| | |
|----------|---|
| Location | Dunedin |
| Duration | Five weeks (Monday and Wednesday evenings, 6.00pm-8.00pm) |
| Delivery | On campus |

| | |
|-------|---------------|
| Start | 1 August 2022 |
| Apply | Anytime |

Learn how to work safely, understand the principles of a TIG welder and how to weld different positions. You will also discover how to weld different materials.

About TIG WELDING

- > Highly-skilled welding process
- > Can weld stainless steel, aluminium, mild steel to high standards
- > Best suited to fine work (e.g. hand rails where precision and attention to detail are important)
- > Highly paid job if you become competent.

Please note: Due to health and safety requirements in this course, students must have a reasonable level of English language skills. This course is run subject to sufficient numbers.

COVID-19 vaccination information

- > As this short course is delivered on campus/on-site, you will need to provide us with a valid My Vaccine Pass if you want to study with us.
- > All locations where our teaching occurs face-to-face are classed as an Otago Polytechnic site.
- > You will be asked to provide us with your My Vaccine Pass during your application and enrolment process.
- > In exceptional circumstances, exemptions may be granted to this. You can find out more about this in our vaccination policy. If you think you have grounds to be exempt from our vaccination requirements, please email Covid-19@op.ac.nz

You can find more information about our vaccination requirements [here](#). And, if you still have further questions, please visit our [FAQs page](#) which you can find [here](#).
