are at risk for non-compliance for the treatment of TB:

- Members with demonstrated multiple drug resistance (defined as resistance to Isoniazid and Rifampin);
- Members whose treatment has failed or who have relapsed after completing a prior regimen;
- Children, adolescents and individuals who have demonstrated poor medication compliance (those who failed to keep office appointments).

L.A. Care and/or its PPGs shall refer members with active TB and who have any of these risks to the TB Control Officer of the LHD for DOT.

L.A. Care and/or its PPGs shall assess the following groups of members for potential noncompliance and for consideration for DOT:

- Substance abusers.
- Persons with mental illness.

- The elderly.
- Persons with unmet housing needs.
- Persons with language and/or cultural barriers.

If, in the opinion of L.A. Care and/or its delegated entities' providers, a member with one or more of these risk factors is at risk for noncompliance, the member shall be referred to the LHD for DOT.

L.A. Care and/or its delegated entities shall provide all Medically Necessary Covered Services to the member with TB on DOT and shall ensure joint case management and coordination of care with the LHD TB Control Officer.

L.A. Care Health Plan, in conjunction with its delegated entities, will work in close collaboration with the Public Health Departments of the County of Los Angeles and the cities of Pasadena and Long Beach to ensure compliance with guidelines for TB treatment and control.

WOMEN, INFANTS AND CHILDREN (WIC) PROGRAM NUTRITIONAL SUPPLEMENT PROGRAM (HEALTHY FAMILIES AND HEALTHY KIDS)

WIC services are defined as a carve out service and are provided as a benefit to eligible Women, Infants, and Children through referral to the Carved Out Service, the WIC Supplemental Nutrition Program.

L.A. Care and its PPGs must have a system to identify and refer eligible members needing WIC services to appropriate WIC sites/services.

IDENTIFICATION

Eligibility Verification

Eligibility for WIC services is determined by the WIC centers based on residency and other factors.

PCP and other Physicians or Primary Care Providers WIC Referrals

PCPs, other Physicians or other Primary Care Providers WIC referral process as part of its Initial Health Assessment of members, or as part of the initial evaluation of newly pregnant women, shall refer and document the referral of pregnant, breastfeeding or postpartum women or a parent/ guardian of a child under the age of five to the WIC program as mandated by Title 42, CFR 431.635 (c).

As part of the referral process, PCPs, Other Physicians or other Primary Care Providers referring to the WIC program must include:

- a current hemoglobin or hematocrit laboratory value
- present height and weight
- confirmation of the pregnancy date
- birth weight and length for infants
- for small or preterm infants, document the gestational age.
- PCPs, Other Physicians or other Primary Care Providers must document these laboratory values and the referral in the member's medical record

Members Self Referral to WIC

Members may self refer to WIC.

Basic Case Management

The PCP maintains the role of the overall case manager for the member which includes assuring appropriate

referrals for members needing WIC services and providing routine preventive and other necessary care.

Transfer of Information between Providers and WIC
L.A. Care and its PPGs/PCPs must implement HIPAA compliant procedures to ensure confidential transfer o
medical documentation including CPSP assessment, WIC program dietary assessment forms, to and from
PCP to WIC Centers in compliance with all federal and state regulations.

DEVELOPMENTAL DISABILITIES SERVICES (DDS) – HEALTHY FAMILIES AND HEALTHY KIDS

L.A. Care and its PPGs must maintain policies, procedures, and processes in place to address the following:
identification, diagnosis, referral, and tracking of members with potential and eligible DDS conditions for the
provision of all screening, preventive, medically necessary, and therapeutic services.

L.A. Care and its PPGs will utilize network providers for diagnosis and treatment of members with
developmental disabilities.

Members may access the Regional Centers if services are needed and not available within the L.A. Care network.

L.A. Care and its PPGs will refer members with developmental disabilities to the Regional Centers for those
non-medical services such as respite, foster home placement, supportive living, etc. for members with
substantial disabilities if such services are needed.

Identification

L.A. Care will:
For existing MediCal members, L.A. Care obtains a list of eligible members currently enrolled in a Regional
Center. This list is distributed to the assigned PCPs and PPGs to ensure care coordination.

On a monthy basis, L.A. Care providers PPGs and PCPs with a list of members receiving services through
of the community Regional Centers. This information services to notify providers and allow them to notify
providers and allow them to coordinate any services requested by L.A. Care or the Regional Center. For a lis
of current approved ICD-9 codes of potential eligible DDS conditions, you may contact the UM Department or
visit www.dds.cahwnet.gov for additional information about DDS.

PPGs will:
Maintain mechanisms to support the identification of members with eligible and potential DDS conditions an
use the list of members with potential and eligible DDS conditions generated by L.A. Care Health Plan and a
additional information generated by L.A. Care to facilitate the provision of basic case management and
coordination of care by the PCP.

Be responsible to track the identified potential and eligible DDS members and the services provided to them
assure coordination and continuity of care.

Notify PCPs of potential and eligible DDS members and work with the PCPs and the local Regional Centers
to ensure these members continue to receive preventive and medically necessary care and that coordination
care is documented in member medical record.

PCPs will:
Be responsible for basic case management and coordination of care for members with potential and eligib
DDS conditions.

Eligibility
L.A. Care will verify member eligibility and send the list of members with potential and eligible DDS conditions to the PPGs via secure PPG FTP sites.

Referral
Members (parent/guardian) may self refer to the Regional Centers for confirmation of Regional Center eligibility criteria. A current listing of the local Regional Centers is available at www.lacare.org or www.dds.cahwnet.gov

Submit a signed consent form for release of Med

The PCP or specialist should refer potential and eligible members directly to the Regional Center and are encouraged to include the specific member information in the referral matching Regional Center eligibility criteria.

PPGs must:
Implement procedures to ensure confidential transfer of medical documentation to and from the PCP to Regional Centers in compliance with all federal and state regulations.

Establish procedures to support the identification and management of problems with the PCP, Regional Centers, and L.A. Care.

Ensure that the PCP maintains the role of the overall case manager for the member and assure appropriate referrals for members with potential and or eligible DDS conditions.

PCPs must:
Maintain the role of the overall case manager for the member and assure appropriate referrals for members with potential and or eligible DDS conditions.

EARLY INTERVENTION/EARLY START (HEALTHY FAMILIES AND HEALTHY KIDS)
L.A. Care and its PPGs are responsible for assuring identified eligible members under the age of 3 years w or at risk for developmental disabilities are referred to Early Start/Early Intervention Services (including CHDP). The Early Start Program is administered through the Department of Developmental Services (DDS). DDS is responsible for coordinating a wide array of services for:

- California residents with developmental disabilities
- Infants at high risk for developmental disabilities
- Individuals at high risk for parenting a child with a disability
- Conducting oversight activities to monitor the need for EPSDT Early Start/Early Intervention Services;

Services are evaluated during the IHA within the required timeframes as described below for Plan membership and during preventive health visits thereafter:

- When medically indicated, the provision of medically necessary Early Start/Early Intervention Services within Plan.
- When medically indicated, the provision and/or coordination of Early Start/Early Intervention Services if these services are delivered out-of-Plan.

Coordinating with the Plan Partners and local programs to develop and implement programs for PCPs.

PPGs must:
Have systems in place to address the identification, diagnosis, referral, case management, tracking, and reporting of members who are eligible for Early Start/Early Intervention Services.

Have systems to identify children who may be eligible to receive services from the Early Start program and refer them to the local Early Start program. These children would include those:

- With a condition known to lead to developmental delay in either cognitive, communication, social, or emotional, adaptive, or physical and motor development including vision and hearing.
- In whom a developmental delay is suspected.
- Whose early health history places them at risk for delay.

Collaborate with the local Regional Center or local Early Start program in determining the Medically Necessary diagnostic and preventive services and treatment plans for Members participating in the Early Start program

Provide case management and care coordination to the Member to ensure the provision of all Medically Necessary covered diagnostic, preventive and treatment service identified in the individual family service plan developed by the Early Star/Early Intervention Program, with Primary Care Provider participation.

Identification
L.A. Care and its PPGs must:

Identify current and new enrollees needing Early Start/Early Intervention services.

Track the identified persons and the services provided to them to ensure coordination and continuity of care.

Ensure members receive an Initial Health Assessm

For members under the age of 18 months, PPGs/PCPs are responsible to cover and ensure the provision of IHA within 60 days following the date of enrollment or within periodicity timelines established by the American Academy of Pediatrics (AAP) for ages two (2) and younger whichever is less

For members 18 months of age and older upon enrollment, PPGs/PCPs are responsible to ensure IHA is performed with 120 days of enrollment and that the IHA will be consistent with the American Academy of Pediatrics and EPSDT Periodicity Schedule of assessment requirements.

Eligibility
L.A. Care and its PPGs are:

Required to review encounter data to determine members eligib
The following conditions are among those which potentially place infants and children at risk of developmental disabilities:

- HIV/AIDS
- Cancer
- Blindness, hearing impaired
- Retardation
- Heart conditions
- Epilepsy
- Juvenile diabetes

- Cleft palate
- Lung disorders, asthma, cystic fibrosis
- Downs syndrome
- Physically handicapped due to extensive orthopedic problems
- Neurologically impaired, spinal cord injuries
- Sickle cell anemia

Referral
L.A. Care works with the local Regional Centers for assistance in locating programs which are available f
infants and children who are eligible for early intervention services through local education agencies an
family resource centers.

L.A. Care Health Plan works closely with the local Early Start Programs and Regional Centers to ensure th
medical and health assessment information is provided/processed in a timely manner as follows:

Children must be referred to an Early Start Program within two (2) working days of identifying that child as
potentially requiring developmental interventions services.

Federal Regulation requires that the Early Start programs and Regional Centers complete the individual fam
service plan, eligibility assessments and eligibility determination within forty-five (45) days from the receipt of
the referral.

Parents or guardians may refer children directly to Early Start/Early Intervention Services.

PCPs or specialists may refer to Early Start/Early Intervention programs for children who meet the eligibility
criteria using the L.A. Care and/or its delegate
Start/Early Intervention programs.

Once it is determined that a referral is needed, L.A. Care and/or its
contact the PCP to make referrals to an Early Start Program.

L.A. Care and/or its delegated entities will notify PCPs and can work with the local regional centers for
assistance in locating programs which are available for infants and children who are eligible for early
intervention services through local education agencies and family resource centers.

Coordination of Care
PPGs shall:
- Designate a Case Manager to interface with a designated L.A. Care Liaison, Early Start/Early
  Intervention programs, Regional Centers, SEL
  necessary.
- Implement procedures to ensure confidential transfer of medical documentation to and from the
  PCP to Early Start/Early Intervention programs in compliance with all federal and state regulations.
- Establish procedures for identification and management of problems with the PCP, Early
  Start/Early Intervention programs, SELPASO Regional Centers, a
- Ensure that the PCP maintains the role of the overall case manager for the member and assure
  appropriate referrals for members assessed as needing Early Start/Early Intervention programs.
- Provide comprehensive case management as necessary.
- Maintain logs of active EI/ES cases.
- Ensure that members continue to receive medically necessary care and that coordination of care is

documented in membersõ medical records.

- Continue to provide medically necessary covered services while the member receives waiver services as long as the member is enrolled in L.A. Care.

PCP Responsibilities

When eligible members for early intervention services are referred to an Early Start Program, the PCP sha assure:

- Participation/cooperation in the developmen plan.
- Provision of available medical reports, as requested, to the early intervention team, keeping in min the 45-day time lines required by state and federal statute for the completion of the initial IFSP.
- Follow up and coordination of treatment plans between the PCP, specialists and Early Start Programs. Consultations and ongoing responsibilities for preventive care and all medically necess services are specified by the specialty care, diagnostic treatment services, therapies and durable medical equipment.

Problem Resolutions

L.A. Care is available to review and attempt to resolve any disagreements over diagnosis and/or treatme authorizations with providers, local Regional Centers and the Local Education Agencies. Any unresolved issues should be forwarded to the L.A. Care UM Liaison for assistance.

6.0: QUALITY IMPROVEMENT (QI) DEPARTMENT

L.A. Care Health Planõs mission is to provide ac
and low income communities and residents and to support the safety net required to achieve this purpose. L.A.
Care annually prepares a comprehensive Quality Improvement Program that clearly defines

L.A. Careõs QI structures and processes designed
provides to its members. A complete written copy of L.A. Care Quality Improvement Program is available by
request by calling (213) 694-1250, Ext. 4027.

The L.A. Care Quality Improvement Program, consistent with the L.A. Care mission, strives to:

- Define, oversee, continuously evaluate and improve the quality and efficiency of health care delivered through organizational commitment to the goals and principles of our organization.
- Ensure medically necessary covered services are available and accessible to members taking into consideration the memberõs cultural and lingu
- Ensure our contracted network of providers cooperate with L.A. Care quality initiatives.
- Ensure that timely, safe, medically necessary, and appropriate care is availabl
- Consistently meet quality standards as required by contract, regulatory agencies, recognized care guidelines, industry and community standards.
- Promote health education and disease prevention designed to promote wellness by encouraging and empowering the member to adopt and maintain optimal health behaviors.
- Maintain a well-credentialed network of providers based on recognized and mandated credentialing standards.
- Protect membersõ Protected Health Information

OBJECTIVES

L.A. Care quality improvement infrastructure is designed to:

- Identify, implement and monitor interventions, as appropriate, to continually achieve improvement in the quality and safety of clinical care and services.
- Educate practitioners on performance expectations and provide feedback about
- compliance with those expectations.
- Communicate the quality improvement process to practitioners/providers and members through appropriate persons and venues (e.g. meetings, print media, electronic media, and
- L.A. Careõs website).
- Identify, monitor, and address known or suspected quality of care issues and trends that affect the health care and safety of members.
- Document, monitor and strive to improve the p
- Monitor compliance with corrective action plans and interventions.
- Coordinate relevant sources of information available to L.A. Care including quality of care performance review (e.g. QI activities matrix reports, membership services, pharmacy and EPSDT data).
- Monitor the performance of network practitioners in providing access to care and quality through the use of health-related indicators, member satisfaction surveys, provider satisfaction surveys, focused studies, facility inspections, medical record audits and analysis of administrative data.
- Monitor L.A. Care and network compliance with contractual and regulatory requirements of appropriate state and federal agencies and other professional by recognized standards such as NCQA and JCAHO.
- Establish priorities for and conduct focused review studies with emphasis on preventive high-volume providers of services and high-risk services.

- Establish and maintain policies, procedures, criteria, and standards for the monitoring of credentialing recredentialing, and reappointment of plan practitioners.
- Assure that members can achieve resolution to problems or perceived problems relating to service, access or other quality issues.
- Annually measure member and provider satisfaction with L.A. Care.
- Establish, maintain, and enforce a conflict of interest policy regarding peer review activities.
- Establish, maintain, and enforce confidentiality policies and procedures for protection of confidential member, practitioner, and provider information in accordance with applicable state and federal regulations.
- Ensure that mechanisms are in place to support and facilitate continuity of care within the health care network and to review the effectiveness of such mechanisms.
- Establish standards of medical and behavioral health care (as required by product line) which reflect current medical literature and national benchmarks; design and implement strategies to improve compliance; and develop objective criteria and processes to evaluate and continually monitor performance and adherence to the guidelines.
- Sponsor the delivery of educational information to practitioners to enhance the diagnosis and management of medical/health conditions.
- Promote preventive health measures, health awareness programs, education programs, patient safety health care disparities and cultural and linguistic programs that complement Quality Improvement interventions.
- Foster a supportive environment to assist practitioners and providers to improve safety within their practices.

ANNUAL QI PROGRAM EVALUATION

L.A. Care Annually reviews data reports and other performance measures regarding program activities to asse the effectiveness of its QI Program. This evaluation includes a review of completed and continuing progra activities and audit results; trending of performance data; analysis of the results of QI initiatives including barriers, successes, and challenges; an assessment of the effectiveness of monitoring activities and ident and acting upon quality of care and service issues; an evaluation of the overall effectiveness of the QI program including progress toward influencing network-wide safe clinical practices; and the goals and plans for the next year.

ANNUAL QI WORK PLAN

The annual QI Work Plan is developed in collaboration with staff and is based, in part, on the results of the prior yearõs QI Program evaluation. Each of the responsibility assigned and the date by which completion is expected. Quarterly updates to the Work Plan documented and reported to the Quality Oversight Committee and the Compliance and Quality Committee of the Board.

Committee Structure

L.A. Careõs quality committees oversee various major mechanism for intradepartmental collaboration for the Quality Program. There is physician network participation on many of L.A. Careõs QI Committe

CLINICAL CARE MEASURES- *HEDIS*

L.A. Care measures clinical performance related to Healthcare Effectiveness Data (HEDIS). L.A. Care expe that the network assist the health plan in continuously improving its HEDIS rates. The network is also expect by contract to cooperate with the annual HEDIS data collection efforts and keep encounter data current and accurate. Common HEDIS measures are Well Child Visits, Well Adolescent visits, Timely Prenatal a

Postpartum Care, Diabetes measures, such as Diabetic Retinal Eye exams, LDL-C Screening, Nephropathy, breast and cervical cancer screenings, and others.

SERVICE MEASURES

L.A. Care monitors services and member satisfaction by collecting, analyzing and acting on numerous source data such as Member Satisfaction (CAHPS), Complaints and Appeals, Access to and Availability of Practitioners and Provider Satisfaction.

CONTINUITY AND COORDINATION OF MEDICAL CARE

How well does your office coordinate care? If re appointment. Have staff set up a quick phone appointment that the specialist also contact you once the consultation and/or treatment is finished. Keep track of specialty referrals that require prior authorization. Talk the PPG or IPA about getting timely hospital discharge reports that will help you follow up and coordinate care after a hospitalization.

CONTINUITY and COORDIATION OF MEDICAL and BEHAVORIAL HEALTH CARE - Medi-Cal

Specialized mental health services for Medi-Cal services are provided through the Los Angeles County Department of Mental Health (LACDMH). Services from LACDMH can be provided with or without a referral. LACDMH may be reached toll-free at 1-800-854-7771.

