

ADVICE

HCM ADVICE and Bookboon join forces

HCM ADVICE partners with world's largest business eBook publisher Bookboon.com

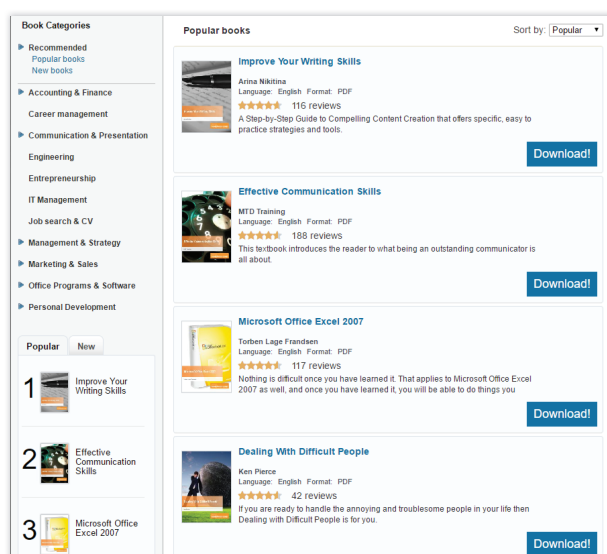

Bookboon.com is widely known for providing high quality eBooks to develop business employees. The Bookboon eLibrary solution gives your company access to a vast library of short quality eBooks that fit with your employees' busy schedules. Therefore ADVICE has partnered up with Bookboon to provide even better support to our customers thanks to SAP Human Capital Management and SuccessFactors solutions.

Employee soft skills are the intangible assets that take a company's hard-skills to the next level. Bookboon's Corporate eLibrary solution gives your employees direct access to 700+ short quality eBooks which are precise and easy to apply. It therefore equips them with the right soft skills and tools to become more efficient in their work and help their company succeed.

As the eLibrary's eBooks are so easy and intuitive for employees to use, the Bookboon eLibrary solution has one of the highest usage rates in the digital learning industry with an average organization-wide usage of 40+%. The solution is easy to integrate into SAP SuccessFactors, your company intranet or your Learning Management System. Scaled to fit any needs, we ensure that price and solution give the best opportunity for a successful investment in your company's profitability.
