CCA Exam Information and Registration Instructions

To become certified in the Certified Crop Adviser (CCA) Program requires the taking and passing of two exams - the International Certified Crop Adviser Exam and a Local Board Exam (for the state/province in which you seek certification). In addition to passing both exams, you are required to submit proof of the required work experience and educational background, which will be reviewed by your local board before certification can be granted.

To register for the CCA exam(s), you must fully complete the online exam registration. Within two weeks of the exam, you will receive a confirmation email stating the exact time and location of the exam.

Cancellation

PLEASE NOTE: You may cancel at any time up to the registration deadline. Note that you will only receive a refund for any amount over \$75.00. The exam fee is non-refundable after the registration deadline. This also applies to retest applications.

Registration Instructions for CCA exams:

Please read all instructions before registering and as you go through the registration process. You must be 18 years old in order to register for the exams.

1. Click on "Register Now" and you'll be taken to a screen to "Log In to Your Account." Login with the email we have on file for you and your password. (If you have taken a previous exam, you would have received an email with your login information.) If you forgot your password, please use the "Forgot My Password" feature. If you do not have an account, click on "Create Account" under First Time Visitors on the right side and follow the prompts to create an account. Once you have created an account, an email will be sent to you with your password. Use this password to "Log In to Your Account." After you have logged in, click on the "CCA Exam" button.

2. If you need to check which exams you have taken, please click on the link titled "Click here to view exams you have previously taken." This link will open a window that displays any exam(s) you have taken and if the exam(s) was passed or failed. Once you have reviewed which exams you must take, close the window, and click "Proceed."