L.A. Care will coordinate and cover laboratory, radiological and radioisotope services needed for the diagnosis, treatment and monitoring of a mental health condition. L.A. Care covers mental health drugs listed on th formulary and prescribed by the PCP doctor or by a licensed mental health provider authorized to prescribe drugs. If medically necessary, L.A. Care may cover a mental health drug not on the formulary.

HEALTHY FAMILIES/HEALTHY KIDS

L.A. Care contracts with Comprehensive Behavioral Care, Inc. (CompCare) to provide inpatient and outpatient mental health services for L.A. Care's Healthy Families and Healthy Kids populations, including drug a alcohol abuse services. Mental health care is covered when services are ordered and performed by a plan n health professional. For a directory of CompCare providers, please refer to the electronic provider and hospital directory on L.A. Care's website. A search for a behavioral health provider will link you directly to th CompCare network. L.A. Care also offers a toll-free behavioral health hotline at 1-877-344-2858.

Care for members determined to have a serious emotional disturbance (SED) condition will be provided by t county mental health department. The member will remain enrolled in the plan and will continue to receive medical care from plan providers for services not related to the SED condition.

PREVENTIVE HEALTH CARE GUIDELINES - SEE L.A. CARE WEBSITE FOR CURRENT AND UPDATED GUIDELINES

CLINICAL PRACTICE GUIDELINES for ACUTE and CHRONIC MEDICAL CARE- SEE L.A. CARE WEBSITE FOR CURRENT AND UPDATED GUIDELINES INCLUDING ASTHMA AND DIABETES

CLINICAL PRACTICE GUIDELINES for BEHAVIORAL HEALTH CARE - SEE L.A. CARE WEBSITE FOR CURRENT GUIDELINES INCLUDING DEPRESSION AND ADHD.

Disease Management Programs

The objective of each of L.A. Careõs Disease Ma eligible members with chronic or other conditions. The programs achieve their objective by educating t member and by enhancing self-management of the condition. Disease t

management programs are developed from evidence-based clinical practice guidelines and support the practitioner-patient relationship, plan of care and foster patient empowerment. Disease management pr are selected based on an analysis of internal data relating to disease prevalence in the L.A. Care populatio are currently addressing Asthma (L.A. Cares About Asthma) and Diabetes (L.A. Cares About Diabetes). To enroll a member contact L.A. Care at 1-866-LA-CARE6 (1-866-522-2736).

POPULATION OF FOCUS: SERVING SENIORS AND PERSONS WITH DISABILITIES AND HEALTH DISPARITIES

L.A. Care seeks to improve the health and overall well being of all its members, including seniors and pe with disabilities as well as focusing on health disparities. L.A. Care specifically develops programs that ta and accommodate members who are at higher risk for health disparities including those related to race ethnicity, language, disabilities and chronic conditions.

Patient Safety

L.A. Care is committed to improving patient safety and promoting a supportive environment for networ practitioners and other providers to improve patient safety in their practices. Many of the ongoing QI Progra measurement activities, including measures for accessibility, availability, adherence to clinical practice guidelin and medical record documentation include safety components. When performance is analyzed for th measures, patient safety is considered, opportunities identified, prioritized and actions are taken to improve safety.

Nurse Advice Line - 1-800-249-3619

L. A. Care provides a 24 hour, 7 days per week nurse advice line for members of MCLA, Healthy Families, a Healthy Kids. This service may help members save time and money, avoid long ER lines, learn self care management of common ailments, and reduce after hours calls to physicians. Members can also listen to the audio library of more than 1,000 easy to follow health topics.

Member Confidentiality

L.A. Care keeps confidential information secure and makes it available only to L.A. Care employees, contrac and affiliates who have a need to know and who have signed a confidentiality statement.

L.A. Care ensures that all individuals or agencies who participate in the use, creation, maintenance, or disclo of protected health information limit the use and disclosure only to the amount necessary to complete the task. Without a signed authorization, disclosure of protected health information is limited to the purposes of treatment, payment, or health care options. These purposes include the use of health information for quality of care activities, disease management service referrals, statistical evaluation, claims payment proces medical payment determinations, practitioner credentialing, peer review activities, and the grievance and app process. Network practitioners and providers are obligated to maintain the confidentiality of member information and information contained in a membe permitted by applicable laws and regulations, including HIPAA.

L.A. Care maintains confidentiality in written, verbal, and electronic communications. L.A. Care has specific policies that outline appropriate storage and disposal of electronic and hard copy materials so that confidenti is maintained within the plan and network.

Disease Reporting Statement

L.A. Care complies with disease reporting standards as cited by the California Code of Regulations, Title 17 (Section 2500), which states that public health professionals, medical providers and others are mandated to report approximately 85 diseases or conditions to their local health department. The primary objective of dise reporting and surveillance is to protect the health of the public, determine the extent of morbidity within the community, evaluate risk of transmission and intervene rapidly when appropriate. Reportable diseases can be found at www.lapublichealth.org/acd/cdrs.htm and via a link on the L.A. Care website at www.lacare.org.

7.0 CREDENTIALING

OVERVIEW

L.A. Careõs direct contract providers are required to be credentialed in accordance with L.A. Careõs credentialing criteria and the standards of DMHC, NCQA, and CMS requirements.

L.A. Care requires that all practitioners who are performing services for L.A. Care members must have a current license at all times to provide patient care to members and abide by State and Federal laws and regulations. All practitioners must be qualified to participate in Medi-Cal and CMS product lines in order to participate in all lines of business. Failure to meet Medi-Cal and CMS requirements may be cause for removal from L.A. Careõs network.

These requirements include verification of the following circumstances:

Excluded Providers

- Confirmation that practitioners or other health providersó on the Office of the Inspector General individuals found guilty of fraudulent billing, misrepresentation of credentials, etc.
- Organizations employing or contracting with health providers have a responsibility to check the sanction list with each new issuance of the list, as they are prohibited from hiring, continuing to employ, or contracting with individuals named on that list.
- All contracted PPGs and vendors are required to review this publication on a monthly basis and are required to ensure they are reviewing the most current iteration. Lists of the excluded providers are available at http://oig.hhs.gov/fraud/exclusions/exclusions_list.asp and https://www.epls.gov/

Medi-Cal Suspended and Ineligible Providers

- Medi-Cal law (*Welfare and Institutions Code*, Section 14123) mandates that the Department of Health Care Services (DHCS) suspends a Medi-Cal provider when he/she has been (a) convicted of a crime involving fraud or abuse of the Medi-Cal program, or (b) suspended from the federal Medicare program for any reason.
- Suspension is automatic when either of the above events occurs, and suspended Medi-Cal providers will not be entitled to a hearing under the *California Administrative Procedures Act*
- All contracted PPGs and vendors, i.e., carved out contacts are required to review this publication on a monthly basis and are required to ensure they are reviewing the most current iteration.

Opt-Out Providers

- If a practitioner opts out of Medicare, that practitioner may not accept Federal reimbursement for a period of 2 years. The only exception to that rule is for emergency and urgently needed services. Payment must be made for emergency or urgently needed services furnished by an opt-out practitioner to a member, but payment should not otherwise be made to opt-out providers. Information on providers who opt-out of Medicare may be obtained from the local Medicare Part B carrier. This list must be checked on a regular basis.

- All contracted Participating Practitioner Groups (PPGs) and vendors are required to review this publication on a monthly basis and are required to ensure they are reviewing the most current iteration.

PPGs will establish standards, requirements and processes for the evaluation of practitioners, practitioner health care professionals and health delivery organizations that comply with L.A. Care, NCQA, DHCS, and CMS requirements who are performing services for L.A. Care members to ensure that these practitioners and health delivery organizations are qualified to perform the services, and are licensed and/or certified consistent with State laws and regulations. These standards, requirements and processes are applicable whether or not credentialing and re-credentialing activities (herein after referred to as credentialing).

The acceptance of a practitioner into the L.A. Care network is contingent upon successfully completing the credentialing review process. The credentialing process is implemented every three (3) years in accordance with L.A. Care, NCQA, DHCS, and CMS requirements. Continuation of participation with L.A. Care is dependent upon successfully completing the credentialing process.
L.A. Care's Governing Board has delegated the responsibility to the Credentialing/Peer Review Committee, to review and make recommendations on practitioner initial credentialing, credentialing applications, and oversight functions for delegated activities for participation in the L.A. Care network.

DELEGATION OF CREDENTIALING

- L.A. Care is responsible for monitoring all contracted PPGs, credentialing, and re-credentialing activities. A PPG must pass the L.A. Care Credentialing delegation readiness review in order to be delegated the credentialing responsibility. Otherwise, L.A. Care's Credentialing is responsible for a PPG's credentialing activities.
  L.A. Care retains the right to approve new practitioners and sites, and to terminate or suspend individual practitioners, based on credentialing issues at all times.
- Definition of Delegation: Delegation is a formal process by which an organization gives another entity the authority to perform certain functions on its behalf. Although the organization can delegate the authority to perform such a function, it cannot delegate the responsibility for assuring that those functions are performed appropriately.
- If the PPG delegates any credentialing and re-credentialing activities, there is evidence of oversight of the delegated activity. The PPG is accountable for credentialing and re-credentialing its practitioners, even if it delegates all or part of these activities. There must be evidence of a mutually agreed upon delegation agreement by both the PPG and the delegate, i.e., NCQA certified CVOs, non-certified CVOs, etc. The delegation agreement must meet CMS requirements. CMS does not recognize NCQA certified CVOs. As such, all files are subject to full file review.
- When delegates have access to the PPG's protected health information (PHI) on members or practitioners, or create such information in the course of their work, the mutually agreed upon delegation document must ensure that the information will remain protected. This is not applicable if there is no delegation arrangement, or if the delegation arrangement does not involve the use, creation or disclosure of protected health information.
- If the delegation arrangement does not include the use of PHI in any form, an affirmative statement to that fact in the delegation agreement is sufficient, but is not required; the PPG may document the lack of PHI in a delegation arrangement in other manners.
- Prior to delegation, L.A. Care's Credentialing Department audits to determine if the PPG meets L.A. Care's criteria for delegation. L.A. Care evaluates the potential delegate's ability to perform the delegated activities, which will include all activities related to credentialing and re-credentialing in accordance with the standards of L.A. Care, NCQA, DHCS and CMS. Using a modified version of the Standardized Audit Tool in accordance with

L.A. Care, NCQA, DHCS and CMS standards, the Credentialing Department will evaluate delegated entityõs performance.

Types of Delegation Status

After completion of the pre-delegation audit, the audit tool is scored and recommendations regarding delegation are presented to the Credentialing/Peer Review Committee and the Quality Oversight Committee (QOC) as follows:

- Delegation ðPPG group scores between 80% to 100% on the pre-delegation audit. A corrective action plan must be successfully completed if score is below 100%.
- Full delegation ðPPG scores 100%. No CAP required.
- Full delegation ðPPG scores between 90-99%. CAP required. A corrective action must be successfully completed.
- Provisional Delegation ðPPG scores between 70-79% on the pre-delegation credentialing audit. A corrective action plan must be successfully completed and a audit performed after ninety (90) days.
- Denial of Delegation ðPPG chooses not to pursue delegation of credentialing, or it receives less than a 70% on the pre-delegation credentialing audit. PPG has a Non-Delegated credentialing status for a minimum of one year. The credentialing of PPG practitioners will be performed by L.A. Care Credentialing department.

Following recommendations by the Credentialing/Peer Review Committee, delegation letters will be sent to the PPGõs scoring 80% or above, and Delegation Agreements will be executed.

Levels of Delegation

- Partial ðSome credentialing activities have been delegated to the PPG, and some activities have been retained by L.A. Care. The Delegation Agreement will identify in detail exactly what functions have been delegated to the PPG.
- Full ðAll credentialing activities have been delegated to either the PPG or a combination of a hospital and medical group.

The Delegation Agreement will identify in detail exactly what functions have been delegated to the PPG.

Delegation Oversight

- The PPG agrees, upon delegation, to make available to L.A. Care credentialing and recredentialing status on participating practitioners, including credentialing data elements as well as documents and quarterly reports, as appropriate, using the standardized ICE form or another approved L.A. Care format.
- Credentialing and recredentialing files will be reviewed according to the following file pull methodology: A roster of practitioners credentialed and recredentialed within the audit period will be requested. NCQAõs 8/30 methodology will be used in evaluating eight (8) initial files and eight (8) recredentialing files. If any element should fall out of the 8/30 Rule, then the deficient element(s) will be reviewed for the remaining files, up to a maximum of 30 initial credentialing and 30 recredentialing files.
- L.A. Careõs oversight audit will include a review of Committee meeting minutes, application(s), files, credentialing and re-credentialing process in accordance with L.A. Care, NCQA, DHCS, and CMS guidelines.

- Results of L.A. Careõs oversight audit will be reported deficiencies are noted. The PPG will implement such corrective action plan within the time period state and will permit a re-audit by L.A. Care or its agent, if requested. If PPG fails to adequately correct the deficiencies within the required time period, L.A. Care retains the right to perform a focused audit as deemed necessary. L.A. Care may de-delegate credentialing and assume responsibility for all or part of credentialing functions.
- The Credentialing Department works collaboratively with the delegate when deficiencies have been identified through the oversight process. The delegate is given a Corrective Action Plan (CAP) and asked to respond within 30 days. If no response is received within 30 days, the Regulatory Affairs and Compliance (RAC) Department sends a second letter requesting a response within 14 days and advis that failure to respond may be cause for revocation of the delegation agreement.
- PPG that receives a rating of òexcellentó, òc will be deemed to meet L.A. Careõs requirements for credential the L.A. Care audit of credentialing in elements for which they are accredited or certified. As a note, CMS does not recognize NCQA certified CVOs. In such cases, all files may be subject to full file review. L.A. Care retains overall responsibility for ensuring that credentialing requirements are met and will require documentation from PPG to establish proof of NCQA accreditation status. Elements not listed in the NCQA accreditation documentation will require further validation through annual or pre delegation audits. L.A. Care retains the right to perform oversight audits as necessary.

Delegation Revocation

- At L.A. Careõs discretion, L.A. Care determines that significant deficiencies exist at L. occurring related to performance by the delegate and are without remedy, additional focused audits may be initiated and/or CAPs may be implemented as stipulated in the written delegation agreement.
- L.A. Care retains the right to approve new participating practitioners and sites (delegated or sub delegated), and to terminate, suspend, and/or l meet L.A. Careõs credentialing requirements.

PPG RESPONSIBILITIES

PPG must have policies and procedures to address credentialing of practitioners, other practitioner health care professionals, licensed independent practitioners and health delivery organizations within the scope of credentialing. PPG must state in policy that they do not make credentialing and recredentialing decisions based solely on an applicant's race, ethnic/national identity, gender, age, sexual orientation or the types of procedur (e.g., abortions) or patients (e.g., Medicaid) in which the practitioner specializes. A statement that the PPG d not discriminate does not meet the intent of the requirement. The policy must explicitly describe that the organization takes steps to monitor for and prevent discriminatory practices during the credentialing and recredentialing processes.

- PPG will establish standards, requirements and process for the health delivery organizations that are performing services for L.A. Care members to ensure that these practitioners and health delivery organizations are qualified to perform the services, and are licensed and/or certified consistent with L.A. Care, NCQA, DHCS, and CMS requirements. These standards, requirements and processes are applicable whether or not credentialing and recredentialing activities are delegated.
- PPG's policies must explicitly define the process used to ensure that the information submitted to L.A. Care is consistent with the information obtained during the credentialing process which is included in member materials and practitioner directories. Specifically, any practitioner information regarding qualifications given to members should match the information regarding practitioner's education, training, certification and designated specialty gathered during the credentialing process "Specialty" refers to an area of practice, including primary care disciplines

- PPG will establish a peer review process by designating a Credentialing Committee that includes representation from a range of participating practitioners. The credentialing process can encompass separate review bodies for each specialty (e.g., physician, dentist, and psychologist) or a multidisciplinary committee with representation from various types of practitioners and specialties.
- PPG must notify the practitioner, in writing, of any adverse actions to the practitioner and notify L.A. Care of actions taken.
- PPG must notify L.A. Care in writing, if any contracted practitioner has any adverse action or criminal action taken against them promptly and no later than fourteen (14) calendar days from the occurrence of any adverse event, criminal action, changes in privileges, accusation, probation, or other disciplinary action of practitioners. Failure to do so may result in the removal of the practitioner from L.A. Care's network.
- L.A. Care reserves the right, pursuant to the Participating Provider Group Services Agreement, to coordinate, consolidate, and participate in any PPG participating practitioner disciplinary hearing, conducted in accordance with L.A. Care Policy and Procedures, and California Business and Professions Code Section 805.
- PPGs that are delegated for credentialing and recredentialing are required to review, investigate and take appropriate action for any adverse events or criminal actions taken against a contracted provider including, but not limited to fair hearing and report to appropriate authorities as delegated. L.A. Care retains the right to approve, close panel to new membership and/or terminate contracted practitioners at all times.
- PPG will advise L.A. Care of any changes to its credentialing and recredentialing policies and procedures, processes, delegation oversight, and criteria within thirty (30) days of the change.
- If L.A. Care deems the changed items not in compliance with L.A. Care, NCQA, DHCS, and CMS requirements, L.A. Care shall notify PPG immediately. PPG will have 30 days to be in compliance, and, if not in compliance, L.A. Care may de-delegate credentialing and assume responsibility for all or part of the credentialing functions.
- PPG will provide quarterly reports to L.A. Care following the end of each report month (May 15th, August 15th, November 15th, February 15th) with accurate and complete PPG practitioner data. PPG must provide Board certification status and Board expiration date when adding a practitioner to L.A. Care's network and any updates.
- Using the standardized ICE format and Excel grid will include the following:
  - Number of adds/deletes of PCPS (i.e. MDs, Dos, etc.)
  - Number of adds/deletes of SCPS (i.e. MDs, and Dos, etc.)
  - Numbers of adds/deletes of independent practitioners (i.e. DCs, DPMs, etc.)
  - Any new or revised policies and procedures, additions of a computer system, CVO
  - Practitioners termed for quality issues
- PPG will submit a profile of the PCP or SCP credentialing information to L.A. Care. Along with the profile, first and last page of the contract, W-9, all addenda to the California Participating Physician Application (CPPA), and appropriate hospital coverage letter, if applicable, must be attached. In addition, all PCPs requesting to treat members 16 years of age must be CHDP certified. To expedite the addition of the PCP who has requested to treat members 16 years of age, PPG must supply a copy of the certification letter. PPG will be responsible to manage the CHDP certification process within their network.
- CHDP exceptions will be reviewed on a case by case basis by L.A. Care's Chief Medical designee and presented to the Credentialing Committee for action. All requests for an exception will include, but will not be limited to the consideration of the practitioner's board member grievances, facility site review compliance, regulatory compliance, performance, hospital privileges, and geographic need. Supporting documentation is required. The decision of L.A. Care's Credentialing Committee or designee will be final. Notice of the decision will be forwarded to the

Plan Partner or PPG following the Committeeõ
L.A. Careõs Credentialing Committee is current

PPG profiles must meet L.A. Careõs requirements as follows:

- Practitioners who do not have hospital privileges with a L.A. Care contracted hospital, may use the PPGs admitting panel or have a direct agreement with a practitioner who has admitting privileges within the same specialty at a L.A. Care contracted hospital. This agreement must capture responsibility for the provisions and coordination of care, when patients are discharged from the hospital, referral of patients back to PCP with a hospital discharge summary, and coordinate a seven day week, 24 hour call coverage utilizing the practitioners that are contracted with the PPG.
- PPG will notify L.A. Care within thirty (30) days of any participating practitioners, including, but not limited to, termination, resignation.
- PPGs will ensure that practitioners and all of their contracted sites are reviewed in accordance with the requirements of L.A. Care, NCQA, DHCS and CMS requirements. All Practitioners must have a current (i.e., within 3 years of the date of initial credentialing or recredentialing) full scope site review at the time of initial credentialing or recredentialing.
- PPGõs Board of Governors (Board), or the group delegated the credentialing function, reviews and approves the credentialing policies and procedures on an annual basis

Provisional Credentialing

The PPG may conduct provisional credentialing (in compliance with L.A. Care, NCQA, DHCS, and CMS requirements) of practitioners who completed residency or fellowship requirements for their particular specialty area within the 12 months before the credentialing decision.

