Introduction

Juniper Secure Connect is a client-based SSL-VPN application that allows you to securely connect and access protected resources on your network.

This release notes accompany the Juniper Secure Connect Application release as described in the [Table 1 on page 2](#).

Table 1: Juniper Secure Connect Application Releases and Supported Operating Systems

Platform	All Released Versions	Released Date
Windows	20.4.12.13	2020 November
Windows	21.4.12.20	2021 February
macOS	20.3.4.50	2020 November
macOS	20.3.4.51	2020 December
macOS	21.3.4.52	2021 July
macOS	22.3.4.61	2022 March
iOS	21.2.2.0	2021 April
iOS	21.2.2.1	2021 July
Android	20.1.5.00	2020 November
Android	21.1.5.01	2021 July

What's New

IN THIS SECTION

- [Platform and Infrastructure | 4](#)
- [VPNs | 4](#)

Learn about new features introduced in the Juniper Secure Connect Application in 22.3.4.61 release.

Platform and Infrastructure

- **macOS 12 Monterey**—Introducing support for macOS 12 Monterey, macOS 10.14 Mojave is no longer supported by Juniper Secure Connect as Apple has end of life the macOS 10.14 Mojave since 25 October 2021.

VPNs

- **Support for search domain name (Juniper Secure Connect Application, SRX Series and vSRX next-generation firewalls)**—As a system administrator, you can configure the set of search domain name that the Juniper Secure Connect application will use to handle DNS lookups. This is applicable for both full tunnel and split tunnel configurations. You can provide more than one search domain names by executing the **set security remote-access client-config name domain-name domain-name** multiple times. When you enter more than one domain name, it automatically adds a separator (comma) to that value. The number of domain names are limited to the total number of characters and must not exceed 1023 characters. For example, the two domain names **juniper.net,lab.juniper.net** consumes 27 characters while **juniper.net** consumes 11 characters.

[See [client-config \(Juniper Secure Connect\)](#) and [Juniper Secure Connect Application Overview](#).]

What's Changed

There are no changes in behavior and syntax for Juniper Secure Connect Application.

Known Limitations

There are no known behavior or limitation for Juniper Secure Connect Application.

Open Issues

There are no known issues for Juniper Secure Connect Application.

Resolved Issues

There are no resolved issues for Juniper Secure Connect Application.

Requesting Technical Support

Technical product support is available through the Juniper Networks Technical Assistance Center (JTAC). If you are a customer with an active J-Care or Partner Support Service support contract, or are covered under warranty, and need post-sales technical support, you can access our tools and resources online or open a case with JTAC.

- JTAC policies—For a complete understanding of our JTAC procedures and policies, review the *JTAC User Guide* located at <https://www.juniper.net/us/en/local/pdf/resource-guides/7100059-en.pdf>.
- Product warranties—For product warranty information, visit <http://www.juniper.net/support/warranty/>.
- JTAC hours of operation—The JTAC centers have resources available 24 hours a day, 7 days a week, 365 days a year.

Self-Help Online Tools and Resources

For quick and easy problem resolution, Juniper Networks has designed an online self-service portal called the Customer Support Center (CSC) that provides you with the following features:

- Find CSC offerings: <https://www.juniper.net/customers/support/>
- Search for known bugs: <https://prsearch.juniper.net/>
- Find product documentation: <https://www.juniper.net/documentation/>
- Find solutions and answer questions using our Knowledge Base: <https://kb.juniper.net/>
- Download the latest versions of software and review release notes: <https://www.juniper.net/customers/csc/software/>
- Search technical bulletins for relevant hardware and software notifications: <https://kb.juniper.net/InfoCenter/>
- Join and participate in the Juniper Networks Community Forum: <https://www.juniper.net/company/communities/>
- Create a service request online: <https://myjuniper.juniper.net>

To verify service entitlement by product serial number, use our Serial Number Entitlement (SNE) Tool: <https://entitlementsearch.juniper.net/entitlementsearch/>

Creating a Service Request with JTAC

You can create a service request with JTAC on the Web or by telephone.

- Visit <https://myjuniper.juniper.net>.
- Call 1-888-314-JTAC (1-888-314-5822 toll-free in the USA, Canada, and Mexico).

For international or direct-dial options in countries without toll-free numbers, see <https://support.juniper.net/support/requesting-support/>.