CREDENTIALS COMMITTEE

The Credentials Committee will consist of not less than three (3) participating practitioners in good standings with state and federal agencies in order to ensure accurate representation of medical specialties.

- Administrative support staff may attend at the request of the Chair but are not entitled to vote.
- A quorum should consist of three (3) practitioner committee members. Any action taken upon the vote of a majority of members present at a duly held meeting at which a quorum is present shall be an act of the committee.

Meetings and Reporting

The Credentials Committee shall meet at least quarterly but as frequently as necessary to demonstrate follow up on all findings and required action; and maintain a permanent record of its proceedings and activities. The findings, recommendations, and actions of the committee must be reported to the governing body or designee in writing on a scheduled basis.

Additional meetings of the credentials committee may be called by the Committee Chairperson as needed.

Committee Decisions

- L.A. Care considers the decision made by the Credentials Committee to be final.
- The PPG's credentialing policies and procedures must include a time frame for notifying applicants of credentialing decisions, not to exceed sixty (60) calendar days from the committee's decision.

Participation of Medical Director or other Designated Practitioner

- PPG must have a practitioner (medical director or equally qualified designated practitioner) who has overall responsibility for the credentialing process. Credentialing policies and procedures must

clearly indicate the Medical Director is actively responsible for the credentialing program and must include a description of his/her participation.

Committee Functions

- Review and evaluate the qualifications of each practitioner applying for initial credentialing, and recredentialing.
- Investigate, review and report on matters referred by the Medical Director or his/her designee or the Board regarding the qualifications, conduct, professional character or competence of any applicant or practitioner, and;
- Submit periodic reports to the appropriate Committee and/or Board on its activities, i.e., ongoing monitoring reports, credentialing activity reports, etc.
- Review annually policies and procedures relevant to the credentialing process, and make revision necessary to comply with LA Care, NCQA, DHCS, and CMS requirements, regulations and practices.
- PPGõs Credentials Committee must review practitioner to the credentialing elements before making recommendations about a practitioner's ability to deliver care. At a minimum, the Credentials Committee must receive and review the credentials of practitioners who do not meet the PPG's established criteria.
- PPGõs Credentialing Committee must clearly document consideration of credentials reviewed during its meeting in the minutes. Discussion that demonstrates approval/denial does not meet the intent of detailed discussion.
- When the credentialing function is not delegated to the PPG, L.A. Careõs Credentialing will be responsible for credentialing and recredentialing activities in this section.
- L.A. Careõs Credentialing/Peer Review Committee will review all of those practitioners who fail to meet eligibility criteria. The decision to terminate, suspend, or modify participation of a contracted practitioner as a result of a reportable quality of care issue shall be subject to an appeals process by the practitioner.

Credentials Committee File Review

- PPG's policies and procedures must describe the process used to determine and approve clean files. They must identify the Medical Director as the individual with the authority to determine that a file is "clean" and to sign off on it as complete, clean and approved. With regard to clean files, the practitioner may not provide care to members until the final decision of the Credentialing Committee or the Medical Director or his or her equally qualified designee.
- PPG's credentialing and recredentialing policies must explicitly define the process used to reach a credentialing decision.

RECREDENTIALING

- Participating practitioners must satisfy recredentialing standards required for continued participation in the network. Recredentialing is completed three years from the month of initial credentialing and every three (3) years thereafter.
- A facility site review does not need to be repeated as part of the recredentialing process if the site has a current passing score (this applies to PCPs). A passing site review survey will be considered current if it is dated within the recredentialing three year date, and does not need to be repeated until the due date of the next scheduled site review survey when determined necessary through monitoring activity by the Plan.

CONFIDENTIALITY AND PRACTITIONER RIGHTS

PPG's credentialing policies and procedures must clearly state the confidential nature of information obtained in the credentialing process. The PPG must also describe the mechanisms in effect to ensu confidentiality of information collected in this process. The PPG must ensure that information obtained in the credentialing process is kept confidential and, ensure that practitioners can access their own credentialing information, as outlined in *Right to review information* below.

- During the credentialing process, all information that is obtained is considered confidential. All Committee meeting minutes and practitioner files are to be securely stored and can only be seen b an appropriate Medical Director or his/her equally qualified designee, and the Credentials Committee members. Documents in these files may not be reproduced or distributed, except for confidential peer review and credentialing purposes consistent with Section 1157 of the State of California Evidence Code and Section 1370 of the Health and Safety Code of the State of Californi
- PPG's policies and procedures must state that practitioners are notified of their right to review information obtained by the PPG to evaluate their credential application. The evaluation includes information obtained from any outside source (malpractice insurance carriers, state licensing boards, etc.).
- PPG must have written policies and procedures for notifying a practitioner in the event that credentialing information obtained from other sources varies substantially from that provided by the practitioner. The policies and procedures must clearly identify timeframes, methods, documentation and responsibility for notification.
- PPG is not required to reveal the source of information if the information is not obtained to meet PPG credentialing verification requirements or if disclosure is prohibited by law.
- Policies and procedures must also state the practitioner's right to correct erroneous information submitted by another source. The policy must clearly state
  - Timeframe for changes
  - The person to whom corrections must be submitted
  - Receipt of documented corrections
  - How practitioners are notified of their right to correct erroneous information as outlined in this manual.
- PPGõs credentialing policies and procedures must describe the process for responding to requests for the status of their applications upon request, and such requests, including information that the PPG may share with practitioners. This element does not require the PPG to allow a practitioner to review references, recommendations or other peer review protected information

APPEAL AND FAIR HEARING

- Delegated PPG, or if not delegated, CA: must have a mechanism for a fair hearing and appeal process for addressing adverse decisions that participation based on issues of quality of care and/or service, in accordance with all applicable statutes. The process should include notification to practitioner within an established time frame and established time frame for practitioner to request a hearing, scheduling of hearing requests, followed by the procedures hearings, the composition of the hearing committee and the agenda for the hearing.
- PPG must have an appeal process for instances in which it chooses to alter the conditions of a practitioner based upon issues of quality of care and/or service. Except as otherwise specified in this manual, any one or more of the following actions or recommended actions taken fo

a medical disciplinary cause or reason shall be deemed actual or potential adverse action and constitute grounds for a hearing:

- The following actions entitle the practitioner the opportunity to appear before a Peer Review Committee to present rebuttal evidence before a final determination is made. The practitioner shall have the right to be represented by an attorney during this process. The following actions also entitle the practitioner the opportunity for a hearing before a hearing panel in the event that the final determination of a Peer Review Committee is adverse to the practitioner, unless the right to a hearing has been forfeited as described below. The actions to which this section applies are:
  - Denial of initial panel appointment
  - Denial of reappointment to panel
  - Suspension of panel appointment (except as described below)
  - Revocation of panel appointment
  - Other adverse restrictions on panel appointment (except as described below)
- A Peer Review Committee has the right to recommend immediate suspension or restriction of appointment for up to fourteen (14) calendar days while an investigation is being conducted to determine the need for peer review action, without the practitioner having a right to the rebuttal and/or fair hearing process set forth below.
- A Peer Review Committee has the right to recommend immediate suspension or restriction of a practitionerõs membership if the committee believes that the practitioner's participation would be jeopardized by the continued participation of the practitioner. In the case of such an immediate suspension or limitation on privileges (summary action), the practitioner has the right to notice, opportunity to present rebuttal information and fair hearing, in accordance with the procedure described in 805, but those rights apply subsequent to the summary L.S. action, rather than prior to it.

Required Reporting

- PPG must file a Section 805 report with the Medical Board of California and a report with the National Practitioner Data Bank/Healthcare Integrity Protection Data Bank within thirty (30) calendar days after the effective date of the action, if any of the following events occur:
  - The practitionerõs application for participation is denied for a medical disciplinary cause or reason.
  - The practitionerõs privileges are revoked for a medical disciplinary cause or reason.
  - Restrictions are imposed or voluntarily accepted for a cumulative total of thirty (30) days or more for any 12-month period, for a medical disciplinary cause or reason.
  - The practitioner resigns or takes leave of absence from participation status following notice of any impending investigation based on information indicating medical disciplinary cause or reason.
- The practitioner must be notified of any adverse actions in writing, and if credentialing is delegated to a PPG, a copy of the notification letter must be submitted to L.A. Care. If any contracted practitioner has any adverse action or criminal action taken against them, the PPG must notify L.A. Care promptly and no later than fourteen (14) calendar days of any adverse event or criminal action, changes in privileges, accusation, probation, or other disciplinary action against a practitioner.

Ongoing Monitoring of Sanctions, Complaints, and Quality Issues

- PPG must implement a process for monitoring practitioner sanctions, complaints and the occurrence of adverse events between recredentialing cycles. The PPG must conduct ongoing monitoring of all practitioners who fall within the scope of credentialing. The PPG must be fully

compliant with L.A. Care, NCQA, DHCS, and CMS and use the approved current sources of sanction information.

- PPG develops and implements policies and procedures for ongoing monitoring of practitioner sanctions, complaints and quality issues between credentialing cycles, and takes appropriate action against practitioners when it identifies occurrences of poor quality. PPG identifies and, when appropriate, acts on important quality and safety issues in a timely manner during the interval between formal credentialing.
- PPG must show how they monitor all adverse events and demonstrate this process has been reviewed by the Credentials committee at least every six months.
- PPG must provide proof of any practitioner identified on the OIG, CMS, CA Suspended & Ineligible List, Medicare Opt-Out, etc. The PPG must demonstrate that they have taken action to terminate the contracted practitioner. If a practitioner has been identified on any of the lists above, they are to be terminated for all lines of business for L.A. Care.
- PPG must notify L.A. Care promptly and no later than fourteen (14) calendar days of any adverse event or criminal action, changes in privileges, accusation, probation, or other disciplinary action against a practitioner. Failure to do so may result in the removal of the practitioner from L.A. Careõs network.
- L.A. Care retains the right, based on quality, facility site review, adverse events, criminal actions, or changes in privileges, accusations, and/or probation to close practitioners to new member assignment until such time the L.A. Careõs Credentialing Committee

EXPIRED LICENSE

Failure to Renew

Practitioners contracted with L.A. Care shall be licensed or certified by their respective board or agency, where licensure or certification is required by law. The license to practice medicine in California must be renewed upon expiration (every two (2) years). If any practitioner fails to renew their license by the expiration date, the following steps will be initiated by L.A. Care

- If the identified practitioner(s) has member enrollment:
  - Á Close providerõs panel to new members upo
  - Á Notify PPG of expiration and possible reassignment of members
  - Á Remove assigned members from unlicensed practitioner/practitioner 5 business days following license expiration, if not renewed
  - Á Reassign members to a qualified licensed credentialed practitioner
  - Á Remove unlicensed practitioner from network
- If the identified practitioner(s) has no member enrollment:
  - Á Close practitionerõs panel to new membe
  - Á If practitioner/practitioner has not renewed by the 5th business day following the expiration date, the unlicensed practitioner/practitioner will be removed from the network.

8.0 PROVIDER NETWORK OPERATIONS (PNO)

SPECIFIC AREAS

Provider Contracting

The Provider Network Contracting team is responsible for developing and negotiating financially sound contracts with physicians, Participating Physician Groups (PPGs), hospitals, ancillary providers and other health professionals in order to maintain a comprehensive provider network for the provision of health care services to covered members.

Provider Relations

Provider Relations Manager and Provider Network Representatives are responsible for the following:

- Serving as key contacts for PPGs, hospitals, and other providers to resolve all operational and ongoing service issues.
- Coordinating closely with Provider Contracting, Member Services, Claims, Utilization Management and PPGs when necessary to resolve issues.
- Training PPG personnel to ensure L.A. Care policies and procedures and requirements are understood and followed.
- Conducting Joint Operations Meetings to ensure that administrators and staff are kept informed of policy and procedure changes.
- Provider grievance resolution.

Provider Network Research & Analysis

The Provider Network Research & Analysis (PNRA) has program responsibility over the technical, highly technical functions that combine the services of information technology, provider network information, and statistical studies and reporting.

In this capacity, PNRA has oversight responsibility for the management, accessibility, and usability of provider information. PNRA is also responsible for conducting comprehensive provider related studies as mandated by the state Department of Health Care Services (DHCS), Medical Risk Management Insurance Board (MRMIB), and other governing agencies/bodies. Other key functions include the production of provider directories; the production of the Quarterly Impact Report, and the entry and maintenance of contractual terms/rates into MHC for our directly contracted PPGs, hospitals, ancillary providers, and individual providers for claims payment purposes.

PROVIDER TRAINING AND EDUCATION

Provider education is implemented by L.A. Care Health Plans and its PPGs. Goals, objectives, curricula, and implementation guidelines are established by L.A. Care. The PPGs are responsible for conducting provider training and orientation. L.A. Care provides additional resources and opportunities for provider education.

L.A. Care provides special training and workshops for traditional and safety net providers. These workshops encompass focused clinical competence training, product line workshops, and other related clinical practice management issues along with the Health Promotion Services department. Ultimately, the goal of provider training and education is to improve the delivery of services to members by providing appropriate forums for providers to:

- Become well informed about products offered by L.A. Care and its systems and processes.
- Understand the needs of L.A. Care members.
- Improve clinical, patient interaction, and administrative/management skills.

A training and education curriculum will be developed and implemented by the PPGs with collaborative

oversight, guidance, and approval of L.A. Care
Education & Cultural and Linguistics department and PNO shared involvement in
this process.

TRAINING AND EDUCATION MATERIALS AND METHODS

All provider training and education materials produced and distributed by PPGs must be approved by L.A. Ca
prior to distribution. The following provider training and education materials must be used by the PPGs.

Provider Manuals

- Each PPG must distribute a provider manual to its contracted network within Los Angeles County that includes information about L.A. Careõs through L.A. Care Connect.

Orientation Sessions and On-site Visits

- Provider orientation sessions and on-site visits will be conducted by PPGs to provide service on their provider manual and to conduct additional training, as needed, for newly contracted providers and programs within ten (10) business days of the contract effective date. The training must include, but is not limited to:
  - Federal and State statutes and regulation
  - Medi-Cal managed care services
  - Applicable policies and procedures
  - Medi-Cal marketing guidelines
  - Member Rights
  - Member services, including the memberõs r and to participate actively in health care decisions.

Provider Bulletins and Newsletters

- PPGs should publish and distribute provider newsletters and/or bulletins at least semi-annually
- The newsletters should provide relevant and timely information concerning applicable standards, services available to members, quality improvement activities, updates, and other pertinent issue related to the delivery of health services to L.A. Care members.
- Semi-annual general meetings to provide updates on health care delivery issues, hosted by PPGs and its providers, will meet the requirement of publishing semi-annual newsletters/bulletins

Focused Seminars, Workshops and Symposia

- L.A. Care and PPGs will work together to conduct focused seminars, workshops, and symposia on special topics.

PROVIDER DATA MAINTANCE PROCEDURE S

Adding a New Provider

- Prior to adding a new provider record or an additional site for an existing provider into MPD, the PNRA analyst will verify with the Credentialing department that the provider is eligible for inclusion in L.A. Careõs provider network.
- The physician must meet all credentialing requirements and have no sanctions, debarred status, or expired license.
- All primary care physicians must also receive a passing Facility Site Review (FSR). Health Plans are required to use FSR attachment C to assess the physical accessibility of provider sites, including specialist and ancillary service providers that hospitals represent a unique group of Ancillary providers and therefore health plans are requir

to Collaborate with the hospitals in their network to assess whether they meet all of the elements in Attachment C and make this information available through both their website and their provider directories: Health plans must demonstrate that they have received adequate documentation from the hospital to complete Attachment C and maintain records that support their assessment of each hospital in their network. Facility Site Reviews are not required for specialty care physicians.

- Within five (5) business days of receipt, the PNRA analyst will, based on information contained on the provider profile, enter all eligible pro

Changing Provider Data

- Within five (5) business days of receiving a written request via electronic/U.S. mail or a fax from PPG/Plan Partner to change a providerõs capa element of a providerõs record, the PNRA ana

Changing a Providerõs Address

- The PNRA analyst will receive written notification, via U.S./electronic mail or fax, from L. A. Care Health Planõs contracted PPGs or Plan Partne changed.
- Before the address change is made in MPD, the Facility Site Review department must confirm that passing score for any new PCP added to an existing site, a change in location and/or change in physicians would also require a site review.
- No Facility Site Review is required for a change of address for a specialty care provider. If the specialty provider considers themselves a PCP they are subject to a site review.

Closing a Providerõs Panel

- The PNRA analyst will receive written notification, via U.S./electronic mail or fax, from L. A. Care Health Planõs contracted PPGs or Plan Partners advising that a provider panel will be closed to any new member assignments.
- The PNRA analyst will close one (1) business day of receipt providerõs p

Terminating a Provider

- The PNRA analyst will receive notification, via U.S./electronic mail or fax, from L. A. Care Health Planõs contracted PPGs and Plan Partners adv entityõs network.
- Prior to terminating in MPD, the PNRA analyst will notify Member Services, via a òChange Formó, that members assigned to t designated by the PPG or Plan Partner.
- Once the members have received a sixty (60) calendar day prior notification and have been re assigned to the new PCP, Member Services will notify the PNRA analyst of the transfer via the òChange Formó.
- The primary care physicianõs record will the is not applicable for specialty care providers.
- Completion of the provider termination process should occur within a five (5) business day timeframe.

PROVIDER DIRECTORIES

L.A. Care produces a hard-bound provider directory for all product lines on an annual basis. The directory is a listing of all the PPGs, contracted PCPs, community clinics, hospitals, pharmacies, and other primary c providers. Upon request, L.A. Care will send a directory to the requesting party. Providerõs conta is updated on L.A. Careõs website in real time for po

MID -LEVEL MEDICAL PRACTITIONERS

The use of non-physician practitioners is designed to increase the availability of specialty medical services, maximize the patient-being, and promote cost effective care. The welfare delegation of specified medical procedures to physician practitioners does not relieve the supervising physician of ultimate responsibility for the welfare of the patient or the actions of the non-physician practitioner.

Physicians may supervise up to four mid-level medical practitioners according to the following ratios (full equivalent physician supervisor to mid-level medical practitioners):

- One physician to four nurse practitioners (NPs).
- One physician to three certified nurse midwives.
- One physician to four physician assistants (PAs).
- Four non-physician practitioners in any combination as long as they do not exceed more than three certified nurse midwives or four physician assistants and maintain the full-time equivalence limits.

Midlevel Support and Patient Care

- A single non-physician practitioner can potentially provide capacity by 1,000 members. However, the physician cannot be responsible for more than 5,000 patients in total.
- The non-physician practitioner may only provide those medical services that he/she is competent to perform and that are consistent with the practice of which must be delineated in writing by the supervising physician.

- The stipulated scope of practice must be in full compliance with standards set forth by the Physician Assistant Examining Committee of the Medical Board of California, California Board of Nursing, the Nursing Practice Act, DOC, the California Code of Regulations, the California Administrative Code, the California Business and Professions Code, and the requirements of any other applicable professional licensing body, law and regulations.
- A scope of practice agreement which is signed by the physician practitioner and the supervising physician, as well as standardized procedures, must be filed and maintained at the medical practice site.

The scope of practice agreement must address the following elements:

- Á Delegated responsibilities
- Á Disciplinary policies
- Á Method and frequency of physician supervision
- Á Monitoring and evaluation of the non-physician practitioner
- Á Chart review requirements
- Á Term of the agreement/contract

- The supervision or back-up physician must be available in person or through electronic means at all times when the non-physician practitioner is caring for patients.
- The supervising physician must review, on a continual basis, tasks delegated to physician practitioners for competency.
- Medical record documentation by the non-physician practitioner must be reviewed and countersigned by the supervising physician within thirty (30) calendar days of the date care was provided.

The following requirements must be included within the standardized procedures for mid-level medical practitioners, and reflected in written agreements as indicated above:

- Each PPG must set and implement credentialing elements for mid-level medical practitioners and ensure that they are consistent with the criteria and scope of practice requirements set forth in this manual and any other policies, procedures, and directives issued by L.A. Care.
- As part of the credentialing process, the appropriate credentialing committee, prior to the provision of care by mid-level medical practitioners, must verify that a scope of practice agreement, a signed set of procedures by the supervising provider, and appropriate license(s) are present. L.A. Care will audit the PPGõs credentialing ver

L.A. CARE AGREEMENTS WITH OTHER ENTITIES FOR SPECIAL SERVICES AND PROGRAMS

L.A. Care has executed Memoranda of Understanding (MOU) with the Los Angeles County CCS program to serve CCS-eligible children. PPGs and their providers are to utilize these agreements to provide for the coordination and continuity of care for members receiving care through services and programs operated by these entities. (See Section 5, Utilization Management)

ELIGIBILITY LISTS

Monthly Eligibility lists (Lists) are placed on the Provider Portal for the PPGs to download on the fifth (5th) business day of each month. The List contains current information through the last day of the previous month for members assigned to PCPs with each PPG. Dail using L.A. Care Connect. Please call L.A. Careõs Provider Line at 866-LACARE6 (5226) for your assigned Provider Network Representative if you have any questions about your eligibility lists.

PROCEDURE FOR HANDLING PROVIDER QUESTIONS & CONCERNS

Communication

- Providers can communicate their questions and concerns to their PPG or to L.A. Care directly. Providers may communicate with L.A. Care by telephone, in person, in writing, mail or by e

Resolution

- Provider Network Representatives from the PPG or L.A. Care will be able to answer provider questions and resolve provider concerns immediately. Any question or concern, which suggests a quality of care issue, will be handled as a clinical grievance.

- The provider network representative from the provider l ans of his/her right to file an informal complaint or formal grievance if desired.

- If the provider asks a question over the telephone or in person, the answer will be provided orally. I the provider writes a letter, the answer will be provided in writing within seven (7) business days.

PROVIDER GRIEVANCES

Provider clinical grievances will be handled th administrative grievances will be handled as specified below.

Communication of Formal Grievances

- Providers must communicate their formal grievances directly to their PPG. This communication may be over the telephone, in person or in writing.

- If the provider wishes to file a formal grievance, the Provider Network Representative will give the provider detailed instructions for filing a grievance. The Provider Network Representative will assist providers in filing grievances, including assistance completing a grievance form, if applicable.
- The Provider Network Representative will record the grievance on the provider grievance log. Regardless of the method of filing a grievance, the Provider Network Representative will send an acknowledgment letter to the provider within five (5) business days.
- If a provider contacts L.A. Care directly with a grievance, the L.A. Care Provider Network Representative will record the information on the provider grievance log, contact the provider's PPG, and send an acknowledgement letter to the provider within five (5) business days.
- The PPG will be responsible for resolving the grievance within thirty (30) calendar days and informing L.A. Care of the resolution/disposition. L.A. Care will be responsible for informing the provider of the resolution/disposition in this case.

Resolution

- All grievances will be resolved within thirty (30) calendar days.
- Extensions to grievances will be requested to the Provider Relations Manager. A fifteen (15) or thirty (30) calendar day extension may be granted. If an extension is granted, a letter to the grieving provider will be sent with appropriate reasons for the extension.
- The PPG and/or L.A. Care will provide written notice of grievance resolution/disposition and deliver each letter by way of certified mail.

Dispute Resolution

- A provider has the right to file an appeal. The provider must submit a detailed written grievance, including the desired resolution and all supporting documentation and correspondence to the PNO Director at L.A. Care. L.A. Care will respond with an acknowledgement letter within five (5) business days.

- A Provider Relations Subcommittee will convene within thirty (30) calendar days of receipt of the dispute to decide whether the committee has authority to address the issue. The grieving party will have the opportunity to address the issue in front of the committee, if L.A. Care's decision is deemed inappropriate. A resolution will be made by the committee with notification to the provider within seven (7) business days of the decision.

All providers have the right to file a grievance with the Department of Managed Health Care (DMHC). The toll-free telephone number is (800) 400-0815. If you have a grievance against L.A. Care Health Plan, contact L.A. Care and use our grievance process.

9.0 HEALTH EDUCATION

Overview

Health education is the process of providing health information, skill training, and support to individuals to enable and empower them to modify their behaviors and improve their health status. L.A. Care Health Plan is responsible for the planning, implementation, and evaluation of member health education, health promotion, and patient education for our direct line of business members. Primary Care Providers (PCPs) are responsible for delivering individual education during member doctor visits, continually reinforcing positive health behavior change in patients, documenting the delivery of health education services, administering the Individual Health Education Behavior Survey, and for assisting L.A. Care in educating providers about health education requirements, services and available resources.

The mission of L.A. Care Health Plan's Health Education and Cultural Linguistic Services (HECLS) is to improve direct line of business member health status through the delivery of wellness and disease prevention programs and to ensure access to culturally and linguistically appropriate resources and health care. This is achieved through assisting direct line of business members to:

- Effectively use the managed health care system, including primary and preventive health care services, obstetrical care, health education services and appropriate use of complementary and alternative care
- Modify personal health behaviors, achieve and maintain healthier lifestyles, and promote positive health outcomes
- Learn and follow self-care regimes and treatment therapies for existing medical conditions, chronic diseases or health conditions.

Health Education Services

Health In Motion – L.A. Care Members Only. L.A. Care Health Plan's mobile unit, *Health In Motion* – L.A. Care Members Only, brings health education directly to L.A. Care members in their communities. *Health In Motion* – L.A. Care Members Only is for L.A. Care direct line of business members (MCAL, L.A. Care Healthy Families, L.A. Care Healthy Kids, and L.A. Care Medicare Advantage HMP SNP). All classes are available at no cost to the member and are conducted in English and Spanish. Interpretation services (including ASL) are also available. Programs include:

Chronic Disease

- Asthma 101 (1 session) Educates children and parents on risk factors, asthma attack prevention, medication adherence, and the use of peak flow meters and spacers.
- Diabetes 101 – Sugar in the Blood: (1 session) Teaches basic diabetes information in easy-to-understand terms, risk factors for diabetes, symptoms of diabetes, the importance of knowing blood sugar numbers, and ways to prevent or control diabetes.
- Healthier Living: (6 session series) Teaches skills to better communicate with providers and family members. Instruction includes nutrition, goal setting, and how to
- Love Your Heart, Lower Your Blood Pressure: (1 session) Teaches skills to prevent and manage high blood pressure. Instruction includes nutrition and exercise information.

- Take Action Against Cholesterol: (1 session) Teaches skills to prevent and manage high cholesterol. Instruction includes nutrition and exercise education.
- Living with Diabetes: (5 session series) Teaches skills to help manage diabetes. Instruction includes awareness of disease complications, nutrition, and exercise education.

<u>Wellness</u>

- Burn Rubber: (1 session) An exercise program where parti the use of a "rubber" resistance band. to perform in a chair to meet the needs of the senior population. Eight different exercises are covered for a total body workout.
- Cold or Flu? Antibiot (1 session) Teaches participants the difference between a virus and bacteria, what antibiotics are used for and how to take them awareness of the risk of antibiotic resistance, and ways to help relieve cold and flu symptoms without the use of antibiotics. Know Your Medicine: (1 session) Teaches adulds the different types of drugs and what makes them different, the difference between generic and brand-name drugs, ways to take medications safely and how to get the most of your personal pharmacist.
- L.A. Care Weight Watchers Program: Adult (18+ years) L.A. Care Medi-Cal (MCLA) members may participate in limited Weight Watchers® weekly meetings at no cost to the member. (Weight Watchers may have restrictions and not all members will qualify.)
- Living Well With A Disability: (8 session series) A peer support workshop for anyone with a health challenge or disability to build skills, and maintain a life of healthy independent living.
- Stress Management: (1 session) Teaches what stress is, its effect on health, signs/symptoms of stress, and ways to manage stress

Instruction includes how to use the book at home to care for a sick child and how to protect a child from accidents and injury. The class also discusses how to get the right medical care for a child.

<u>Nutrition</u>

- Bust a Myth: (1 session) Takes a closer look at common health myths. Each myth is "busted" as popular myths regarding nutrition and exercise are examined. Topics include healthier selections with drinks and fast food options, dieting, and exercise.
- Eat and Play in a Healthy Way (2 sessions) Teaches parents and caregivers of children ages 2-5 how developmental stages are linked provides, child decides" principle for he activity at a young age.
- Healthy Eating Lifestyles Program 5-12 Years: (5 session series) Teaches nutrition and exercise education for children and parents.
- Snack Right!: (1 session) Basic nutrition education for the entire family.

Primary care physicians may refer L.A. Care direct line of business members to health education by utilizing online Health Education Referral Form located in L.A. Care Connect, L.A. Ca http://www.LACare.org/providers/lacareconnect. Providers may alternately complete and fax a hard copy referral form to the Health Education Department. Health education staff will contact the patient and schedule the requested health education service(s). The outcome of the health education referral will be sent back to the

member's PCP. The PCP must document health educ
record.

L.A. Care Health Plan Family Resource Centers
L.A. Care Health Plan operates two community health education resource centers in the South Los Angeles communities of Lynwood and Inglewood. L.A. Care Health Plan partners with community organizations to offer no or low cost health education classes on asthma, diabetes, HIV, exercise, nutrition, parenting, smoking cessation, weight management, senior wellness, and activities and services for people with disabilities. New member orientations, health screenings, and application and enrollment assistance are also provided. For more information go to: http://www.lacare.org/providers/familyresourcecenters

Nurse Advice Line - 1-800-249-3619
L.A. Care Health Plan offers a nurse advice line 24 hours a day, seven days a week to MCLA, Healthy Families, Healthy Kids, and Medicare Advantage members.

Health Education Programs
L.A. Care Health Plan conducts several health education programs targeting specific vulnerable populations.

Adult Weight Management Program: The purpose of the adult weight management program is to encourage members to maintain a healthy weight by making healthy lifestyle changes. The program consists of screening members who are overweight and obese. Members who qualify for the program will receive up to 20 Weight Watchers® local meeting vouchers. During the course of receiving the local meeting vouchers, a Health Screening Form (HSF) must be completed by the participant's PCP. The HSF tracks health outcomes due to weight loss. Members will receive additional local meeting vouchers once the HSF is sent back to L.A. Care.

L.A. Care's® Program for L.A. Care Medi-Cal Direct: This program is for L.A. Care Medi-Cal Direct (MCLA) members who are 18 years old or older. Providers are able to refer members to the program using the online Health Education Referral Form located in L.A. Care Connect, L.A. Care's provider portal: http://www.LACare.org/providers/lacareconnect.

Perinatal Health Education Outreach Program: The purpose of the program is to provide prenatal and post-partum educational material to our Medi-Cal direct pregnant members. L.A. Care Health Plan mails culturally appropriate educational material to our pregnant members relevant to their pregnancy stage. Materials include information on planning a healthy pregnancy, nutrition, caring for yourself after birth, and breastfeeding.

Tobacco Cessation Health Education Program: Adult L.A. Care Health Plan Members (MCLA and Medicare Advantage HMO SNP) who have filled prescriptions for smoking cessation medication (nicotine gum, patch, lozenge, Bupropion, Varenicline) are mailed health education materials promoting available smoking cessation resources including "You Can Quit: Support and Advice on L.A. Care's Health" and a listing of free local smoking cessation resources. Outbound calls are made to members two weeks after the mailing to ensure receipt of the packet and to administer a phone survey to assess resources used and their smoking status.

Health Education Materials and Resources

Health Education Materials
L.A. Care makes available health education materials in multiple topics and languages to meet the needs of line of business members. Health education topics include asthma, breastfeeding, dental, diabetes, exercise,

family planning, HIV/STD prevention, hypertension, immunizations, injury prevention, nutrition, parenting, perinatal/pregnancy, substance abuse, tobacco prevention/cessation, and weight management and more.

Providers may order L.A. Care health education materials through the health education material order form online application located at http://www.lacare.org/providers/resources/healtheducation. Written Health Education Materials provided by L.A. Care comply with the guidelines set forth by DHCS. Health education materials distributed to L.A. Care members by L.A. Care Health Plan and its provider network undergo review using the Readability and Suitability Checklist (RSC). The RSC refers to the form provided by the Medi-Cal Managed Care Division (MMCD) to ensure health education materials developed, adapted, or used for members are systematically evaluated to assess their suitability for Medicaid populations.

Alternative Formats: L.A. Care Health Plan makes health education materials available in alternative formats (Braille, video, audio, accessible materials online or on CD, large size print, and/or other appropriate technologies and methods) upon request.

Community Resource Directory
L.A. Care Health Plan provides an online community resource directory focusing on health education/social services within Los Angeles County. The resource directory includes programs, language, location, fee and contact information. The resource directory is available at http://www.lacare.org/providers/resources/crd.

Individual Health Education Behavioral Assessment Tool ("Staying Healthy")
PCPs are responsible for ensuring the use of the Individual Health Education Behavioral Assessment (also called "Staying Healthy"). The goals of the IHEBA are to:

- Identify high-risk behaviors of plan members
- Prioritize individual health education needs related to lifestyle, environmental, cultural and linguistic background
- Assist physicians in initiating and documenting focused health education interventions and follow up.

The IHEBA is a DHCS requirement per MMCD Policy Letter 99-07. The IHEBA is designed to help open a dialogue between patients and providers about behavioral risk factors and health education needs.

"Staying Healthy" is currently available in seven languages (3-4, 5-11, 12-17, 18+) and seven languages for five (English, Spanish, Chinese, Hmong, Laotian, Russian and Vietnamese). Hmong and Laotian are not required for Los Angeles County.

PCPs must ensure the "Staying Healthy" Behavioral Assessment is administered to L.A. Care members as part of the Initial Health Assessment within 120 days of enrollment and within 60 days of enrollment for children under the age of 18 months.* It must also be administered to all existing members who present for a scheduled visit. These assessments must be reviewed at least annually and administered by the doctor at the appropriate age intervals.

L.A. Care Health Plan makes the "Staying Healthy" network providers. "Staying Healthy" forms and from the L.A. Care Health Plan website http://www.lacare.org/providers/resources/stayinghealthyforms or ordered using the Health Education and Cultural & Linguistics Material Order application.

*NOTE: At the time of this print, DHCS is considering revising the initial timeframe of the IHA requirements in children under the age of 18 months. L.A. Care is operating on the above guidelines until DHCS has made their final decision at which point PPGs will be notified. Please verify with your Plan representative that your PPG has the most recent requirements.

Provider Education

The provider network must be regularly educated on health education requirements, services and available resources. L.A. Care Health Plan shares this responsibility with PPGs. Provider education methods include, but are not limited to, provider orientations and in-services, meetings, provider newsletters, faxes, mailings and special trainings.

Content of provider education includes, but is not limited to:

- Communication of regulatory agencies' and L
- Availability of health education services and resources
- Availability of health education materials and the process for obtaining
- Health education material requirements including qualified health educator oversight, reading level, field testing (if applicable), medical accuracy, availability of materials in alternative format, and cultural/linguistic appropriateness
- Individual Health Education Behavioral Assessment Tool (IHEBA) requirement
- Benefits and barriers of breastfeeding; Stipulation that formula samples, coupons and materials from infant formula companies should not be routinely distributed to pregnant and post-partum women as per MMCD Policy Letter 98-18

L.A. Care Health Plan PPGs are responsible for educating providers on health education requirements and available L.A. Care services as listed above. Methods may include, but are not limited to: provider manuals; newsletters; meetings, seminars or other training sites; on-site visits; blast faxes; provider manual and policies and procedures; and website postings.

100 CULTURAL & LINGUISTIC SERVICES

Overview

The relationship between culture, language, and health is complex and inextricably linked to the health status individuals and subsequently communities. L.A. Care Health Plan maintains a comprehensive Cultural and Linguistic Services program, which supports and works collaboratively with other L.A. Care Health Plan departments.

The mission of L.A. Care Health Planõs Health Ed (HECLS) is to improve member health status through the delivery of wellness and disease prevention programs and to ensure access to culturally and linguistically appropriate resources and health care.

Within the HECLS department there are two units: Health Education and Cultural and Linguistic Services. Th goals of the Cultural and Linguistic Services unit are to:

- Ensure that limited English proficient (LEP) members receive the same scope and quality of health care services that others receive.
- Ensure the availability and accessibility of cultural and linguistic services including interpreting services and written materials
- Improve health outcomes and decrease disparities.
- Continually evaluate and improve C&L programs and services.

Interpreting Services

L.A. Care Health Plan provides timely, 24-hour health care interpreting services, including American Sign Language (ASL), at medical and non-medical points of contact, at no cost to members.

Telephonic Interpreting Services

- To access L.A. Care telephonic interpreting services, call one of the following numbers: PPGs: 1-888-718-4366
- Network Practitioners: 1-888-930-3031
- Network Pharmacies: 1-888-942-7670

Face-to-Face Interpreting Services

To request face-to-face interpreting services (including American Sign Language), call L.A. Careõs Mem Services Department at 1-888-839-9909 at least 5-10 business days prior to the

Have the following information ready:

- Provider Name
- Language being requested
- Memberõs name and ID number
- Memberõs date of birth
- Requestor name and contact number
- Date, time, and duration of appointment
- Location of appointment
- Type of appointment
- Purpose of appointment
- Contact person at appointment site
- Other special instructions

California RelayService (CRS) for Members with Hearing or Speech Loss
California Relay Service (CRS) is an exchange service that can be used to contact a member. A member ca use the services to contact his/her provider. CRS enables a person using a TTY to communicate with a person who does not use a TTY by phone. The service also works in reverse by allowing a non-TTY user to call a TTY user. Trained relay operators are online to relay the conversation as it takes place.

PPGs and network providers can call CRS directly for members with hearing or speech loss. The statewide access for voice or Teletypewriter/Telecommunications Device for the Deaf (TTY/TDD) is 888-877-5379 voice (SPRINT) or 800-735-2922 voice (MCI).

Translation Services
L.A. Care provides limited English proficient (LEP) members with written member informing materials in the member's identified primary threshold language. Threshold languages are English, Spanish, Armenian, Chinese, Farsi, Khmer, Korean, Russian, Tagalog, and Vietnamese. Threshold languages for Healthy Families and Healthy Kids are English and Spanish.

L.A. Care provides templates of translated notice of action (NOA) letters to PPGs.

Cultural and Linguistic Services Trainings
L.A. Care offers ongoing cultural competency trainings on a variety of topics to network providers and staff. Trainings are conducted on an as needed basis and cover topics such as:

- Knowledge of L.A. Care's policies and proce
- Working effectively with LEP members
- Working effectively with interpreters
- Understanding cultural diversity and sensitivity to cultural differences relevant to the delivery of health care interpreting services
- Working with special needs populations, including seniors and people with disabilities
- Understanding health disparities and cultural awareness

Cultural and Linguistic Resources

Language Skills Assessment Tool
L.A. Care, Plan Partners, and the ICE collaborative have developed an Employee Language Skills Assessme Tool for provider offices to use in documenting language proficiency of providers and staff. The tool can be downloaded through http://www.lacare.org/providers/resources/downloadableforms

Interpreting Services Poster
L.A. Care makes available and routinely distributes translated signage promoting interpreter services to provider offices. Provider offices are required to post the signage prominently in the medical office. Copies o the translated poster can be ordered through the online Health Education, Cultural and Linguistic Services Materials Order Form at: http://www.lacare.org/providers/resources/healtheducation/orderform

Complaint/Grievance Forms
Grievance forms in threshold languages are available on the L.A. Care website at http://www.lacare.org/grievancelocalization. Members have the right to file

been denied interpreting services or if the member information was not available in their primary language written format or over the phone. All complaints are filed with L.A. Care and are routed to the appropriate areas within the organization.

L.A. Care Community Resource Directory

L.A. Care ensures that members are referred to culturally and linguistically appropriate community services through use of the L.A. Care Community Resource Directory. L.A. Care staff, primary care physicians, and PPG staff may refer L.A. Care members to services by using the online Community Resource Directory accessible through the L.A. Care website http://www.lacare.org/providers/resources/crd. A hard copy of the Community Resource Directory can be ordered through the online Health Education, Cultural and Linguistic Services materials order form.

Cultural and Linguistic Requirements

Provider Education

The provider network must be regularly educated on cultural and linguistic requirements, services and available resources. L.A. Care Health Plan shares this responsibility with PPGs.

Provider education methods include, but are not limited to, provider orientations and in-services, meetings, provider newsletters, faxes, mailings and special trainings.

PPGs are required to educate providers on the following topics:

- Upcoming C&L related trainings offered by L.A. Care
- C&L requirements, including:
  - Posting of the interpreter poster at provider office sites
  - Maintaining language proficiency and qualifications of bilingual staff on file
  - Ensuring 24-hour access to interpreting services at all points of contact, including after hours services
  - Documentation of the member's preferred l
  - Documenting request/refusal of interpreting services in the medical record
  - Processes for filing a grievance if a pat
- C&L resources including:
  - The online searchable Community Resource Directory
  - The online Health Education, Cultural and Linguistic Services materials order form.

L.A. Care routinely makes available promotional/educational materials for PPGs to assist them in educating providers of C&L requirements, services, and reso website under the "Provider Resources" section.

Interpreting Services

PPGs and network providers must utilize qualified interpreters when communicating with limited English proficient (LEP) L.A. Care members. Qualified interpreters can be accessed through L.A. Care Health Plan. PPGs may choose to contract with a professional interpreting services vendor to communicate with members. If a PPG chooses to contract with an interpreting services vendor, PPG must ensure that services are provided by qualified interpreters. In addition, PPG must submit an annual detailed tracking report of all interpreting services provided to L.A. Care members by January 30 of each year.

L.A. Care Health Plan providers shall not require, or suggest to, LEP members that they provide their own interpreter. A member may choose to use a relative or friend as an interpreter after they are informed of the right to free interpreting services. If a member refuses professional interpreting services, this member request to use a family member or friend must be documented in the medical chart. Use of minors as interpreters is not allowed except in extraordinary circumstances such as medical emergencies

Translation Services

PPGs are responsible for ensuring NOA letters are routinely sent to members in their preferred threshold language. If the PPG develops a member informing material, PPG is responsible for translating the material into threshold language(s) and sending it to the member in the appropriate language. Any material that is sent in English must include a notice that has been translated into the threshold language(s) informing the member of the availability of translation and interpreting services.

PPGs must ensure all translations are completed by qualified translators and follow the process outlined in MMCD policy letter 99-04. If the PPG translates materials, the PPG must obtain a signed form from the translator attesting to the accuracy and completeness of the translation. PPGs must keep the original (English) text, the translated document, and the attestation form on file for review. Annually, PPGs are required to submit a translation tracking report to L.A. Care.

Training

PPGs are required to inform network providers about upcoming trainings and available resources. PPG staff members are also required to attend L.A. Care Health Plan's cultural competency trainings.

Assessing Proficiency of Bilingual Staff

PPG and provider office staff members who communicate with members in a language other than English must be qualified and formally assessed for their capabilities. PPGs and provider offices must keep on file the results of formal language assessments. This information must be updated annually for provider office staff and every three years for providers, at a minimum.

If bilingual staff members are providing interpreting services for members, the following documentation must be available for review:

- Written or oral assessment of bilingual skills
- Documentation of the number of years of employment the individual has as an interpreter
- Documentation of successful completion of a specific type of interpreter training program
- Other reasonable alternative documentation of interpreter capability.

PPG Reporting

Annually, by January 31, PPGs must submit a report to L.A. Care containing the following information:

- A list of bilingual staff, including the following information:
  - Name
  - Title/Department
  - Language Spoken
  - Level of proficiency (using the ICE Employee Language Skills Assessment Tool)
  - Documentation of successful completion of an interpreter training program.

Quarterly, PPGs must submit reports to L.A. Care containing the following information:

- Log of interpreting services provided to L.A. Care members (if PPG chooses to utilize their own vendors)
- Tracking log of all documents translated, including document name, language(s) translated into, type of document, product line, and date sent to the member

PROVIDER EDUCATION/TRAINING

PPGs are responsible for educating network providers on cultural and linguistic requirements, programs, a services. PPGs are also required to attend and promote cultural competency trainings made available by L.A. Care.

Supporting documentation of provider education must be available for review and must include:

- Copies of program handouts or correspondence
- Sign-in sheets
- Agenda/ Training Outline
- Meeting minutes

MONITORING/COMPLIANCE

PPGs are required to develop and distribute policies and procedures that outline all cultural and linguis requirements listed in this provider manual. PPGs are also responsible for providing education and oversight to ensure full compliance with state and federal laws.

11.0 FINANCE (THE FOLLOWING GUIDELINES APPLY TO HEALTHY FAMILIES, HEALTHY KIDS AND MEDI -CAL)

Under contractual agreement, each month L.A. Care and Participating Physician Groups (PPGs) acc capitated payments for the provision of health services to L.A. Care members, regardless of how freque members access services. This section covers guidelines for financial reports requirements, capitation and other related issues.

CAPITATION PAYMENTS

One-hundred percent (100%) of capitation payments will be remitted to a PPG no later than the tenth (10th) business day after receipt of the funds by L.A. Care from the payer for that specific month of eligibility (except as defined in "Financial Security Requirements," constitute payment in full for health care and administration services rendered under the PPG's L. Services Agreement.

For further information regarding PPG compensation, please refer to the Capitation Schedule of the L.A. Ca Physician Capitated Services Agreement.

CAPITATION STATEMENT REPORT

A Capitation Statement Report will be placed in a protected PPG web site on or before the tenth (10th) business day of every month. The Capitation Statement Report will provide a summary of the capitati payment for each enrolled member assigned to each PPG, and will include the following information:

- Number of current active enrollees (initial eligibles)
- Number of retroactive disenrollments (decaps). This number represents the number of retroactive disenrollment months processed
- Capitation amount
- Capitation total

The Capitation Statement Report is also used to create the Group Capitation Payment Summary Report.

INSURANCE

Each PPG is responsible for total costs, except as provided herein, for care rendered to members enrolled w that PPG under the terms of its Services Agreement with L.A. Care. The PPG must maintain adequate insurance set forth in the following:

Professional Liability Insurance

The PPG has, and shall maintain at its expense throughout the term of this Agreement, Professional Liabi Insurance for each Affiliated Provider with limits of not less than one million dollars ($1,000,000) per occurrence and three million dollars ($3,000,000) in the aggregate for the year of coverage or such other am acceptable and permitted by Health Plan in writing. PPG shall provide reasonable prior written notice to Health Plan of a change of insurance carrier for Healt unreasonably withheld. PPG shall provide copies of such insurance policies within five (5) business days of a written request by Health Plan.

FTCA Alternative

In lieu of providing Professional Liability Insurance as set forth in Section 11.3.1, a PPG may provide Health Plan with evidence of liability protection under the Federal Tort Claims Act by the Bureau of Primary Health Care in accordance with Section 224(h) of the Public Health Service Act, 42 U.S.C. 233(h), as amended ("FTCA Coverage"). However, covered pursuant to section 11.3.1 under FTCA Coverage may provide provider services to members.

Reinsurance/Stop-Loss Insurance

The PPG must maintain adequate stop-loss insurance to cover PPGõs ca
reasonably acceptable to L.A. Care, but in no event less than thirty thousand dollars ($30,000) plus fifty
percent (50%) of any medically necessary loss billed
coverage is the PPGõs sole financial responsibil

General Liability Insurance

The PPG shall maintain general liability insurance in at least the minimum amounts acceptable to L.A. Care to cover any property loss that is not covered under any lease agreement with the landlord, or contract agreement with the management company. The limits of liability shall be not less than $100,000 for each claim and $300,000 in aggregate under each policy period.

Errors and Omissions

The PPG shall maintain Errors and Omissions (E&O) Insurance that covers the claims made against managed care activities. The insurance policy shall be written on a claim made basis. The limits of liability shall not be less than $100,000 for each claim and $100,000 in aggregate for each policy period.

Directors and Officers

The PPG shall maintain Directors and Officers (D&O) that covers claims made against directors and officers of the company. The insurance policy shall be written on a claim made basis. The limits of liability shall not be less than $100,000 for each claim and $100,000 in aggregate for each policy period.

Independent Certified Public Accounting Firm Liability Insurance

PPG shall ensure that all Independent Certified
financial statements maintain at its expense throughout the Term of this Agreement, Liability Insurance with limits of not less than two hundred and fifty thousand dollars ($250,000.00) in aggregate for the year of coverage or such other amount acceptable and permitted by Health Plan in writing. PPG shall provide copies of such insurance policies within five (5) business days of a written request by Health Plan.

MINIMUM FINANCIAL SOLVENCY STANDARDS

Each PPG must maintain adequate financial resources to meet its obligations as they become due. PPGs contracted with L.A. Care shall be solvent at all times, and shall maintain the following minimum financial solvency standards:

- Prepare quarterly financial statements in accordance with Generally Accepted Accounting Principle (GAAP). These financial statements, including but not be limited to a Balance Sheet, a Statement of Income, and a Statement of Cash Flow must be submitted to the Financial Compliance department of L.A. Care no later than forty-five (45) calendar days after the close of each quarter of the fisc year.
- Process claims in a timely manner.
  - Medi-Cal Line of Business: Reimburse, contest, or deny at least ninety percent (90%) of all claims within thirty (30) calendar days, ninety-five percent (95%) within forty-five (45) working days, and ninety-nine percent (99%) of all clean claims within ninety (90) calendar days or in accordance with applicable law, regulation and contractual timeliness requirements.
  - Healthy Families and Healthy Kids: Reimburse, contest, or deny at least ninety-five percent (95%) of all claims within forty-five (45) working days or in accordance with applicable law, regulation and contractual timeliness requirements.

- Estimate and document, on a monthly basis, the Incurred But Not Reported (IBNR) claims using a lag study, an actuarial estimate, or other reasonable method as stipulated by Title 28, California Code of Regulations, Section 1300.77.2.
- Maintain at all times a positive Working Capital (current assets net of related party receivables less current liabilities).
- Maintain at all times a positive Tangible Net Equity (TNE) as defined in Title 28, California Code of Regulations, Section 1300.76(e).
- Maintain a "Cash to Claims ratio" (cash, readily marketable securities, and premium receivables, reasonably anticipated to be collected, divided by unpaid claims) unpaid claims are payable and incurred but not reported (IBNR) claims) as listed per SB 260 Title 28, California Code of Regulations, Section 1300.76(e). The cash to claims ratio of .60 as of January 1, 2006, and thereafter.
- On an annual basis, submit to the Financial Compliance department of L.A. Care, financial statements, including but not limited to a Balance Sheet, a Statement of Income, and a Statement of Cash Flow, audited by an independent Certified Public Accounting Firm within one hundred fifty (150) calendar days after the close of the fiscal year.

Each PPG must actively monitor its providers to measure their financial stability. Copies of all reports, including findings, recommendations, corrective action plans, and other information regarding these reviews must be provided to L.A. Care upon request.

On a discretionary basis, the Financial Compliance department of L.A. Care will have the right to periodically schedule audits to ensure compliance with the above requirements including all regulations per SB 260 Title 28, California Code of Regulation requirements. Since the financial solvency standards apply to the entity as a whole, the audits will be conducted for all books of business, not only for the line(s) of business contracted with L.A. Care. Representatives of the PPGs shall facilitate access to records necessary to complete the audit.

Collaboration of Financial Auditing Activities:
To reduce the duplication of the annual financial audit(s) and ER delegation audits of PPGs by the Plan(s), L.A. Care Health Plan and Care 1st Health Plan (Participating Plan Partners) have agreed to conduct only one financial audit and one ER delegation audit annually per PPG. The audits will be conducted by the designated Plan, as detailed in L.A. Care Policies and Procedures, and the audit results and work papers shall be made available for review by the Plans.

If the PPG is contracted with one or more of the Participating Plan Partners, the PPG agrees to: (a) allow the sharing of the audit results among the participating Plan Partners; (b) give L.A. Care the authority to use the delegation audit results of our participating Plan Partner to delegate/redelegate the PPG with all the participating Plan Partners; (c) give L.A. Care the authority to use the Emergency Services (ER) claims payment audit results as a criteria to delegate/redelegate the ER claims payment function for its Medi-Cal line of business, Healthy Families and Healthy Kids programs.

REIMBURSEMENT SERVICES AND REPORTS

In accordance with the provisions of PPGõs Subcontract, L.A. Care provides reimbursement services, including those relating to the payment of capitation, processing and payment of any claims on a fee-for-service basis, administration of stop-loss and risk-sharing programs, and any other payment mechanisms. Claims processing may be delegated to PPGs in cases where utilization management is delegated

Upon request, the PPG will provide to L.A. Care a copy of payment records, summaries and reconciliations with respect to L.A. Care members, along with any other payment compensation reports which the PP customarily provides to its providers.

RECORDS, REPORTS, AND INSPECTION

Records

Each PPG will maintain all books, records, and other pertinent information that may be necessary to ensure PPGõs compliance with its L.A. Care Services Ag included the DMHC, for a period of five (5) years from the end of the fiscal period in which its Services Agreement with L.A. Care terminates. These books, records, and other information must be maintained accordance with generally accepted accounting principles, applicable state laws and regulations, MRMIB, DHCS and DMHC requirements.

These books and records will include, without limitation, all physical records originated or prepared pursuant the performance under this contract including but not limited to:

- Working papers
- All reports submitted to DMHC
- Financial records
- All books of account
- Encounter data
- All medical records
- Hospital discharge summaries
- Medical charts and prescription files
- Any other documentation pertaining to medical and medical services rendered to members
- Records of Emergency Services and other information as reasonably requested by L.A. Care and DMHC to disclose the quality, appropriateness, and/or timeliness of health care services provided members under the PPGõs Physician Capitated
- PPG subcontracts
- Reports from other contracted and non-contracted providers
- Any reports deemed necessary by L.A. Care, regulatory agencies and DMHC to ensure compliance by L.A. Care with the requirements of the regulatory agencies and DMHC

Each PPG will maintain all books and records necessary to disclose how the PPG is fulfilling and discharging i obligations under their L.A. Care Services Agreement, and their responsibilities as defined by the regulatory agencies and DMHC. These books and records will be maintained to disclose the following:

- Quantity of covered services provided.
- Quality of those services.
- Method and amount of payment made for those services.
- Persons eligible to receive covered services.
- Method in which the PPG administered its daily business.
- Cost of administering its daily business.

Inspection of Records

PPGs will allow L.A. Care, DMHC, and any other authorized state and federal agencies to inspect, evaluate, audit any and all books, records, and facilities maintained by the PPG and its providers as they pertain to services rendered under the PPGõs Physician Capi hours, subject to the confidentiality provisions set forth in Section Agreement.

Records Retention Term

The PPGõs books and records must be maintained for the current year in which the PPGõs contract with L.A. Care is in effect and for a period of ten (10) years thereafter. If the PPG has been duly notified that DMHC or other applicable regulatory agency has initiated an audit or investigation of L.A. Care, the PPG, or the Physician Capitated Services Agreement, the PPG will retain these records for the greater of the above timeframe or until the matter under audit or investigation has been resolved.

Financial Statements

As required by Section 11.4 above, each PPG must provide L.A. Care with a copy of its Quarterly Financial Statements and Annual Audited Financial Statements. If requested, these financial documents, as well as any other reports required by DMHC, will be made available to DMHC and any other regulatory agencies.

This section is subject to change pursuant to receipt of supplemental regulations under Title 10.

12.0 CLAIMS

This section covers guidelines for claims processing and other claims related issues for Direct Line of Busine
Contracted Providers.

RESPONSIBILITY OF PARTICIPATING PROVIDERS

Contracted Providers, PPGõs and Care have responsibilities to perform
certain tasks for claims under Cal Healthy Families and
Healthy Kids Programs. PPGõs and hospitals must
Regulations (CCR), Section 1300.71 Claims Settlement Practices and
and Title 22 of the CCR, Section 51008 for the Medi-Cal program), and other applicable Federal and State
regulations.

After reviewing this section, please refer to Exhibit B, Division of Responsibility
the Provider, PPGs or Hospital and L.A. Care, to determine what entity is responsible for specific claims.
Exhibit 14 specifies which health care services are the financial responsibility of L.A. Care, and which are the
financial responsibility of the Provider, PPGõs
handling all claims for those services they have financial responsibility.

COLLECTION OF CHARGES FROM MEMBERS

Balance billing of L.A. Care members is prohibited by law in most circumstances. Neither the contracted
Provider, PPG, Hospital nor any of its providers will in any event submit a demand or otherwise collect
reimbursement from an L.A. Care member or persons acting on behalf of a member for any services provided
pursuant to their L.A. Care Participating Physician Group Services Agreement, Section 3.11
Reimbursement/Subrogation, except to collect any authorized co-payments.

THIRD PARTY LIABILITY/ESTATE RECOVERY

Neither the contracted Provider/Hospital nor any of its providers will attempt recovery in circumstances
involving third party tort liability (TPL) or estate recovery for a Medi-Cal member. The PPG or Hospital will
notify L.A. Care immediately upon discovery of a potential TPL case and coordinate its recovery activities
with L.A. Care for Healthy Families and Healthy Kids members.

Accidents or illnesses, which may result in third party tort liability/estate recovery will be reported to L.A. Care
within five (5) business days of discovery by the PPG. If L.A. Care requests details of the services provided,
PPG will deliver the following information within ten days of the date of the request and will include the
following information:

- Member name
- Complete CIN # (Client Identification Number)
- Social Security number
- Date of birth
- PPG provider name
- Date(s) of service
- Diagnosis code and/or description of illness/injury
- Procedure code and/or description of services rendered
- Amount billed by a subcontractor or out-of-plan provider to PPG (if applicable)
- Amount paid by other health insurance to PPG or subcontractor. Amount and date paid by PPG to subcontractor or out-of-plan provider (if applicable)
- Date of denial and reasons (if applicable)

Finally, if the provider, PPG or hospital receives any request by subpoena from attorneys, insurers, o

beneficiaries for copies of bills, they will provide L.A. Care with a copy of any document released, and wil provide the nam, address, and telephone number of the requesting party within five days of compliance with the request.

- For Medi-Cal TPL or estate recoveries, the State Department of Health Care Services retains lien/claim rights over any recoveries for Medi-Cal members.
- For Healthy Families, MRMIB retains lien/claim rights over third party tort liability and estate recovery for Healthy Families members.
- For Healthy Kids, L.A. Care retains lien/claim rights over third party tort liability and estate recovery for Healthy Kids members.

L.A. Careõs Participating Physician Group Servi covers all other instances.

IMPLEMENTATION GUIDELINES:

- When a claims is received and it is determined that the injuries are a result of a third party, the claim will be processed and paid normally. After L.A. Care is informed of a TPL case, it will notify the member or legal representative that reimbursement be made upon receipt of any payments from the third party, whether by action at law, settlement or otherwise.
- If the member or their legal representative is unresponsive or uncooperative, the decision will be made whether legal action must be pursued.

CLAIMS SUBMISSION

Submitted claims must be completed with all required information to ensure timely processing and payment as stipulated in the providerõs contract.

Billing

All paper claims must be submitted on CMS 1500 form for professional services and UB-04 for facility services.

Claim Filing Limit

The provider shall bill using appropriate forms and in a manner acceptable to L.A. Care within the filing limit specified in the providerõs Participating Physic

L.A. Careõs Claims Submission Address

In order to determine who is responsible for paying a claim, please refer to Exhibit B, the Division of Financial Responsibility, in your companyõs cont specifies what entity is responsible for paying a claim.

If you have a question about where to send a cla access our Interactive Voice Recognition (IVR) system that will guide you to one of our Provider Networ Representatives that can assist.

For all claims for which L.A. Care is financially responsible, please mail the claims to:

L.A. Care Health Plan
Attn: Claims Dept.
P.O. Box 811580
Los Angeles, CA 90081

Claim Status Inquiries
Please be advised that you may inquire about the status of a claim, including the date of receipt, for which L.A. Care is financially responsible by calling 1-888-LA-CARE6.

CLAIMS PROCESSING
Claims processing by PPG (delegated or otherwise) must be designed and including but not limited to the specifications described below:

Fee-For-Service Claims System
The PPGõs claim processing system must be designed to ensure that all claims for a fee-for-service basis are maintained and accounted for in a way that allows for the determination of the date of receipt, date and amount of paid, the status or resolution of any claim, the dollar amount of unpaid claims, and the rapid retrieval of any claim.

Claim status or resolution categories include, but are not limited to:

- To be processed
- Processed, waiting for payment
- Pending, waiting for approval for payment or denial
- Pending, waiting for additional information
- Denied
- Paid
- Other, if appropriate

The system used could involve either a claims log, claims numbering system, electronic data processing record and/or any other method approved by L.A. Care.

Payment for Out-of-Plan and Emergency Services
If a PPG is delegated to pay such claims, PPGs must ensure the timely and appropriate payment for all authorized and non-authorized emergency services that meet the definition set forth in Article I of the Services Agreement and by the California Code of Regulations, Title 22, Division 3, Chapter 4, Article 7, Section 53622. Please be aware that balance billing of L.A. Care members is prohibited by law in most circumstances.

Provider Claims
Each PPG must operate its claims processing system in a manner which ensures the timely payment of claims to providers of authorized health care services, including contracted providers and non-contracted providers, within regulatory requirements

Medi-Cal Claims must be paid within thirty (30) calendar days of the receipt of a completed claim.

Healthy Kids and Healthy Families claims must be paid within the State requirement of forty-five (45) working days.

A PPGõs claims processing payments systems must calculate provisions for Incurred But Not Reported (IBNR) claims.

All records regarding fee-for-service reimbursement must be maintained in accordance with the provisions of California Code of Regulations, Title 28, Chapter 2, Article 9, Section 1300.77.4.

If a claim is contested, the PPG must give notice to providers within thirty (30) calendar days of receipt. In addition, the PPG must retain a copy of the notices sent and make them available for review upon request by L.A. Care.

Member Claims

PPGs will pay uncontested claims for emergency services or other health care services for which a member has been billed within thirty (30) calendar days. If a claim is contested by the PPG, the PPG must notify the member that the claim is being contested within thirty (30) calendar days of the date the claim was received by the PPG. The notice will identify the portion of the claim that is being contested and the specific reasons for contesting the claim. Upon request, PPGs will provide L.A. Care a copy of the notice.

L.A. Care, at its option, may monitor the claim resolution process and facilitate the resolution of any member claim disputes.

The PPG shall process and pay claims for emergency services, as appropriate, for all services medically necessary to diagnose and stabilize the patient without prior authorization pursuant to California Code of Regulations, Title 28, Division 1, Chapter 2, Article 8, Section 1300.71.4.

Hospital Emergency Departments (ED) under Federal and State laws are mandated to perform a Medical Screening Examination (MSE) on all patients presenting to the ED and to treat all patients with emergency conditions. The PPG is required to reimburse the ED and the emergency physician for the MSE without prior authorization regardless of the outcome of the MSE.

Aging Schedule of Outstanding PPG Member Claims

Upon request, PPGs will provide an aging schedule of outstanding/unpaid claims from contracted and non-contracted providers submitted for payment, and from subscribers and enrollees for reimbursement. The report will include a brief summary explanation of the reason(s) any claim remains unpaid for longer than thirty (30) calendar days.

PROVIDER AND MEMBER CLAIMS DISPUTE, GRIEVANCE, AND APPEALS PROCESS

If delegated for grievance, and appeals processing, the PPG will implement a grievance and appeals process for review of provider and member claims disputes that comply with the time limits and other requirements of California Code of Regulations, Title 28, Division 1, Chapter 2, Article 8, Section 1300.68. This dispute procedure, and any amendments, must be approved by L.A. Care and meet State Department of Health Care Services (DHCS) and Department of Managed Health Care (DMHC) regulatory requirements, as appropriate. If not delegated for grievance, and appeals processing, the PPG will promptly forward grievances or appeals received at the Grievance and Appeals Coordination Unit at L.A. Careõs

L.A. Care provides an additional level of grievance appeal above that which exists at the PPG level. Claims disputes which are unresolved or for which the disposition of the PPG is unsatisfactory to the provider or member may be submitted to L.A. Care for further consideration. (In cases of delegation, they should first be considered by the PPG, and in turn by L.A. Care if the provider or member chooses.) Claims/grievance appeals must be submitted to the Member Services department of L.A. Care. Claims will be triaged by an appropriate health care professional and subsequently considered by clinical, member services or provider network operations staff, as appropriate. Resolving claims grievance appeals may take up to forty-five (45) calendar days. L.A. Care has the ability to pay and deduct for claims not paid adequately by a PPG when a service is the PPGõs financial responsibility or when the PPG c

would otherwise be L.A. Careõs financial respons

Claim denial or Notice of Decision letters issued by PPGs must fully describe the grievance and grievance appeal process. This must include a description of timelines as well as higher levels of consideration, inclu L.A. Care and DMHC. The address for such reconsideration is:

Grievance and Appeals Coordination Unit
P.O. Box 811640
Los Angeles, CA 9081

When L.A. Care is processing a provider dispute, grievance or an appeal involving the actions or inaction of the PPG, the PPG will respond to L.A. Care within the timeframes required for compliance with regulatory requirements. If the PPG does not respond within that time or the response is inappropriate, L.A. Care retains amount is necessary to satisfy any member or provider claims, which are the subject of the dispute, appeal o grievance. Further, unless the PPG provides to L.A. Care a copy of its provider contract showing a low amount in advance of such claims payment, then L.A. Care will pay the provider the contracted rate for that provider or the amount required to satisfy state payment requirements for non contracted providers.

CLAIMS TIMELINESS REPORTS

PPGs shall provide an aging schedule of provider and member claims disputes, no later than twenty-five (25) business days following the end of each fiscal quarter. This report will include a brief summary explanation the reason(s) any claim remains unpaid for longer than thirty (30) business days. The information should be mailed to:

L.A. Care Health Plan
Attn: Financial Compliance
1055 West 7th Street, 10th Floor
Los Angeles, CA 90017

In addition to submitting these Claims Timelines findings, recommendations, corrective action plans, and other pertinent information, as necessary.

13.0 MARKETING

The following guidelines apply to the Healthy Families, Healthy Kids and Medi-Cal lines of business

RESPONSIBILITY OF PARTICIPATING PROVIDERS

Participating Physician Groups (PPGs) must rece
Marketing department to design and implement Medi-Cal marketing materials and activities.

PPG MARKETING MATERIALS AND ACTIVITIES

L.A. Care must approve all PPG-created marketing materials and activity plans that:

- Mention Medi-Cal, Healthy Families or Healthy Kids
- Include the L.A. Care name or logo

Submission should be made to the Provider Networks Operations department. Provider Networks Operatio
will secure internal approvals and forward to the Regulatory Affairs & Compliance department for submit
materials and activity plans to the Department of Health Care Services (DHCS) and to the Legal department for
submittal of materials and activity plans to the Department of Health Care Services (DHCS) or the Managed
Risk Medical Insurance Board (MRMIB) for approval when applicable. Upon receipt of approvals, the Provider
Networks Operations department will notify the PPG regarding implementation and use of materials.

Violation of regulatory guidelines and L.A. Care approval policy will not be tolera

By distributing this manual, L.A. Care is providing all PPGs with written policies and procedures for obtainir
approval on provider-created Medi-Cal marketing materials. PPGs shall be held responsible for ensuring
marketing materials and activities of their contracted providers are reviewed and approved prior to use.

GUIDELINES

PPGs must adhere to the guidelines set forth below prior to engaging in marketing activities:

- All marketing materials must identify L.A. Care as L.A. Care Health Plan. Notice that there is
  no space after the period in ÒL.Ó
- PPG marketing directed at members or potential members must be at 6th grade reading
  level or below and include the L.A. Care logo containing the ® mark and must adhere to the
  specific graphic standards provided by L.A. Care.
- PPGs will ensure that all materials are ethnically and culturally sensitive, and linguistically
  competent. (See Section 10 of this manual, Cultural and Linguistic Services)

Continuous monitoring of marketing activities by PPGs shall be the responsibility of L.A. Care, whereas
continuous monitoring of marketing activities by
the PPGs and L.A. Care.

Any discovered acts of marketing abuse (fraud) will result in immediate penalties that may include, but are not limited to, sanctions.

MATERIAL SUBMISSION

Provider Responsibilities

Contracted providers must submit a set (copy) of the proposed materials for review and approval to their PPG(s) using these guidelines:

- Materials that do not reference a PPGõs name L.A. Care, Healthy Families and/or Healthy Kids programs, can be submitted to one PPG.
- Materials referencing PPG(s) or including their logo(s) must be submitted to those PPGs for approval.
- Contracted provider submissions sent directly to L.A. Care for approval will not be accepted.
- All material submissions must be in final composition, be legible and contain actual copy and photos. Rough drafts or incomplete ideas will not be accepted.
- All submissions must include a brief material description including the intended use(s) distribution and readability score
- Materials should be submitted at least two (2) months in advance of intended use.
- Once materials have been approved, they can be reused as long as there are no material changes the content. Dates and locations are not considered material.
- Providers should allow at least two (2) months for a response to submissions which takes into account regulatory reviews

PPG Responsibilities

PPGs are responsible for informing their providers that no marketing materials are to be used and/or activities engaged in without prior consent from L.A. Care.

The procedures are as follows:

- Upon receiving provider material submissions, PPGs should review documents for clarity and accuracy of information. Upon completing review and before final authorization is given to the provider, PPGs shall forward materials to L review and approval. A signature of approval by the PPG should be included.
- PPGs shall review all responses from L.A. Care and communicate in writing; within seven (7) calendar days should they disagree with the findings.
- PPGs must maintain all responses received from contracted providers and L.A. Care for future reference.
- PPGs are responsible for monitoring provider outreach activities as well as marketing material development, usage and distribution.
- PPGs shall immediately provide written noti department regarding any marketing violations, and should supply documentation when possible.
- Materials that must be approved include but prospects and patients. Ï Tactical items and advertis such as brochures, pamphlets, fliers and promotional items.

L.A. Care Responsibilities

L.A. Care shall provide PPGs with these marketing guidelines. In addition, L.A. Care shall maintain oversight accountability for marketing materials and activities implemented by PPGs and contracted providers.

L.A. Careõs Provider Network Operations departme one (1) month. All applicable materials will then be forwarded to the appropriate regulatory agency for final approval. Material review responses shall be based on the following:

PPG Submissions

- Proposed materials have not been produced and/or used prior to receiving necessary approvals.
- Submissions of proposed materials that mention L.A. Care include the L.A. Care logo.
- Materials referencing other PPGs or organizations, by name or logo, must include authorized signatures from those providers confirming approval to use their name, etc.

- All material submissions must be in final composition-ready format and contain actual copy and photos. Rough drafts or incomplete ideas will not be accepted.
- All submissions must include a brief material description including the intended use(s), distribution and readability testing score.

Contracted Provider Submissions

- L.A. Careõs Director of Communications and M only after they have been reviewed by contracted PPGs.
- Contracted provider submissions sent directly to L.A. Care will not be accepted.
- Upon receipt of contracted provider submissions from PPGs, the Director of Communications and Marketing will review and determine whether further action is required to bring materials into compliance.
  A written response of approval/non-approval (with explanation) shall be sent to the PPG submitting materials for contracted providers within ten (10) business days.
- If a PPG disagrees with L.A. Careõs findings reconsideration within seven (7) calendar days of receipt.
- L.A. Careõs Director of Communications and Marketing will contact and provide written notification to PPGs found to be in violation of policies, requesting a cease of material or activity use, and warning of impending action for failing to adhere to policy.
- L.A. Care will investigate and forward violation information to the appropriate parties at L.A. Care or to the regulatory agencies (as needed) to determine liable party and if penalty is to be levied.

MEMBER EDUCATION

L.A. Care will develop and coordinate the distribution of educational materials focused on program benefits well as improving membersõ overall health statu increase awareness and choice for L.A. Care. Also see Section 9, Health Promotion and Education.

All materials will be culturally sensitive and linguistically competent and produced in the necessary thresh languages. See Section 10, Cultural & Linguistic Services for details.

MARKETING STAFF

Marketing managed care services to prospects and members is strictly regulated and monitored by regula agencies. Therefore, PPGs must adhere to the L.A. Care requirements, stated below, regarding their mark staff:

L.A. Care and PPG staff who have regular contact with prospects and members should also be knowledgeabl principled and skilled in marketing, including material development, approval processes, marketing ethics regulatory agenciesõ marketing requirements. PPG and contracted provider staff working as a marketing representatives shall adhere to all regulatory agency guidelines related to appropriate mark activities and solicitation of eligible applicants as well as marketing violations.

MARKETING GUIDELINES FOR CONTRACTED PROVIDERS

Do's	Don'ts
Submit all potential marketing materials and planned activities to Networks Operations department to secure necessary approval priors to implementation	Engage in marketing activities or use materials without prior written approval from L.A. Care and the appropriate regulating agency*.
Provide L.A. Care at least two months for review of materials submissions. Ensure that materials accurately describe the program and your involvement.	Misrepresent your business, yourself, Medi-Cal, L.A. Care or any health care agency or health plan through false statements or claims, or misrepresent or disparage the program or other health plans.
Ensure the language and information used in marketing materials is clear, simple (6th grade reading level) and communicates that enrollees have choices.	Mislead enrollees to entice them to select a specific doctor or medical facility. Make disparaging written/oral statements aimed at competitors' including the use of false performance data for comparison.
Ensure that staff who come in contact with Medi-Cal members have had appropriate marketing training and understand guidelines set forth by L.A. Care and regulatory agencies.	Use information that has derogatory language, comments or implications or that makes misleading comparisons. Also, do not use any satisfaction or "Best" substantiated by a credible third party and that solely based on the of itself and competitors.
Make L.A. Care Health Plan marketing materials given to you available for distribution to members or prospective members.	Make any claims that a health plan or medical facility has been endorsed or recommended by L.A. Care, a governing agency or organization that has not certified its endorsement in writing.
Forward L.A. Care an MOU (Memorandum of Understanding) or a letter of agreement regarding intended marketing activities taking place on your premises or any other facility which you may be participating in.	Offer monetary or like incentives to prospects as an enticement to enroll with a contracted health plan or to become a patient at your medical facility. Engage in marketing activity on any unauthorized premises.
Review and follow marketing policies and procedures located in the Provider Manual.	Coerce, intimidate or threaten prospects into enrolling with a health plan or to choose your medical facility
Ensure marketing efforts are done appropriately within outlined guidelines and do not violate governing regulations.	Allow staff or pay independent agents to engage in door-to-door marketing, solicit via phone or mail to enroll with a health plan or to select your facility

Make sure staff involved in marketing materi development and activities are trained and h copy of the marketing poli cies and procedures	Engage in marketing practices that discrimin against prospective members based on race creed, color, marital status, religion, age, sex national origin, sexual orientation, ancestry, existing physical or mental handicap or health status

*Providers: Applicable prior authorization of materials by DHCS, DMHC and/or MRMIB as needed

Below applies only to the Healthy Families product line

*Entities: Applicable prior authorizations of Healthy Families Program materials are needed as

- L.A. Care Health Plan when information is general, name or logo is used;
- MRMIB when mentioning them as a source or using their name or the Healthy Families logo; and
- L.A. Care Health Plan when specifically using our names and logos. **Assistors must be certified by MRMIB contractor for such services to receive fees (SML)

14.0 ENCOUNTER DATA

THE FOLLOWING GUIDELINES APPLIES TO THE HEALTHY FAMILIES, HEALTHY KIDS, MEDI -CAL AND MEDICARE PRODUCT LINES

Participating Physician Groups (PPGs) are responsible for gathering, processing, and submitting encounter on all L.A. Care members.

Encounter Data is the primary source of information about the delivery of services provided by practitioners L.A. Care members. Encounter data is utilized by the State to validate services provided and will be used by state to determine future reimbursements to providers. Therefore, not reporting accurate Encounter Data m result in decreased rates paid by the State. When PPGs contracted with L.A. Care submit encounter data that is timely, accurate, and complete, L.A. Care staff is able to track utilized services and analyze the validity capitation rates. This is a very important source of information for determining needed changes and improvements in health related programs administered at L.A. Care. L.A. Care will also use encounter data monitoring and oversight functions including HEDIS reporting and meeting various regulatory requirements.

L.A. Care has contracted with Diversified Data Design (DDD), a data clearinghouse company, to assist PPG with the proper formatting timely and accurate submission of encounter data. PPGs must submit encount data directly to Diversified Data Design.

REQUIREMENTS

PPGs are required to submit encounter data for encounters between its providers and L.A. Care members L.A. Care within sixty (60) business days after the end of the month in which the encounter occurred.

The encounter data must be submitted in an electronic format in accordance with the encounter data specifications established by Diversified Data Design. When a PPG uses Diversified Data Design to process encounter data, Diversified Data Design will format the data to meet L.A. Careõs specifications. If a PPG is con data needs to be submitted separately by product line.

PPGs must use Diversified Data Design and comply with terms and conditions of service charge. L.A. Care will reimburse Diversified Data Design for services rendered to all contracted PPGs. Lis below is Diversified Data Designõs contact infor

Diversified Data Design
5875 Green Valley Circle
Culver City, CA 90230
(310) 972-2880
Contact: Noelle Clark Porter or Horace Clark

USE OF DIVERSIFIED DATA DESIGN SERVICES

PPGs are required to:

- Submit data to Diversified Data Design within the parameters required by Diversified Data Design.
- Submit data to Diversified Data Design within timeframes to ensure routine and timely submission of encounter data to L.A. Care.
- Provide a completed encounter data batch cover sheet, which is designed to facilitate an accurate accounting of encounter data submissions, to Provider Network Operation concurrently with the submission to Diversified Data Design.

15.0 COMPLIANCE

L.A. Careõs Compliance Program is designed to en
Care members. This is achieved through a varie
activities include:

- Auditing Oversight of Delegated Responsibilities
- Fraud & Abuse Prevention (through Investigation Careõs Unit discussed below)
- HIPAA Compliance (Privacy, Information Security and Electronic Transations)
- Ongoing monitoring of quality health care services
- Education for PPGs about new legislation and other health care compliance requirements

GOALS AND OBJECTIVES

The goal of L.A. Careõs Compliance Program is t
appropriate and quality health care services through the provider network in compliance with all applica
California and federal rules and regulations as well as L.A. Care contractual requirements.

L.A. Careõs Compliance Program:

- Provides oversight of delegated responsibilities to provider network. Implements corrective action plans with PPGs to address deficiencies in provision of health care service.
- Identifies and investigates potential fraud & abuse activities. Takes appropriate actions to resolve all fra & abuse activities.
- Provides education and other available resources to assist PPGs in becoming compliant with HIPAA Fraud and Abuse requirements.
- Conducts ongoing monitoring of provider network to assess quality of health care services provided to health plan members. Implements corrective actions as necessary to address identified deficiencies.
- Provides new legislation updates to PPGs. Specify required actions to ensure contract compliance. Makes available additional information about compliance activities and requirements to PPGs on an on going basis.
- Provides latest Code of Conduct online training program at

http://www.lachp.org/compliance/coc_2010_ppg.nsf/coc_login

(When taking the online training, please log in with your name, as well as the name of the organization before beginning).

AUTHORITY AND RESPONSIBILITY

L.A. Careõs Compliance Program ensures compliance with Careõs payer contracts, and other standards, but is not limited to the following requirements as applicable t

- Rules and regulations promulgated by and for the Department of Managed Health Care and the Department of Health Care Services.
- All applicable federal rules and regulations that apply to the provision of health care services.
- Federal and California governing law and legal rulings.
- Terms and conditions as set forth by federal agencies, private Care foundations, and other payer organizations for the provision of health care services.
- Requirements established by L.A. Care and imp with L.A. Care.

DELEGATION OF COMPLIANCE PROGRAM

L.A. Care does not delegate its Compliance Program responsibilities to a PPG. L.A. Care staff works with P staff to administer compliance activities and implement corrective actions to rectify deficiencies. PPG staff encouraged to work with L.A. Cãre's compliance staff to ensure comp

AUDIT & OVERSIGHT ACTIVITIES

To ensure that all L.A. Care health plan members receive quality and appropriate health care services, L.A. staff performs an annual audit of contracted responsibilities and services delegated by L.A. Care to the PPG. L.A. Careõs audit program includes but is not limited to the following activities:

- Annual on-site visit to delegated PPG to ensure that delegated responsibilities and services are in compliance with program requirements.
- Ad-hoc on-site visits to review PPG activities to ensure compliance with program requirements.
- PPGs shall maintain and provide to L.A. Care all books, records and information as may be necessary to demonstrate compliance with California, federal, and L.A. Care contractual requirements. Records include, but are not limited to, financial records and books of accounts, all medical records, medical charts and prescription files, and any other documentation pertaining to medical and non-medical services rendered to members and such other information as reasonably requested by L.A. Care.

L. A. CAREõS PROGRAM INTEGRITY PLAN

L. A. Care Health Plan (òL. A. Careó) is committed to preventing fraud, waste and abuse. L.A. Care is committed to protecting and preserving the integrity and availability of health care resources for our Members, stakeholders, and business partners by maintaining a comprehensive Program Integrity Plan.

These responsibilities are delegated to the Special Investigation Unit (SIU), whose mission is to maintain adherence to the Program Integrity Plan to ensure the integrity of publicly funded programs.

What are Fraud and Abuse?

- Fraud is defined as an intentional deception or misrepresentation that the provider, member, employe or entity makes knowing that the misrepresentation could result in some unauthorized benefit to th provider, member, employee, entity or some other party.
- Abuse is defined as practices that are inconsistent with sound fiscal or business practices and result in unnecessary cost to the federal Medicaid and Medicare programs.

Examples

Examples of fraud and abuse include:

Member/Beneficiaries:

- Changing, forging or altering a prescription
- Changing medical records
- Changing referral forms
- Letting someone else use their I.D. card to get medical services
- Misrepresentation of eligibility status
- Identity theft
- Prescription diversion and inappropriate use

- Resale of medications on the black market
- Prescription stockpiling
- Doctor shopping

Prescriber/Provider:

- Lying about credentials
- Billing for services that were not done
- Billing a balance that is not allowed
- Double billing, upcoding, and unbundling
- Underutilization – not ordering services that are medically necessary
- Forging a signature on a contract
- Pre- or post-dating a contract
- Intentionally submitting false claims

Reporting Potentially Fraudulent Activities to L.A. Care
Under the terms of the contract between L.A. Care and the PPG, the PPG is required to report suspected ca
of fraudand abuse.

There are four (4) ways in which PPGs can do this:

1. Through the Compliance Helpline
   - Call 1-800-400-4889 or file a report online at – www.lacare.ethicspoint.com. The Compliance Helpline is available 24 hours a day, 7 days a week and can be used by L.A. Care Board members, employees, contractors, providers , members and other interested persons to report actual or suspected violations of law and/or the compliance program and/or questionable or unethical conduct or practices including, without limitation, the following:
     - Á Incidents of fraud and abuse
     - Á Criminal activity (fraud, kickback, embezzlement, theft, etc.)
     - Á Conflict of interest issues
     - Á Code of Conduct violations
2. Through the Special Investigation Unit (SIU)
   - The Special Investigation Unit (SIU) is set up to handle all types of potentially fraudulent activities. You can access this by calling 213-694-1250, ext. 4293 or visiting L.A. Care's Compli
3. In Writing
   - You can mail a written letter regarding potentially fraudulent activities to L.A. Care at:

     L.A. Care Health Plan Attn: Compliance Officer
     Regulatory Affairs & Compliance
     C/O Special Investigation Unit (SIU)
     1055 West 7th Street, 10th Floor
     Los Angeles, CA 90017

4. Call the Provider Information Line:

If, for whatever reason, you are not able to report a potential fraud case by calling these phone numbers, pl
call L.A. Care's Provider Information Line at 1-866-522-2736.

Referral Requirements

Regardless of what method you choose to use to report fraud or abuse to us, you should include the following:

- Name of Person Reporting Fraud (Optional, but highly recommended)
- Name, Address, License or Insurance ID of Subject (if known)
- Nature of Complaint
- Date of Incident(s)
- Supporting Documentation (Optional)

If fraud or abuse is found, the fraudulent incident or activity is reported to the appropriate outside law enforcement and/or regulatory agency.

To learn more about Fraud and Abuse or how to report it to the government, please go to: www.stopmedicalfraud.dhs.ca.gov or call the MEDIC Cal Fraud Hotline at 1-800-822-6222
You can also visit www.stopmedicare.fraud.gov

Communication of L.A. Care's Fraud and Abuse Detection Efforts

L.A. Care uses various means to educate its provider network and membership about its fraud detection and prevention efforts. Information about fraud and abuse program and the efforts of the SIU is communicated in some of the following ways: provider bulletins; provider mailings; provider training member newsletters; New Member Handbook; and other sources which may include L.A. Care's Community Advisory Committee (RCAC) meetings.

THE FEDERAL FALSE CLAIMS ACT

The federal False Claims Act is a primary weapon in the fight against health care fraud. The majority of funds recovered come from False Claims Act suits or settlements. The federal False Claims Act permits a person who learns of fraud against the United States Government, to file a lawsuit on behalf of the government against the person or business that committed the fraud. If the action is successful, the person filing the lawsuit or "plaintiff" is rewarded with a percentage of the recovery. These persons are often referred to as whistleblowers. Successful whistleblowers can receive anywhere from fifteen percent (15%) to thirty percent (30%) of the total amount recovered. In large suits, such as recent pharmaceutical manufacturing ones, this can account for a substantial amount. In 2010, whistleblowers recovered over $307 million dollars. (Source: Health Care Fraud and Abuse Control Program Annual Report for Fiscal Year 2010).

Who can be a plaintiff?

If the fraud has not previously been publicly disclosed, any person may bring a lawsuit called a *qui tam* action regardless of whether he or she has "direct" or first knowledge of the fraud. Thus, where there has been no public disclosure, an employee who learns from a colleague of fraud, the employer or another employee at work, or an agent or contractor of the employer, may bring a *qui tam* action, even if the *qui tam* plaintiff personally has no first-hand knowledge.

What types of fraud qualify?

When a person deliberately uses a misrepresentation or other deceitful means to obtain something to which he or she is not otherwise entitled, that person has committed fraud. This usually – although not always – involves money. However, under the False Claims Act, fraud has a much wider and more inclusive meaning.

Under the Act, the defendant need not have actual knowledge that the information it provided to the government was false. It is sufficient that the defendant supplied the information to the Government either: (i) in "deliberate ignorance" of the truth or falsity of the information; or (ii) in "reckless disregard" of the truth or falsity of the

information.

Thus, if a defendant should have known that its representations to the government were not true or accura
but did not bother to check, such recklessness may constitute a violation of the Act. Likewise, if a defendant
deliberately ignores information which may reveal the falsity of the information submitted to the governmer
such "deliberate ignorance" may constitute a violation of the Act.

What are the penalties for violations of the False Claims Act?
Persons who violate the False Claims Act can be liable for civil monetary penalties of not less than $5,500 but
no more than $11,000, plus three times the government's damages, with respect to each false claim, and the
costs of the civil action (e.g., attorneysõ fees, etc.). However, under
violations can also carry a civil penalty of up to $50,000 per claim. Additionally, the government may opt to
include other civil and criminal laws in the suit which carry monetary penalties for submitting false claims.

What protection is there for a plaintiff who brings an action?
The False Claims Act provides protection to employees who are retaliated against by an employer because o
employee's participation in a qui tam action. The protection is available to any employee who is fired, demoted,
threatened, harassed or otherwise discriminated against by his or her employer because the emplo
investigates, files or participates in a qui tam action.

This "whistleblower" protection includes reinstatement and damages of double the amount of lost wages if th
employee is fired, and any other damages sustained if the employee is otherwise discriminated against.

ANNUAL FRAUD AND ABUSE (FAA) AWARENESS TRAINING REQUIREMENT
On an annual basis all providers are required to take one of the trainings numbered below or administer your
own training program which shall include, but not be limited to, the topics listed below. All
Providers are required to submit executed FAA Awareness Attestation confi
compliance with this requirement.

However, at L.A. Careõs discretion, Certification can be verified by annual organ
requirement to submit an executed L.A. Care FAA Training Attestation will be waived.

1. ICE/Health Industry Collaboration Effort
2. NHCAA/ National Health Care Anti-Fraud Association (www.learnsomething.com)
3. L.A. Care Health Plan Fraud and Abuse Awareness Training Program
   http://www.lachp.org/compliance/fraud_abuse_trn.nsf

- òIn house FAA training shall include the following elements:
  - Definitions of fraud and abuse;
  - Overview of laws & regulations related to Medicare Advantage and Part D fraud and abuse, including a brief description of main requirements, criminal & civil penalties related to each of the following:
    - Federal False Claims Act and State False Claims Act
    - Anti-Kickback Statute/Stark Law
    - HIPAA Privacy & Information Security Requirements;
  - Entities/individuals excluded from doing business with the Federal Government (Office of Inspector General (OIG) exclusion lists:
  - Obligations of the first tier, downstream, and related entities to have appropriate policies and procedures to address fraud and abuse;
  - Process for reporting to L.A. Care suspected fraud and abuse in first tier, downstream,

and related entities;
- Á Protections for employees and first tier, downstream, and related entities who report suspected fraud and abuse.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

HIPAA is the Health Insurance Portability & Accountability Act of 1996 (August 21, 1996), Public Law 104-191. Also known as the Kennedy-Kassebaum Act, the Act includes a section, Title II, entitled Administrative Simplification, requiring:

- Improved efficiency in health care delivery by standardizing electronic data interchange, and
- Protection of confidentiality and security of health data through setting and enforcing standards.

More specifically, HIPAA called upon the Department of Health and Human Services (DHHS) to publish new rules that will ensure:

- Standardization of electronic patient health, administrative and financial data.
- Unique health identifiers for individuals, employers, health plans and health care providers.
- Security standards protecting the confidentiality and integrity of "individually identifiable health information," past, present or future. Overall, HIPAA means largely sweeping changes in most health care transaction and administrative information systems.

Security Rule

The Security Rule requires covered entities to ensure the confidentiality, integrity, and availability of all electronic protected health information (ePHI) the covered entity creates, receives, maintains, or transmits. It also requires entities to protect against any reasonably anticipated threats or hazards to the security or integrity of ePHI, protect against any reasonably anticipated uses or disclosures of such information that are not permitted or required by the Privacy Rule, and ensure compliance by their workforce. Required safeguards include application of appropriate policies and procedures, safeguarding physical access to ePHI, and ensuring that technical security measures are in place to protect networks, computers and other electronic devices.

The Security Standard is intended to be scalable; in other words, it does not require specific technologies to be used. Covered entities may elect solutions that are appropriate to their operations, as long as the selected solutions are supported by a thorough security assessment and risk analysis.

Privacy Rule

The Privacy Rule is intended to protect the privacy of all individually identifiable health information in the hands of covered entities, regardless of whether the information is or has been in electronic form. The Privacy standards:

- Give patients new rights to access their medical records, restrict access by others, request changes, and to learn how they have been accessed
- Restrict most disclosures of protected health information to the minimum needed for healthcare treatment and business operations
- Provide that all patients be formally notified of covered entities' privacy practices
- Enable patients to decide if they will authorize disclosure of their Protected Health Information (PHI) for uses other than treatment or healthcare business operations
- Establish new criminal and civil sanctions for improper use or disclosure of PHI
- Establish new requirements for access to records by researchers and others
- Establish business associate agreements with business partners and vendors that safeguard the use and disclosure of PHI.
- Implement a comprehensive compliance program, including:
  - Á Conducting an impact assessment to determine gaps between existing information practices, policies and HIPAA requirements

- Reviewing functions and activities to determine where the Business Associate Agreements are required
- Developing and implementing enterprise-wide privacy policies and procedures to implement the Rule
- Assigning a Privacy Officer who will administer the organizational privacy program and enforce compliance
- Training all members of the workforce on Updating systems to ensure they provide adequate protection of patient data

Benefits of HIPAA Implementation

According to the Department of Health and Human Services (DHHS), HIPAA post-implementation will have the following benefits:

Provider Benefits

- Improved practice management
- Lower costs; comparative data
- Efficient inter-provider communications
- Future patient-provider communications
- Faster inquiry and response

Patient Benefits

- Privacy
- Portability
- Coordination of care

Payer Benefits

- Speed, efficiency, lower cost of operations
- Standard data for fraud detection; comparative analysis
- Overhaul of business processes
- Replacement of antiquated functionality
- Increased provider participation
- Smoother coordination of benefits

The Health Information Technology for Economic a

The Health Information Technology for Economic and Clinical Health Act of 2009 number of significant changes to HIPAA. The following are the most significant changes impacting covered entities such as Providers;

Breach Notification Rules

Prior to HITECH, the HIPAA Privacy Rule required a Provider only to òmitigate the Provider from an improper re HITECH has expanded what a Provider must do in the event of an improper disclosure of both the patient involved, and media outlets in certain cases, to be notified of the breach. HITECH also created requirements that apply directly to a Providerõs

How do the New Breach Notification Regulations Apply?

The Regulations only apply to òsecured PHIó. Not means that the requirements discussed below do not apply to such PHI. For PHI to be secured, it must be either òencrypted in accordance with standards which the PHI is stored must be destroyed in one of several ways.

PHI that does not meet The Regulations are triggered by the event of a ò unsec
ò breach,ó which means a use or disclosure of PHI

What Must a Covered Entity or Business Associate do if a Breach Occurs?
The Provider must provide written notification to the affected individuals within a sixty (60) day period following the discovery of the breach. If a BA learns of a breach, it is required to notify the Provider so that the Provider can notify the individuals involved. The 60-day timeframe begins when the Provider, in the exercise of reasonable diligence, should have known of the breach.

In addition to notifying affected individuals, the following items are important:

- If a breach affects more than 500 people, Providers must inform the media about the breach.
- Providers are also required to provide notice to DHHS which will publicize the breach on its web site.
- For breaches affecting less than 500 people, Providers are required to keep an annual log of any breaches and provide a log to DHHS within 60 days of the start of the next calendar year.

Business Associates Directly Regulated Under HIPAA
Business associates have historically had to comply with certain HIPAA requirements solely as a result of their agreements with Providers. If a BA breached its obligations, it would only be liable to the Provider under that contract and it would not be subject to direct oversight or penalties by DHHS. HITECH has increased the stakes for compliance for BAs.

As a result of this change, BAs are subject to a host of new obligations;

- In addition to the breach notification obligations, they are directly subject to parts of the HIPAA Security Rule requiring the use of technical, physical and administrative safeguards to ensure the confidentiality of electronic PHI.
- Understanding the requirements of the Security Rule, what types of safeguards are acceptable and how the safeguards should be implemented will be required of the BAs.
- BAs must directly comply with a host of standards found in the Privacy Rule, including using and disclosing PHI only as permitted under the Privacy Rule and,
- Providers can be penalized directly by HHS and other enforcement agencies.

Enhanced Enforcement Options and Increased Penalties for Noncompliance
HITECH significantly expanded options for HIPAA enforcement. For example, State Attorney Generals have been empowered, since February, 2009, to bring civil actions against persons who violate HIPAA if the Attorney General believes the violation threatens state residents. DHHS will also be conducting audits of Providers and BAs to ensure their compliance with the Privacy and Security Rules.

In addition, HITECH increased the penalties against Providers and BAs for violating HIPAA.

- HITECH expanded regulatorsõ ability to impose criminal pen
- HITECH imposed increased penalties. For example, while the maximum fine that could be imposed for identical violations in a one year period was $25,000 under the previous rule, HITECH imposes fines up to $1.5 million for identical violations within the same year. The enhanced civil penalties are now linked to the Providerõs level of culpability
- HITECH has eliminated certain defenses that could be raised in the past against HIPAA violations. No longer can parties avoid penalties by claiming that they did not have actual or constructive knowledge of the violation. Together with the new obligations discussed above, these enhanced penalties have increased the risks of noncompliance

Other Notable Points about HITECH

- HITECH has expanded the disclosures for which Providers must maintain an accounting to include disclosures for treatment, payment and health care operations, if the disclosures for those purposes a made through an electronic health record.
- Providers will be required to agree to an ind plan if the disclosure is for payment or health care operations purposes and it pertains solely to servic for which the Provider involved has been paid in full out-of-pocket.
- Significantly less leeway exists for Providers to engage in marketing or fundraising activities.

16. 0 PHARMACY

Overview

The Outpatient Prescription Drug Formulary is used to administer the pharmacy benefits for our member
L.A. Care Health Plan uses a Formulary (Preferred Drug List) which is a list of preferred drugs designed
practitioners to prescribe. The goal of the Formulary is to enhance prescribing practitioners and
pharmacistsõ abilities to provide optimal cost
Pharmacy, Therapeutics and New Technology (PT&T) Committee to develop, maintain and improve th
Formulary. The PT&T committee, comprised of practicing physicians and pharmacists in Los Angeles County,
meets at least quarterly to review and revise the Formulary. L.A. Care highly encourages our network
prescribing practitioners and pharmacists to provide suggestions and comments for formulary additions and
changes.

The L.A. Care PT&T Committee uses the following criteria in the evaluation of drug selection for the Formulary:

- Drug safety profile
- Drug efficacy
- Drug effectiveness
- Comparison of relevant drug benefits to current formulary agents of similar use, while minimizing duplications
- Equitable cost and outcomes of the total cost of drug and medical care

To view our latest Formulary, Formulary updates and Formulary Drug Review Request Form, please go to
website at www.lacare.org/providers/pharmacy

Follow these steps to view the formulary:

- ü Under Provider, select Pharmacy & Formulary, on the left hand side of the page
- ü Select Formulary Updates on the left hand side of the page
- ü Under Formulary select òclick on this sent-Cal Formulary, prior Healthy Family and Healthy Kids Formularyó
- ü Select the link at the bottom of the page for the most recent update(s)
- ü Certain formulary medications and all non-formulary medications require a written Prior Authorization (PA) request to be submitted by the prescribing practitioner for our L.A. Care members.
- ü Each PA request will be reviewed based on the reviewed within 24 hours. Determination will be based on documentation of existing medical need.

Medi-Cal/Healthy Kids/Healthy Families members: Certain formulary medications and all non-formulary medications require the prescribing provider to submit a written Medication Request Form to MedImpact for prior authorization review.

Depending upon a member's specific benefit param

1. *Generic Substitution*

The pharmacy benefit for our Medi-Cal, Healthy Families and Healthy Kids Program members is a mandatory generic program. The intent of this mandatory generic program is to promote utilization of appropriate generic alternatives as first line therapies when medically appropriate. If a member's physician requests a brand name product in lieu of an approved generic due to documented medical need, a written request for coverage be submitted on the Medication Request Form for consideration. Procedures and timeframes will follow our Prior Authorization process.

2. *Step Therapy*

L.A. Care uses Step Therapy to promote cost-effective pharmaceutical management when there are multiple effective drugs to treat a medical condition. Drugs that are listed in the Formulary as Step Therapy (ST) requ one or more "prerequisite" first step drugs. When drugs to b prescription for a Step Therapy drug is filled at the dispensing pharmacy, the pharmacy benefits claims processor will search past claims for the first step drug(s). If medically necessary, a Step Therapy drug can be obtained without first trying first step drug by submitting a completed Medication Request Form with documentation of the medical need for consideration. Each request will be reviewed on an individual member need. Procedures and timeframes will follow our Prior Authorization process.

To view a copy of our Step Therapy medication list, please go to our website at
www.lacare.org/providers/pharmacy/priorauthorizations

3. Quantity Limits

L.A. Care has identified a select number of medications to be subjected to quantity limits. A quantity lim establishes the maximum amount of medication that L.A. Care will cover within a defined period of time. If member has a medical condition that requires a quantity of medication that exceeds our limit, a written request on a Medication Request Form will be required with documentation of medical need for consideration Procedures and timeframes will follow our Prior Authorization process.

To view a copy of our Quantity Limits medication list, please go to our website at
www.lacare.org/providers/pharmacy/priorauthorizations

4. Prior Authorization (PA)

Depending upon plan benefit design, medication request process for prior authorization review may apply as follows:

A. Formulary Agents
Drugs that are listed in the Formulary as Prior Authorization (PA) require evaluation prior to dispensing at a network pharmacy. Each written request on the Medication Request Form will be reviewed based upon the individual member needs for consideration. Procedures and timeframes will follow our Prior Authorization process.

B. Non-Formulary Agents

Any non-formulary drug. Coverage for non-formulary agents may be applied for in advance by the prescribing practitioner. Each written request on the Medication Request Form will be reviewed based upon the individual member needs for consideration. Procedures and timeframes will follow our Prior Authorization process.

All PA requests will be reviewed within 24 hours. Determination will be based on documentation of medical need. To print a copy of our Medication Request Form, please go to our website at www.lacare.org/provider/pharmacy/priorauthorizations

Coverage questions or information regarding the medication request or formulary process may be obtained by:

- Faxing a completed Medication Request Form to MedImpact at (858) 790-7990
- Contacting MedImpact at (800) 788-2849 and providing all necessary information requested.
- MedImpact will provide an authorization number, specific for the medical need, for all approved requests
- Request(s) not approved by MedImpact are forwarded to L.A. Care for plan review and consideration.

Non-approved requests may be appealed. The prescribing provider must provide information to support the appeal on the basis of medical necessity.

5. *Therapeutic Interchange*

L.A. Care may use Therapeutic Interchange to promote rational pharmaceutical therapy when evidence suggests that outcomes can be improved by substituting a drug that is therapeutically equivalent but chemically different from the prescribed drug. Therapeutic Interchange protocols are never automatic; a dispensing provider may not substitute a therapeutically equivalent alternative drug for the prescribed drug without the knowledge and authorization of the prescribing practitioner.

Drugs may be considered for Therapeutic Interchange if they are:

- High risk,
- High volume,
- High cost, or
- Overused in routine conditions.

In designing Therapeutic Interchange protocols, drug characteristics are considered including:

- Efficacy,
- Effectiveness,
- Dosage formulation,
- Safety,
- Cost, and
- Pharmacoeconomic variables.

Over-the-Counter Medication Coverage

L.A. Care Health Plan allows select over-the-counter (OTC) medications to be covered when prescribed by a licensed practitioner as a less expensive alternative to prescription drugs.

The following categories are covered for treatment and monitoring devices by Medi-Cal, Healthy Families and Healthy Kids:

- Blood glucose monitors (preferred brand is TrueTrack)

- Blood glucose test strips (preferred brand is TrueTrack)
- Ketone urine test strips
- Lancets and lancet puncture devices
- Pen delivery systems for giving insulin
- Insulin products
- Insulin syringes

For our Medi-Cal members only, other select OTC medications are covered by a written prescription and a follows:

- Analgesics
- Antacids
- Anti-diarrheals
- Anti-histamines (includes generic loratadine & generic cetirizine)
- Anti-inflammatories
- Anti-ulcer medications (includes Prilosec OTC)
- Benzoyl peroxide
- Contraceptives (spermicidal foams and creams, condoms)
- Cough and cold preparations
- Hematinics
- Hydrocortisone
- Laxative/stool softeners
- Prenatal vitamins
- Select vitamins
- Smoking cessation products (generic nicotine patches & gums)
- Topical anti-fungal products
- Topical antibiotics
- Topical anti-parasites
- Vaginal anti-fungal preparations

To view our complete OTC coverage list for our Medi-Cal members, please go to our website at www.lacare.org/providers/pharmacy

For our Healthy Families and Healthy Kids members, a very limited number of OTC medications are covered by a written prescription and as follows:

- Cetirizine
- Cetirizine/pseudoephedrine
- Loratadine
- Loratadine/pseudoephedrine
- Ketotifen ophthalmic drops
- Omeprazole OTC (Prilosec OTC)

To view our complete OTC coverage list for our Healthy Families and Healthy Kids members, please go to our website at www.lacare.org/providers/pharmacy

Devices

L.A. Care Health Plan provides coverage on the pharmacy benefit for the following devices for our Medi-Cal, Healthy Families, and Healthy Kids members:

- Spacers
- Peak flow meters

Excluded Medications

L.A. Care Health Plan does not cover the following medications on its pharmacy benefit:

- Experimental or investigational drugs
- Weight-loss medications, except as medically necessary for morbid obesity
- Fertility medications
- Drugs or medications for cosmetic purposes
- Over-the-counter medications not covered by L.A. Care
- Dietary or nutritional products, except when medically necessary or for the treatment of phenylketonuria
- Compound medications with formulary alternatives or those with non-FDA-approved indications
- Non self-administered injectable drug products are not covered unless otherwise specified in the Formulary listing.

Formulary Updates and Feedback

The Formulary is a tool to promote cost-effective prescription drug use. The PT&T Committee has made every attempt to create a document that meets all therapeutic needs; however, the art of medicine makes formidable task. L.A. Care welcomes the participation of prescribing practitioners, pharmacists, and ancillary medical providers, in this dynamic process. Please refer to "Formulary Updates & Therapeutics Committee" at http://www.lacare.org/providers/pharmacy/formularyupdates.

Prescribing practitioners and pharmacists are highly encouraged to direct any suggestions, comments or formulary additions to L.A. Care via e-mail to Pharmacy@lacare.org or by mail at the following address:

Chairperson, Pharmacy & Therapeutics Committee
L.A. Care Health Plan
1055 W. 7th Street, 10th Floor
Los Angeles, CA 90017

Pharmacy Co-payments

L.A. Medi-Cal members are responsible for the following pharmacy co-payments:

- No co-payment per generic prescription for up to a 30-day supply at a participating retail pharmacy
- No co-payment per brand name prescription for up to a 30-day supply at a participating retail pharmacy
- No co-payment per prescription for contraceptives device up to a 90-day supply at a participating Choice90 retail pharmacy
- No co-payment per prenatal vitamins for up to a 90-day supply at a participating Choice90 retail pharmacy
- No co-payment per maintenance medication prescription for up to a 90-day supply at a participating Choice90 retail pharmacy or mail order pharmacy
